

Q3 2024 Summary Results

October 2024

Use of Non-GAAP Financial Measures

This presentation includes certain non-GAAP financial measures (including on a forward-looking basis) such as Adjusted Net Revenue, Adjusted EBITDA, Adjusted EBITDA Margin, and Tangible Book Value. These non-GAAP measures are in addition to, and not a substitute for or superior to, measures of financial performance prepared in accordance with GAAP and should not be considered as an alternative to net revenue, net income (loss), operating income or any other performance measures derived in accordance with GAAP. Reconciliations of non-GAAP measures to their most directly comparable U.S. Generally Accepted Accounting Principles (GAAP) counterparts are included in the Non-GAAP Reconciliations section of this presentation. SoFi believes that these non-GAAP measures of financial results (including on a forward-looking basis) provide useful supplemental information to investors about SoFi. SoFi's management uses non-GAAP measures to evaluate our operating performance, formulate business plans, help better assess our overall liquidity position, and make strategic decisions, including those relating to operating expenses and the allocation of internal resources. However, these non-GAAP measures have limitations as analytical tools. Other companies may not use these non-GAAP measures or may use similar measures that are defined in a different manner. Therefore, SoFi's non-GAAP measures may not be directly comparable to similarly titled measures of other companies. Additionally, forward-looking non-GAAP financial measures are presented on a non-GAAP basis without reconciliations of such forward-looking non-GAAP measures because the GAAP financial measures are not accessible on a forward-looking basis and reconciling information is not available without unreasonable effort due to the inherent difficulty in forecasting and quantifying certain amounts that are necessary for such reconciliations, including adjustments reflected in our reconciliation of historic non-GAAP financial measures, the amounts of which, based on historical experience, could be material.

Cautionary Statement Regarding Forward-Looking Statements

Certain of the statements in this document are forward-looking and as such are not historical facts. This includes, without limitation, statements regarding our expectations regarding full year 2024 adjusted net revenue (including segment revenue), adjusted EBITDA, adjusted EBITDA margin, GAAP net income, year end total capital ratio, member and product count growth, and expected growth in tangible book value, our expectations regarding our ability to shift towards capital-light, fee based revenue streams, our expectations regarding our ability to continue to grow our business and launch new business lines and products, improve our financials and increase our member, product and total accounts count, our ability to achieve diversified, and more durable growth, our ability to navigate the macroeconomic environment and the financial position, business strategy and plans and objectives of management for our future operations, including our goal of becoming a top ten financial institution. These forward-looking statements are not guarantees of performance. Such statements can be identified by the fact that they do not relate strictly to historical or current facts. Words such as "achieve", "believe", "continue", "expect", "growth", "may", "plan", "strategy", "will be", "will continue", and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Factors that could cause actual results to differ materially from those contemplated by these forward-looking statements include: (i) the effect of and our ability to respond and adapt to changing market and economic conditions, including economic downturns, fluctuating inflation and interest rates, and volatility from global events; (ii) our ability to achieve and maintain profitability, operating efficiencies and continued growth across our segments in the future, as well as our ability to continue to achieve GAAP net income profitability and expected GAAP net income margins and our ability to grow tangible book value or increase earnings per share; (iii) the impact on our business of the regulatory environment and complexities with compliance related to such environment; (iv) our ability to realize the benefits of being a bank holding company and operating SoFi Bank, including continuing to grow high quality deposits and our rewards program for members; (v) our ability to continue to drive brand awareness and realize the benefits of our marketing and advertising campaigns; (vi) our ability to vertically integrate our businesses and accelerate the pace of innovation of our financial products; (vii) our ability to manage our growth effectively and our expectations regarding the development and expansion of our business; (viii) our ability to access sources of capital on acceptable terms or at all; (ix) the success of our continued investments in our Financial Services segment and in our business generally; (x) our ability to expand our member base and increase our product adds; (xi) our ability to maintain our leadership position in certain categories of our business and to grow market share in existing markets or any new markets we may enter; (xii) our ability to develop new products, features and functionality that are competitive and meet market needs; (xiii) our ability to realize the benefits of our strategy, including what we refer to as our FSPL; (xiv) our ability to make accurate credit and pricing decisions or effectively forecast our loss rates; (xv) our ability to establish and maintain an effective system of internal controls over financial reporting; (xvi) our ability to maintain the security and reliability of our products; and (xvii) the outcome of any legal or governmental proceedings that may be instituted against us. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties set forth in the section titled "Risk Factors" in our last quarterly report on Form 10-Q, as filed with the Securities and Exchange Commission, and those that are included in any of our future filings with the Securities and Exchange Commission, including our annual report on Form 10-K, under the Exchange Act. These forward-looking statements are based on information available as of the date hereof and current expectations, forecasts and assumptions, and involve a number of judgments, risks and uncertainties. Accordingly, forward-looking statements should not be relied upon as representing our views as of any subsequent date, and we do not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. As a result of a number of known and unknown risks and uncertainties, our actual results or performance may be materially different from those expressed or implied by these forward-looking statements. You should not place undue reliance on these forward-looking statements.

Members

New Member Additions ⁽⁵⁾ of 756K in Q3, bringing total to nearly 9.4M Members (+35% YoY)

Members ⁽¹⁾
in thousands

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Products

New Product Additions ⁽⁵⁾ of 1.1M in Q3, bringing total to nearly 13.7M (+31% YoY, or 37% when excluding digital assets accounts)

Products ⁽²⁾
in thousands

*Product growth was 37% when excluding digital assets accounts related to our transfer of crypto services in 2023.

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Galileo Accounts

Accounts total 160M (+17% YoY)

Galileo Accounts ⁽³⁾⁽⁴⁾
in millions

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Lending and Financial Services Products

Growth in products & members driven by Financial Services products, which reached 11.8M (+33% YoY, or 40% when excluding digital assets accounts)

Lending Products ⁽²⁾ (000s): +19% YoY to 1.9M

Financial Services Products ⁽²⁾ (000s): +33%* YoY to 11.8M

*Financial Services product growth was 40% when excluding digital assets accounts related to our transfer of crypto services in 2023.

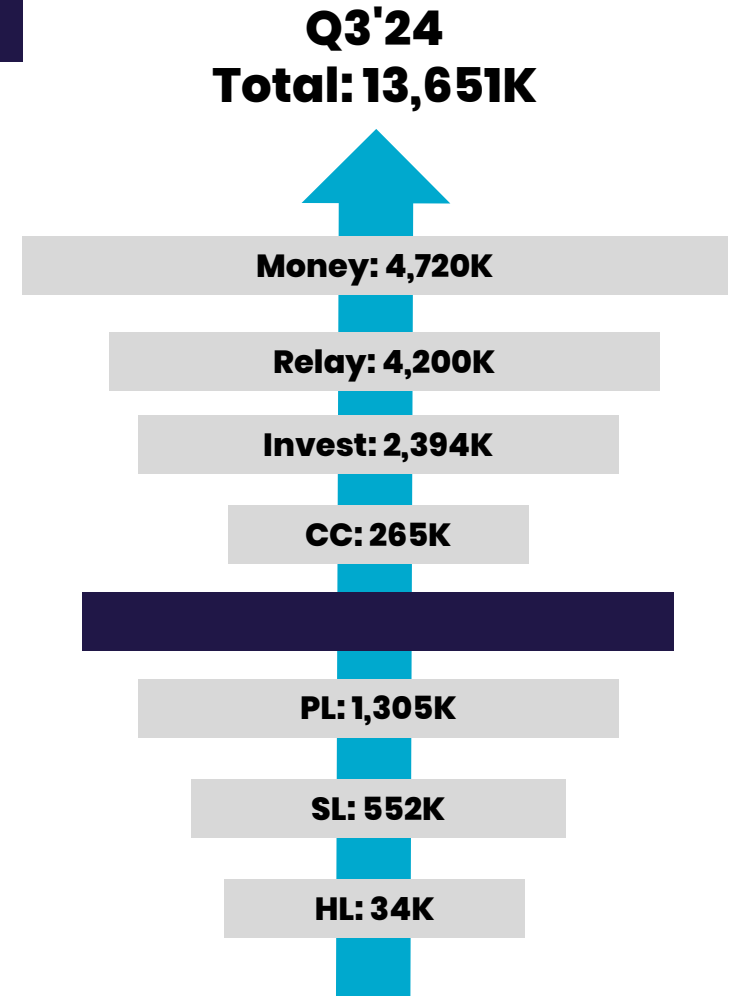

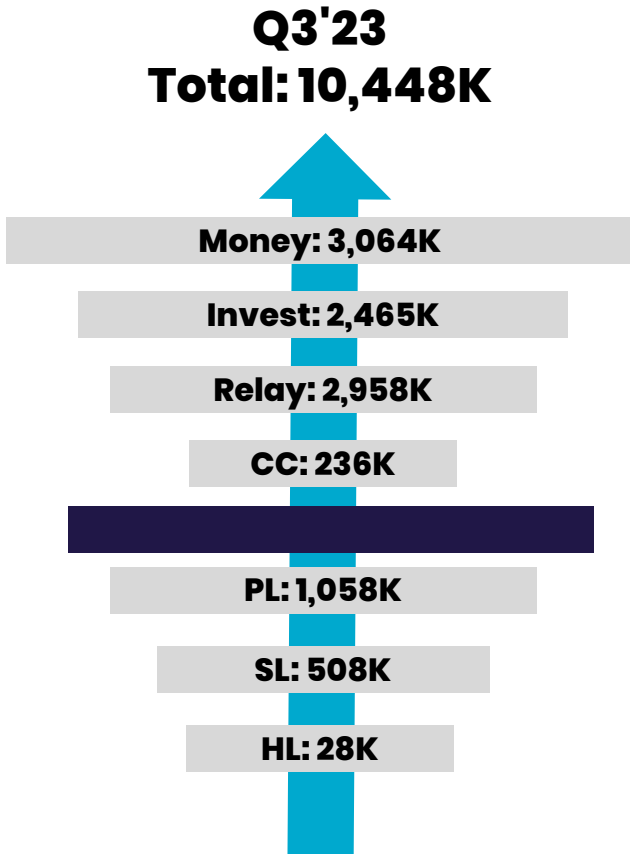

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Financial Services Productivity Loop

FSPL continues to create marketing efficiencies and improves xBuy

Ratio of Financial Services to Lending Products ⁽²⁾

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Financial Services + Tech Platform Revenue Growth and Mix

These segments grew a combined 64% YoY, now comprising 49% of adjusted net revenue vs 39% in the prior year period

Financial Services + Tech Platform Net Revenue⁽⁸⁾ (\$M): +64% YoY to \$341M

Financial Services + Tech Platform, % of Adjusted Net Revenue⁽⁸⁾: +4% QoQ to 49%

■ Financial Services + Tech Platform Revenue

■ All Other Adjusted Net Revenue⁽⁸⁾

Financial Services + Tech Platform Revenue YoY Growth 61% 83% 113% 100% 88% 62% 56% 57% 54% 46% 64%

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Q3 2024 Credit Performance

NCL* by Loan Vintage and % of Remaining UPB** SoFi

For Personal Loan Originations

Comparison of 2017 vintage (last yearly vintage that approached 8% cumulative life of loan losses) and recent vintages which proceeded meaningful credit cuts in mid-late 2022. Q4 2022 - Q4 2023 vintages all continue to perform as well or better than the 2017 vintage at similar levels of remaining principal

*Net Cumulative Losses

**Unpaid Balance

NCL by Loan Vintage and % of Remaining UPB

For Personal Loan Originations

Q1'20 – Q2'24 Origination & NCL Analysis	
Total Originations Q1'20 – Q2'24	\$39B
Remaining UPB on Total Originations Q1'20–Q2'24	\$16.7B
% Remaining	43%
Cumulative Net Losses to Date	\$1.4B
% NCL of Paid Off Balance	6%
% NCL of Total Originations	4%

Of the \$39B of 2020–Q2'24 principal originated, 43% remains outstanding

Net Cumulative Losses of \$1.4B represent 6% of paid off principal and 4% of the total original balance

In order to surpass 8% life of loan losses on all Q1 2020 to Q2 2024 originations, the remaining 43% unpaid principal would have to experience 10.4% loss rates

Q3 2024 Financial Review

Quarterly Performance

Adjusted Net Revenue of \$689M (30% YoY Growth) and Adjusted EBITDA of \$186M (at 27% EBITDA Margin)

Quarterly Adjusted Net Revenue (\$M)⁽⁸⁾

Quarterly Adjusted EBITDA (\$M)⁽⁹⁾

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Trailing Twelve Months Performance

Adjusted Net Revenue (\$M)⁽⁸⁾

Adjusted EBITDA (\$M)⁽⁹⁾

Net Income (Loss) (\$M)

5.6%
ROTCE⁽²⁰⁾

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

Q3 2024 Non-GAAP Results vs Guidance

Adj. Net Revenue was \$689M vs guidance of \$625–645M, representing a \$44M beat at the high end
Adj. EBITDA was \$186M vs guidance of \$160–165M, representing an \$21M beat at the high end
GAAP Net Income was \$61M vs guidance of \$40–45M, representing a \$16M beat at the high end
Diluted EPS was \$0.05 vs guidance of \$0.04, representing a \$0.01 beat

\$ in millions	Q3'24 GUIDANCE			VARIANCE TO GUIDANCE	
	Q3'24	Low	High	Low	High
Adjusted net revenue ⁽⁸⁾	\$689	\$625	\$645	\$64	\$44
% Delta				10%	7%
Adjusted EBITDA ⁽⁹⁾	\$186	\$160	\$165	\$26	\$21
Adjusted EBITDA Margin ⁽⁹⁾	27%	26%	26%	1%	1%
GAAP Net Income	\$61	\$40	\$45	\$21	\$16
Diluted EPS	\$0.05	\$0.04	\$0.04	\$0.01	\$0.01

Note: See "Footnotes" section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

We expect to deliver:

- Financial Services net revenue growth of more than 80% versus 2023 levels
- Lending adjusted net revenue of at least 100% of 2023 levels
- Tech Platform net revenue percent growth of low to high teens versus 2023 levels
- Adjusted Net Revenue⁽⁸⁾ of \$2,535 – \$2,550 million
- GAAP Net Income of \$204 – \$206 million
- Adjusted EBITDA⁽⁹⁾ of \$640 – \$645 million
- GAAP Diluted EPS of \$0.11 – \$0.12
- \$1.00– \$1.05 billion of Tangible Book Value⁽¹⁹⁾ growth
- Total Capital Ratio at or above 16% at year end

Note: See “Footnotes” section for detailed explanations and definitions. The sum of individual metrics may not always equal total amounts indicated due to rounding.

FY 2024 Guidance

We now expect to deliver \$2.54–2.55 billion in Adjusted Net Revenue, \$640–645 million in Adjusted EBITDA, \$204–206 million in Net Income and \$0.11–0.12 cents in EPS

\$ in millions

	2023 Actual	2024 Guidance		Prior 2024 Guidance	Original Guidance
		Low	High		
Adjusted net revenue ⁽⁸⁾	\$2,074	\$2,535	\$2,550	\$2,425 – \$2,465	\$2,365–\$2,405*
Annual Growth	35%	22%	23%	17% – 19%	14%-16%

Footnotes to Financial Statements

- (1) We refer to our customers as “members”. We define a member as someone who has a lending relationship with us through origination and/or ongoing servicing, opened a financial services account, linked an external account to our platform, or signed up for our credit score monitoring service. Our members have continuous access to our certified financial planners, our member events, our content, educational material, news, and our tools and calculators, which are provided at no cost to the member. We view members as an indication not only of the size and a measurement of growth of our business, but also as a measure of the significant value of the data we have collected over time. Once someone becomes a member, they are always considered a member unless they are removed in accordance with our terms of service, in which case, we adjust our total number of members. This could occur for a variety of reasons—including fraud or pursuant to certain legal processes—and, as our terms of service evolve together with our business practices, product offerings and applicable regulations, our grounds for removing members from our total member count could change. The determination that a member should be removed in accordance with our terms of service is subject to an evaluation process, following the completion, and based on the results, of which, relevant members and their associated products are removed from our total member count in the period in which such evaluation process concludes. However, depending on the length of the evaluation process, that removal may not take place in the same period in which the member was added to our member count or the same period in which the circumstances leading to their removal occurred. For this reason, our total member count may not yet reflect adjustments that may be made once ongoing evaluation processes, if any, conclude. Beginning in the first quarter of 2024, we aligned our methodology for calculating member and product metrics with our member and product definitions to include co-borrowers, co-signers, and joint- and co-account holders, as applicable. Quarterly amounts for prior periods were determined to be immaterial and were not recast.
- (2) Total products refers to the aggregate number of lending and financial services products that our members have selected on our platform since our inception through the reporting date, whether or not the members are still registered for such products. Total products is a primary indicator of the size and reach of our Lending and Financial Services segments. Management relies on total products metrics to understand the effectiveness of our member acquisition efforts and to gauge the propensity for members to use more than one product. In our Lending segment, total products refers to the number of personal loans, student loans and home loans that have been originated through our platform through the reporting date, inclusive of loans which we originate as part of our Loan Platform Business, whether or not such loans have been paid off. If a member has multiple loan products of the same loan product type, such as two personal loans, that is counted as a single product. However, if a member has multiple loan products across loan product types, such as one personal loan and one home loan, that is counted as two products. The account of a co-borrower or co-signer is not considered a separate lending product. In our Financial Services segment, total products refers to the number of SoFi Money accounts (inclusive of checking and savings accounts held at SoFi Bank and cash management accounts), SoFi Invest accounts, SoFi Credit Card accounts (including accounts with a zero dollar balance at the reporting date), referred loans (which are originated by a third-party partner to which we provide pre-qualified borrower referrals), SoFi At Work accounts and SoFi Relay accounts (with either credit score monitoring enabled or external linked accounts) that have been opened through our platform through the reporting date. Checking and savings accounts are considered one account within our total products metric. Our SoFi Invest service is composed of two products: active investing accounts and robo-advisory accounts. Our members can select any one or combination of the types of SoFi Invest products. If a member has multiple SoFi Invest products of the same account type, such as two active investing accounts, that is counted as a single product. However, if a member has multiple SoFi Invest products across account types, such as one active investing account and one robo-advisory account, those separate account types are considered separate products. The account of a joint- or co-account holder is considered a separate financial services product. In the fourth quarter of 2023, we transferred the crypto services provided by SoFi Digital Assets, LLC, and began closing existing digital assets accounts, which were included in Invest products. This process was completed in the first quarter of 2024. In the event a member is removed in accordance with our terms of service, as discussed in footnote 1 herein, the member’s associated products are also removed.
- (3) In our Technology Platform segment, total accounts refers to the number of open accounts at Galileo as of the reporting date. Total accounts is a primary indicator of the accounts dependent upon our technology platform to use virtual card products, virtual wallets, make peer-to-peer and bank-to-bank transfers, receive early paychecks, separate savings from spending balances, make debit transactions and rely upon real-time authorizations, all of which result in revenues for the Technology Platform segment. We do not measure total accounts for the Technisys products and solutions, as the revenue model is not primarily dependent upon being a fully integrated, stand-ready service. Beginning in the fourth quarter of 2021, we include intercompany accounts on the Galileo platform as a service in our total accounts metric to better align with the Technology Platform segment revenue reported in our segment information, which includes intercompany revenue. The equal and offsetting intercompany expenses are reflected within all three segments’ directly attributable expenses, as well as within expenses not allocated to segments. The intercompany revenues and expenses are eliminated in consolidation. We reflected the full year 2021 impact within the fourth quarter, as inter-quarter amounts were determined to be immaterial.
- (4) In 2023, Technology Platform total accounts reflect the previously disclosed migration by one of our clients of the majority of its processing volumes to a pure processor. These accounts remained open for administrative purposes through the end of 2022, and were included in our total accounts in that period.
- (5) Beginning in the first quarter of 2024, new member and new product addition metrics for the relevant period reflect actual growth or declines in members and products that occurred in that period whereas the total number of members and products reflects not only the growth or decline of each metric in the current period but also additions or deletions due to prior period factors, if any, described in footnotes 1 and 2 herein.
- (6) The measure of contribution profit (loss) is the primary measure of segment profit and loss reviewed by SoFi in accordance with GAAP and is, therefore, only measured and presented herein for total reportable segments. SoFi does not evaluate contribution profit (loss) at the consolidated level. Contribution profit (loss) is defined as total net revenue for each reportable segment less fair value changes in servicing rights and residual interests classified as debt that are attributable to assumption changes, which impact the contribution profit within the Lending segment, and expenses directly attributable to the corresponding reportable segment.
- (7) In our determination of the contribution profit (loss) for our Lending, Technology Platform and Financial Services segments, we allocate certain expenses that are directly attributable to the corresponding segment. Directly attributable expenses primarily include compensation and benefits and sales and marketing, and vary based on the amount of activity within each segment. Directly attributable expenses also include loan origination and servicing expenses, professional services, product fulfillment, lead generation and occupancy-related costs. Expenses are attributed to the reportable segments using either direct costs of the segment or labor costs that can be attributed based upon the allocation of employee time for individual products.
- (8) Adjusted net revenue is a non-GAAP measure. Adjusted net revenue is defined as total net revenue, adjusted to exclude the fair value changes in servicing rights and residual interests classified as debt due to valuation inputs and assumptions changes, which relate only to our Lending segment, as well as gains and losses on extinguishment of debt.

- (9) Adjusted EBITDA, adjusted EBITDA margin, and incremental adjusted EBITDA margin are non-GAAP measures. Adjusted EBITDA is defined as net income (loss), adjusted to exclude, as applicable: (i) corporate borrowing-based interest expense (our adjusted EBITDA measure is not adjusted for warehouse or securitization-based interest expense, nor deposit interest expense and finance lease liability interest expense, as these are direct operating expenses), (ii) income tax expense (benefit), (iii) depreciation and amortization, (iv) share-based expense (inclusive of equity-based payments to non-employees), (v) restructuring charges, (vi) impairment expense (inclusive of goodwill impairment and property, equipment and software abandonments), (vii) transaction-related expenses, (viii) foreign currency impacts related to operations in highly inflationary countries, (ix) fair value changes in warrant liabilities, (x) fair value changes in each of servicing rights and residual interests classified as debt due to valuation assumptions, (xi) gain on extinguishment of debt, and (xii) other charges, as appropriate, that are not expected to recur and are not indicative of our core operating performance. Adjusted EBITDA margin is computed as adjusted EBITDA divided by adjusted net revenue, a non-GAAP measure (see footnote 8 herein). Incremental adjusted EBITDA margin is defined as the change in adjusted EBITDA, divided by change in adjusted net revenue. Incremental adjusted EBITDA margin is defined as the change in adjusted EBITDA, divided by change in adjusted net revenue.
- (10) Reflects changes in fair value inputs and assumptions on servicing rights, including conditional prepayment, default rates and discount rates. These assumptions are highly sensitive to market interest rate changes and are not indicative of our performance or results of operations. Moreover, these non-cash charges are unrealized during the period and, therefore, have no impact on our cash flows from operations.
- (11) Reflects changes in fair value inputs and assumptions on residual interests classified as debt, including conditional prepayment, default rates and discount rates. When third parties finance our consolidated securitization variable interest entities by purchasing residual interests, we receive proceeds at the time of the closing of the securitization and, thereafter, pass along contractual cash flows to the residual interest owner. These residual debt obligations are measured at fair value on a recurring basis, but they have no impact on our initial financing proceeds, our future obligations to the residual interest owner (because future residual interest claims are limited to contractual securitization collateral cash flows), or the general operations of our business.
- (12) Our adjusted EBITDA measure adjusts for corporate borrowing-based interest expense, as these expenses are a function of our capital structure. Corporate borrowing-based interest expense includes interest on our revolving credit facility, as well as interest expense and the amortization of debt discount and debt issuance costs on our convertible notes, and for 2021, interest on the seller note issued in connection with our acquisition of Galileo.
- (13) Transaction-related expenses in 2024 and 2023 primarily included financial advisory and professional services costs associated with our acquisition of Wyndham. Transaction-related expenses in 2022 primarily included financial advisory and professional services costs associated with our acquisition of Technisys. Transaction-related expenses in 2021 included the special payment to the holders of Series 1 Redeemable Preferred Stock in conjunction with the Business Combination (merger with Social Capital Hedosophia Holdings Corp. V) and financial advisory and professional costs associated with our then-pending acquisitions of Golden Pacific and Technisys.
- (14) Impairment expense includes \$247,174 related to goodwill impairment in the third quarter of 2023, and \$1,243 related to a sublease arrangement in the first quarter of 2023, which are not indicative of our core operating performance.
- (15) Restructuring charges in the third quarter of 2024 relates to legal entity restructuring. Restructuring charges in 2023 primarily included employee-related wages, benefits and severance associated with a small reduction in headcount in our Technology Platform segment in the first quarter of 2023 and expenses in the fourth quarter of 2023 related to a reduction in headcount across the Company, which do not reflect expected future operating expenses and are not indicative of our core operating performance.
- (16) Reflects gain on extinguishment of debt. Gains and losses are recognized during the period of extinguishment for the difference between the net carrying amount of debt extinguished and the fair value of equity securities issued.
- (17) Foreign currency charges reflect the impacts of highly inflationary accounting for our operations in Argentina, which are related to our Technology Platform segment and commenced in the first quarter of 2022 with the Technisys Merger. For the year ended December 31, 2023, all amounts were reflected in the fourth quarter, as inter-quarter amounts were determined to be immaterial. Amounts in 2022 were determined to be immaterial.
- (18) Our adjusted EBITDA measure excludes the non-cash fair value changes in warrants accounted for as liabilities, which were measured at fair value through earnings. The amounts in 2021 related to changes in the fair value of Series H warrants issued by Social Finance in connection with certain redeemable preferred stock issuances. We did not measure the Series H warrants at fair value subsequent to May 28, 2021 in conjunction with the Business Combination, as they were reclassified into permanent equity. In addition, in conjunction with the Business Combination, SoFi Technologies assumed certain common stock warrants ("SoFi Technologies warrants") that were accounted for as liabilities and measured at fair value on a recurring basis. The fair value of the SoFi Technologies warrants was based on the closing price of ticker SOFIW and, therefore, fluctuated based on market activity. The outstanding SoFi Technologies warrants were either exercised during the fourth quarter of 2021 or redeemed on December 6, 2021.
- (19) Tangible book value and tangible book value per common share are non-GAAP measures. Tangible book value is defined as permanent equity, adjusted to exclude goodwill and intangible assets. Tangible book value per common share represents tangible book value at period-end, a non-GAAP measure, divided by diluted weighted average common stock outstanding during the period.
- (20) Return on tangible common equity ("ROTCE") is calculated as net income (loss), divided by average tangible book value, a non-GAAP measure (see footnote 19 herein), for the corresponding period. Average balances were calculated on daily carrying balances.
- (21) Adjusted noninterest income is a non-GAAP measure. Adjusted noninterest income is defined as noninterest income, adjusted to exclude the fair value changes in servicing rights and residual interests classified as debt due to valuation inputs and assumptions changes, which relate only to our Lending segment, as well as gains and losses on extinguishment of debt.
