VOLUNTARY ANNOUNCEMENT

VEHICLE DELIVERY RESULTS FOR AUGUST 2024

The board of directors of XPeng Inc. (the “**Company**” or “**XPENG**”) is pleased to announce its vehicle delivery results for August 2024.

XPENG delivered 14,036 Smart EVs in August 2024, representing increases of 3% year-over-year and 26% over the prior month. In the first eight months of 2024, XPENG delivered 77,209 Smart EVs, representing a 17% increase from the same period last year.

On August 27, 2024, XPENG held its 10th Anniversary Gala Night along with the official market launch of MONA M03, an intelligent all-electric hatchback coupe with three versions at prices ranging between RMB119,800 and RMB155,800, in China. With its Max version featuring the XNGP ADAS, MONA M03 is the world’s first mass-produced vehicle to offer high-level ADAS functionality for under RMB200,000.

On August 30, 2024, the first batch of MONA M03s was delivered to customers at the Chengdu Auto Show. As the first model to usher in XPENG’s second decade, MONA M03 boasts attractive styling, advanced intelligence and superior drivability surpassing those commonly found in the above RMB200,000 market segment, affordably bringing a new flagship for the AI-defined smart mobility era to younger audiences.

During the event, XPENG also announced its new goal for the next ten years: to become a global AI-defined automotive company. Accordingly, the Company unveiled its AI architecture as well as the XPENG Turing chip that is applicable to robots, AI-defined cars and eVOTLs. The Company also introduced XPENG’s next-generation AI Hawkeye Visual Solution - China’s first mass-produced visual-based solution for high-level ADAS that’s not reliant on LIDAR.

In August 2024, XPENG rolled out its over-the-air (OTA) AI Tianji XOS 5.2 upgrade to all eligible overseas owners, bringing them a seamless OTA experience at an unprecedented speed. In August 2024, XNGP’s monthly active user penetration rate in urban driving reached 85%.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

By order of the Board
