Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The total number of shares of Common Stock which this Corporation is authorized to issue is Ten Billion (10,000,000,000) shares, par value \$0.0001. Each share of Common Stock is granted one vote, both cash and stock dividends are subject to Board approval and are subordinate to the Preferred Stock rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Each share of Series A Preferred Stock shall be convertible, at the option of the holder thereof, at any time or from time to time after one (1) year from the issuance of such share, into One Hundred (100) shares of Common Stock of the Company. Each outstanding share of Series A Preferred Stock shall be entitled to One Thousand (1,000) votes per share on all matters to which the shareholders of the Company are entitled or required to vote. In each calendar year, the holders of the then outstanding Series A Preferred Stock shall be entitled to receive, when, as and if declared by the Board, out of any funds and assets of the Company legally available therefore, noncumulative dividends in an amount equal to any dividends or other Distribution on the Common Stock in such calendar year (other than a Common Stock Dividend). No dividends (other than a Common Stock Dividend) shall be paid, and no Distribution shall be made, with respect to the Common Stock unless dividends in such amount shall have been paid or declared and set apart for payment to the holders of the Series A Preferred Stock simultaneously. Dividends on the Series A Preferred Stock shall not be mandatory or cumulative, and no rights or interest shall accrue to the holders of the Series A Preferred Stock by reason of the fact that the Company shall fail to declare or pay dividends on the Series A Preferred Stock, except for such rights or interest that may arise as a result of the Company paying a dividend or making a Distribution on the Common Stock.

Each share of Series B Preferred Stock shall be convertible, at the option of the holder thereof, at any time or from time to time after one (1) year from the issuance of such share, into One Hundred Million (100,000,000) shares of Common Stock of the Company. Each outstanding share of Series B Preferred Stock shall be entitled to One Hundred Million (100,000,000) votes per share on all matters to which the shareholders of the Company are entitled or required to vote. In each calendar year, the holders of the then outstanding Series B Preferred Stock shall be entitled to receive, when, as and if declared by the Board, out of any funds and assets of the Company legally available therefore, noncumulative dividends in an amount equal to any dividends or other Distribution on the Common Stock in such calendar year (other than a Common Stock Dividend). No dividends (other than a Common Stock Dividend) shall be paid, and no Distribution shall be made, with respect to the Common Stock unless dividends in such amount shall have been paid or declared and set apart for payment to the holders of the Series B Preferred Stock simultaneously. Dividends on the Series B Preferred Stock shall not be mandatory or cumulative, and no rights or interest shall accrue to the holders of the Series B Preferred Stock by reason of the fact that the Company shall fail to declare or pay dividends on the Series B Preferred Stock, except for such rights or interest that

may arise as a result of the Company paying a dividend or making a Distribution on the Common Stock.

3. Describe any other material rights of common or preferred stockholders.

In case, at any time after the date hereof, of any capital reorganization, or any reclassification of the stock of the Company (other than a change in par value or as a result of a stock dividend or subdivision, split-up or combination of shares), or the consolidation or merger of the Company with or into another person (other than a consolidation or merger in which the Company is the continuing entity and which does not result in any change in the Common Stock), or of the sale or other disposition of all or substantially all the properties and assets of the Company as an entirety to any other person, the shares of

Series B Preferred Stock shall, after such reorganization, reclassification, consolidation, merger, sale or other disposition, be convertible into the kind and number of shares of stock or other securities or property of the Company or of the entity resulting from such consolidation or surviving such merger or to which such properties and assets shall have been sold or otherwise disposed to which such holder would have been entitled if immediately prior to such reorganization, reclassification, consolidation, merger, sale or other disposition it had converted its shares of Series B Preferred Stock into Common Stock. The provisions of this section 5(a) shall similarly apply to successive reorganizations, reclassifications, consolidations, mergers, sales or other dispositions. The provisions of this section 15 shall not affect the conversion of the Class B Preferred Stock in the event of a forward or reverse stock split.

Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

NONE

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. The purpose of this section is to provide a clear description of the issuer’s current operations.

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Before acquiring our Marion, North Carolina bottling facility on February 6, 2019, we operated our legacy business, which was the manufacture and distribution of a line of 25 high quality consumer focused inkjet kits. On February 5, 2019, our board of directors made a determination to wind down our legacy business and to transition into the beverage and bottling business. On February 6, 2019 we acquired Mammoth Ventures Inc. ("Mammoth"), as a wholly owned subsidiary. On February 6, 2019, Greene Concepts Inc. acquired 100% of the outstanding shares of Mammoth Ventures Inc. which included all assets owned by Mammoth Ventures Inc. including the Marion, North Carolina facility and all bottling equipment and other assets formerly known as the North Cove Springs Bottling and Beverage from BNL Capital LLC.

Greene Concepts, Inc. acquired the company Stay Hemp 4 Life LLC (“STAY”) as a wholly owned subsidiary of Greene Concepts. Stay Hemp 4 Life, a manufacturer and distributor of all-natural hemp infused sports drinks, drink landscape with its quality hemp extract beverages.

The North Cove Springs bottling plant will be focused on a variety of beverage product lines including, but not limited to CBD infused beverages, spring and artesian water, as well as enhanced athletic drinks in addition to other product offerings.

The Company will be introducing several primary products with announcements that will provide product details as well as details of their operations in the near future.

B. List any subsidiaries, parent company, or affiliated companies.

On February 6, 2019 we acquired Mammoth Ventures Inc. ("Mammoth"), as a wholly owned subsidiary. On January 1, 2021, we created The Water Club. ("Water Club"), as a wholly owned subsidiary for the sales of online products. Greene Concepts, Inc. acquired the company Stay Hemp 4 Life LLC (“STAY”) as a wholly owned subsidiary of Greene Concepts. Stay Hemp 4 Life, a manufacturer and distributor of all-natural hemp infused sports drinks

BE WATER™

Our artesian spring bottled water BE WATER consists of 16.9 FL. OZ (500ML) and comes in 24-packs, six-packs, and gallon-line size configurations. Our bottling plant located in Marion, North Carolina and has as its water sources a combination of seven (7) spring and artesian wells that are fed from a natural aquifer located deep below the Pisgah National Forest. BE WATER originates from the foothills of North Carolina's Blue Ridge Mountains within the Pisgah National Forest,

part of a 500,000-acre area parcel of untouched tropical rainforest from which flows some of Earth's purest natural spring water. BE WATER's fresh taste comes from its rich array of natural minerals made up of calcium, magnesium, and silica which give it a distinctive signature soft, clean, and smooth taste.

The values on the company's flagship product, BE WATER, states: Be Generous, Be Kind, Be Strong, Be Good, Be Courageous, Be Aware, Be Patient. BE WATER is a brand committed to providing the world with high-quality, healthy, and enhanced beverage choices with the goal of supporting a healthy lifestyle. It aspires to share the virtues of water that are deeply rooted in the Chinese philosophy of Taoism such as: mindfulness, strength, courage, and caring for others.

BUSINESS DEVELOPMENTS DURING 4th QUARTER 2024

Increased Retail Locations and Marketing

Greene Concepts, Inc. (GCI) continues its year of exponential growth through 2024. The company experienced significant retail expansion through its sale of its BE WATER brand throughout Walmart stores in North and South Carolina to include a Walmart blanket purchase order agreement through the remainder of 2024 and beyond (following its showcase and approval of BE WATER shelf placement by Walmart's corporate headquarters at Walmart's corporate headquarters in Bentonville, Arkansas during its October 24 – 25, 2023 Open Call event). GCI also hired a merchandiser company (Anderson Merchandisers) to ensure optimal in-store placement, inventory management and performance tracking within North and South Carolina Walmart stores.

The company began placement of its flagship BE WATER on Walmart shelves in North and South Carolina beginning May of 2024 following its showcase and approval of the brand by Walmart at Walmart's corporate headquarters in Bentonville, Arkansas during the October 2023 Walmart Open Call event. In addition to selling BE WATER through Walmart Marketplace and within Walmart's brick-and-mortar retail locations, BE WATER has also reached an expanded number of Camping World locations. The reach and growth of BE WATER throughout the U.S. nationally results in additional consumer awareness and purchases.

Additional sales continue through multiple online marketplaces throughout the U.S. and multiple retail outlets (to include new national vendors). The number of retail outlets continues to rise nationally along with consumer awareness. The current list of retailers carrying GCI brands includes Walmart, Walmart Marketplace, Camping World, Vitamin Outlet, Bashas, Amazon, Piggly Wiggly and one hundred other business locations near and around the Marion, NC bottling plant.

The Company signed an agreement with New to the Street for 6-part media series initiative showcasing current INKW happenings to the masses. This includes digital ads, billboards, videos, and commercials along with sponsored programming on Bloomberg TV and FOX Business Network.

GCI's brand ambassador, Pancho Alvarez, continues to effectively promote the BE WATER brand regionally within 75 miles of the Company's bottling plant and also on a national level through social media platforms. The Company is also working with many retailers to create a planogram to add new BE WATER products as they plan product display layouts in an effort to be proactive in its approach with Walmart and a number of other retailers toward national expansion in 2024.

Company Expansion and Product Line Increase

GCI continued its sales increase through the growth of its product lines on Walmart's Online Marketplace with the availability of both 6-pack and Four 6-pack (24 total bottles) configuration for purchase on Walmart.com.

The Company is also preparing to maximize sales by presenting its gallon-size configuration at the September Walmart Open Call event at Walmart's corporate headquarters in Bentonville, AK. If approved, Walmart will begin selling GCI's gallon-size bottles at both Walmart's physical stores and on Walmart Marketplace. While at Walmart's corporate headquarters, the Company was invited to mentor new and potential Walmart vendors along with offering BE WATER bottles to all Open Call participants and several hundred Walmart associates.

To fully support the Company's advent into Walmart, GCI engaged in internal training and production preparation to satisfy Walmart's logistical requirements long-term. In addition to GCI's warehouse staff completing Walmart Academy Training, GCI hired SPS Commerce for Electronic Data Exchange (EDI) integration, automation, and compliance. A world leader in EDI, SPS Commerce serves as a strategic full-service partner to set up, train and support GCI staff on all Walmart EDI vendor compliance procedures to include automated invoice, shipping, and order processing. These actions allow the Company to get BE WATER onto more Walmart shelves faster and ultimately into the hands of more customers.

GCI has also received multiple Co-pack pre-orders resulting in multiple monthly truckloads of gallon-sized bottles with four (4) one-gallon sized bottles included in each branded box.

GCI completed the installation of the gallon-sized production line to fulfill large-scale purchase orders to ensure clean, sustainable, and eco-friendly bottled artesian spring water.

To proliferate BE WATER expansion, GCI is producing and distributing production due out shortly to meet the needs of national accounts and expanded customer reach.

1. **24-Pack Cases:** Ideal for high demand and bulk availability.
2. **6-Pack Cases:** Smaller size for easy shelf placement, portability, and convenience.
3. **Four 6-Pack Cases:** Combines flexibility and scale with 24 bottles across four packs.
4. **Single Bottle:** Perfect for cooler displays and single shelf placements.
5. **Gallon-Size:** Cost-effective, versatile, and ideal for families, parties, and larger gatherings.
6. **Private (Third-Party) Label:** Customized manufacturing solutions with scalable production, market adaptability, and product diversification.

To support the increased production, GCI is in the process of hiring additional plant personnel to meet the increased demand and growing its distribution channels while scaling down costs and maximizing new opportunities.

GCI continues preparing to expand its manufacturing facility by 20,000 sq ft to make it a 75,000 sq ft beverage and bottling facility positioned to serve larger regional and national accounts along with white label manufacturing for outside entities. The building expansion allows for operational growth while affording GCI the space needed to install a high-speed line and also the ability to blow its own bottles which will bring down the cost of goods considerably thereby providing a higher profit margin for GCI.

Increased Partnerships

GCI expanded its corporate partnership opportunities by joining forces with Tocca Life Holdings, the parent company of Be Climbing Inc. and Aiguille Rock Climbing Center. The partnership provides BE WATER awareness, sales, and sponsorship support to the climbing centers (indoor rock climbing is a \$2.91 billion market). The partnership also increases opportunities for health and wellness within the \$4.5 trillion U.S. healthcare industry while escalating brand awareness for BE WATER among Florida rock climbing enthusiasts.

Business Plan Objectives

GCI's growth to retailers nationwide, including its ongoing Walmart distribution, remains in-line with its business plan objectives:

- Expand its National Broker Network
- Increase its Manufacturing Capacity

- Expand Retail Distribution
- Add Additional Support Staff (supports the broker network, distributors, and retailers)
- Increase its Marketing and Influencer Campaigns

Bottled Water Industry Connection

Bottled water continues expansion as a staple item in the current U.S. economy. Current growth initiatives take place within a thriving bottled water industry currently valued at \$318 billion in 2023 with a projected reach of \$538.58 billion by 2033 at a compound annual growth rate of 5.4% according to Precedence Research with the U.S. being the largest consumer of bottled water in the world. Key factors driving this growth include water scarcity in certain regions, the easy availability of bottled water in retail outlets and increasing consumer health consciousness.

5) Issuer's Facilities

The Company leased office space in Clovis, CA for administrative functions. The Company has a long-term lease currently in place but no plans to purchase any facility.

The issuer has complete ownership of the 55,000 square feet Beverage and Bottling plant located on 4.5 acres of Land, in Marion North Carolina. The property is in good condition and sufficient for the company's current needs. Issuer is presently operating this facility in North Carolina. The Company is in the process of adding another 20,000 square feet to the Bottling Plant in North Carolina for additional processing capability.

SUPPLEMENTAL DISCLOSURE OF CASH FLOW INFORMATION

The accompanying notes are an integral part of the unaudited consolidated financial statements.

GREENE CONCEPTS, INC.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2024

NOTE 1 – ORGANIZATION AND OPERATIONS

Greene Concepts, Inc. is headquartered in the City of Fresno, California and has been in service for fifty-eight years. The Company manufactured and distributed a line of 25 high quality consumer focused inkjet kits. The Company has recently divested itself of these operations and have acquired a facility that will be focused on production of a variety of beverage product lines including, but not limited to CBD infused beverages, spring and artesian water, as well as enhanced athletic drinks in addition to other product offerings. The Company has prepared these financial statements on the accrual basis of accounting.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Greene Concepts, Inc. (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of financial statements.

B. BASIS OF ACCOUNTING

The Company utilizes the accrual method of accounting, whereby revenue is recognized when earned and expenses when incurred. The unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. As such, the financial statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and these adjustments are of a normal recurring nature.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

D. CASH AND CASH EQUIVALENTS Cash and cash equivalents include cash on hand; cash in banks and any highly liquid investments with a maturity of three months or less at the time of purchase. The Company maintains cash and cash equivalent balances at several financial institutions, which are insured by the Federal Deposit Insurance Corporation for up to \$250,000.

E. FIXED ASSETS Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the income. In February 2019 the Company acquired Mammoth Ventures Inc. which included all assets owned by Mammoth including the Marion, North Carolina facility and all bottling equipment and other assets formerly known as the North Cove Springs Bottling and Beverage from BNL Capital LLC

F. COMPUTATION OF EARNINGS PER SHARE

Net income per share is computed by dividing the net income by the weighted average number of common shares outstanding during the period.

G. INCOME TAXES

In February 1992, the Financial Accounting Standards Board issued Statement on Financial Accounting Standards 109 of “Accounting for Income Taxes.” Under Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

	<u>As of July 31, 2024</u>	<u>As of July 31, 2023</u>
Net operating loss carryforward	(8,065,038)	(7,380,735)
Valuation allowance	(8,065,038)	(7,380,725)
Net deferred tax assets	\$ —	\$ —

A reconciliation of the statutory federal income tax rate to the Company’s effective tax rate is as follows:

	<u>For the Three Months ended July 31, 2024</u>	<u>For the Three Months ended July 31, 2023</u>
Expected federal statutory rate	(21)%	(21)%
State Effect on tax rate, net of federal benefit	(4.35)%	(4.35)%
Change in valuation allowance	25.35%	25.35%
Income tax provision (benefit)	1,778,151	1,627,278

The Company, after considering all available evidence, fully reserved its deferred tax assets since it is more likely than not that such benefits may be realized in future periods. The Company has not yet established that it can generate taxable income. The Company will continue to evaluate its deferred tax assets to determine whether any changes in circumstances could affect the realization of their future benefit. If it is determined in future periods that portions of the Company’s deferred tax assets satisfy the realization standards, the valuation allowance will be reduced accordingly.

G. REVENUE RECOGNITION

Revenue for license fees is recognized upon the execution and closing of the contract for the amount of the contract. Contract fees are generally due based upon various progress milestones. Revenue from contract payments are estimated and accrued as earned. Any adjustments between actual contract payments and estimates are made to current operations in the period they are determined.

H. FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, “Disclosures about Fair Value of Financial Instruments”, requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purpose of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation. The carrying amounts reported in the balance sheet for cash, accounts receivable, inventory, accounts payable and accrued expenses, and loans payable approximate their fair market value based on the short-term maturity of these instruments.

The Company wrote off the principal and accumulated interest of the above listed Notes in the fourth Quarter of the fiscal year.

The Principal of the Notes written off was Notes \$211, 873.00 and accumulated interest \$102,067.54.

Total Notes with Accumulated Interest written off \$ 313,940.55

NOTE 3 – REGULATION A OFFERING

The Company has sold 82,000,000 units of its securities, with each unit being comprised of three shares of common stock and two warrants to purchase a share of common stock at an exercise price of \$.01 per share, in its current Regulation A offering (SEC File No. 024-12157), for a total of \$532,000 in cash.

NOTE 4 – BUSINESS DEVELOPMENTS DURING FISCAL 2024

Increased Retail Locations

Greene Concepts, Inc. (GCI) continues its year of exponential growth through 2024 to include significant retail expansion through its sale of its flagship BE WATER brand throughout Walmart stores in North and South Carolina along with a Walmart blanket purchase order agreement through the remainder of 2024 and beyond. GCI also hired a merchandiser company (Anderson Merchandisers) to ensure optimal in-store placement, inventory management and performance tracking within North and South Carolina Walmart stores.

The company began placement of its flagship BE WATER on Walmart shelves in North and South Carolina beginning May of 2024 following its showcase and approval of the brand by Walmart at Walmart’s corporate headquarters in Bentonville, Arkansas during the October 2023 Walmart Open Call event.

Additional sales continue through multiple online marketplaces throughout the U.S. and multiple retail outlets (to include new national vendors). The number of retail outlets continues to rise nationally along with consumer awareness. The current list of retailers carrying GCI brands includes Walmart, Walmart Marketplace, Camping World, Vitamin Outlet, Bashas, Amazon, Piggly Wiggly and one hundred other business locations near and around the Marion, NC bottling plant.

Increased Marketing

The Company signed an agreement with New to the Street for a 6-part media series initiative showcasing current INKW happenings to the masses. This includes digital ads, billboards, videos, and commercials along with sponsored programming on Bloomberg TV and FOX Business Network.

GCI launched a media campaign with FMW Media's New to the Street broadcast platform to expand nationwide awareness for both BE WATER. The interview carries a reach of up to 224 million national and international households weekly.

GCI's brand ambassador, Pancho Alvarez, continues to effectively promote and grow the BE WATER brand regionally within 75 miles of the Company's bottling plant and also on a national level through social media platforms. Mr. Alvarez also verifies product placement within each store to ensure proper display and branding. The Company is also working with many retailers to create planograms to add new BE WATER products as they plan product display layouts in an effort to be proactive in its approach with Walmart and a number of other retailers toward continued national expansion in 2024.

Increased Partnerships

The Company announced a partnership with Tocca Life Holdings Incorporated ("Tocca Life") to include Tocca Life Holding's subsidiaries, Be Climbing Inc. and Aiguille Rock Climbing Center. The partnership provides BE WATER awareness, sales, and sponsorship support to the climbing centers (indoor rock climbing is a \$2.91 billion market). The partnership also increases opportunities for health and wellness within the \$4.5 trillion U.S. healthcare industry while escalating brand awareness for BE WATER among Florida rock climbing enthusiasts.

Business Plan Objectives

GCI's growth to retailers nationwide, including its ongoing Walmart distribution, remains in-line with its business plan objectives:

- Expand its National Broker Network
- Increase its Manufacturing Capacity
- Expand Retail Distribution
- Add Additional Support Staff (supports the broker network, distributors, and retailers)
- Increase its Marketing and Influencer Campaigns

Increase Retail Growth Streamlining and Preparation

To fully support the Company's advent into Walmart, GCI engaged in internal training and production preparation to satisfy Walmart's logistical requirements long-term. In addition to GCI's warehouse staff completing Walmart Academy Training, GCI hired SPS Commerce for Electronic Data Exchange (EDI) integration, automation, and compliance. A world leader in EDI, SPS Commerce serves as a strategic full-service partner to set up, train and support GCI staff on all Walmart EDI vendor compliance procedures to include automated invoice, shipping, and order processing. These actions allow the Company to get BE WATER onto more Walmart shelves faster and ultimately into the hands of more customers.

Company Expansion and Product Line Increase

GCI continued its sales increase through the growth of its product lines on Walmart's Online Marketplace with the availability of both 6-pack and four 6-pack (24 total bottles) configurations for purchase on www.walmart.com. GCI also announced new six-pack delivery configurations of its BE WATER brand to Camping World beyond its historical 24-pack configuration for easier shelf placement/display and consumer transport for purchasing. This offers Camping World store managers multiple selection options between six-packs and the legacy 24-packs of BE WATER.

The Company is also preparing to maximize sales by presenting its gallon-size configuration at the September 24 – 25, 2024 Open Call event at Walmart's corporate headquarters in Bentonville, AK. If approved, Walmart will begin selling GCI's gallon-size bottles at both Walmart's physical stores and on Walmart Marketplace. While at Walmart's corporate headquarters, the Company was invited to mentor new and potential Walmart vendors along with offering BE WATER bottles to all Open Call participants and several hundred Walmart associates.

GCI has also received multiple Co-pack pre-orders resulting in multiple monthly truckloads of gallon-sized bottles with four (4) one-gallon sized bottles included in each branded box.

GCI completed the installation of the gallon-sized production line to fulfill large-scale purchase orders to ensure clean, sustainable, and eco-friendly bottled artesian spring water.

To proliferate BE WATER expansion, GCI is producing and distributing production to meet the needs of national accounts and expanded customer reach.

1. **24-Pack Cases:** Ideal for high demand and bulk availability.
2. **6-Pack Cases:** Smaller size for easy shelf placement, portability, and convenience.
3. **Four 6-Pack Cases:** Combines flexibility and scale with 24 bottles across four packs.
4. **Single Bottle:** Perfect for cooler displays and single shelf placements.
5. **Gallon-Size:** Cost-effective, versatile, and ideal for families, parties, and larger gatherings.
6. **Private (Third-Party) Label:** Customized manufacturing solutions with scalable production, market adaptability, and product diversification.

GCI continues preparing to expand its manufacturing facility by 20,000 sq ft to make it a 75,000 sq ft beverage and bottling facility positioned to serve larger regional and national accounts along with white label manufacturing for outside entities. The building expansion allows for operational growth while affording GCI the space needed to install a high-speed line and also the ability to blow its own bottles which will bring down the cost of goods considerably thereby providing a higher profit margin for GCI.

Bottled Water Industry Connection

Bottled Water continues its expansion as a staple item in the current U.S. economy. Current growth initiatives are occurring within a thriving bottled water industry currently valued at \$318 billion in 2023 with a projected reach of \$538.58 billion by 2033 at a compound annual growth rate of 5.4% according to Precedence Research with the U.S. being the largest consumer of bottled water in the world. Key factors driving this growth include water scarcity in certain regions, the easy availability of bottled water in retail outlets and increasing consumer health consciousness.
