

Alternative Reporting Standard: Disclosure Guidelines for the Pink[®] Market

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Disclosure Guidelines (“Guidelines”)¹ that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. Companies on the Pink Market that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.²

Pink Current Information Tier

To qualify for the Current Information Tier:

1. **Subscribe to the OTC Disclosure & News Service:** To submit an application, visit [Gateway](#) to sign in or create a new account. Allow OTC Markets Group 2-4 weeks to process your application and provide authorized user credentials to OTCIQ.
2. **Publish Initial Disclosure:** Upload the following documents through OTCIQ:
 - Annual Report for the most recently completed fiscal year.
 - All Quarterly Reports for the Current Fiscal Year.

Annual or Quarterly Reports are composed of:

- **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. Available as a fillable form beginning on page 4 of these Guidelines.
- **Financial Statements:** Qualifying Financial Statements in accordance with the Financial Statement Requirements specified in Item 9 of these Guidelines.

¹ These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

² OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the Pink Current Information tier.

Qualifying Financial Statements include:

- Audit Letter, if audited
- Balance Sheet
- Statement of Income
- Statement of Cash Flows
- Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- Notes to Financial Statements

3. **Publish Attorney Letter:** If financial statements are not audited by a PCAOB registered firm, companies must retain U.S. counsel to review their disclosure and provide a letter to OTC Markets Group with respect to adequate current information by providing the following:
 - *Attorney Letter Agreement:* The attorney for the company must submit a signed Attorney Letter Agreement according to the [Attorney Letter Agreement Instructions](#).
 - *Attorney Letter:* After the attorney reviews the company's disclosure, publish the "Attorney Letter With Respect to Current Information" through OTCIQ. Attorney Letters must be in accordance with the [Attorney Letter Guidelines](#).
4. **Verify Profile:** Verify the Company Profile through OTCIQ. This includes the complete list of current officers, directors, and service providers; outstanding shares; a business description; contact information; and the names of all company insiders and beneficial owners of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.
5. **OTC Markets Group Processing of Reports:** Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments. Companies will only be evaluated for Current Information once all required documentation has been submitted. A new Attorney Letter is required upon amendment of any referenced report.
6. **Ongoing Requirements:** To qualify for Current Information on an ongoing basis, companies must:
 - Publish reports through OTCIQ on the following schedule:
 - Quarterly Report within **45 days** of the quarter end
 - Annual Report within **90 days** of the fiscal year end
 - Attorney Letter within **120 days** of the fiscal year end if financial statements are unaudited.
 - Maintain a Verified Profile. At least once every six months, review and verify the Company Profile through OTCIQ.
 - Maintain Transfer Agent Verified share data. If your transfer agent participates in the [Transfer Agent Verified Shares Program](#), then your securities must have current share data verified by the transfer agent.

 - Review and Verify the Company’s profile information through OTCIQ at least once every 12 months.
 - Maintain Transfer Agent Verified share data. If your transfer agent participates in the [Transfer Agent Verified Shares Program](#), then your securities must have current share data verified by the transfer agent.

Notes to the Financial Statements

NOTE 1- ORGANIZATION AND NATURE OF THE BUSINESS

iEntertainment Network Inc., (IENT), is a videogames developer and publisher run by JW “Wild Bill” Stealey, CEO and Founder, (Lt. Colonel, USAF Retired). JW Stealey grew his first company, MicroProse Software, to \$43 million in annual revenues in 10 years with hits including Civilization and Railroad Tycoon. JW took the company public and sold it successfully to a Kleiner Perkins subsidiary in 1993. Many of the MicroProse games have sold more than 1,000,000 copies, including the world-famous F-15 Strike Eagle, F-19 Stealth Fighter, M1 Tank Platoon, Silent Service, Pirates, Sid Meir’s Civilization, and many more.

JW later founded and took public IENT, as Interactive Magic, in 1998 and sold the company to a private equity firm in 1999. JW came back to IENT in 2002 to rejuvenate the company, getting rid of over \$10 million in debt and preferred stockholders that had prevented the company from growing its equity value.

IENT was fully reporting till 2002 when IENT’s counsel filed the paperwork to reduce the costs of reporting. IENT has run continuously during that period raising small amounts of capital along the way so that games could be rewritten and released again.

iEntertainment Network Inc, (IENT), is in the business of producing mobile, retail, and online massively multiplayer games. IENT major games include WarBirds both retail and online; M4 Tank Brigade both retail and online; retail games, Dawn of Aces and Dogfights; WarBirds Fighter Pilot Academy for iOS; and BowHunter2017 for both Android and iOS.

IENT has over 35 legacy games in its portfolio to upgrade and rerelease. IENT has also been offered games to be published for independent developers.

IENT is currently raising capital to release new updated versions of its most successful games, publishing independent developer's games, and is in talks with various companies to acquire or merge with companies with upcoming games and revenue as we can complete some of those negotiations.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting-The Company prepared the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America on a cash basis. The financial statements include the operations, assets, and liabilities of the Company. In the opinion of the Company's management, the accompanying financial statements contain all adjustments, consisting of normal recurring accruals, necessary to fairly present the accompanying financial statements.

Use of Estimates-The preparation of financial statements and related disclosures in conformity with accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the period in which they are determined to be necessary.

Leases- IENT operates as a virtual company with no formal offices currently. All employees and consultants work from their home offices.

Revenue - IENT Revenues are received by Credit Card purchases from Steam, from its online WarBirds game from Paymentech, and from Apple and Google from their app stores. IENT has no formal inventory.

Expenses – IENT expenses are primarily for servers used to run its online games and for development. IENT has part-time employees who receive monthly compensation. CEO JW Stealey does not get a regular salary and has not for many years.

Income Taxes-The Company's is organized as a corporation under the laws of NC. IENT has done taxes up to 2019 and is currently working with outside CPA to bring all taxes for US and NC up to date over the next few months.

NOTE 3- NOTES OWED TO INVESTORS and DEBT

IENT owes repayment and interest on a game commissioned with a Chilean developer who never completed the game to IENT's satisfaction. IENT lenders, mostly friends and the spouse of the current CEO, are owed approximately \$260,000 with one year interest. All lenders agreed to suspend the interest payments after 1 year. The lenders understand that the company is trying to raise funds for both new development and repayment of these notes.

The new MicroProse company, (MP Ltd.), from Australia was owed \$150,000 plus interest for an investment in the WarBirds online game. The debt was resolved in 2023 as MP Ltd. was given the source code for the WarBirds game. MP Ltd. and IENT are in basic agreement that MP and IENT will work together to improve WarBirds in a Co-Publishing agreement. Contracts have not been signed.

An additional loan from a Texas investor was forgiven for stock options and written off.
