SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This quarterly report and other documents that we file with the Securities and Exchange Commission (“SEC”) contain forward-looking statements that are based on current expectations, estimates, forecasts and projections about our future performance, our business, our beliefs and our management’s assumptions. Statements that are not historical facts are forward-looking statements, including forward-looking information concerning sales trends, gross margins, number and location of new store openings, outcomes of litigation, the level of capital expenditures, industry trends, demographic trends, growth strategies, financial results, cost reduction initiatives, acquisition synergies, regulatory approvals, and competitive strengths. Words such as “expect,” “outlook,” “forecast,” “would,” “could,” “should,” “project,” “intend,” “plan,” “continue,” “sustain,” “on track,” “believe,” “seek,” “estimate,” “anticipate,” “may,” “assume,” and variations of such words and similar expressions are often used to identify such forward-looking statements, which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are not guarantees of future performance and involve risks, assumptions and uncertainties, including, but not limited to, those described in our Annual Report on Form 10-K for the year ended December 31, 2023 filed with the SEC on April 11, 2024 (“2023 Form 10-K”), this quarterly report on Form 10-Q for the three and nine months ended September 30, 2024, and our other reports that we file or furnish with the SEC. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. Accordingly, you are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date they are made. Except to the extent required by law, we undertake no obligation to update publicly any forward-looking statements after the date they are made, whether as a result of new information, future events, changes in assumptions or otherwise.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Unless the context requires otherwise, references to the “Company”, “we”, “us”, “our”, “our Company”, or “our business” refer to NextPlat Corp and its subsidiaries.

Note 1. Organization and Nature of Operations

NextPlat Corp:

NextPlat Corp, a Nevada corporation (the “Company”, “NextPlat”, “we”), formerly Orbsat Corp was incorporated in 1997. The Company operates two main e-commerce websites as well as 25 third-party e-commerce storefronts on platforms such as Alibaba, Amazon and Walmart. These e-commerce venues form an effective global network serving thousands of consumers, enterprises, and governments. Additionally, we provide a comprehensive array of Satellite Industry communication services and related equipment sales.

Our wholly-owned subsidiary, Global Telesat Communications Limited (“GTC”), was formed under the laws of England and Wales in 2008. On February 19, 2015, we entered into a share exchange agreement with GTC and all of the holders of the outstanding equity of GTC pursuant to which we acquired all of the outstanding equity in GTC.

Our wholly-owned subsidiary, Orbital Satcom Corp. (“Orbital Satcom”), a Nevada corporation, was formed on November 14, 2014.

On June 22, 2022, NextPlat B.V. (“NXPLBV”) was formed in Amsterdam, Netherlands, as a wholly owned subsidiary of NextPlat Corp. Presently, NXPLBV does not have any active operations.

On April 1, 2024, NextPlat acquired 100% of the ownership interest of Outfitter Satellite, Inc., a Tennessee corporation (“Outfitter”) in a stock purchase transaction. Outfitter is a wholly-owned subsidiary of NextPlat Corp.

Progressive Care, LLC (formerly Progressive Care Inc.):

On April 12, 2024, the Company entered into a Merger Agreement and Plan of Reorganization (the “Merger Agreement”) with Progressive Care Inc. and Progressive Care LLC, a Nevada limited liability company and a direct, wholly owned subsidiary of the Company (“Progressive Care” or “Merger Sub”). On October 1, 2024 and pursuant to the terms of the Merger Agreement, the Company, Progressive Care Inc. and Merger Sub entered into a business combination transaction pursuant to which Progressive Care Inc. merged with and into Merger Sub (the “Merger”), with Merger Sub being the surviving entity of the Merger. Following the Merger, Progressive Care LLC became a wholly-owned subsidiary of NextPlat. Progressive Care Inc. previously became a controlled subsidiary of the Company on July 1, 2023, therefore the Merger had no financial impact to the Company.

The Merger Agreement and the transactions contemplated thereby were negotiated and approved by a Special Committee comprised of three of the Company’s independent directors. The Merger Agreement was also approved by the entirety of the Company’s board of directors.

The Company’s shareholders approved the Merger at the Company’s annual meeting held on September 13, 2024.

Progressive Care, through its wholly-owned subsidiaries, Pharmco, LLC (“Pharmco 901”), Touchpoint RX, LLC doing business as Pharmco Rx 1002, LLC (“Pharmco 1002”), Family Physicians RX, Inc. doing business as PharmcoRx 1103 and PharmcoRx 1204 (“FPRX” or “Pharmco 1103” and “Pharmco 1204”) (pharmacy subsidiaries collectively referred to as “Pharmco”), and ClearMetrX Inc. (“ClearMetrX”) is a personalized healthcare services and technology company that provides prescription pharmaceuticals and risk and data management services to healthcare organizations and providers.

NEXTPLAT CORP AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Pharmco 901 was formed on November 29, 2005 as a Florida Limited Liability Company and is a 100% owned subsidiary of Progressive Care. Pharmco 901 was acquired by Progressive on October 21, 2010. Progressive currently delivers prescriptions to Florida's diverse population and ships medications to patients in states where they hold non-resident pharmacy licenses as well. Progressive currently holds Florida Community Pharmacy Permits at all Florida pharmacy locations and the Pharmco 901 location is licensed as a non-resident pharmacy in the following states: Arizona, Colorado, Connecticut, Georgia, Illinois, Minnesota, Nevada, New Jersey, New York, Pennsylvania, Texas, and Utah. Progressive is able to dispense to patients in the state of Massachusetts without a non-resident pharmacy license because Massachusetts does not require such a license for these activities.

Pharmco 1103 is a pharmacy with locations in North Miami Beach and Orlando, Florida that provides Pharmco's pharmacy services to Miami-Dade County, Broward County, the Orlando/Tampa corridor, and the Treasure Coast of Florida. Note 2. Basis of Presentation and Principles of Consolidation

The accompanying Unaudited Condensed Consolidated Financial Statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), consistent in all material respects with those applied in the 2023 Form 10-K, for interim financial information and in accordance with the rules and regulations of the SEC. Accordingly, they do not include all information and footnotes normally included in annual consolidated financial statements and should be read in conjunction with the consolidated financial statements and notes thereto included in the 2023 Form 10-K. In the opinion of management, the Condensed Consolidated Financial Statements contain all adjustments (consisting principally of normal recurring accruals) necessary for a fair presentation of the condensed consolidated balance sheets, statements of comprehensive (loss) income, statements of changes in equity, and statements of cash flows for such interim periods presented. Additionally, operating results for interim periods are not necessarily indicative of the results that can be expected for a full year. The year-end balance sheet data for comparative purposes was derived from audited consolidated financial statements.

The accompanying Unaudited Condensed Consolidated Financial Statements include the accounts of the Company and its subsidiaries. Intercompany transactions and balances have been eliminated in consolidation.

In the period ended September 30, 2024, the Company changed its presentation method on the statements of cash flows from the indirect method to the direct method. The Company has recast the Condensed Consolidated Statements of Cash Flows and related disclosures for the period ended September 30, 2023, to conform to the direct presentation method in the current period.

Business acquisition of Progressive Care, Inc.

On July 1, 2023, the Company, Charles M. Fernandez, Executive Chairman and Chief Executive Officer of the Company, and Rodney Barreto, Director of the Company, exercised common stock purchase warrants and were issued shares of Progressive Care common stock. After the exercise of the common stock purchase warrants, the Company and Messrs. Fernandez and Barreto collectively owned 53% of Progressive Care’s voting stock. At the time of exercise, all of the above common stock purchase warrants were in-the-money. Also on July 1, 2023, the Company and Messrs. Fernandez and Barreto entered into a voting agreement whereby at any annual or special shareholders meeting of Progressive Care’s stockholders, and whenever the holders of Progressive Care common stock act by written consent, Messrs. Fernandez and Barreto agreed to vote all of the Progressive Care commonstock (including any new shares acquired after the date of the voting agreement or acquired through the conversion of securities convertible into Common Stock) that they own, directly or indirectly, in the same manner that NextPlat votes its common stock and equivalents. The voting agreement is irrevocable and perpetual in term.

The exercise of the stock options, along with the entry into the voting agreement, resulted in a change in control of Progressive Care under the voting interest model in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 805, *Business Combination*, and was accounted for as a business acquisition. Therefore, Progressive Care became a consolidated subsidiary of the Company on July 1, 2023. The Company previously accounted for its equity interest in Progressive Care as an equity method investment. The consolidated results of operations for the period ended September 30, 2024, include the full nine months results of operations attributable to Progressive Care compared to the consolidated nine months ended September 30, 2023 which include only the three months results of operations attributable to Progressive Care due to Progressive Care becoming a consolidated subsidiary of the Company on July 1, 2023.

On April 12, 2024, NextPlat entered into a Merger Agreement and Plan of Reorganization (the “Merger Agreement”) with Progressive Care Inc, and Progressive Care LLC, a Nevada limited liability company and a direct, wholly owned subsidiary of NextPlat (“Merger Sub”). Pursuant to the terms of the Merger Agreement, upon the approval of NextPlat’s and Progressive Care’s shareholders, Progressive Care would merge with and into Merger Sub (the “Merger”), with Merger Sub being the surviving entity of the Merger. The result of which being that Progressive Care would become a wholly-owned subsidiary of NextPlat.

On September 13, 2024, the shareholders of each of NextPlat and Progressive Care approved the Merger Agreement and the transactions contemplated thereby.

On October 1, 2024, at 12:01 Eastern time, the Merger became effective and Progressive Care merged with and into Mergers Sub and thereby became a wholly owned subsidiary of NextPlat. In connection with the Merger, each share of Progressive Care common stock that was issued and outstanding immediately prior to the effective time of the Merger was converted into 1.4865 shares of NextPlat common stock, and each warrant to purchase Progressive Care common stock that was outstanding and unexercised immediately prior to the effective time of the Merger automatically converted into a warrant to purchase shares of NextPlat common stock with each such warrant having and being subject to the same terms and conditions (including vesting and exercisability terms) as were applicable to such Progressive Care warrant immediately before the effective time.

Business acquisition of Outfitter Satellite, Inc.

On March 25, 2024, the Company entered into a Stock Purchase Agreement with James T. The closing of the transaction occurred on April 1, 2024. Outfitter is a wholly-owned subsidiary of NextPlat Corp.

Use of Estimates

In preparing the Condensed Consolidated Financial Statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the statements of financial condition, and revenues and expenses for the periods then ended. Actual results may differ significantly from those estimates. Significant estimates made by management include, but are not limited to, assumptions used to calculate stock-based compensation, fair value of net assets acquired in the business combination with Progressive Care and Outfitter, common stock and options issued for services, net realizable value of accounts receivables and other receivables, the useful lives of property and equipment and intangible assets, the estimate of the fair value of the lease liability and related right of use assets, pharmacy benefit manager (“PBM”) fee estimates, and the estimates of the valuation allowance on deferred tax assets.

Note 3. Summary of Significant Accounting Policies

The significant accounting policies of the Company were described in Note 1 to the Audited Consolidated Financial Statements included in the Company’s Form 10-K for the fiscal year ended December 31, 2023. There have been no material changes to the Company’s significant accounting policies for the nine months ended September 30, 2024. Selected accounting policy disclosures are provided below.

Cash

The Company places its cash with high credit quality financial institutions. The Company’s account at these institutions are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. All cash amounts in excess of \$250,000, approximately \$1.0 million, are unsecured. The Company has a deposit placement agreement for Insured Cash Sweep Service (“ICS”). This service is a secure, and convenient way to access FDIC protection on large deposits, earn a return, and enjoy flexibility. The Company believes that the ICS agreement will mitigate its credit risk as it relates to uninsured FDIC amounts in excess of \$250,000.

Foreign Currency Translation

The Company’s reporting currency is U.S. Dollars. The accounts of one of the Company’s subsidiaries, GTC, is maintained using the appropriate local currency, Great British Pound, as the functional currency. All assets and liabilities are translated into U.S. Dollars at balance sheet date, shareholders’ equity is translated at historical rates and revenue and expense accounts are translated at the average exchange rate for the year or the reporting period. The translation adjustments are reported as a separate component of stockholders’ equity, captioned as accumulated other comprehensive (loss) gain. Transaction gains and losses arising from exchange rate fluctuations on transactions denominated in a currency other than the functional currency are included in the condensed consolidated statements of comprehensive (loss) income.

The relevant translation rates are as follows: for the nine months ended September 30, 2024, closing rate at \$1.31 US\$: GBP, quarterly average rate at \$1.30 US\$: GBP, for the nine months ended September 30, 2023, closing rate at \$1.23 US\$: GBP, quarterly average rate at \$1.26 US\$: GBP, for the year ended December 31, 2023 closing rate at 1.27 US\$: GBP, yearly average rate at 1.24 US\$: GBP.

Unearned Revenue

Contract liabilities are shown separately in the condensed consolidated balance sheets as current liabilities. At September 30, 2024 and December 31, 2023, we had contract liabilities of approximately \$104,000 and \$42,000, respectively.

Direct and Indirect Remuneration (“DIR”) Fees

Progressive Care reports DIR fees as a reduction of revenue on the accompanying Condensed Consolidated Statements of Comprehensive (Loss) Income. DIR fees are fees charged by PBMs to pharmacies for network participation as well as periodic reimbursement reconciliations. The Company accrues an estimate of PBM fees, including DIR fees, which are assessed or expected to be assessed by payers at some point after adjudication of a claim, as a reduction of prescription revenue at the time revenue is recognized. Changes in the estimate of such fees are recorded as an adjustment to revenue when the change becomes known. Through December 31, 2023, for some PBMs, DIR fees were charged at the time of the settlement of a pharmacy claim. Other PBMs do not determine DIR fees at the claim settlement date, and therefore DIR fees are collected from pharmacies after claim settlement, often as clawbacks of reimbursements based on factors that vary from plan to plan. For example, two PBMs calculate DIR fees on a trimester basis and charge the Company for these fees as reductions of reimbursements paid to the Company two to three months after the end of the trimester (e.g., DIR fees for September - December 2023 claims were clawed back by these PBMs in May - June 2024). As of December 31, 2023, DIR fees that were not collected at the time of claim settlement, the Company recorded an accrued liability for estimated DIR fees that were fully collected by the PBMs by the end of the second quarter of 2024. Effective January 1, 2024, all PBMs began charging DIR fees at the time of the settlement of a pharmacy claim.

Recent Accounting Pronouncements

Accounting Pronouncements Issued but not yet Adopted

In November 2023, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2023-07, “Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures” (“ASU 2023-07”), which improves reportable segment disclosure requirements, primarily through enhanced disclosures about significant expenses. ASU 2023-07 is required to be adopted for annual periods beginning after December 15, 2023, and interim period within fiscal years beginning after December 15, 2024, with early adoption permitted. The Company will adopt the standard in its interim reporting beginning with Q1-2025, and the Company will adopt the standard in its annual reporting for the year ending December 31, 2024. The Company expects that the adoption of the standard will not have a material impact on our consolidated financial statements but will enhance our current disclosures.

In December 2023, the FASB issued ASU 2023-09, “Income Taxes (Topic 740)—Improvements to Income Tax Disclosure” (“ASU 2023-09”), which establishes new income tax disclosure requirements in addition to modifying and eliminating certain existing requirements. ASU 2023-09 is required to be adopted for annual periods beginning after December 15, 2024, with early adoption permitted. The Company will adopt this accounting standard update effective January 1, 2025. The Company expects that the adoption of the standard will not have a material impact on our consolidated financial statements.

Other accounting standards that have been issued or proposed by FASB that do not require adoption until a future date are not expected to be relevant or have a material impact on the condensed consolidated financial statements upon adoption.

Subsequent Events

On October 1, 2024, the Company completed the Merger of Progressive Care, which Progressive Care became a wholly-owned subsidiary of the Company. See “*Note 2. Basis of Presentation and Principles of Consolidation*” for more details of the transaction.

On October 15, 2024, the Company settled its ongoing lawsuit with Mr. Thomas Seifert, the Company’s former Chief Financial Officer. Under the terms of the settlement, the Company agreed to pay to Mr. Seifert \$150,000 and to reimburse him for legal costs in the amount of \$600,000. In exchange, the Company and Mr. Seifert each agreed to dismiss the lawsuit with prejudice and to release the other party from all claims.

The Company has evaluated subsequent events through the date of this filing, the date the condensed consolidated financial statements were available to be issued.

Note 4. Fair Value

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Accounting standards establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value and also establishes the following three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The following methods and assumptions were used by the Company in estimating fair value disclosures for financial instruments:

- *Cash, accounts receivable, and accounts payable and accrued liabilities:* The amounts reported in the accompanying Condensed Consolidated Balance Sheets approximate fair value due to their short-term nature.
- *Notes payable and lease liabilities:* The carrying amount of notes payable approximated fair value due to variable interest rates at customary terms and rates the Company could obtain in current financing. The carrying value of lease liabilities approximated fair value due to the implicit rate in the lease in relation to the Company's borrowing rate and the duration of the leases (Level 2 inputs).

Identifiable Intangible Assets

The initial recognition of Progressive Care's identifiable intangible assets, resulting from the acquisition on July 1, 2023 and the application of push-down accounting, were measured using Level 3 inputs. The fair value at the date of acquisition was approximately \$14.7 million.

The initial recognition of the Outfitter identifiable intangible assets, resulting from the acquisition on April 1, 2024, were measured using Level 3 inputs. The fair value at the date of acquisition was approximately \$0.6 million.

Note 5. Business Acquisition

On March 25, 2024, the Company entered into a Stock Purchase Agreement with James T. McKinley, pursuant to which the Company agreed to purchase all of the issued and outstanding shares of common stock of Outfitter. The closing of the transaction occurred on April 1, 2024.

Outfitter provides consumers, commercial and government customers, with advanced satellite-based connectivity solutions from leading brands, including Iridium, Inmarsat and Globalstar.

The following table summarizes the consideration transferred to acquire Outfitter and the amounts of identified assets acquired and liabilities assumed at the acquisition date (in thousands):

(3) Under federal tax law, previously unidentified finite lived intangible assets recognized from a business combination have no tax basis and therefore are not amortized for tax purposes. This tax position created a book/tax basis difference at April 1, 2024, the date of the business combination transaction. Therefore, an approximate \$0.1 million deferred tax liability was recorded at April 1, 2024 as a result of the book/tax basis difference for the finite lived intangible assets.

The goodwill is attributable to the workforce of the acquired business and the significant synergies expected to arise after NextPlat's acquisition of Outfitter. The goodwill is not deductible for tax purposes.

The initial recognition of Outfitter's identifiable intangible assets, resulting from the acquisition on April 1, 2024, were measured using Level 3 inputs. The fair value at the date of acquisition was approximately \$0.6 million and were estimated by applying an income approach. The fair value estimates for the identifiable intangible assets are based on (1) an assumed discount rate of 37.3% (2) an assumed capitalization rate of 34.3% (3) assumed long-term growth rate of 3.0% (4) an assumed royalty rate of 1.8% (5) an assumed tax rate of 26.3% (6) an assumed risk free rate of 4.5% (7) an assumed equity risk premium of 6.5% (8) an assumed company specific risk premium rate of 22.5% (9) an assumed beta of 0.82.

Note 7. Loss per Share

Net income (loss) per common share is calculated in accordance with ASC Topic 260: Earnings per Share ("ASC 260"). Basic income (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. The computation of diluted net loss per share does not include dilutive common stock equivalents in the weighted average shares outstanding as they would be anti-dilutive. In periods where the Company has a net loss, all dilutive securities are excluded.

Note 11. Goodwill and Intangible Assets, net**Goodwill**

During the nine months ended September 30, 2024, the Company concluded that the carrying amount of the Healthcare Operations reporting segment exceeded its fair value, resulting in the recognition of a non-cash goodwill impairment charge of approximately \$0.7 million. An interim impairment assessment was considered necessary as a result of the sustained decline in the Healthcare Operations stock price and related market capitalization. The goodwill impairment charge is reflected in Impairment loss in the Condensed Consolidated Statements of Comprehensive (Loss) Income. With the assistance of a third-party valuation firm, the fair value of the Healthcare Operations reporting segment was determined using an income approach whereby the fair value was calculated utilizing discounted estimated future cash flows (level 3 nonrecurring fair value measurement). The income approach requires several assumptions including estimation of future cash flows, which is dependent on internally-developed forecasts of revenue and profitability, estimation of the long-term rate of growth for the business, estimation of the useful life over which cash flows will occur, and determination of the weighted average cost of capital, which is risk-adjusted to reflect the specific risk profile of the reporting unit. The long-term growth rate used in the impairment was 3.0% and the weighted average cost of capital used in the impairment was 13.5%.

The following table reflects changes in the carrying amount of goodwill during the periods presented by reportable segments (in thousands):

Intangibles

During the nine months ended September 30, 2024, the Company performed an impairment assessment of long-lived assets as it relates to the Healthcare Operations reporting segment due to the decline in future projected revenues and cash flows. As a result, the Company completed a recoverability test and concluded that the asset groups were not fully recoverable as the undiscounted expected future cash flows did not exceed their carrying amounts. The Company, with the assistance of a third-party valuation firm, determined the fair value of the asset groups using an income approach utilizing undiscounted estimated future cash flows (level 3 nonrecurring fair value measurement). The income approach requires several assumptions including estimation of future cash flows, which is dependent on internally-developed forecasts of revenue and profitability, and estimation of the useful life over which cash flows will occur. The carrying amount of certain assets in the asset group exceeded the fair value, resulting in the recognition of a non-cash impairment charge to intangible assets of approximately \$12.8 million for the nine months ended September 30, 2024 (reflected in Impairment loss in the Condensed Consolidated Statements of Comprehensive (Loss) Income).

Note 16. Commitments and Contingencies

Litigation

On June 22, 2021, Thomas Seifert's employment as the Company's Chief Financial Officer was terminated for cause. Mr. Seifert asserts that the termination was not for cause and that he is owed compensation payable under his June 2, 2021 employment agreement. The Company's position is that Mr. Seifert is not owed any additional compensation relating to his prior service with the Company or arising under any employment agreement. The Company and Mr. Seifert are currently engaged in litigation over the matter of his employment and termination. The Company believes it has adequate defenses to Mr. Seifert's claims and has asserted affirmative claims for relief against Mr. Seifert including, but not limited to, breach of the employment agreement, breach of his fiduciary duties, fraud in the inducement in connection with the employment agreement, fraudulent misrepresentation, and constructive fraud. A detailed recitation of the Company's factual allegations supporting these claims can be found in the Company's Second Amended Complaint, filed June 21, 2022. Subsequent to September 30, 2024, the Company settled with Mr. Seifert on October 15, 2024. Under the terms of the settlement, the Company agreed to pay to Mr. Seifert \$150,000 and to reimburse him for legal costs in the amount of \$600,000. In exchange, the Company and Mr. Seifert each agreed to dismiss the lawsuit with prejudice and to release the other party from all claims.

On June 17, 2024, Progressive Care was notified of a potential claim by a former employee who allegedly suffered a loss due to an alleged breach by Progressive Care of such former employee's employment contract. Management believes, based on discussions with its legal counsel, that Progressive Care has meritorious defenses against the former employee's claim. Since receipt of the notice of the claim, Progressive Care filed a petition for arbitration against the former employee, asserting that it was the employee who breached the employment contract. Progressive Care will prosecute its claims and will defend any counterclaims vigorously as Progressive Care believes it will prevail on the merits. At this time, we cannot reasonably estimate the amount of the loss.

From time to time, the Company may become involved in litigation relating to claims arising out of our operations in the normal course of business. The Company is not currently involved in any pending legal proceeding or litigation, and, to the best of our knowledge, no governmental authority is contemplating any proceeding to which the Company is a party or to which any of the Company's properties is subject, which would reasonably be likely to have a material adverse effect on the Company's business, financial condition and operating results.

Note 17. Leases

The Company has entered into a number of lease arrangements under which the Company is the lessee. These leases are classified as operating leases. In addition, the Company has elected the short-term lease practical expedient in ASC Topic 842 related to real estate leases with terms of one year. The following is a summary of the Company's lease arrangements.

Finance Lease Agreements

In May 2018, Progressive Care entered into a finance lease obligation to purchase pharmacy equipment with a cost of approximately \$15,000. The terms of the lease agreement require monthly payments of \$1,678 plus applicable tax over 84 months ending March 2025 including interest at the rate of 6%.

Operating Lease Agreements

Right-of-use ("ROU") assets for operating leases are periodically reduced by impairment losses. We use the long-lived assets impairment guidance in ASC Subtopic 360-10, Property, Plant, and Equipment – Overall, to determine whether an ROU asset is impaired, and if so, the amount of the impairment loss to recognize. As of September 30, 2024 and December 31, 2023, we have recognized impairment losses for ROU assets of approximately \$0.1 million and \$0, respectively.

We monitor for events or changes in circumstances that require a reassessment of one of our leases. When a reassessment results in the re-measurement of a lease liability, a corresponding adjustment is made to the carrying amount of the corresponding ROU asset unless doing so would reduce the carrying amount of the ROU asset to an amount less than zero. In that case, the amount of the adjustment that would result in a negative ROU asset balance is recorded in profit or loss.

On December 2, 2021, NextPlat entered into a 62-month lease for 4,141 square feet of office space in Florida ("Florida Lease"), for \$186,345 annually. The rent increases 3% annually. The Florida Lease commenced upon occupancy on June 13, 2022, and will expire on August 31, 2027. The Florida Lease does not require any contingent rental payments, impose any financial restrictions, or contain any residual value guarantees. Variable expenses generally represent the Company's share of the landlord's operating expenses.

For our facilities in Poole, England, we rent office and warehouse space of approximately 2,660 square feet for £30,000 annually or approximately USD \$37,107, based on a yearly average exchange rate of 1.24 GBP: USD. The Poole lease was renewed on October 6, 2022, which expired October 31, 2023 and was renewed for an additional twelve months. On August 1, 2024 we relocated from our previous location in Poole, England to a new facility in Poole and entered into a new lease for office and warehouse space. This is a three-year lease and expires on July 31, 2027. The annual rent is approximately £14,000 through July 31, 2025, approximately £30,000 through July 31, 2026, and approximately £26,000 through July 31, 2027.

Progressive Care entered into a lease agreement for its Orlando pharmacy in August 2020. The term of the lease is 66 months with a termination date of February 2026. The lease agreement calls for monthly payments that began in February 2021, of \$4,310, with an escalating payment schedule each year thereafter.

Progressive Care leases its North Miami Beach pharmacy location under an operating lease agreement with a lease commencement date in September 2021. The term of the lease is 60 months with a termination date in August 2026. The lease calls for monthly payments of \$5,237, with an escalating payment schedule each year thereafter.

Progressive Care also leases its Palm Beach County pharmacy locations under operating lease agreements expiring in February 2025.

In June 2023, NextPlat entered into a 36-months lease to lease twenty-five (25) hours in a Phenom 300 aircraft, for approximately \$200,650 annually. The rent increases 3% annually. The lease commenced on June 7, 2023. In June 2024, NextPlat terminated the lease and paid a lease termination fee in the amount of \$0.1 million. The remaining carrying value, net of the ROU asset and liability in the amount of \$0.1 million, was written off and recorded in selling, general and administrative expense on the Condensed Consolidated Statements of Comprehensive (Loss) Income.

Note 18. Reportable Segments

The Company has two reportable segments: (i) e-Commerce Operations, which involves acquiring and leasing, primarily an e-commerce platform to collaborate with businesses to optimize their ability to sell their goods online, domestically, and internationally, and enabling customers and partners to optimize their e-commerce presence and revenue, and other related businesses and (ii) Healthcare Operations, which provides third party administrator (TPA), data management, COVID-19 related diagnostics and vaccinations, prescription pharmaceuticals, compounded medications, telepharmacy services, anti-retroviral medications, medication therapy management, the supply of prescription medications to long-term care facilities, medication adherence packaging, contracted pharmacy services for 340B covered entities under the 340B Drug Discount Pricing Program, and health practice risk management.

The Company evaluates the performance of each of the segments based on profit or loss after general and administrative expenses. While the Company believes there are synergies between the two business segments, the segments are managed separately because each requires different business strategies.

For the three months ended September 30, 2024 and 2023, we recognized overall revenue from operations of approximately \$15.4 million and \$15.3 million, respectively, an overall increase of approximately \$0.1 million for the three months ended September 30, 2024, when compared to the three months ended September 30, 2023. The increase in revenue was primarily attributable to an increase of approximately \$0.9 million from e-Commerce Operations, offset by a decrease of approximately \$0.8 million from Healthcare Operations.

Gross profit margins decreased from approximately 30.0% for the three months ended September 30, 2023, to 22.9% for the three months ended September 30, 2024. The decrease in gross profit margins during the third quarter of 2024 compared to the same period in 2023, was primarily attributable to the decrease in reimbursement rates experienced in Healthcare Operations. The gross profit margins remained consistent for e-Commerce Operations for the third quarter of 2024 compared to the same period in 2023.

Loss before other (income) expense increased by approximately \$4.5 million for the three months ended September 30, 2024, when compared to the three months ended September 30, 2023, as a result of the increase in operating expenses of approximately \$3.5 million and the decrease in gross profit of approximately \$1.1 million See detailed discussion below. The increase in operating expenses included non-recurring expenses and losses that are not indicative of our regular operations, including impairment losses of approximately \$3.7 million and approximately \$1.4 million of non-recurring operating expenses associated with our merger with Progressive Care. Without those non-recurring items, loss before other (income) expense would have been approximately \$2.9 million for the three months ended September 30, 2024 compared to \$3.5 million for the three months ended September 30, 2023.

Total e-Commerce revenues were approximately \$3.8 million and \$2.9 million for the three months ended September 30, 2024 and 2023, respectively, an increase of approximately \$0.9 million mainly due to the Outfitter acquisition on April 1, 2024.

Salaries, wages and payroll taxes were approximately \$2.9 million and \$2.5 million for the three months ended September 30, 2024 and 2023, respectively, an increase of approximately \$0.4 million or 15.8%. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The Company performed a long-lived assets impairment test as it relates to the Healthcare Operations reporting segment during the three months ended September 30, 2024 and it was determined that the carrying amount of the asset group at September 30, 2024 exceeded its fair value resulting in the Company recording a non-cash impairment charge to certain long-lived assets, primarily intangible assets, of approximately \$3.7 million during the period. Refer to Note 11. Goodwill and Intangible Assets to our quarterly financials for additional details on the impairment charge, valuation methodologies, inputs used in the fair value measurements, and the changes in intangible assets for the period.

Professional fees were approximately \$2.1 million and \$0.5 million for the three months ended September 30, 2024 and 2023, respectively, an increase of approximately \$1.6 million or 311.5%. The increase was mainly attributable to the settlement of litigation and associated legal fees with the e-Commerce Operations of approximately \$1.0 million, legal and consulting fees as it relates to the merger of Progressive Care of approximately \$0.4 million, and fees associated with the shareholders meetings held during September 2024 of approximately \$0.2 million. Management does not expect these increases in professional fees to be recurring expenses in the foreseeable future and are not indicative of projected full year results.

Depreciation and amortization expenses were approximately \$0.5 million and \$0.9 million for the three months ended September 30, 2024 and 2023, respectively, a decrease of approximately \$0.4 million or 45.1%. Effective July 1, 2023, Progressive Care became a consolidated subsidiary of the Company, which resulted in a change in the accounting treatment from equity method to consolidation.

Net (Loss) Income

We recorded net (loss) income of approximately (\$7.7 million) and \$2.6 million for the three months ended September 30, 2024 and 2023, respectively. The change was a result of the factors described above.

Comprehensive (Loss) Income

We recorded comprehensive (loss) income for foreign currency translation adjustments of approximately (\$6,000) and \$19,000 for the three months ended September 30, 2024 and 2023, respectively. The change was primarily attributed to exchange rate variances.

For the nine months ended September 30, 2024 and 2023, we recognized overall revenue from operations of approximately \$49.8 million and \$21.1 million, respectively, an overall increase of approximately \$28.7 million for the nine months ended September 30, 2024, when compared to the nine months ended September 30, 2023. The increase in revenue was primarily attributable to an increase of approximately \$27.3 million from the Healthcare Operations reportable segment as a result of the Progressive Care acquisition on July 1, 2023, and approximately \$1.5 million as it relates to the e-Commerce Operations reportable segment.

Gross profit margins remained fairly consistent at approximately 28% for both the nine months ended September 30, 2024 and 2023. Healthcare Operations continues to experience pressures from medication price increases despite reimbursement rates not keeping pace with those increases.

Our loss before other income increased by approximately \$12.7 million for the nine months ended September 30, 2024, when compared to the nine months ended September 30, 2023, as a result of the increase in operating expenses of approximately \$20.8 million, offset by the increase in gross profit of approximately \$8.1 million. The increase in operating expenses included non-recurring expenses and losses that are not indicative of our regular operations, including impairment losses of approximately \$13.7 million and approximately \$3.4 million of non-recurring operating expenses associated with our merger with Progressive Care. Without those non-recurring items, loss before other income would have been approximately \$3.6 million for the nine months ended September 30, 2024 compared to \$8.1 million for the nine months ended September 30, 2023.

Total pharmacy prescription and 340B contract revenues were approximately \$39.6 million and 12.4 million for the nine months ended September 30, 2024 and 2023, respectively. Total operating expenses for the nine months ended September 30, 2024, were approximately \$34.9 million, an increase of approximately \$20.8 million or 147.0%, from total operating expenses for the nine months ended September 30, 2023, of approximately \$14.1 million. Factors contributing to the increase are described below.

Selling, general and administrative expenses were approximately \$6.5 million and \$7.5 million for the nine months ended September 30, 2024 and 2023, respectively, a decrease of approximately \$1.0 million or 13.1%. The decrease for the nine months ended September 30, 2024, was mainly attributable to a decrease in stock-based compensation of approximately \$3.0 million, offset by an increase of approximately \$1.7 million relating to operating expenses of the Healthcare Operations as a result of the Progressive Care acquisition on July 1, 2023, approximately \$0.2 million relating to the Outfitter acquisition on April 1, 2024, and an increase of approximately \$0.1 million relating to the allowance for credit losses on the note receivable from related party for the Next Borough Capital Fund, LP unsecured promissory note.

Salaries, wages and payroll taxes were approximately \$8.3 million and \$4.0 million for the nine months ended September 30, 2024 and 2023, respectively, an increase of approximately \$4.2 million or 105.1%. The increase was mainly attributable to the Healthcare Operations as a result of the Progressive Care acquisition as of July 1, 2023, of approximately \$4.0 million, and approximately \$0.2 million as it relates to the Outfitter acquisition on April 1, 2024.

The Company performed a goodwill impairment test during the nine months ended September 30, 2024 and it was determined that the carrying amount of goodwill exceeded its fair value resulting in the Company recording a non-cash impairment charge of approximately \$0.7 million, recorded to the Healthcare Operations reporting segment. As of September 30, 2024, there was no remaining goodwill as it relates to the Healthcare Operations reporting segment. Refer to Note 11. Goodwill and Intangible Assets for additional details on the impairment charges, valuation methodologies, and inputs used in the fair value measurements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The Company performed a long-lived assets impairment test as it relates to the Healthcare Operations reporting segment during the nine months ended September 30, 2024 and it was determined that the carrying amount of the asset group exceeded its fair value resulting in the Company recording a non-cash impairment charge to certain long-lived assets, primarily intangible assets, of approximately \$12.8 million in total through the end of the third quarter in 2024. Refer to Note 11. Goodwill and Intangible Assets to our quarterly financials for additional details on the impairment charges, valuation methodologies, inputs used in the fair value measurements, and the changes in intangible assets for the period.

The Company recorded approximately \$0.1 million of impairment loss related to the write-down of a right-of-use asset as a result of taking the leased equipment out of service and not returning to service in the future. This was recorded to the Healthcare Operations reporting segment for the nine months ended September 30, 2024.

Professional fees were approximately \$4.1 million and \$1.4 million for the nine months ended September 30, 2024 and 2023, respectively, an increase of approximately \$2.7 million or 198.4%. The increase was mainly attributable to the settlement of litigation and associated legal fees with the e-Commerce Operations of approximately \$1.1 million, legal and consulting fees as it relates to the merger of Progressive Care, of approximately \$1.4 million, and fees associated with the shareholders meetings held during September 2024 of approximately \$0.2 million. Management does not expect these increases in professional fees to be recurring expenses in the foreseeable future and are not indicative of projected full year results.

Depreciation and amortization expenses were approximately \$2.3 million and \$1.2 million for the nine months ended September 30, 2024 and 2023, respectively, an increase of approximately \$1.1 million or 90.4%. The increase was attributable to nine months of depreciation and amortization as it relates to the Healthcare Operations reportable segment of approximately \$1.1 million compared to three months of depreciation and amortization in the prior year period related to the Healthcare Operations reportable segment from the Progressive Care acquisition on July 1, 2023.

Total Other Income

Our total other income increased by approximately \$0.2 million for the nine months ended September 30, 2024 when compared to the same period in 2023, and was mainly due to interest received of approximately \$0.2 million, a favorable change in foreign currency rates approximately \$0.2 million, and gain on disposal of property and equipment of approximately \$0.1 million, which was offset by the non-recurring write off of aged payables of approximately \$0.3 million in the prior year period, and Progressive Care management fee of approximately \$0.1 million which was eliminated in consolidation during 2024 as a result of Progressive Care acquisition on July 1, 2023.

Equity Method Investment

For the nine months ended September 30, 2023, we recorded a net loss in the equity of our affiliate, Progressive Care, of approximately \$1.4 million, and a gain on the remeasurement of fair value of equity method investment of our affiliate, Progressive Care, of approximately \$6.1 million, which was accounted for as an equity method investment. Effective July 1, 2023, Progressive Care became a consolidated subsidiary of the Company, which resulted in a change in the accounting treatment from equity method to consolidation.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS***Net Loss***

We recorded net losses of approximately \$20.1 million and \$2.9 million for the nine months ended September 30, 2024 and 2023, respectively. The change was a result of the factors described above.

Comprehensive Loss

We recorded comprehensive losses for foreign currency translation adjustments of approximately \$30,000 and \$16,000 for the nine months ended September 30, 2024 and 2023, respectively. The change was primarily attributed to exchange rate variances.

Liquidity and Capital Resources

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations, and otherwise operate on an ongoing basis. As of September 30, 2024, we had a cash balance of approximately \$20.4 million. Our working capital was approximately \$26.1 million at September 30, 2024.

As of the date of this report, the Company's existing cash resources and existing borrowing availability are sufficient to support planned operations for the next 12 months. As a result, management believes that the existing financial resources are sufficient to continue operating activities for at least one year past the issuance date of the financial statements.

The following table summarizes our cash flows (in thousands):

We do not currently have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to our stockholders.

Our Company has not entered into any transaction, agreement or other contractual arrangement with an entity unconsolidated with us under which we have:

- an obligation under a guaranteed contract, although we do have obligations under certain sales arrangements including purchase obligations to vendors
- a retained or contingent interest in assets transferred to the unconsolidated entity or similar arrangement that serves as credit, liquidity or market risk support to such entity for such assets,

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, as defined in Rule 12b-2 of the Securities Exchange Act of 1934, as amended, we are not required to provide the information required by this Item.

ITEM 4. CONTROLS AND PROCEDURES

(a) *Evaluation of disclosure controls and procedures.* In accordance with Rule 13a-15(b) under the Securities Exchange Act of 1934, as amended (“Exchange Act”) we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness and design of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act), as of the end of the period covered by this report. Based on such evaluation, our CEO and CFO have concluded that as of September 30, 2024, our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and is accumulated and communicated to our management, including our CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

(b) *Inherent Limitations on Controls.* Management, including the CEO and CFO, does not expect that our disclosure controls and procedures will prevent or detect all errors and fraud. Any control system, no matter how well designed and operated, is based upon certain assumptions and can provide only reasonable, not absolute, assurance that its objectives will be met. Further, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within the Company have been detected. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs.

(c) *Changes in internal controls over financial reporting.* There has been no change in our internal control over financial reporting during our fiscal quarter ended September 30, 2024, that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On October 15, 2024, the Company settled its ongoing lawsuit with Mr. Thomas Seifert, the Company's former Chief Financial Officer. Under the terms of the settlement, the Company agreed to pay to Mr. Seifert \$150,000 and to reimburse him for legal costs in the amount of \$600,000. In exchange, the Company and Mr. Seifert each agreed to dismiss the lawsuit with prejudice and to release the other party from all claims.

On June 17, 2024, Progressive Care was notified of a potential claim that a former employee allegedly suffered a loss due to an alleged breach by Progressive Care of an employment contract with the former employee. Management believes, based on discussions with its legal counsel, that Progressive Care has meritorious defenses against the former employee's claim. Since receipt of the notice of claim, Progressive Care filed a petition for arbitration against the former employee, asserting that it was the employee who breached the employment contract. Progressive Care will prosecute its claims and will defend any counterclaims vigorously as Progressive Care believes it will prevail on the merits. At this time, we cannot reasonably estimate the amount of the loss.

From time to time, the Company may become involved in litigation relating to claims arising out of our operations in the normal course of business. The Company is not currently involved in any pending legal proceeding or litigation, and, to the best of our knowledge, no governmental authority is contemplating any proceeding to which the Company is a party or to which any of the Company's properties is subject, which would reasonably be likely to have a material adverse effect on the Company's business, financial condition and operating results.

These risks are not the only ones facing the Company. Additional risks not currently known to us or that we currently believe are immaterial may also impair our business operations. Any of these risks could adversely affect our business, cash flows, financial condition, and results of operations. The trading price of our common stock could fluctuate due to any of these risks, and investors may lose all or part of their investment. In assessing these risks, investors should also refer to the other information contained or incorporated by reference in this Quarterly Report on Form 10-Q. There have been no material changes in our risk factors from those discussed in our Annual Report on Form 10-K for the year ended December 31, 2023.
