AMERICAN VIDEO TELECONFERENCING CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – NATURE OF BUSINESS AND SUMMARY OF ACCOUNTING POLICIES

Nature of Business

American Video Teleconferencing Corp. (“American Video Teleconferencing or the “Company”) was originally a New York corporation formed in April 1981. As a result of a merger in 2007, the Company re-domiciled as a Delaware company. In January 2020, the Company purchased 100% of the assets of WYSH Investments LLC (WYSH). WYSH is in the business of purchasing and renovating residential real estate. American Video Teleconferencing Corp. incorporated in Nevada from the jurisdiction of Delaware in May of 2020.

The Company’s corporate strategy is within the Real Estate industry and will generate its revenues from the sale of properties purchased and renovated.

The Company's office is located at 11226 Pentland Downs Street, Las Vegas NV 89141. The Company presently shares office space at no charge provided by a shareholder of the Company.

Basis of Preparation

The accompanying financial statements include the financial information of American Video Teleconferencing Corp. (“American Video Teleconferencing”, the “Company”) have been prepared in accordance with the instructions to financial reporting as prescribed by the Securities and Exchange Commission (the “SEC”). The preparation of these financial statements and accompanying notes in conformity with U.S. generally accepted accounting principles (“GAAP”). In the opinion of management, the financial statements contained in this report include all known accruals and adjustments necessary for a fair presentation of the financial position, results of operations, and cash flows for the periods reported herein.

Reclassifications and Adjustments

Certain financial statement reclassifications have been made to prior period balances to reflect the current period’s presentation format; such reclassifications had no impact on the Company’s consolidated statements of income or consolidated statements of cash flows and had no material impact on the Company’s consolidated balance sheets.

Significant Accounting Policies

The Company’s management selects accounting principles generally accepted in the United States of America and adopts methods for their application. The application of accounting principles requires the estimating, matching, and timing of revenue and expense. The accounting policies used conform to generally accepted accounting principles which have been consistently applied in the preparation of these financial statements.

The financial statements and notes are representations of the Company’s management which is responsible for their integrity and objectivity. Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing, and maintaining a system of internal accounting control and preventing and detecting fraud.

Principles of Consolidation

The financial statements include the accounts of American Video Teleconferencing Corp., as well as WYSH Investments, LLC, since the date of acquisition in January 2020 (100% ownership). All significant inter-company transactions have been eliminated. All amounts are presented in U.S. Dollars unless otherwise stated.

Adoption of New Accounting Standard

In February 2016, the FASB issued ASU 2016-02 “Leases”, which is codified in ASC 842 “Leases” and supersedes current lease guidance in ASC 840. These provisions require lessees to put a right-of-use asset and lease liability on their balance sheet for operating and financing leases that have a term of more than one year. Expense will be recognized in the income statement similar to current accounting guidance. For lessors, the ASU modifies the classification criteria and the accounting for sales-type and direct financing leases. Entities will need to disclose qualitative and quantitative information about their leases, including characteristics and amounts recognized in the financial statements. These provisions are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. We adopted the provisions on January 1, 2019, including interim periods subsequent to the date of adoption. Entities are required to use a modified retrospective approach upon adoption to recognize and measure leases at the beginning of the earliest comparative period presented in the financial statements. Since all the leases were finance leases, there was no effect on the financial statements when ASC 842 was adopted.

In June 2018, the FASB issued ASU No. 2018-07, Compensation—Stock Compensation, to simplify the accounting for share-based payments to nonemployees by aligning it with the accounting for share-based payments for employees, with certain exceptions. Under the new guidance, the cost for nonemployee awards may be lower and less volatile than under current US GAAP because the measurement generally will occur earlier and will be fixed at the grant date. This update is effective for annual financial reporting periods, and interim periods within those annual periods, beginning after December 15, 2018, although early adoption is permitted. The Company adopted the standard effective January 1, 2019 and found the adoption did not have a material effect on our financial statements.

American Video Teleconferencing does not expect the adoption of any recently issued accounting pronouncements to have a significant impact on their financial position, results of operations or cash flows.

Accounting Standards Not Yet Adopted

In June 2016, the FASB issued ASU 2016-3, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* (ASU 2016-13), which requires measurement and recognition of expected credit losses for financial assets held. ASU 2016-3 is effective for us in our first quarter of fiscal 2023, and earlier adoption is permitted. We are currently evaluating the impact of our pending adoption of ASU 2016-13 on our financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions by management in determining the reported amounts of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are primarily used in our revenue recognition, long-lived asset impairments and adjustments, deferred tax, stock-based compensation, and reserves for legal matters.

Cash and Cash Equivalents

American Video Teleconferencing considers all highly liquid investments purchased with an original maturity of three months or less to be cash and cash equivalents

Stock-Based Compensation

The Company accounts for stock-based compensation to employees in accordance with ASC 718 requiring employee equity awards to be accounted for under the fair value method. Accordingly, share-based compensation is measured at grant date, based on the fair value of the award and is recognized as expense over the requisite employee service period. The Company accounts for stock-based compensation to other than employees in accordance with ASU 2018-07 Equity instruments issued to other than employees are valued at the earlier of a

commitment date or upon completion of the services, based on the fair value of the equity instruments and is recognized as expense over the service period. The Company estimates the fair value of share-based payments using the Black-Scholes option-pricing model for common stock options and the closing price of the company's common stock for common share issuances.

Revenue Recognition

The core principles of revenue recognition under ASC 606 include the following five criteria:

1. Identify the contract with the customer

Contract with our customers will be written. No sale is commenced without an understanding between the Company and our client that a valid contract exists. After contract has been consummated, deeds are recorded.

2. Identify the performance obligations in the contract

Contract with our customers will be written and reviewed by a title company. No work is commenced without an understanding between the Company and our client that a valid contract exists.

3. Determine the transaction price

Pricing is discussed and identified by the operations team prior to submitting an agreement to the customer.

4. Allocate the transaction price to the performance obligations in the contract

The transaction pricing is allocated accordingly to what the customer agrees to pay for the real estate.

5. Recognize revenue when (or as) we satisfy a performance obligation

Revenue is recognized when property is sold.

Deferred Revenue

Deferred revenue is based on cash received or billings in excess of revenue recognized until revenue recognition criteria are met. Client prepayments are deferred and recognized over future periods as services are delivered or performed. There was no deferred revenue as of June 30, 2022 and December 31, 2021.

Accounts Receivable and Allowance for Doubtful Accounts

The Company establishes an allowance for bad debts through a review of several factors including historical collection experience, current aging status of the customer accounts, and financial condition of our customers. The Company does not generally require collateral for our accounts receivable. There were no accounts receivable and allowance for doubtful accounts as of June 30, 2022 and December 31, 2021.

Risk Concentrations

The Company does not hold cash in excess of federally insured limits.

During the six-month period ending June 30, 2022, 100% of the Company's revenue was received through a third-party purchase of real estate property.

General and Administrative Expenses

American Video Teleconferencing general and administrative expenses consisted of the following types of expenses during the six-month period ended June 30, 2022, and June 30, 2021. Compensation expense, travel and entertainment, legal and accounting, web site, office expenses, and other administrative related expenses.

Property and Equipment

The Company has no property or equipment.

The Company reviews the carrying value of its long-lived assets annually or whenever events or changes in circumstances indicate that the historical cost carrying value of an asset may no longer be appropriate. The Company assesses recoverability of the asset by comparing the undiscounted future net cash flows expected to result from the asset to its carrying value. If the carrying value exceeds the undiscounted future net cash flows of the asset, an impairment loss is measured and recognized. An impairment loss is measured as the difference between the net book value and the fair value of the long-lived asset. Fair value is determined based on either expected future cash flows at a rate we believe incorporates the time value of money. No indications of impairments were identified in 2022 or 2021.

Income Taxes

In December 2017, the Tax Cuts and Jobs Act (the “Act”) was enacted, which, among other changes, reduced the federal statutory corporate tax rate from 35% to 21%, effective January 1, 2018. As a result of this change, the Company’s statutory tax rate for fiscal 2019 and 2020 will be 21%. American Video Teleconferencing Corp. recognizes deferred tax assets and liabilities based on differences between the financial reporting and tax basis of assets and liabilities using the enacted tax rates and laws that are expected to be in effect when the differences are expected to be recovered. As of June 30, 2022, and December 31, 2021, the Company has not reflected any amounts as a deferred tax asset due to the uncertainty of future profits to offset any net operating loss.

Uncertain tax position

The Company also follows the guidance related to accounting for income tax uncertainties. In accounting for uncertainty in income taxes, the Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more likely than not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. No liability for unrecognized tax benefits was recorded as of June 30, 2022, and December 31, 2021.

Fair Value of Financial Instruments

Under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”)820, *Fair Value Measurements and Disclosures*, and ASC 825, *Financial Instruments*, the FASB establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This Statement reaffirms that fair value is the relevant measurement attribute. The adoption of this standard did not have a material effect on the Company’s financial statements as reflected herein. The carrying amounts of cash, prepaid expense and other current assets, accounts payable, accrued expenses and notes payable reported on the accompanying consolidated balance sheets are estimated by management to approximate fair value primarily due to the short-term nature of the instruments.

Research and Development

The Company spent no money for research and development cost for the periods ended June 30, 2022 and December 31, 2021.

Advertising Cost

The Company spent \$0.00 for advertising during the six-month period ended June 30, 2022, and \$7,650 during the six-month period ended June 30, 2021.

NOTE 2 – GOING CONCERN

As shown in the accompanying financial statements, American Video Teleconferencing does not have an accumulated deficit. The Company has a working capital deficit of \$417,483 and negative cash flows from operations and limited business operations as of June 30, 2022. These conditions raise substantial doubt as to American Video Teleconferencing's ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if American Video Teleconferencing is unable to continue as a going concern.

American Video Teleconferencing continues to review its expense structure reviewing costs and their reduction to move towards profitability. Management plans to continue raising funds through debt and equity financing to grow the business to profitability. This financing may be insufficient to fund expenditures or other cash requirements. There can be no assurance that additional financing will be available to the Company on acceptable terms or at all. These financial statements do not give effect to adjustments to assets would be necessary for the Company be unable to continue as going concern

NOTE 3 – PROPERTY AND EQUIPMENT

The Company's policy is to capitalize all property purchases over \$1,000 and depreciates the assets over their useful lives of 3 to 7 years.

As of June 30, 2022 the company has no property and equipment.

NOTE 4 – NOTES PAYABLE

As of June 30, 2022 and December 31, 2021, the Company had the following Notes Payable:

	June 30, 2022	Dec. 31, 2021

NOTE 5 – INVESTMENT TRADING SECURITIES AND MARGIN LOANS

The Company invested in various industries within the Nasdaq and New York stock exchange.

As of June 30, 2022, the market value of the Company's account portfolio, consisting of stocks only, was \$56,672 offset by a margin loan of \$29,332. The margin loan is collateralized by the securities in the account and carries 7.5% annual interest rate. For the period ending June 30, 2022, the company withdrew \$5,342 and had an investment Expenses of \$678 with an unrealize loss of \$12,366.

NOTE 6 – RELATED PARTY TRANSACTIONS

During the six-month ending period of June 30, 2022 and the year ending period of 2021, the Company was provided office space by Crown Equity Holdings, Inc. at no charge. The Company believes that this office space is sufficient for its needs for the foreseeable future, and both companies have agreed to reconfirm its arrangement at the year-end of each year.

Crown Equity Holdings, Inc. also provided site hosting, administrative and accounting services to the Company.

NOTE 7 – FINANCE LEASES

During the period ending June 30, 2022 and June 30, 2021, the Company did not borrow from a third or related party.

NOTE 8 – STOCKHOLDERS' EQUITY (DEFICIT)

The Company received the 8th Judicial District Court Clark County, Nevada approval to Cancel 16,525,000 of its outstanding shares. The 16,525,000 shares resulted in a decrease in Common Stock of \$16,525 and an increase to APIC of \$16,525.

During the six-month period ending June 30, 2022, the company issued the following:

- On May 13, 2022, the Company issued 1,000 restricted shares of common stock at \$1.00 per share for the purchase price of \$1,000 in cash. The \$1,000 was paid to Company on January 13, 2022

NOTE 9– INCOME TAXES

The Company follows ASC 740, Accounting for Income Taxes. During 2009, there was a change in control of the Company. Under section 382 of the Internal Revenue Code such a change in control negates much of the tax loss carry forward and deferred income tax. Deferred income taxes reflect the net tax effects of (a) temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax reporting purposes, and (b) net operating loss carry forwards. For federal income tax purposes, the Company uses the accrual basis of accounting, the same that is used for financial reporting purposes.

The Company did not have taxable income during 2021 or 2020.

The Company's deferred tax assets consisted of the following as of June 30, 2022 and December 31, 2021:

	June 30, 2022	Dec. 31, 2021
