This press release is not for tax reporting purposes but is being provided to announce the amount of each Fund's distributions that have been declared by the Board of Trustees. In early 2023, after definitive information is available, each Fund will send shareholders a Form 1099-DIV, if applicable, specifying how the distributions paid by each Fund during the prior calendar year should be characterized for purposes of reporting the distributions on a shareholder's tax return (e.g., ordinary income, long-term capital gain or return of capital).

The Funds' common shares are traded on the New York Stock Exchange. Similar to stocks, Fund share prices will fluctuate with market conditions and, at the time of sale, may be worth more or less than the original investment. Shares of closed-end funds often trade at a discount to their net asset value, and can increase an investor's risk of loss.
