Forward-Looking Statements

This presentation contains “forward-looking statements” including statements with respect to the Amerant Bancorp Inc.’s (the “Company’s”) objectives, expectations and intentions and other statements that are not historical facts. All statements other than statements of historical fact are statements that could be forward-looking statements. Forward-looking statements include statements relating to the potential securities offering, which is opportunistic and subject to market conditions, the Company’s preliminary estimated third quarter 2024 financial information and expectations, the expected use of proceeds from the proposed offering (including any repositioning of the Company’s securities portfolio and other actions described herein), and the Company’s future business operations and strategy. You can identify these forward-looking statements through our use of words such as “may,” “balance sheet optimization efforts,” “will,” “anticipate,” “assume,” “should,” “indicate,” “would,” “believe,” “contemplate,” “expect,” “estimate,” “continue,” “point to,” “project,” “could,” “intend,” “target,” “goals,” “outlooks,” “modeled,” “dedicated,” “anticipate,” “create,” “preliminary,” and other similar words and expressions of the future.

Forward-looking statements, including those relating to our beliefs, plans, objectives, goals, expectations, anticipations, estimates and intentions, involve risks, uncertainties and other factors, which may be beyond our control, and which may cause the Company’s actual results, performance, achievements, or financial condition to be materially different from future results, performance, achievements, or financial condition expressed or implied by such forward-looking statements. You should not rely on any forward-looking statements as predictions of future events. You should not expect us to update any forward-looking statements, except as required by law. All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary notice, together with those risks and uncertainties described in “Risk factors” in our annual report on Form 10-K for the fiscal year ended December 31, 2023 filed on March 7, 2024 (the “Form 10-K”), our quarterly report on Form 10-Q (including our quarterly report on Form 10-Q filed on August 2, 2024), and in our other filings with the U.S. Securities and Exchange Commission (the “SEC”), which are available at the SEC’s website www.sec.gov.

Non-GAAP Financial Measures

The Company supplements its financial results that are determined in accordance with accounting principles generally accepted in the United States of America (“GAAP”) with non-GAAP financial measures, such as tangible common equity (“TCE”), tangible assets (“TA”) and Core Pre-Provision Net Revenue (“Core PPNR”). This supplemental information is not required by or is not presented in accordance with GAAP. The Company refers to these financial measures and ratios as “non-GAAP financial measures” and they should not be considered in isolation or as a substitute for the GAAP measures presented herein.

We use certain non-GAAP financial measures, including those mentioned above, both to explain our results to shareholders and the investment community and in the internal evaluation and management of our businesses. Our management believes that these non-GAAP financial measures and the information they provide are useful to investors since these measures permit investors to view our performance using the same tools that our management uses to evaluate our past performance and prospects for future performance. While we believe that these non-GAAP financial measures are useful in evaluating our performance, this information should be considered as supplemental and not as a substitute for or superior to the related financial information prepared in accordance with GAAP. Additionally, these non-GAAP financial measures may differ from similar measures presented by other companies. Page 20 in the appendix reconciles these non-GAAP financial measures to reported GAAP results.

Amerant does not provide a reconciliation of certain forward-looking non-GAAP financial measures and projections to their most directly comparable GAAP financial measures because Amerant is unable to provide, without unreasonable effort, a meaningful or accurate calculation or estimation of amounts that would be necessary for the reconciliation due to the complexity and inherent difficulty in forecasting and quantifying future amounts or when they may occur. Such unavailable information could be significant to future results.

Important Notices and Disclaimers (continued)

Preliminary Financial Information

This presentation includes certain preliminary unaudited financial information and expectations relating to the third quarter of 2024. Our third quarter of 2024 has not yet concluded and such results are preliminary estimates based upon currently available information. In the opinion of management, such unaudited financial information includes all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of our financial position and results of operations for such periods, but may not include normal quarter-end adjustments. These results are also subject to further revision based upon final actual results for the entire quarter ending September 30, 2024, our review and the review of our independent auditors of such quarterly results and an audit by our independent auditors of our annual results for the year ended December 31, 2024. Therefore, no assurance can be given that, upon completion of our review and the review of our independent auditors, we will not report materially different financial results than those set forth below. We cannot assure you that such results will be indicative of our results for the entire quarter ending September 30, 2024 or for the entire year ending December 31, 2024. Further, although this presentation describes the current estimated impact of our potential use of a portion of the proceeds from this offering (including in connection with our future balance sheet optimization efforts, potential securities portfolio repositioning, and other actions described herein) any such actions will depend on a number of factors, including market conditions and business developments. We are not required to apply any portion of the net proceeds of this offering for any particular purpose, and our management will have broad discretion in allocating the net proceeds of the offering. Accordingly, our management may not apply the net proceeds of this offering toward the repositioning of our securities portfolio, and our future financial condition may differ significantly from the prospective estimates presented in this presentation.

We do not intend to update or otherwise revise these expected events and estimates to reflect future events or changes in estimates and do not intend to disclose publicly whether our actual results will vary from our estimates other than through the release of actual results in the ordinary course of business. No independent public accounting firm has compiled, examined or performed any procedures with respect to the anticipated financial information contained above, nor have they expressed any opinion or other form of assurance on such information or its achievability. These estimates should not be regarded as a representation by us, our management or the underwriters as to our actual results for the third quarter. The assumptions and estimates underlying the estimated financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties, including those described under “Risk Factors” and “Cautionary Note Regarding Forward-Looking Statements” in our SEC filings. Accordingly, you should not place undue reliance on these estimates. In addition, the repositioning of our balance sheet as described in this presentation is subject to and contingent upon the completion of this offering during the third quarter of 2024 on terms that are satisfactory to us. Although we may consider proceeding with the rebalancing in the event that this offering does not close on acceptable terms during the third quarter of 2024, we have not yet determined to do so. The repositioning will only occur, if at all, following our receipt of adequate capital.

Additional Information

This presentation shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of common stock in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of such state or jurisdiction. Neither the SEC nor any other regulatory body has approved or disapproved of the securities of the Company or passed upon the accuracy or adequacy of this presentation. Any representation to the contrary is a criminal offense.

The offering of the shares will be made pursuant to an effective registration statement (including a base prospectus) filed by the Company with the SEC and a preliminary prospectus supplement, which the Company intends to file with the SEC. Before you invest, you should read the registration statement (including the base prospectus) and the preliminary prospectus supplement relating to the offering and the documents incorporated by reference therein and any other documents that the Company has filed with the SEC for more information about the Company and the offering. You may obtain these documents for free by visiting the SEC’s website at www.sec.gov. Strategic Capital Raise Will Fully Unlock Organic Growth Potential

This \$150 million capital raise is primarily intended to support organic growth opportunities

Amerant has demonstrated the ability to organically grow approximately \$1 billion annually in both loans and deposits

- Provides further support for expansion in the Greater Tampa and Palm Beach markets
- Continued additions of best-in-class talent in the South Florida and Greater Tampa markets

A portion of the capital raise may be used to further optimize the balance sheet⁽¹⁾

- Expedites non-performing loan resolution/reduction beyond 3Q24
- Enables securities repositioning
- Both of these will create balance sheet flexibility & liquidity to enhance revenue via organic loan growth

Pro forma for the capital raise, potential balance sheet optimization⁽¹⁾ and Houston Transaction, the CET1 ratio is targeted to be ~11% and in-line with public peers

With the capital raise and the scheduled closing of the Houston Transaction in early November 2024, Amerant is well-positioned for growth and playing offense in several of the most attractive markets in the U.S.

Contemplated Securities Repositioning

Highlights of the Contemplated Securities Repositioning

- Upon closing of the capital raise, we intend to execute a securities repositioning that will result in:
 - A transfer of all \$220 million⁽¹⁾ securities under HTM designation to AFS
 - A sale of all securities with current yields under 2.75%
 - A sale of all corporate debt securities (including bank sub debt)
- We expect this repositioning to improve our overall portfolio yield, increase liquidity for future loan growth and better position the portfolio for a downward movement in rates
- Estimated securities repositioning details:
 - Sale of \$560 million of securities with an average yield of 3.2%
 - After-tax loss of \$50 million to \$60 million including \$10 million due to the sale of HTM securities
 - Additional unrealized after-tax loss of \$4 million due to the reclassification of remaining HTM securities to AFS
 - Proceeds to be reinvested across a combination of securities and expected future loan growth
 - Anticipated securities reinvestment rate of 4.5% and loan reinvestment rate of 7.0%
 - We expect up to \$200 million of proceeds to be reinvested in near-term loan growth

Note: Please see Slides 2 and 3 for additional information you should consider. (1) Securities portfolio as of 6/30/2024.

Capital Raise Unlocks Earnings Potential

(\$ in millions)

Illustrative Assumptions

Potential impact to current earnings⁽³⁾

- **\$124.0 million of 2Q24 annualized Core pre-provision net revenues (PPNR)^(1,2)**
- **\$7.7 million impact of Securities Repositioning:**
 - Assumes \$560 million of securities with a current yield less than 2.75% and all corporate securities are repositioned with new securities and loans weighted average yield of 4.95%
- **\$4.2 million impact of NPL Shift:**
 - Assumes \$60 million of non-performing loans (NPL) are reclassified to earning assets yielding 7.00%
- **\$30.0 million impact of Deployment of New Capital:**
 - Assumes capital raise supports \$1.2bn annual incremental loan growth, assuming a 2.5% pre-tax spread
- **(\$21.3) million impact of Normalized Provision:**
 - 25 bps / average loans assumed
- **(\$31.1) million impact of Normalized Taxes:**
 - Tax rate of 21.5% assumed

Continuing Amerant's Florida organic growth playbook, supported by new capital, could drive ROAA to top quartile levels ~1.2% to 1.3%+ in the coming years

Projected 3Q24 Asset Quality

- Proactive and conservative approach to credit and loan risk rating
 - Updates to annual financials on several large C&I relationships occurred during 2Q24 and 3Q24
 - There were additional reserves built for organic loan growth & macroeconomic factors
- 3Q24 is projected to show a migration of loans that were Special Mention into Classified/NPL status
 - 77% of NPLs are paying as agreed
- Overall NPAs declined from \$120 million in 2Q24 to \$113 million in 3Q24, including a \$20M reduction in OREO
- NPLs increased from \$101 million in 2Q24 to \$113 million in 3Q24
 - \$87 million of NPLs were resolved during the quarter via charge-offs or paydowns
 - \$99 million increase in NPLs primarily from:
 - From Pass: 9 loans totaling \$40.4 million, primarily due to past due payments, and one due to significant changes between company prepared and audited financial statements received.
 - From Pass-Watch: 6 loans totaling \$28.8 million primarily due to declining trends in revenues. ~60% have RE collateral
 - From Special Mention: 5 loans totaling \$29.9 million primarily due to continued declining trends in revenues. ~70% have RE collateral.
 - The downgraded credits were primarily larger C&I relationships with updated financial information
- Overall, criticized loan levels and reserve levels remain in-line with peer medians⁽¹⁾ and the \$20 million OREO sale contributed to an overall decline in NPAs
