# Nauticus Robotics Announces Results for the Second Quarter of 2024

HOUSTON, Aug. 13, 2024 /PRNewswire/ -- [Nauticus Robotics, Inc.](#) (NASDAQ: KITT), a leading innovator in subsea robotics and software, today announced its financial results for the quarter ended June 30, 2024.

"I would like to thank our existing lenders for their continued support. Their steady conversion of warrants and convertible debentures improve our market cap and reduce our interest burden and our leverage," said John Gibson, Nauticus' CEO and President. "We successfully completed Phase I of a program for the largest offshore producer in Brazil. This phase has been billed and collected. We expect to complete Phase II without additional deepwater tests and can execute a significant portion of Phase III while in the Gulf of Mexico this year. We are committed to delivering supervised autonomy to subsea assets during Q3."

## Operational Highlights

**Vehicle 2 Testing:** Nauticus' flagship vehicle, Aquanaut Mark 2 (Vehicle 2), underwent planned maintenance this quarter before shipping to Florida Atlantic University (FAU) for open water testing of capabilities refined after the vehicle's initial Gulf of Mexico (GOM) testing during the first half of the year. The vehicle is planned to ship to Louisiana this month in anticipation of completing qualification testing.

**Vehicle 1 Assembly:** Vehicle 1 deepwater electronics upgrades are ongoing. Once the vehicle is fully assembled it is planned to ship to FAU to continue development and testing of the next set of vehicle capabilities. Vehicle 1 will become the test and qualification vehicle for these capabilities while Vehicle 2 remains revenue generating. Once new capability qualifications are complete, they will be loaded onto Vehicle 2 to expand Nauticus' revenue generating opportunities by having two working vehicles with additional capabilities.

**Vehicle 3 Assembly:** Assembly of Vehicle 3 remains pending. Company focus has been on Vehicles 1 and 2 throughout the quarter.

**FAU versus GOM Testing:** The partnership with FAU for open water testing allows Nauticus to continue testing Vehicle 2 at a reduced cost compared to GOM open water testing. In addition, FAU provides the team with warehousing and shop facilities to perform minor maintenance as needed. The Atlantic Coast provides multiple deepwater locations

close to shore containing bottom artifacts to fully test sensors and capabilities. These benefits will continue with testing of Vehicle 1 once its deepwater upgrades are complete.

**Revenue:** Nauticus reported second-quarter revenue of \$0.5 million, compared to \$1.1 million for the prior-year period and \$0.5 million for the prior quarter. Q2 includes revenue recognized for the largest South American deepwater operator, an important step in reducing dependence on historical defense revenues.

**Operating Expenses:** Total expenses during the second quarter were \$6.5 million, a \$1.5 million decrease from the prior-year period, and a \$0.5 million increase from Q1 2024.

**Net Income:** For the second quarter, Nauticus recorded a net loss of \$5.4 million, or basic loss per share of \$2.75. This compares with a net income of \$20.7 million from the same period in 2023, and a net income of \$0.4 million in the prior quarter.

**Adjusted Net Loss:** Nauticus reported adjusted net loss of \$9.0 million for the second quarter, compared to \$6.8 million for the same period in 2023. Adjusted net loss is a non-GAAP measure which excludes the impact of certain items, as shown in the non-GAAP reconciliation table below.

**2024 G&A Cost:** Nauticus reported G&A second-quarter costs of \$3.2 million, which is a decrease of \$2.3 million compared to the same period in 2023.

## **Balance Sheet and Liquidity**

As of June 30, 2024, the Company had cash and cash equivalents of \$8.1 million, compared to \$0.8 million as of December 31, 2023.

In Q2, the Company closed additional debt financing of \$1 million and raised \$9.4 million through an at-the-market equity offering to provide liquidity needed for operations and testing.

## **Conference Call Details**

Nauticus will host a conference call on August 14, 2024 at 10:00 a.m. Central Daylight Time (11:00 a.m. EDT) to discuss its results for the quarter ending June 30, 2024. To participate in the earnings conference call, participants should dial toll free at 800-445-7795, conference ID: KITT, or access the listen-only webcast at the following link: <https://events.q4inc.com/attendee/706796022>. A link to the webcast will also be available on the Company's website (<https://ir.nauticusrobotics.com/>). Following the conclusion of the call, a recording will be available on the Company's website.

## **[About Nauticus Robotics](#)**

Nauticus Robotics, Inc. develops autonomous robots for the ocean industries. Autonomy requires the extensive use of sensors, artificial intelligence, and effective algorithms for perception and decision allowing the robot to adapt to changing environments. The company's business model includes using robotic systems for service, selling vehicles and components, and licensing of related software to both the commercial and defense business sectors. Nauticus has designed and is currently testing and certifying a new generation of vehicles to reduce operational cost and gather data to maintain and operate a wide variety

of subsea infrastructure. Besides a standalone service offering and forward-facing products, Nauticus' approach to ocean robotics has also resulted in the development of a range of technology products for retrofit/upgrading traditional ROV operations and other third-party vehicle platforms. Nauticus' services provide customers with the necessary data collection, analytics, and subsea manipulation capabilities to support and maintain assets while reducing their operational footprint, operating cost, and greenhouse gas emissions, to improve offshore health, safety, and environmental exposure.

### Cautionary Language Regarding Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the "Act"), and are intended to enjoy the protection of the safe harbor for forward-looking statements provided by the Act as well as protections afforded by other federal securities laws. Such forward-looking statements include but are not limited to: the expected timing of product commercialization or new product releases; customer interest in Nauticus' products; estimated operating results and use of cash; and Nauticus' use of and needs for capital. Generally, statements that are not historical facts, including statements concerning possible or assumed future actions, business strategies, events, or results of operations, are forward-looking statements. These statements may be preceded by, followed by, or include the words "believes," "estimates," "expects," "projects," "forecasts," "may," "will," "should," "seeks," "plans," "scheduled," "anticipates," "intends," or "continue" or similar expressions. Forward-looking statements inherently involve risks and uncertainties that may cause actual events, results, or performance to differ materially from those indicated by such statements. These forward-looking statements are based on Nauticus' management's current expectations and beliefs, as well as a number of assumptions concerning future events. There can be no assurance that the events, results, or trends identified in these forward-looking statements will occur or be achieved. Forward-looking statements speak only as of the date they are made, and Nauticus is not under any obligation and expressly disclaims any obligation, to update, alter, or otherwise revise any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law. Readers should carefully review the statements set forth in the reports which Nauticus has filed or will file from time to time with the Securities and Exchange Commission (the "SEC") for a more complete discussion of the risks and uncertainties facing the Company and that could cause actual outcomes to be materially different from those indicated in the forward-looking statements made by the Company, in particular the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" in documents filed from time to time with the SEC, including Nauticus' Annual Report on Form 10-K filed with the SEC on April 10, 2024. Should one or more of these risks, uncertainties, or other factors materialize, or should assumptions underlying the forward-looking information or statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated, or expected. The documents filed by Nauticus with the SEC may be obtained free of charge at the SEC's website at [www.sec.gov](http://www.sec.gov)

**NAUTICUS ROBOTICS, INC.**  
**Unaudited Reconciliation of Net Income (Loss) Attributable to Common Stockholders**  
**(GAAP) to Adjusted Net Loss**  
**Attributable to Common Stockholders (NON-GAAP)**

Adjusted net loss attributable to common stockholders is a non-GAAP financial measure which excludes certain items that are included in net income (loss) attributable to common stockholders, the most directly comparable GAAP financial measure. Items excluded are

those which the Company believes affect the comparability of operating results and are typically excluded from published estimates by the investment community, including items whose timing and/or amount cannot be reasonably estimated or are non-recurring.

Adjusted net loss attributable to common stockholders is presented because management believes it provides useful additional information to investors for analysis of the Company's fundamental business on a recurring basis. In addition, management believes that adjusted net loss attributable to common stockholders is widely used by professional research analysts and others in the valuation, comparison, and investment recommendations of companies such as Nauticus.

Adjusted net loss attributable to common stockholders should not be considered in isolation or as a substitute for net income (loss) attributable to common stockholders or any other measure of a company's financial performance or profitability presented in accordance with GAAP. A reconciliation of the differences between net income (loss) attributable to common stockholders and adjusted net loss attributable to common stockholders is presented below. Because adjusted net loss attributable to common stockholders excludes some, but not all, items that affect net income (loss) attributable to common stockholders and may vary among companies, our calculation of adjusted net loss attributable to common stockholders may not be comparable to similarly titled measures of other companies.
