(1) Includes the most recent quarterly distribution paid on May 28, 2021.

(2) The Fund estimates that it has distributed more than its income and net realized capital gains; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with "yield" or "income."

(3) Based on Net Asset Value ("NAV") as of April 30, 2021.

(4) Total Returns are through April 30, 2021.

(5) The Fund invests a portion of its portfolio in Master Limited Partnerships ("MLPs"). Due to the tax treatment of cash distributions made by these MLPs, a portion of the distributions the Fund makes to Common Shareholders may consist of a tax-deferred return of capital.

The amounts and sources of distributions reported in this Notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes. You should not use this Notice as a substitute for your Form 1099-DIV.
