\* In order to comply with the requirements of Section 19 of the Investment Company Act of 1940, as amended (the “1940 Act”), each of the Funds above posted to the DTC bulletin board and sent to its shareholders of record as of the applicable record date a Section 19 notice with the previous distribution payment. The Section 19 notice was provided for informational purposes only and not for tax reporting purposes. This information can be found in the “Closed-End Funds” section of [www.blackrock.com](http://www.blackrock.com). As applicable, the final determination of the source and tax characteristics of all distributions in 2024 will be made after the end of the year.

**The fixed amounts distributed per share are subject to change at the discretion of each Fund’s Board of Directors/Trustees.** Under its Plan, each Fund will distribute all available investment income to its shareholders, consistent with its investment objectives and as required

by the Internal Revenue Code of 1986, as amended (the “Code”). If sufficient income (inclusive of net investment income and short-term capital gains) is not available on a monthly basis, a Fund will distribute long-term capital gains and/or return capital to its shareholders in order to maintain a level distribution.

The Funds’ estimated sources of the distributions paid as of October 31, 2024 and for their current fiscal year are as follows:

<sup>1</sup>The Fund estimates that it has distributed more than its income and net-realized capital gains in the current fiscal year; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the shareholder’s investment is paid back to the shareholder. A return of capital distribution does not necessarily reflect the Fund’s investment performance and should not be confused with ‘yield’ or ‘income’. When distributions exceed total return performance, the difference will reduce the Fund’s net asset value per share.

**The amounts and sources of distributions reported are only estimates and are being provided to you pursuant to regulatory requirements and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon each Fund’s investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.**

**Shareholders should not draw any conclusions about a Fund’s investment performance from the amount of the Fund’s current distributions or from the terms of the Fund’s Plan.**

**The amount distributed per share under a Plan is subject to change at the discretion each Fund’s Board.** Each Plan will be subject to ongoing review by the Board to determine whether the Plan should be continued, modified or terminated. The Board may amend the terms of a Plan or suspend or terminate a Plan at any time without prior notice to the Fund’s shareholders if it deems such actions to be in the best interest of the Fund or its shareholders. The amendment or termination of a Plan could have an adverse effect on the market price of the Fund’s shares.
