Safe Harbor and Non-GAAP Disclosures

PECO's Safe Harbor Statement

This presentation contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with the safe harbor provisions. Such forward-looking statements can generally be identified by the Company's use of forward-looking terminology such as "may," "will," "expect," "intend," "anticipate," "estimate," "believe," "continue," "seek," "objective," "goal," "strategy," "plan," "focus," "priority," "should," "could," "potential," "possible," "look forward," "optimistic," or other similar words. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. Such statements include, but are not limited to (a) statements about the Company's plans, strategies, initiatives, and prospects, (b) statements about the Company's underwritten incremental unlevered yield, and (c) statements about the Company's future results of operations, capital expenditures, and liquidity. Such statements are subject to known and unknown risks and uncertainties, which could cause actual results to differ materially from those projected or anticipated, including, without limitation: (i) changes in national, regional, or local economic climates; (ii) local market conditions, including an oversupply of space in, or a reduction in demand for, properties similar to those in the Company's portfolio; (iii) vacancies, changes in market rental rates, and the need to periodically repair, renovate, and re-let space; (iv) competition from other available shopping centers and the attractiveness of properties in the Company's portfolio to its tenants; (v) the financial stability of the Company's tenants, including, without limitation, their ability to pay rent; (vi) the Company's ability to pay down, refinance, restructure, or extend its indebtedness as it becomes due; (vii) increases in the Company's borrowing costs as a result of changes in interest rates and other factors; (viii) potential liability for environmental matters; (ix) damage to the Company's properties from catastrophic weather and other natural events, and the physical effects of climate change; (x) the Company's ability and willingness to maintain its qualification as a REIT in light of economic, market, legal, tax, and other considerations; (xi) changes in tax, real estate, environmental, and zoning laws; (xii) information technology security breaches; (xiii) the Company's corporate responsibility initiatives; (xiv) loss of key executives; (xv) the concentration of the Company's portfolio in a limited number of industries, geographies, or investments; (xvi) the economic, political, and social impact of, and uncertainty relating to, pandemics or other health crises; (xvii) the Company's ability to re-lease its properties on the same or better terms, or at all, in the event of non-renewal or in the event the Company exercises its right to replace an existing tenant; (xviii) the loss or bankruptcy of the Company's tenants; (xix) to the extent the Company is seeking to dispose of properties, the Company's ability to do so at attractive prices or at all; and (xx) the impact of inflation on the Company and on its tenants. Additional important factors that could cause actual results to differ are described in the filings made from time to time by the Company with the SEC and include the risk factors and other risks and uncertainties described in the Company's 2023 Annual Report on Form 10-K, filed with the SEC on February 12, 2024, as updated from time to time in the Company's periodic and/or current reports filed with the SEC, which are accessible on the SEC's website at www.sec.gov. Therefore, such statements are not intended to be a guarantee of the Company's performance in future periods. Except as required by law, the Company does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

Non-GAAP Disclosures

The Company presents Same-Center NOI as a supplemental measure of its performance. The Company defines NOI as total operating revenues, adjusted to exclude non-cash revenue items, less property operating expenses and real estate taxes. For the three months ended June 30, 2024 and 2023, Same-Center NOI represents the NOI for the 270 properties that were wholly-owned and operational for the entire portion of all comparable reporting periods. The Company believes Same-Center NOI provides useful information to its investors about its financial and operating performance because it provides a performance measure of the revenues and expenses directly involved in owning and operating real estate assets and provides a perspective not immediately apparent from net income (loss). Because Same-Center NOI excludes the change in NOI from properties acquired or disposed of after December 31, 2022, it highlights operating trends such as occupancy levels, rental rates, and operating costs on properties that were operational for all comparable periods. Other REITs may use different methodologies for calculating Same-Center NOI, and accordingly, PECO's Same-Center NOI may not be comparable to other REITs. Same-Center NOI should not be viewed as an alternative measure of the Company's financial performance as it does not reflect the operations of its entire portfolio, nor does it reflect the impact of general and administrative expenses, depreciation and amortization, interest expense, other income (expense), or the level of capital expenditures and leasing costs necessary to maintain the operating performance of the Company's properties that could materially impact its results from operations. Nareit FFO is a non-GAAP financial performance measure that is widely recognized as a measure of REIT operating performance. The National Association of Real Estate Investment Trusts ("Nareit") defines FFO as net income (loss) computed in accordance with GAAP, excluding: (i) gains (or losses) from sales of property and gains (or losses) from change in control; (ii) depreciation and amortization related to real estate; and (iii) impairment losses on real estate and impairments of in-substance real estate investments in investees that are driven by measurable decreases in the fair value of the depreciable real estate held by the unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect Nareit FFO on the same basis. The Company calculates Nareit FFO in a manner consistent with the Nareit definition. Core FFO is an additional financial performance measure used by the Company as Nareit FFO includes certain non-comparable items that affect its performance over time. The Company believes that Core FFO is helpful in assisting management and investors with the assessment of the sustainability of operating performance in future periods, and that it is more reflective of its core operating performance and provides an additional measure to compare PECO's performance across reporting periods on a consistent basis by excluding items that may cause short-term fluctuations in net income (loss). To arrive at Core FFO, the Company adjusts Nareit FFO to exclude certain recurring and non-recurring items including, but not limited to: (i) depreciation and amortization of corporate assets; (ii) changes in the fair value of the earn-out liability; (iii) amortization of unconsolidated joint venture basis differences; (iv) gains or losses on the extinguishment or modification of debt and other; (v) other impairment charges; (vi) transaction and acquisition expenses; and (vii) realized performance income. Nareit FFO and Core FFO should not be considered alternatives to net income (loss) under GAAP, as an indication of the Company's liquidity, nor as an indication of funds available to cover its cash needs, including its ability to fund distributions. Core FFO may not be a useful measure of the impact of long-term operating performance on value if the Company does not continue to operate its business plan in the manner currently contemplated. Accordingly, Nareit FFO and Core FFO should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. The Company's Nareit FFO and Core FFO, as presented, may not be comparable to amounts calculated by other REITs. Nareit defines Earnings Before Interest, Taxes, Depreciation, and Amortization for Real Estate ("EBITDAre") as net income (loss) computed in accordance with GAAP before: (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains or losses from disposition of depreciable property; and (v) impairment write-downs of depreciable property. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect EBITDAre on the same basis. Adjusted EBITDAre is an additional performance measure used by the Company as EBITDAre includes certain non-comparable items that affect the Company's performance over time. To arrive at Adjusted EBITDAre, the Company excludes certain recurring and non-recurring items from EBITDAre, including, but not limited to: (i) changes in the fair value of the earn-out liability; (ii) other impairment charges; (iii) amortization of basis differences in the Company's investments in its unconsolidated joint ventures; (iv) transaction and acquisition expenses; and (v) realized performance income. The Company uses EBITDAre and Adjusted EBITDAre as additional measures of operating performance which allow it to compare earnings independent of capital structure, determine debt service and fixed cost coverage, and measure enterprise value. Additionally, the Company believes they are a useful indicator of its ability to support its debt obligations. EBITDAre and Adjusted EBITDAre should not be considered as alternatives to net income (loss), as an indication of the Company's liquidity, nor as an indication of funds available to cover its cash needs, including its ability to fund distributions. Accordingly, EBITDAre and Adjusted EBITDAre should be reviewed in connection with other GAAP measurements, and should not be viewed as more prominent measures of performance than net income (loss) or cash flows from operations prepared in accordance with GAAP. The Company's EBITDAre and Adjusted EBITDAre, as presented, may not be comparable to amounts calculated by other REITs.

PECO at a Glance

Founded/IPO	Nasdaq	ABR from Grocery-Anchored Centers	Properties	Total GLA	Leased Portfolio Occupancy
1991/ 2021	PECO	97%	286	32.6M Square Feet	98%

We create great omni-channel grocery-anchored shopping experiences and improve our communities one center at a time.

Grocery Centered. Community Focused.

We are an experienced owner and operator focused on ***grocery-anchored*** neighborhood shopping centers.

Management Ownership	Total Enterprise Value	ABR from Necessity-Based Neighbors	ABR from #1 or #2 Grocery Anchor by Sales	Dividend Yield	Portfolio Retention Rate

How PECO Defines Quality

Quality = SOAR

IMPORTANT AND SUSTAINABLE MEASURES OF QUALITY IN PECO GROCERY-ANCHORED CENTERS

SPREADS	OCCUPANCY	ADVANTAGES OF THE MARKET	RETENTION
PECO's strong new and renewal leasing spreads are driven by necessity-based goods and services that serve the essential needs of our communities.	PECO's high occupancy levels are driven by our focused and differentiated strategy of exclusively owning right-sized, grocery-anchored neighborhood shopping centers.	PECO's focus on the #1 or #2 grocer is well-positioned in the market with a Locally Smart® merchandising mix and 50% of ABR in the Sun Belt states and growing U.S. cities.	PECO retains a healthy and diverse mix of National, Regional and Local Neighbors who run successful businesses and support our ability to grow rents at attractive rates.

PECO has 30+ Years of Experience in the Grocery-Anchored Shopping Center Industry and an Informed Perspective on what Drives Quality and Success at the Property Level

PHILLIPS EDISON & COMPANY®

Grocery-Anchored Portfolio

Grocery-Anchored Centers Benefit from Macroeconomic Trends that Provide Strong Tailwinds for PECO

Necessity-Based

- Consumer staple goods and services that are indispensable for day-to-day living
  - 70% of PECO ABR from necessity-based goods and services retailers(1)
- Recession-resistant across multiple cycles
- Highly resilient with minimal exposure to distressed retailers
- Only 0.7% of occupancy loss in 2020 and 1.8% of occupancy loss during the Global Financial Crisis

High Foot Traffic

- U.S. consumers visit grocery stores 1.6 times per week on average(2)
- Approximately 33,000 average total trips per week to each PECO center(3)
- Approximately 500M total trips were made in the last 12 months to PECO centers(3)
- Strong foot traffic benefits inline Neighbor sales and enhances our ability to increase rents

Omni-Channel

- PECO centers are a critical component of our Neighbors' omni-channel strategies and provide an attractive last-mile solution
  - ~94% of portfolio with *Front Row To Go*™ curbside pick-up program(4)
  - ~91% of PECO grocers offer BOPIS option (Buy Online, Pick-Up In Store)(4)
- Online grocery orders fell 6% year over year in 2023(5)
- Grocer pickup sales are expected to grow at a 5-year nominal CAGR of 13.6%(6)

Math Behind Local Neighbors

PECO's inline Local Neighbors offer attractive economics, have high retention rates and achieve above average inline renewal spreads

- Inline Local Neighbors are resilient and have been in PECO's centers an average of 9.7 years
- This length of tenancy compares favorably to the capital investment payback period of 10 months for inline Local Neighbors
- During Q2 2024, PECO retained 85.5% of our Local Neighbors that were scheduled to expire
- For inline Local Neighbors, renewal rent spreads were near an all-time high of ~22% in Q2 2024

Suburban Market Advantage

PECO's suburban markets offer retailers several advantages in today's environment

- Comparable, if not superior, visit-per-location trends compared to larger MSAs
- Less competition
- Greater diversification of their customer base
- Easier access to labor as an "employer of choice" within a market
- Less expensive build-out costs

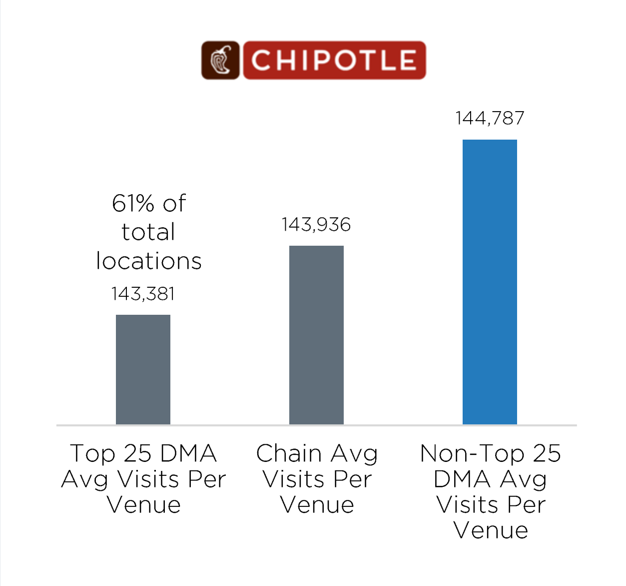
Migration changes have flipped the script and make suburban locations more favorable to retailers

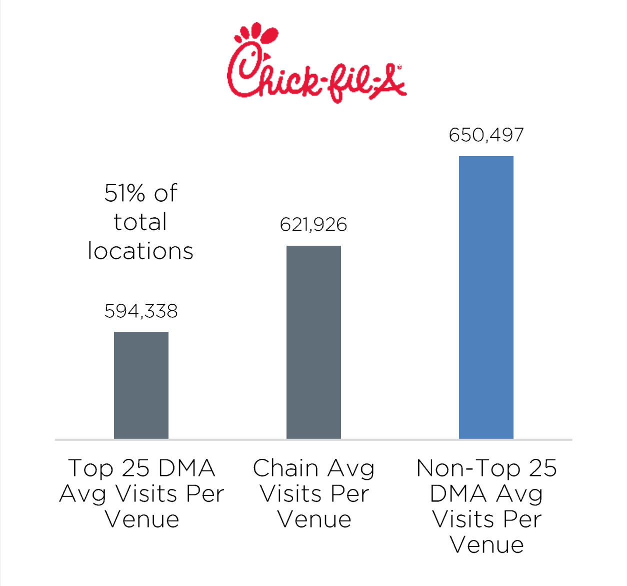
Source: Placer.ai

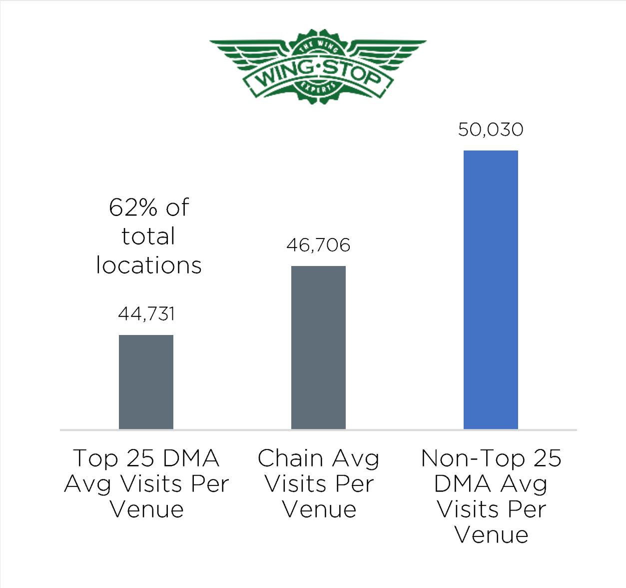
PHILLIPS EDISON & COMPANY

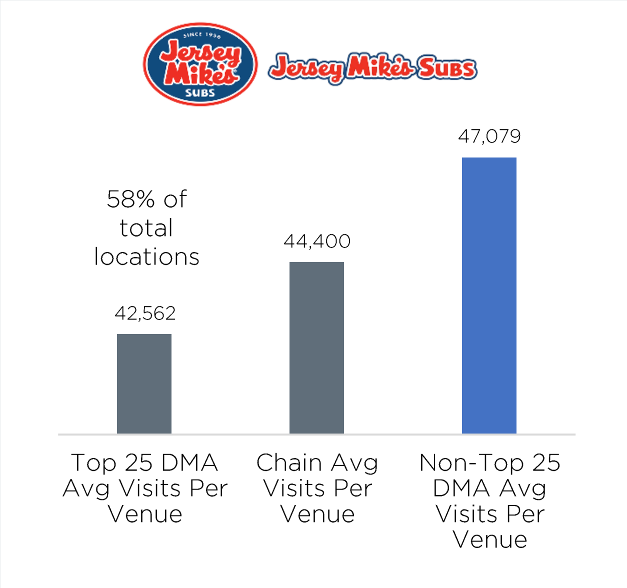
Suburban Market Advantage

- National retailers are raising long-term store base targets in PECO markets
- Several national retailers are seeing increased average visits per venue in smaller markets, as compared to average visits in Top 25 DMAs
- PECO market locations have proven to deliver the same or better store-level economics as traditional locations









Note:
Trailing twelve months visits per month by market size (June 2023 – May 2024)

Performance and Long-Term Growth

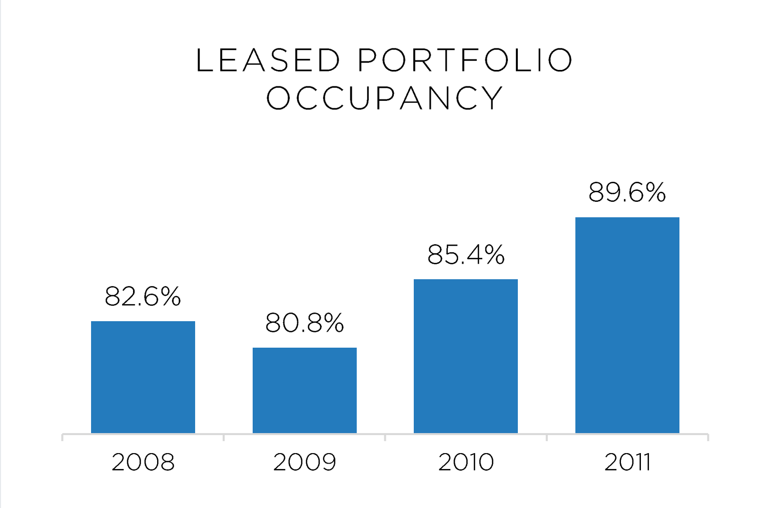
PECO's Cycle-Tested Performance

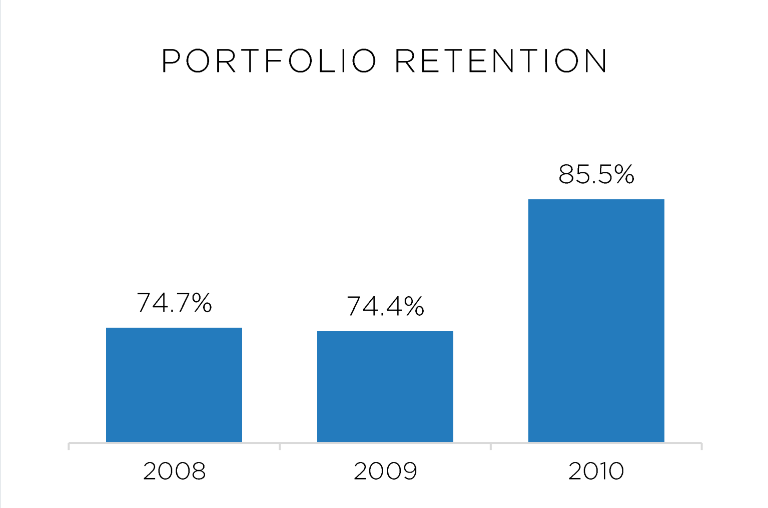
Performance following the 2008 Global Financial Crisis highlights the resiliency of PECO's grocery-anchored portfolio[1]

For the 29 centers PECO still owns:

- NOI decreased 270 bps in 2010 and recovered to pre-GFC levels by 2011
- Leased occupancy declined 180 bps in 2009 and fully recovered by 2010
- Retention fully recovered by 2010

LEADING PERFORMANCE





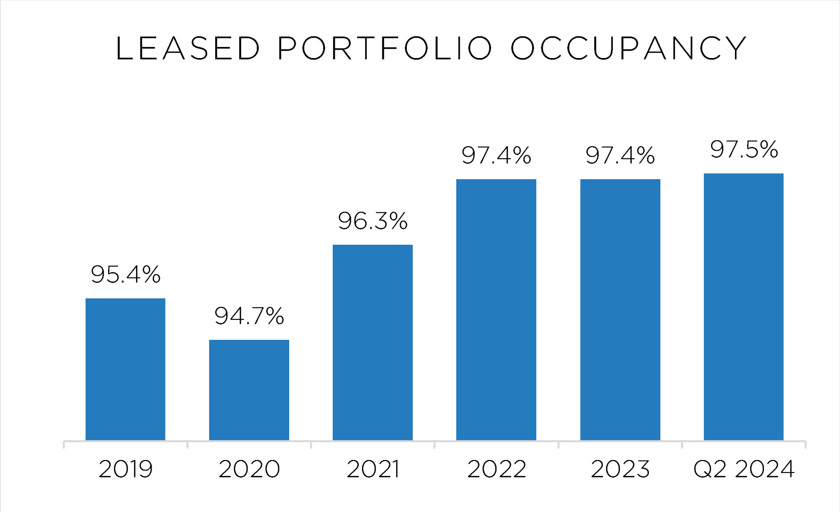
Sources:
Company data

PECO's Cycle-Tested Performance

PECO's grocery-anchored portfolio demonstrated further resilience during 2020 and the pandemic-induced downturn

- PECO lost 70 basis points of occupancy during the peak of the pandemic
- Leased occupancy fully recovered by mid-year 2021

LEADING PERFORMANCE



PECO's grocery-anchored neighborhood shopping centers have proven to be resilient in multiple market cycles

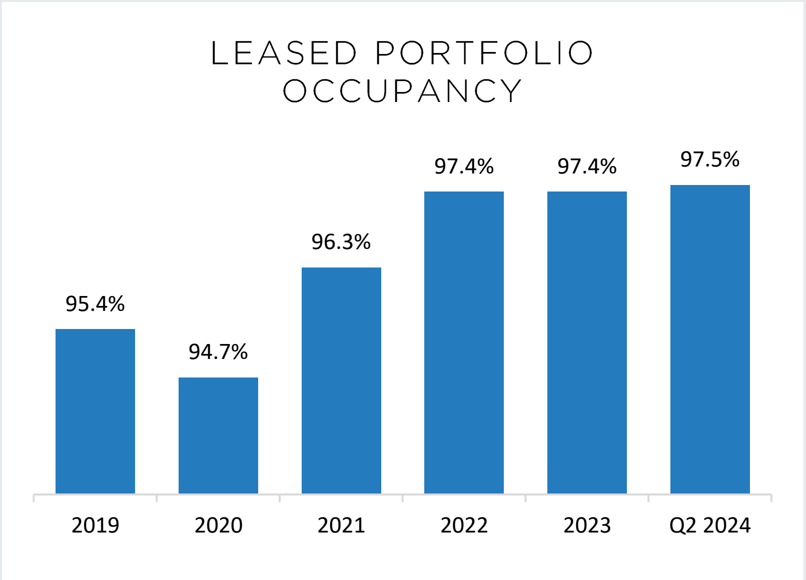
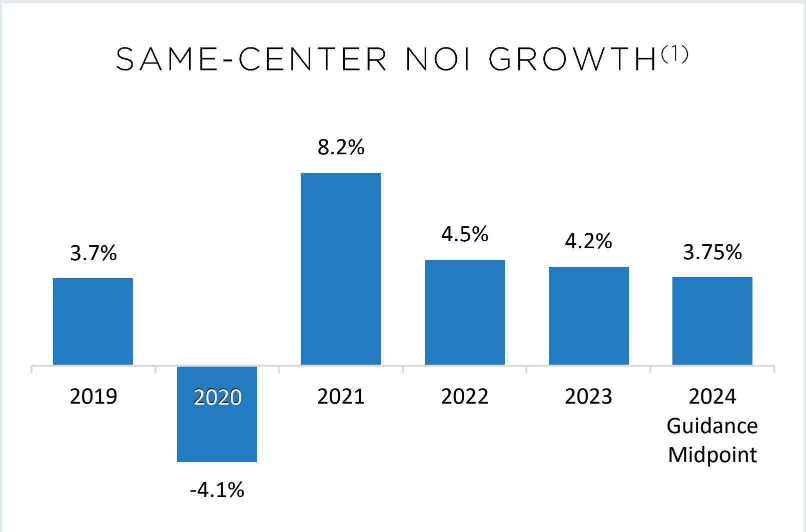
PHILLIPS EDISON & COMPANY

PECO's Strong Historical Performance

- High occupancy levels are driving immediate, measurable growth in our financial results
- PECO's high retention rates and focus on increasing occupancy, driving leasing spreads, executing (re)development projects and implementing rent bumps in new leases have driven strong NOI growth
- Q2 2024 economic occupancy spread: 50 basis points
- Same-Center leased occupancy of 97.8% as of June 30, 2024

LEADING PERFORMANCE





Source:
Company data as of June 30, 2024
1. Please see reconciliation tables in the appendix of this presentation for more details

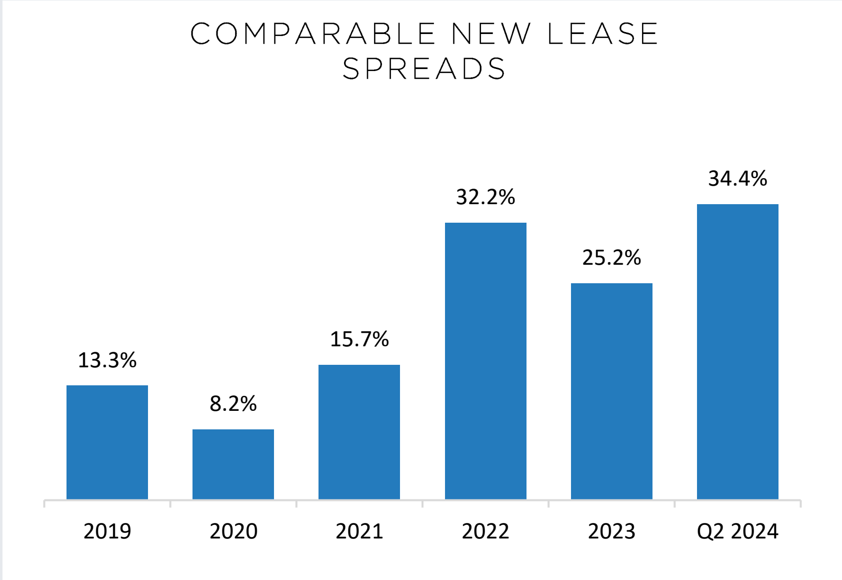
Strong Operating Environment

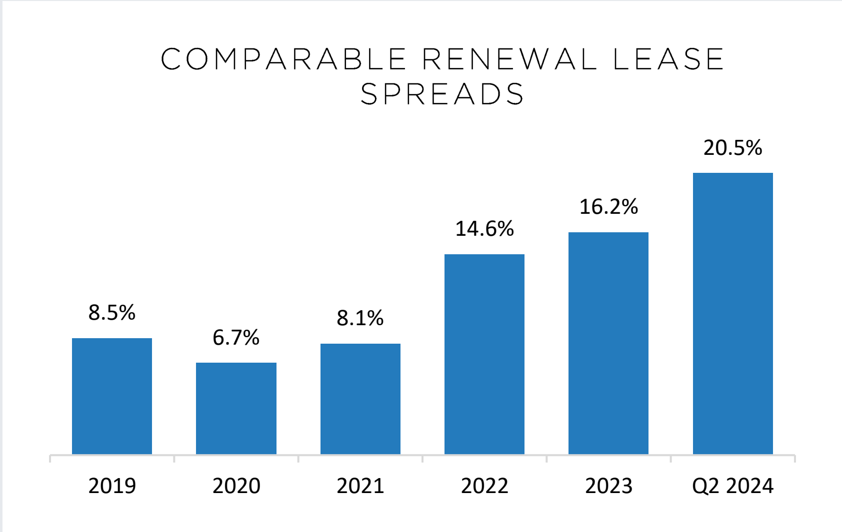
Leasing spreads demonstrate PECO's pricing power and sustainable organic growth

PECO's portfolio occupancy levels remained strong, and the resulting pricing power is driving new leasing and renewal spreads significantly above previous levels

Retention rate remained strong at 89% as of June 30, 2024

LEADING PERFORMANCE





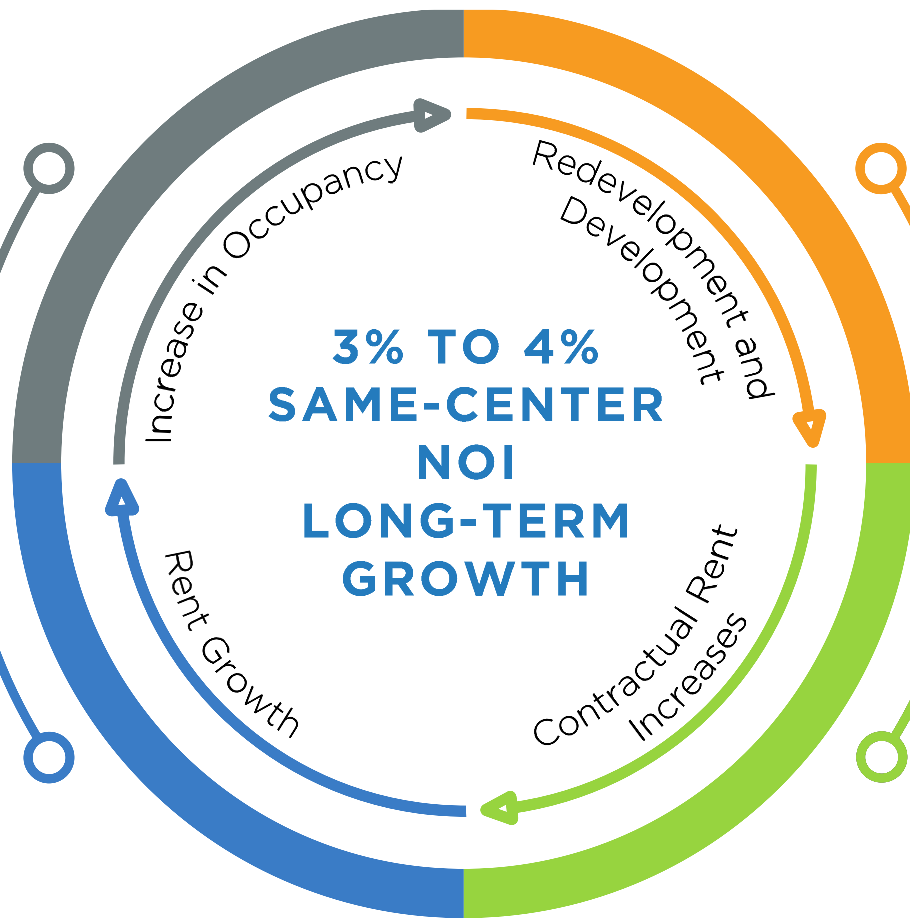
Source:
Company data as of June 30, 2024

Roadmap to Our Long-Term Growth

PECO Remains Committed to Delivering Sustainable Organic Long-Term Growth and Value

Increase in occupancy expected to contribute 50 to 100 bps of growth

Redevelopment and development activity expected to contribute 75 to 125 bps of growth



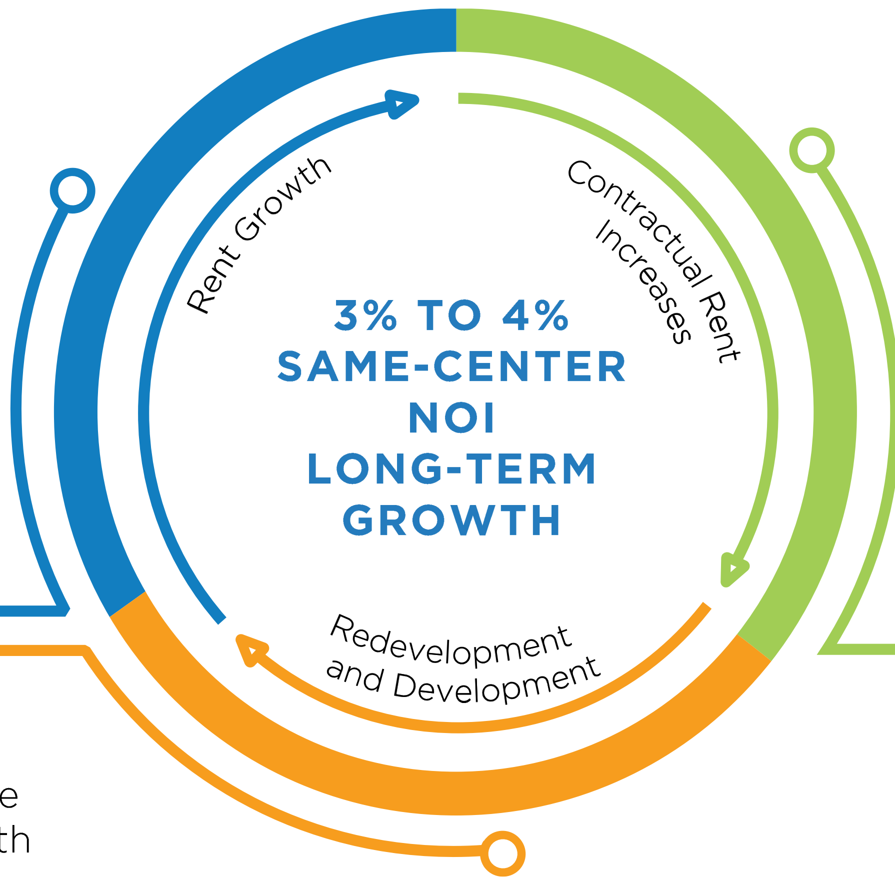
New and renewal spreads expected to contribute 100 to 125 bps of growth

Contractual rent increases expected to contribute 75 to 100 bps of growth

Source: Company data

Growth Beyond Occupancy

When Occupancy is No Longer a Driver of Growth, We Believe our Portfolio Can Still Deliver 3% to 4% Same-Center NOI Growth Long-Term



New and renewal spreads expected to contribute 130 to 170 bps of growth

Contractual rent increases expected to contribute 85 to 120 bps of growth

Redevelopment and development activity expected to contribute 85 to 125 bps of growth

Source: Company data

PECO's Investments Enhance Our Long-Term Value

We Invest in Opportunities that are Accretive to Earnings Per Share and Growth Over the Long Term. We Believe our IRRs are Meaningfully Above our Cost of Capital.

PECO's investment strategy is supported by:

Ample Free Cash Flow | **Leverage Capacity** | **Access to Capital**

SOURCES OF CAPITAL

- Free Cash Flow
- Common Equity
- Debt
- Dispositions

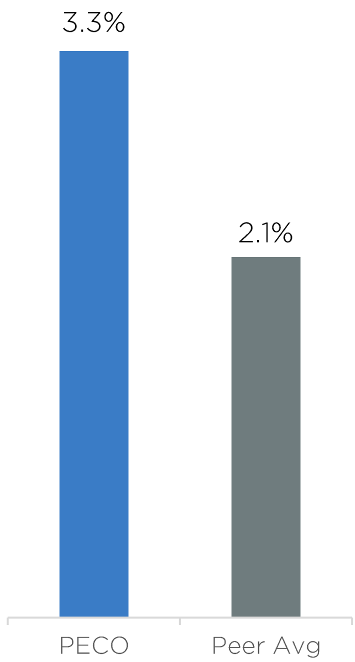
USES OF CAPITAL

- Acquisitions
- Distributions
- Development/ Redevelopment
- Capital Expenditures

PECO Delivers Higher Same-Center NOI Growth Over Time with Lower Capex

Over the Last 5 Years, PECO's Capex was Lower than the Peer Average While Outperforming on Same-Center NOI Growth

SAME-CENTER NOI GROWTH 2019-2023[1]



CAPITAL EXPENDITURES[2]

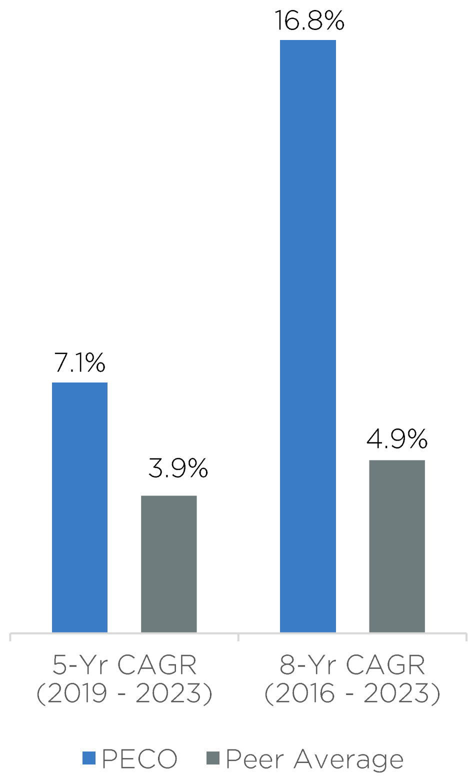
Maximizing AFFO Growth and Free Cash Flow Generation

We Leverage Our Strong Portfolio to Maximize Rent Growth with Efficient Leasing Capital, Ultimately Driving Sector-Leading AFFO Growth

AFFO CAGR



PECO's Strategic Approach to Leasing Capital Helps to Drive AFFO Growth Outperformance

- PECO has a long-term track record of outperformance in AFFO growth vs. the peers
- We aim to maximize rent growth while intentionally investing leasing capital
- There are ample opportunities in our portfolio to increase rent either through renewals or replacing exiting tenants
- The space in grocery-anchored shopping centers is in high demand
- PECO's total recurring capex remains consistent at approximately 11% of NOI, which is at the lower end compared to peers
- This strategy allows us to drive sector-leading AFFO while maximizing free cash flow
- Lower capital spending relative to Core FFO contributes to faster AFFO growth, especially in inline spaces with lower capital investment costs

As reported in S&P Global Capital IQ Pro
Note:
Peers include REG, ROIC, BRX, KIM, KRG, FRT and AKR

Long Term Targets

Same-Center NOI Growth of 3% - 4%

Mid-5x Net-Debt-to-Adjusted-EBITDA*re*

Mid-to-High-Single-Digit Core FFO Growth per Share

$200M to $300M Net Acquisitions per Year

PHILLIPS EDISON & COMPANY®

Corporate Responsibility

Corporate Responsibility and Sustainability

Our Corporate Responsibility and Sustainability Program, which we refer to as the "**PECO-ECO Promise™**", is based on the four pillars set forth below, and is overseen by our full Board of Directors, reflecting PECO's comprehensive approach to strong governance

GRESB

TOP WORK PLACES

GREEN LEASE LEADER

PEOPLE

- Granted 100% of eligible associates service-based restricted stock units to empower and encourage our associates to "think and operate like owners"
- Created PECO MORE and PECO NOW associate-led business resource groups to advance DEI initiatives
- Achieved a strong 89% engagement rate on our 2023 Associate Survey
- As of December 31, 2023, females represented approximately 51% of our workforce and 39% of manager roles and above

ENVIRONMENTAL STEWARDSHIP

- Calculated Scope 1 and 2 GHG emissions
- Participated in the GRESB Real Estate Assessment
- Retrofitted 98.8% of our wholly-owned portfolio to LED parking lot lighting
- Conserved over 62M gallons of water generating cost savings of over $200,000 as of September 30, 2023
- Installed EV chargers at 18.1% of eligible properties to date
- Achieved a waste diversion rate of 26% at properties with a landlord-controlled waste program, exceeding our goal of 25% waste reduction by 2030

COMMUNITY

- Our Neighbors reported a 96% overall satisfaction rate on our annual Neighbor Questionnaire, with a 97% rate of interest in lease renewal
- The PECO Community Partnership associate-led business resource group contributed 400+ community service hours in 2023
- Implemented DashComm®, our proprietary Neighbor communications portal and resource center
- Launched an Incident Response Team to provide immediate support to Neighbors and communities impacted by disasters

OVERSIGHT & ETHICS

- Continued commitment to operate with the utmost integrity and the highest ethical standards, recognizing our role as stewards of our investors' capital
- Operated under the direction of our Board, which oversees our Corporate Responsibility and enterprise risk management programs
- Required all associates to complete regular training on our Code of Business Conduct and Ethics, Insider Trading Policy
- Maintained our 24-hour ethics hotline for associates or stakeholders to report concerns
- Provided extensive associate cybersecurity training initiatives and campaigns

PHILLIPS EDISON & COMPANY

Appendix

Glossary of Terms

Anchor space: A space greater than or equal to 10,000 square feet of gross leasable area (GLA).

Annualized base rent (ABR): Refers to the monthly contractual base rent as of the end of the applicable reporting period multiplied by twelve months.

ABR per square foot (PSF): ABR divided by leased GLA. Increases in ABR PSF can be an indication of our ability to create rental rate growth in our centers, as well as an indication of demand for our spaces, which generally provides us with greater leverage during lease negotiations.

Cap rate: Estimated in-place NOI for the property divided by the property's contractual purchase or sale price

Comparable lease: Refers to a lease with consistent terms that is executed for substantially the same space that has been vacant less than twelve months.

Comparable rent spread: Calculated as the percentage increase or decrease in first-year ABR (excluding any free rent or escalations) on new, renewal and option leases where the lease was considered a comparable lease. This metric provides an indication of our ability to generate revenue growth through leasing activity.

EBITDA*re*, and Adjusted EBITDA*re* (collectively, "EBITDA*re* metrics"): Nareit defines EBITDA*re* as net income (loss) computed in accordance with GAAP before: (i) interest expense; (ii) income tax expense; (iii) depreciation and amortization; (iv) gains or losses from disposition of depreciable property; and (v) impairment write-downs of depreciable property. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect EBITDA*re* on the same basis. To arrive at Adjusted EBITDA*re*, we exclude certain recurring and non-recurring items from EBITDA*re*, including, but not limited to: (i) changes in the fair value of the earn-out liability; (ii) other impairment charges; (iii) amortization of basis differences in our investments in our unconsolidated joint ventures; (iv) transaction and acquisition expenses; and (v) realized performance income. We use EBITDA*re* and Adjusted EBITDA*re* as additional measures of operating performance which allow us to compare earnings independent of capital structure and evaluate debt leverage and fixed cost coverage.

Equity market capitalization: The total dollar value of all outstanding shares using the closing price for the applicable date.

Grocer health ratio: Amount of annual rent and expense recoveries paid by the Neighbor as a percentage of gross sales. Low grocer health ratios provide us with the knowledge to manage our rents effectively while seeking to ensure the financial stability of our grocery anchors

Gross leasable area (GLA): The total occupied and unoccupied square footage of a building that is available for Neighbors or other retailers to lease.

Inline space: A space containing less than 10,000 square feet of GLA.

Leased occupancy: Calculated as the percentage of total GLA for which a lease has been signed regardless of whether the lease has commenced or the Neighbor has taken possession. High occupancy is an indicator of demand for our spaces, which generally provides us with greater leverage during lease negotiations.

Net debt: Total debt, excluding discounts, market adjustments and deferred financing expenses, less cash and cash equivalents.

Net debt to Adjusted EBITDA*re*: Calculated by dividing net debt by Adjusted EBITDA*re* (included on an annualized basis within the calculation). It provides insight into our leverage rate based on earnings and is not impacted by fluctuations in our equity price.

Net debt to total enterprise value: Ratio is calculated by dividing net debt by total enterprise value. It provides insight into our capital structure and usage of debt.

Net Operating Income (NOI): Calculated as total operating revenues, adjusted to exclude non-cash revenue items, less property operating expenses and real estate taxes. NOI provides insight about our financial and operating performance because it provides a performance measure of the revenues and expenses directly involved in owning and operating real estate assets and provides a perspective not immediately apparent from net income (loss).

Portfolio retention rate: Calculated by dividing (i) the total square feet of retained Neighbors with current period lease expirations by (ii) the total square feet of leases expiring during the period. The portfolio retention rate provides insight into our ability to retain Neighbors at our shopping centers as their leases approach expiration. Generally, the costs to retain an existing Neighbor are lower than costs to replace with a new Neighbor.

(Re)development: Larger scale projects that typically involve substantial demolition of a portion of the shopping center to accommodate new retailers. These projects typically are accompanied with new construction and site infrastructure costs.

Same-Center: Refers to a property, or portfolio of properties, that has been owned and operational for the entirety of each reporting period (i.e., since January 1, 2023).

Sun Belt states: Consists of 15 states: Alabama, Arizona, Arkansas, California, Florida, Georgia, Louisiana, Mississippi, Nevada, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

Total enterprise value: Net debt plus equity market capitalization on a fully diluted basis.
