Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The Company's common stock has no special dividend, voting and preemption rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

On May 27, 2022, pursuant to a Securities Purchase Agreement ("SPA"), the Company issued 5 shares of Special 2022 Series A Preferred Stock to Alpharidge Capital LLC. ("Alpharidge") in exchange for \$5,000. Each share of the 2022 Special Series A Preferred Stock is convertible into 200,000,000 common shares of the Company, and the converted shares carry voting rights equivalent to common stock. The funds were primarily used to reinstate and revive the Company's filings with Nevada State.

The holder of Special 2022 Series A Preferred Stock shall vote together with the holders of preferred stock (including on an as converted basis), par value \$0.001, and common stock, par value \$0.001 per share, of the Company (the "Common Stock") as a single class. The Special 2022 Series A Preferred Stock stockholder is entitled to 60% of all votes (including, but not limited to, common stock, and preferred stock (including on an as converted basis)) entitled to vote at each meeting of stockholders of the Company (and written actions of stockholders in lieu of meetings) with respect to any and all matters presented to the stockholders of the Corporation for their action or consideration.

The share of Special 2022 Series A Preferred Stock has no special dividend or liquidation rights, and it has no redemption or sinking fund provisions.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

4) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. (Please ensure that these descriptions are updated on the Company’s Profile on www.otcmarkets.com).

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

On May 18, 2023, the Company’s management had inadvertently and prematurely disclosed that it has become the holding company for OpenDG Ltd., prior to the receipt of all required files and documentation to consolidate the operations and financial statements of the aquiree. The Company’s control entity, Alpharidge Capital LLC., had made an arrangement to merge its interest in OpenDG Ltd., a company based in Hyderabad, India, into Wiremedia, resulting in Wiremedia becoming the holding company of OpenDG. Based on the arrangement, Management went ahead to disclose the transaction and anticipated to obtain the files and documentation to consolidate the operations and financial statements of OpenDG to be consolidatde into Wiremedia financial statements. Alpharidge had paid \$30,000 to the owners/managers of OpenDG for the stake. Part of the acquisition agreement was an understanding that Open DG would be providing monthly reports of operations and financial statements to enable the accountants to consolidate OpenDG into our financial statements. After the disclosure, we requested several times but OpenDG failed to provide monthly or quarterly reports of operations and financial statements. Without the financial statements from OpenDG, it has been impossible for us to consolidate the operations of OpenDG and its financial statements. We have therefore resolved to terminate its arrangement with Alpharidge regarding OpenDG. Without consolidating the operations and financial statements of OpenDG, the company cannot a holding company of OpenDG Ltd. The Company henceforth, would no longer hold itself as a holding company of OpenDG Ltd. Since the company had not spent any cash or assets on the OpenDG

arrangement, discontinuing the OpenDG arrangement will not affect the Company ' s prior financial disclosures because the financial statements of OpenDG were never consolidated into the financial statements of the company.

The Company is currently focused on digital marketing, delivering optimal digital solutions. However, it remains in the preparation stage. At the same time, the Company is seeking suitable target company for acquisition.

B. List any subsidiaries, parent company, or affiliated companies.

None.

C. Describe the issuers' principal products or services.

The Company is currently focused on digital marketing, delivering optimal digital solutions. However, it remains in the preparation stage. At the same time, the Company is seeking suitable target company for acquisition.

5) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company currently operates out of its administrative office located at 370 Amapola Ave., Suite 200A, Torrance, CA 90501.

6) All Officers, Directors, and Control Persons of the Company

Wiremedia, Inc.
NOTES TO UNAUDITED FINANCIAL STATEMENTS
June 30, 2024
(Unaudited)

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

Wiremedia, Inc. (the “Company”, “we”, “us” or “our”), a Nevada corporation, is listed on the OTC Markets under the trading symbol WRMA. The Company was incorporated in Nevada on March 7, 2005. The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from 2006 to 2022 which resulted in its Nevada charter being permanently revoked and dissolved. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. The company has never filed annual or quarterly reports; the Company has never made public report of its operation and financial results.

On April 5, 2022, Alpharidge Capital, LLC, a shareholder of the Company, served a demand to the Company, at last address of record, to comply with the Nevada Secretary of State statues N.R.S. 78.710 and N.R.S. 78.150. On April 22, 2022, a petition was filed against the Company in the District Court of Clark County, Nevada, entitled “In the Matter of Wiremedia Inc, a Nevada corporation” under case number A-22-851541-P by Alpharidge Capital, LLC, along with an Application for Appointment of Custodian, after several attempts to get prior management to revive the Company’s Nevada charter, which had been permanently revoked.

On May 27, 2022, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of Alpharidge Capital, LLC (the “Order”), as Custodian of the Company. Pursuant to the Order, the Alpharidge Capital, LLC (the “Custodian”) has the authority to take any actions on behalf of the Company, that are reasonable, prudent or for the benefit of pursuant to, including, but not limited to, issuing shares of stock and issuing new classes of stock, as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, is required to meet the requirements under the Nevada charter.

On May 27, 2022, pursuant to a Securities Purchase Agreement (“SPA”), the Company issued 5 shares of Special 2022 Series A Preferred Stock to Alpharidge Capital LLC. (“Alpharidge”) in exchange for \$5,000. Each share of the 2022 Special Series A Preferred Stock is convertible into 200,000,000 common shares of the Company. The funds were primarily used to reinstate and revive the Company’s filings with Nevada State.

On May 27, 2022, the Custodian appointed Ambrose O Egbuonu, as the Company’s CEO, secretary, treasurer and director.

The purchaser of the 5 shares of Special 2022 Series A preferred shares has control of the Company through super voting rights over all classes of stock and the 5 shares of 2022 Series A preferred shares are convertible into 1,000,000,000 (5 Series A preferred shares multiplied by 200,000,000) shares of the Company’s common stock. However, the court appointed control still remains with the Custodian until the Custodian files a petition with the District Court of Clark County, Nevada to relinquish custodianship and control of the Company.

On June 6, 2022, the Company filed a Certificate of Revival with the Secretary State of the State of Nevada, which revived the Company’s charter and appointed a new Registered Agent in Nevada.

On September 1, 2022, Frank Igwealor and Wiremedia, Inc. (the “Company”) entered into a debt conversion agreement (the “Debt Agreement”). Under the Debt Agreement, the Company issued 200,000,000 shares of common stock to Frank Igwealor in exchange for \$10,000 that the Company loaned from Frank Igwealor to settle the amount owed to the Company’s Transfer Agent, and to pay for the OTC application fee of the Company.

The Company wrote down all of its previous assets to zero following a change of management because new management had doubts about the value of each assets and their availability for the Company's utilization. Following the management change, the Company has funded its operation with advances from the new management. The company hopes to continue with this arrangement until it could raise sufficient capital to stand on its own feet. The company has also engaged with forensic accountants and assets recovery consultants to help recover the assets of the company from previous management and predatory lenders to make shareholders whole again.

On May 18, 2023, the Company's management had inadvertently and prematurely disclosed that it has become the holding company for OpenDG Ltd., prior to the receipt of all required files and documentation to consolidate the operations and financial statements of the aquiree. The Company's control entity, Alpharidge Capital LLC., had made an arrangement to merge its interest in OpenDG Ltd., a company based in Hyderabad, India, into Wiremedia, resulting in Wiremedia becoming the holding company of OpenDG. Based on the arrangement, Management went ahead to disclose the transaction and anticipated to obtain the files and documentation to consolidate the operations and financial statements of OpenDG to be consolidated into Wiremedia financial statements. Alpharidge had paid \$30,000 to the owners/managers of OpenDG for the stake. Part of the acquisition agreement was an understanding that Open DG would be providing monthly reports of operations and financial statements to enable the accountants to consolidate OpenDG into our financial statements. After the disclosure, we requested several times but OpenDG failed to provide monthly or quarterly reports of operations and financial statements. Without the financial statements from OpenDG, it has been impossible for us to consolidate the operations of OpenDG and its financial statements. We have therefore resolved to terminate its arrangement with Alpharidge regarding OpenDG. Without consolidating the operations and financial statements of OpenDG, the company cannot a holding company of OpenDG Ltd. The Company henceforth, would no longer hold itself as a holding company of OpenDG Ltd. Since the company had not spent any cash or assets on the OpenDG arrangement, discontinuing the OpenDG arrangement will not affect the Company's prior financial disclosures because the financial statements of OpenDG were never consolidated into the financial statements of the company.

The Company is currently focused on digital marketing, delivering optimal digital solutions. However, it remains in the preparation stage. At the same time, the Company is seeking suitable target company for acquisition.

NOTE 2 – BASIS OF PRESENTATION AND GOING CONCERN

Basis of Presentation

The Company has earned insignificant revenues from limited principal operations. Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the statements of operations, stockholders' equity (deficit) and cash flows disclose activity since the date of the Company's inception.

Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. All intercompany transactions have been eliminated.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company currently has accumulated deficits of \$95,617 as of June 30, 2024. The Company intends to commence operations as set out below and raise the necessary funds to carry out the aforementioned strategies. The Company cannot be certain that it will be successful in these strategies even with the required funding.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 3 - SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include demand deposits, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

F-7

Financial Instruments

The FASB issued ASC 820-10, Fair Value Measurements and Disclosures, for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities
- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Concentrations and Credit Risks

The Company's financial instruments that are exposed to concentrations and credit risk primarily consist of its cash, sales and accounts receivable. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Foreign Currency Translation

The accounts of the Company are accounted for in accordance with the Statement of Financial Accounting Standards No. 52 ("SFAS 52"), "Foreign Currency Translation". The financial statements of the Company are translated into US dollars as follows: assets and liabilities at year-end exchange rates; income, expenses and cash flows at average exchange rates; and shareholders' equity at historical exchange rate.

Monetary assets and liabilities, and the related revenue, expense, gain and loss accounts, of the Company are re-measured at year-end exchange rates. Non-monetary assets and liabilities, and the related revenue, expense, gain and loss accounts are re-measured at historical rates. Adjustments which result from the re-measurement of the assets and liabilities of the Company are included in net income.

Income Taxes

The Company accounts for income taxes under ASC 740, Income Taxes. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for

certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. Deferred tax assets or liabilities were offset by a 100% valuation allowance, therefore there has been no recognized benefit as of June 30, 2024 and 2023, respectively. Further it is unlikely with the change of control that the Company will have the ability to realize any future tax benefits that may exist.

Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

F-8

Earnings Per Share

Net income (loss) per share is calculated in accordance with ASC 260, Earnings Per Share. The weighted-average number of common shares outstanding during each period is used to compute basic earnings or loss per share. Diluted earnings or loss per share is computed using the weighted average number of shares and diluted potential common shares outstanding. Dilutive potential common shares are additional common shares assumed to be exercised.

Basic net income (loss) per common share is based on the weighted average number of shares of common stock outstanding on June 30, 2024 and 2023. Due to net operating loss, there is no presentation of dilutive earnings per share, as it would be anti-dilutive.

Forgiveness of Indebtedness

The Company follows the guidance of AS 470.10 related to debt forgiveness and extinguishment. Debts of the Company are considered extinguished when the statute of limitations in the applicable jurisdiction expires or when terminated by judicial authority such as the granting of a declaratory judgment. Debts to related parties or shareholders are treated as capital transactions when forgiven or extinguished and credited to additional paid in capital. Debts to non-related parties are treated as other income when forgiven or extinguished.

Recent Accounting Pronouncements

We have reviewed all the recently issued, but not yet effective, accounting pronouncements and we do not believe any of these pronouncements will have a material impact on the Company.

In August 2017, the FASB issued ASU No. 2017-12, Derivatives and Hedging (Topic 815), which changes both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results, in order to better align an entity's risk management activities and financial reporting for hedging relationships. The amendments expand and refine hedge accounting for both nonfinancial and financial risk components and align the recognition and presentation of the effects of the hedging instrument and the hedged item in the financial statements. FASB ASU No. 2017-12 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. We are still evaluating the impact that this guidance will have on our financial position or results of operations, and we have not yet determined whether we will early adopt FASB ASU No. 2017-12.

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting. This guidance changes how companies account for certain aspects of share-based payments to employees. Among other things, under the new guidance, companies will no longer record excess tax benefits and certain tax deficiencies in additional paid-in-capital ("APIC"), but will instead record such items as income tax expense or benefit in the income statement, and APIC pools will be eliminated. Companies will apply this guidance prospectively. Another component of the new guidance allows companies to make an accounting policy election for the impact of forfeitures on the recognition of expense for share-based payment awards, whereby forfeitures can be estimated, as required today, or recognized when they occur. If elected, the change to recognize forfeitures when they occur needs to be adopted using a modified retrospective approach. All of the guidance will be effective for the Company in the fiscal year beginning January

1, 2018. Early adoption is permitted. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

F-9

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which establishes new accounting and disclosure requirements for leases. FASB ASU No. 2016-02 requires lessees to classify most leases as either finance or operating leases and to initially recognize a lease liability and right-of-use asset. Entities may elect to account for certain short-term leases (with a term of 12 months or less) using a method similar to the current operating lease model. The statements of operations will include, for finance leases, separate recognition of interest on the lease liability and amortization of the right-of-use asset and for operating leases, a single lease cost, calculated so that the cost of the lease is allocated over the lease term on a straight-line basis. While we are in the early stages of our implementation process for FASB ASU No. 2016-02, and have not yet determined its impact on our financial position or results of operations, these leases would potentially be required to be presented on the balance sheet in accordance with the requirements of FASB ASU No. 2016-02. FASB ASU No. 2016-02 is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those annual reporting periods, with early adoption permitted. FASB ASU No. 2016-02 must be applied using a modified retrospective approach, which requires recognition and measurement of leases at the beginning of the earliest period presented, with certain practical expedients available.

In July 2015, the FASB issued ASU No. 2015-11, Inventory (Topic 330): Simplifying the Measurement of Inventory. The guidance requires an entity to measure inventory at the lower of cost or net realizable value, which is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation, rather than the lower of cost or market in the previous guidance. This amendment applies to inventory that is measured using first-in, first-out (FIFO). This amendment is effective for public entities for fiscal years beginning after December 15, 2016, including interim periods within those years. A reporting entity should apply the amendments prospectively with earlier application permitted as of the beginning of an interim or annual reporting period. The Company is currently evaluating the impact of this guidance, if any, on its financial statements and related disclosures.

In June 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (“ASU 2014-09”), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-09 will replace most existing revenue recognition guidance in U.S. generally accepted accounting principles when it becomes effective. In July 2015, the FASB deferred the effective date of the standard by an additional year; however, it provided companies the option to adopt one year earlier, commensurate with the original effective date. Accordingly, the standard will be effective for the Company in the fiscal year beginning January 1, 2018, with an option to adopt the standard for the fiscal year beginning January 1, 2017. The Company is currently evaluating this standard and has not yet selected a transition method or the effective date on which it plans to adopt the standard, nor has it determined the effect of the standard on its financial statements and related disclosures.

NOTE 4 - INCOME TAXES

Income taxes are provided based upon the liability method. Under this approach, deferred income taxes are recorded to reflect the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end. A valuation allowance is recorded against deferred tax assets if management does not believe the Company has met the “more likely than not” standard imposed by accounting standards to allow recognition of such an asset. As of June 30, 2024, the Company expected \$Nil net deferred tax assets to be recognized, resulting from net operating loss carry forwards.
