Notes to Unaudited Financial Statements
June 30, 2024

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

Glow Holdings, Inc. (the “Company,” “we,” “us” or “our”), a Nevada corporation, has a fiscal year end of June 30th and is listed on the OTC Pink Markets under the trading symbol GLOH. The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual tax from 2022 to 2024 which resulted in its delinquency with the Nevada Secretary of State. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. In January 2024, a shareholder filed a petition for custodianship with the District Court of Clark County, Nevada, and was appointed as the Custodian of the Company in February 2024. The custodian was not able to recover any of the Company’s accounting records from previous management but was able to get the shareholder information hence the Company’s outstanding common shares were reflected in the equity section of the accompanying unaudited financial statements for the years ended June 30th 2024.

The company was incorporated in the State of Nevada in September 1997 as “Universal Funding Services, Inc.” The issuer changed its name to “Universal Reduction Melting Technologies, Inc.” which it kept until 1999, then it changed its name to “Internet Solutions for Business, Inc.” which it kept until 2005. The issuer then changed its name to “GlobalOne Real Estate, Inc.” which it kept until 2011, when it changed its name to “Glow Holdings, Inc.” which it currently carries.

On September 22nd 2023, JUDD Holding Corp caused demands for compliance with Nevada Statutes Chapter 78 to be sent to the Registered Agent of the Company and all known addresses of the Company and it’s officers and directors. On January 4th 2024, JUDD Holding Corp filed a petition against the Company in the District Court of Clark County, case number: A-24-884582-P.

On February 22nd, 2024, the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of JUDD Holding Corp as Custodian of the Company. Pursuant to the order, the Custodian may take any actions which are reasonable, prudent, or for the benefit of the Company and it’s shareholders including but not limited to, reinstating the Company with the state of Nevada, holding a shareholder meeting, filing of disclosures with OTC Markets, filing of tax returns, disclosure of capital structure and/or business plan, and to exercise the corporate powers of the Company and its board of directors or officers.

On February 26th 2024, the Custodian appointed David Duarte as President & CEO, Secretary, Treasurer, and Director of the Company, appointed a new Registered Agent, and reinstated the entity which brought the Company active and back into good standing with the State of Nevada.

On April 15th 2024, the Custodian issued to itself 700,000 shares of Special 2024 Series B Preferred Stock for \$28,000 in Corporate Revival Services provided.

On May 31st 2024, David Duarte was confirmed as sole Director by majority vote at a Special Meeting of Stockholders of the Company.

As of the date of this report, the Company remains non-operating and is assessing new business opportunities.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The comparative financial statements for the years ended June 30, 2024, 2023, and 2022 have been prepared with continuity to the June 30, 2021 financial statements filed by previous management. Please note that previous management did not correctly account for

a 2018 stock issuance of 100,000 common shares, which has been identified on the shareholder list but was not included in the financial statements for the period ended June 30, 2021. This has been corrected through an adjustment to the balance forward of the stockholders' deficit.

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Stock-based Compensation.

In June 2018, the FASB issued ASU 2018-07, *Compensation – Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting*. ASU 2018-07 allows companies to account for non-employee awards in the same manner as employee awards. The guidance is effective for fiscal years beginning after December 15, 2018, and interim periods within those annual periods.

Related Party Transactions

Under ASC 850 "Related Party Transactions" an entity or person is considered to be a "related party" if it has control, significant influence or is a key member of management personnel or affiliate. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. The Company, in accordance with ASC 850 presents disclosures about related party transactions and outstanding balances with related parties.

Derivative Financial Instruments

The Company evaluates its convertible notes to determine if such instruments have derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. For stock-based derivative financial instruments, the Company uses a weighted-average Black-Scholes-Merton option pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification ("Paragraph 820-10-35-37") to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America under U.S. GAAP and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

- Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.
- Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.
- Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company's financial assets and liabilities, such as cash, prepaid expenses and accrued expenses approximate their fair value because of the short maturity of those instruments. The Company's notes payable approximate the fair value of such instruments as the notes bear interest rates that are consistent with current market rates.

Basic and Diluted Income (Loss) Per Share

The Company computes income (loss) per share in accordance with FASB ASC 260. Basic earnings (loss) per share is computed using the weighted-average number of common shares outstanding during the period. Diluted earnings (loss) per share is computed using the weighted-average number of common shares and the dilutive effect of contingent shares outstanding during the period.

Income Taxes

Income taxes are provided for the tax effects of the transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to tax net operating loss carryforwards. The deferred tax assets and liabilities represent the future tax return consequences of these differences, which will either be taxable or deductible when assets and liabilities are recovered or settled, as well as operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is established against deferred tax assets when in the judgment of management, it is more likely than not that such deferred tax assets will not become available. Because the judgment about the level of future taxable income is dependent to a great extent on matters that may, at least in part, be beyond the Company's control, it is at least reasonably possible that management's judgment about the need for a valuation allowance for deferred taxes could change in the near term.

Tax benefits are recognized only for tax positions that are more likely than not to be sustained upon examination by tax authorities. The amount recognized is measured as the largest amount of benefit that is greater than 50 percent likely to be realized upon settlement. A liability for "unrecognized tax benefits" is recorded for any tax benefits claimed in the Company's tax returns that do not meet these recognition and measurement standards. As of June 30, 2024 and 2023, no liability for unrecognized tax benefits was required to be reported.

Recently Issued Accounting Pronouncements

The Company has implemented all new applicable accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 - GOING CONCERN

The Company's financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As of June 2024, the Company has no source of revenue and has an accumulated deficit of approximately \$1,002,384 and requires additional funds to support its operations and to achieve its business development goals, the attainment of which are not assured.

These factors and uncertainties raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might incur in the event the Company cannot continue in existence. Management intends to seek additional capital from new equity securities offerings, debt financing and debt restructuring to provide funds needed to increase liquidity, fund internal growth and fully implement its business plan. However, management can give no assurance that these funds will be available in adequate amounts, or if available, on terms that would be satisfactory to the Company.

The timing and amount of the Company's capital requirements will depend on a number of factors, including maintaining its status as a public company and supporting shareholder and investor relations.

NOTE 4 – ADJUSTMENT TO STOCKHOLDERS' DEFICIT

Previous management did not correctly account for a 2018 stock issuance of 100,000 common shares, which has been identified on the shareholder list but was not included in the financial statements for the period ended June 30, 2021. This has been corrected through an adjustment to the balance forward of the stockholders' deficit.

NOTE 5 – PROCEEDS FROM RELATED PARTY / ACCOUNTS PAYABLE

During the twelve months ended June 30, 2024 and 2023, JUDD Holding Corp paid \$15,928 and nil in general & administrative expenses on behalf of the Company, respectively. These totals have credited to the balance of Accounts Payable.

NOTE 6 – SUBSEQUENT EVENTS

The Company follows the guidance in Section 855-10-50 of the FASB Accounting Standards Codification for the disclosure of subsequent events. The Company will evaluate subsequent events through the date when the financial statements were issued.
