Announcement that WealthNavi started offering “Robo-NISA” through “WealthNavi for Sony Bank”

WealthNavi Inc. (Head office: Shibuya-ku, Tokyo; Representative Director and CEO: Kazuhisa Shibayama; hereinafter, “the Company”), the provider of “WealthNavi,” the top Japanese robo-advisor (Note 1) in terms of assets under management and number of users, started offering “Robo-NISA,” a feature leveraging tax exemption merits of NISA (Nippon Individual Savings Account, a tax exemption program for small investments) to users of “WealthNavi for Sony Bank” on July 14, 2021.

Please note that “Robo-NISA” provided by the Company is different from NISA provided by Sony Bank Inc. and that users of “WealthNavi for Sony Bank” who are currently using a NISA account provided by Sony Bank Inc. cannot use “Robo-NISA” at the same time.

1. Outline of “Robo-NISA”

“Robo-NISA” is a feature that employs the tax exemption merits of the NISA and allows the wealth management of long-term investment with a globally diversified portfolio through “WealthNavi.” With this feature, regardless of the experience or knowledge of the customer, the customer will be able to build wealth for their future retired life while leveraging the NISA’s tax exemption merits.

2. Purpose and background for the release of “Robo-NISA”

An increasing number of working families have been considering wealth building for retirement because of the growing concerns of retirement bonuses and pensions. The NISA is an effective system for building wealth.

However, many people have been unable to utilize the NISA to date because of various reasons such as “I don’t know what type of products to purchase” and “It appears difficult without investment knowledge”, and expert advice is needed for those people to utilize the NISA. (Note 2)

By offering “Robo-NISA,” the Company will resolve problems faced by working families that have been unable to use the NISA to date citing various reasons, such as “I don’t know what type of products to purchase” and “It appears difficult without investment knowledge” and will continue to support working families build wealth for their future.

3. Features of “Robo-NISA”

Feature 1: Tax-free

Capital gains generated through investment (e.g., dividends, distributions, and sales proceeds) are typically subject to the individual income tax and local taxes of approximately 20% in total. Capital gains acquired from the “Robo-NISA” feature, which utilizes the NISA, are exempted from these taxes in Japan. (Note 3)

Feature 2: Automated diversified investments in more than 11,000 securities in about 50 countries

“Robo-NISA” automatically builds a portfolio with WealthNavi by combining assets, which is expected to provide the highest returns at a given level of risk based on the modern portfolio theory. The feature allows anyone to easily conduct the wealth management of long-term investment with a

globally diversified portfolio while leveraging the tax exemption merits of the NISA.

Feature 3: All the difficult aspects can be managed holistically and automatically

Within an annual tax exemption cap set for the general NISA, “Robo-NISA” automatically performs the entire wealth management process from allocation of new contributions to NISA and taxable accounts to the selection and trading of securities, automated monthly deposits, and rebalancing. (Note 4)

The Company will continue to extend “Robo-NISA” to the managed account services provided online jointly with its business partners. (Note 5)

[Risks and expenses relating to transactions in financial instruments]

There is risk of incurring a loss because of fluctuations in the interest rate, the value of currencies, quotations on the financial instruments market, and other indicators, as well as the risk of invested principal falling below par in relation to transactions in financial instruments.

When using “WealthNavi for Sony Bank,” please carefully read the pre-contract documents prior to executing the agreement.
