Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. **For common equity, describe any dividend, voting and preemption rights.**

Voting. The holders of our common stock are entitled to one vote for each outstanding share of common stock owned by that stockholder on every matter properly submitted to the stockholders for their vote. Stockholders are not entitled to vote cumulatively for the election of directors. Except for the election of directors, which are elected by a plurality vote, a majority vote of common stockholders is generally required to take action under our certificate of incorporation and bylaws, as amended.

Conversion, Redemption and Preemptive Rights. Holders of our common stock have no conversion, redemption, preemptive, subscription or similar rights.

Dividend Rights. Holders of our common stock shall be entitled to receive such cash dividends as may be declared thereon by our board of directors from time to time out of assets of funds of our company legally available for the payment of dividends.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Dividend Rights. The Series A Preferred Stock shall be entitled to receive cash dividends from funds legally available on a pro rata basis at and with any dividends that may be paid to the holders of the Corporation's Common Stock.

Voting. Except as otherwise provided by law, each share of Series A Preferred Stock shall be entitled, on all matters on which any of the shareholders are required or permitted to vote, to one thousand (1,000) votes per share. And except as provided expressly herein or as required by law, the holders of the Series A Preferred Stock shall vote together with the Common Stock shareholders and not as a separate class. So long as any shares of the Series A Preferred Stock remain outstanding, the Corporation shall not, without first obtaining the approval (by vote or written consent) of the holders of at least a majority of the total number of shares of the Series A Preferred Stock then outstanding voting separately as a class, alter or change, in any material respect, the rights, preferences or privileges or the restrictions of the shares of the Series A Preferred Stock whether by amendment of the Corporation's Certificate of Designation of Preferences or otherwise. At any meeting at which the holders of the Series A Preferred Stock are entitled to vote as a class pursuant to this provision, the holders of a majority of all outstanding shares of Series A Preferred Stock, present in person or represented by proxy, shall be necessary to constitute a quorum.

Conversion, Redemption and Preemptive Rights. The Shares of Series A Preferred Stock may be converted into such number of shares of the Corporation's Common Stock as shall be equal to approximately Ninety-Two Percent (92.00%) of the Corporation's then outstanding shares of the Corporation's Common Stock immediately preceding the date of said conversion but after deducting five hundred (500) shares of the Company's Common Stock from that amount.

Liquidation Rights. In the event of any consolidation or merger of the Corporation which is in the nature of the winding up of the Corporation's business or sale of all or substantially all of the Corporation's assets (a "Liquidation"), each holder of record of shares of Series A Preferred Stock shall be entitled to be paid in cash in respect of each such share an amount equal to and at the same time as any amount that may be paid to the holders of the Company's Common Stock with any such amount equal, on a per share basis, to the amount paid per share to the holders of the Corporation's Common Stock.

3. Describe any other material rights of common or preferred stockholders.

None, other than listed above.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

- Grandex Consulting Ltd. ("Grandex") (formerly known as Grandex Finance Ltd.) is a 99% subsidiary of Gifa Holding Ltd. Accordingly, Gifa Holding holds 1,980 shares of the 2,000 issued share capital of Grandex. Accordingly, Grandex is a subsidiary of Gifa Inc. The change of occurred with a special resolution dated July 29, 2021.
- Yeni Bakis Ltd. was incorporated in TRNC on November 4, 2014 for the purpose of producing the "Yeni Bakis" daily newspaper.

We do not provide any assurance on these consolidated financial statements.

Gifa, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE A - BACKGROUND (continued)

Gifa Holding Limited's consolidated subsidiaries, each of which is located in TRNC, are (continued):

- Gifa Air Ltd. was incorporated in TRNC on December 15, 2014 for the purpose of providing travel agency services.
- Senilk Ltd.: Business acquisition made during the 4th quarter of 2022. The principal business activity of this company is to own, operate and rent income generating real estate. Senilk Ltd. was acquired as part of GIFA Inc.'s diversification strategy. The acquisition came as a result of the sale of the property as described in Note I below.

In these Notes to the Consolidated Financial Statements of Gifa, Inc., unless the context indicates otherwise, the terms "we," "our," "ours," "us," or "the Company" refer to each of Gifa, Inc., Gifa Holding Limited, and each of the subsidiaries of Gifa Holding Limited on a consolidated basis.

NOTE B - BASIS OF CONSOLIDATED FINANCIAL STATEMENTS PREPARATION

1. Basis of presentation

The Company maintains its accounting records in accordance with the legislative requirements of the TRNC. The accompanying consolidated financial statements have been prepared from those accounting records and adjusted as necessary to comply, in all material respects, with the requirements of accounting principles generally accepted in the United States of America ("US GAAP").

2. Functional and reporting currency

In accordance with the laws of the TRNC, the accounting records of the Company and each of its subsidiary companies, and their statutory financial statements for its Stockholders are prepared, in Turkish Lira.

Functional currency of the Company entities is considered to be the Turkish Lira. The Company typically calculates exchange rate variances on an annual basis. The accompanying consolidated financial statements have been prepared using the US dollar as the Company's reporting currency, utilizing prior year-end exchange rates for assets and liabilities, corresponding period yearly average exchange rates for consolidated statement of income accounts and historic rates for equity accounts in accordance with the relevant provisions of ASC No. 830, *Foreign currency matters*. The Company has determined that no significant change to the consolidated income statement would be posted for the six months ended June 30, 2024 and 2023 had such calculation been made.

These consolidated financial statements include all majority-owned and controlled subsidiaries of the Company. All significant intercompany accounts and transactions have been eliminated.

We do not provide any assurance on these consolidated financial statements.

Gifa, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE C - SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies have been applied in the preparation of the consolidated financial statements. These accounting policies have been consistently applied by the Company from one reporting period to another with the exception of newly adopted accounting pronouncements.

1. Use of estimates

The preparation of consolidated financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and revenue and expenses during the periods reported.

Estimates are used when accounting for certain items such as allowances for credit losses; employee compensation programs; depreciation and amortization lives; asset retirement obligations; legal and tax contingencies, and determining when investment impairments are other than temporary; goodwill; assets and liabilities assumed in a purchase business combinations and deferred tax assets, including valuation allowances. Estimates are based on historical experience, where applicable and other assumptions that management believes are reasonable under the circumstances. Actual results may differ from those estimates under different assumptions or conditions.

2. Cash and cash equivalents

Cash and cash equivalents comprise cash balances, cash on current accounts with banks, bank deposits and other highly liquid short-term investments with original maturities of less than three months.

3. Accounts receivable and loans issued

Receivables and loans issued are stated at cost less an allowance for credit loss. Management quantifies this based on current information regarding the customers' and borrowers' ability to repay their obligations as well as future economic outlook. Amounts previously written off which are subsequently collected are recognized as income. As of June 30, 2024 and December 31, 2023 there was no allowance for credit loss.

4. Value added tax (VAT)

Output value added tax related to sales of goods (work performance, services provision) is payable to the tax authorities upon delivery of the goods (work, services) or property rights to customers. Input VAT on goods and services purchased (received) is generally recoverable against output VAT. VAT related to sales/purchases and services provision/receipts which have not been settled at the consolidated balance sheet date (VAT deferred) is recognized in the consolidated balance sheet on a gross basis and disclosed separately within current assets and current liabilities.

We do not provide any assurance on these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE C - SIGNIFICANT ACCOUNTING POLICIES (continued)

4. Value added tax (VAT) (continued)

Where a credit loss provision has been made, a loss is recorded for the gross amount of the debt, including VAT. As of June 30, 2024 and December 31, 2023 there was no allowance for credit losses.

5. Property, plant and equipment, net

Owned assets

Items of property, plant and equipment are stated at acquisition cost less accumulated depreciation and adjustments for impairment losses. The cost of self-constructed assets includes the cost of materials, direct labor and an appropriate portion of production overheads directly related to construction of assets. Property, plant and equipment also include assets under construction and plant and equipment awaiting installation.

Where an item of property, plant and equipment comprises major components having different useful lives, they are accounted for as separate items of property, plant and equipment.

Subsequent expenditures

Expenditures incurred to replace a component of an item of property, plant and equipment that is accounted for separately, are capitalized with the carrying amount of the component subject to depreciation. Other subsequent expenditures are capitalized only when they increase the future economic benefits embodied in an item of property, plant and equipment. All other expenditures are recognized as expenses in the consolidated statement of income as incurred.

Capitalized interest

Interest costs are capitalized against qualifying assets as part of property, plant and equipment. Such interest costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction is interrupted for an extended period or when the asset is substantially complete. Further interest costs are charged to the statement of income.

Where funds are borrowed specifically for the purpose of acquiring or constructing a qualifying asset, the amount of interest costs eligible for capitalization on that asset is the actual interest cost incurred on the borrowing during the period.

Where funds are made available from general borrowings and used for the purpose of acquiring or constructing qualifying assets, the amount of interest costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on these assets.

We do not provide any assurance on these consolidated financial statements.

Gifa, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE C - SIGNIFICANT ACCOUNTING POLICIES (continued)

5. Property, plant and equipment, net (continued)

Depreciation and amortization

Depreciation is charged on a straight-line basis over the estimated remaining useful lives of the individual assets. Plant and equipment under financing leases and subsequent capitalized expenses are depreciated on a straight-line basis over the estimated remaining useful lives of the individual assets. Depreciation commences from the time an asset is put into operation. For ease of reporting the Company has decided to calculate depreciation expense on a quarterly basis. The range of the estimated useful lives, in years, is as follows:

Fixtures, fittings and equipment	5 - 10
Computers	3 - 5
Improvements	10 - 15

6. Impairment of long-lived assets

The Company performs tests for impairment of assets where an impairment trigger has been identified. In accordance with the requirements of US GAAP, management first compares the carrying amount with the undiscounted cash flows. If the carrying amount is lower than the undiscounted cash flows, no impairment loss is recognized. If the carrying amount is higher than the undiscounted cash flows, an impairment loss is measured as the difference between the carrying amount and fair value.

For the purposes of impairment testing, a long-lived asset or asset group represents the lowest level for which management can separately identify cash flows that are largely independent of the cash flows of other assets and liabilities. Management combines the assets of different entities which operate together performing different stages of the production of finished goods. As of June 30, 2024 and December 31, 2023, the Company has determined that there is no impairment of long-lived assets.

7. Social insurance and provident fund benefits

The Company follows the Social Insurance and Provident Fund legislations of the TRNC where the Company operates. Contributions to the TRNC Social Insurance Scheme by the employer are calculated as a percentage of current gross salaries and to the provident Fund at 5% of the gross salaries. Such contributions are expensed as incurred.

8. Borrowing activities

The Company's general-purpose funding is principally obtained from short-term and long-term borrowings. Borrowings are carried at the principal amount borrowed, not of unamortized discounts or premiums.

We do not provide any assurance on these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE C - SIGNIFICANT ACCOUNTING POLICIES (continued)

9. Commitments and contingencies

Contingent liabilities, arising from claims, assessments, litigation, fines, penalties and other sources are recorded when it is probable that a liability can be assessed and the amount of the assessment and/or remediation can be reasonably estimated.

10. Income tax

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to be applied to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period when a different tax rate is enacted.

Pursuant to the provisions of ASC No. 740, *Income Taxes*, the Company provides valuation allowances for deferred tax assets for which it does not consider realization of such assets to be more likely than not. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the historical taxable income generation, projected future taxable income, the reversal of existing deferred tax liabilities and tax planning strategies in making this assessment.

The Company does not calculate deferred taxes in respect of temporary differences associated with investments in subsidiaries and associates.

The Company accounts for uncertain tax positions and reflects liabilities for unrecognized income tax benefits together with corresponding interest and penalties in the consolidated statement of income as income tax expense. As of June 30, 2024 and December 31, 2023, there were no significant deferred tax assets or liabilities.

11. Preferred stock

The Company applies the accounting standards for distinguishing liabilities from equity when determining the classification and measurement of its preferred stock. Preferred shares subject to mandatory redemption are classified as liability instruments and are measured at fair value. Conditionally redeemable preferred shares (including preferred shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, preferred shares are classified as stockholders' equity.

We do not provide any assurance on these consolidated financial statements.

Gifa, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE C - SIGNIFICANT ACCOUNTING POLICIES (continued)

12. Dividends

Dividends are recognized as a liability in the period in which they are declared.

13. Revenue recognition

Revenue is recognized in accordance with the Financial Accounting Standards Board issued ASC Topic 606 *Revenue from Contracts with Customers*. The sale of goods and services rendered are recognized in the consolidated statement of income when control of the performance obligations is transferred to the customer.

14. Interest income

Interest income is recognized in the consolidated statement of income as it is earned.

15. Interest expense

All interest and other costs incurred in connection with borrowings are expensed as incurred as part of interest expense, except for interest which is incurred on construction projects and capitalized.

16. Non-cash transactions

Non-cash settlements represent offset transactions between customers and suppliers when exchange equivalents are defined and goods are shipped between the parties without exchange of cash. The related sales and purchases are recorded in the same manner as cash transactions. The fair market value for such transactions is based on the value of similar transactions in which monetary consideration is exchanged with a third party. Purchases of property, plant and equipment under financing lease arrangements are also recognized as non-cash transactions.

17. Segment reporting

According to ASC No.280, *Segment reporting*, segment reporting follows the internal organizational and reporting structure of the Company. The Company's organization comprises four reportable segments.

We do not provide any assurance on these consolidated financial statements.

NOTE I - NOTE RECEIVABLE FROM SALE OF PROPERTY

On October 21, 2017, the Company entered into a Sale Agreement to purchase land and buildings on approximately 2,025 square meters located in Hamitkoy, Lefkosa, for the purchase price of £2,000,000. During 2017, £100,000 deposit was paid. However, because the subject matter real estate is mortgaged by the seller, the case is referred to the local courts and a decision was made for the mortgage to be paid at the latest by June 7, 2018 and that the Company is to pay for the purchase £2,030,000 (\$2,743,501 U.S. Dollars) inclusive of interest. The Company went to attend court again and obtained an order to compel the Seller to settle the mortgage and transfer the title deeds to the Company. Due to the legal issues with the title, the Company had not recorded any depreciation on the costs incurred.

As of December 31, 2022, the mortgage on the subject property has been settled by the 'Seller', and has transferred the title deeds of the property to the Company. The remaining balance due of \$2,555,876 USD was settled on October 14, 2022, and the building was then free of all liens and encumbrances. After the title deeds were transferred to the Company, the Company subsequently sold the building to a local real estate investment company for \$10,867,000 USD.

We do not provide any assurance on these consolidated financial statements.

NOTE O - FINANCIAL INSTRUMENTS

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

The Company's management believes that the carrying values of cash, trade and other receivables, trade and other payables and short-term loans approximate to a reasonable estimate of their fair value due to their short-term maturities.

NOTE P - RISKS AND UNCERTAINTIES

1. Operating environment of the Company

TRNC's economy continues to display characteristics of a small island economy. These characteristics include exceptionally high inflation. The legal, tax and regulatory frameworks continue to develop and are subject to varying interpretations.

The future economic direction of the TRNC is largely dependent upon the effectiveness of economic, financial, and monetary measures undertaken by the Government, together with tax, legal, regulatory and political developments. Management believes it is taking all the necessary measures to support the sustainability and growth of the Company's business with an interest of evaluating new lines of business.

We do not provide any assurance on these consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the three and six months ended June 30, 2024 and 2023

NOTE P - RISKS AND UNCERTAINTIES (continued)

1. Operating environment of the Company (continued)

The political and economic turmoil witnessed in the region, including the developments in the Middle East and Africa where the Company's income is substantially from, as well as global impacts, may prove to have a negative impact for the foreseeable future. Although the TRNC remains an unrecognized de-facto state, the global economic down turn is expected to have a negative impact on the economy of the TRNC. At the moment, despite global and regional concerns, the TRNC economy continues to attract foreign investment in tourism, university sectors and the 3rd age tourism in particular with an increasing amount of foreign workers arriving into the island under work permits. These and other events may have a significant impact on the Company's operations and financial position, the effect of which is difficult to predict.

The major financial risks inherent to the Company's operations are those related to market risk, credit risk and liquidity risk. The objectives of the financial risk management function are to establish risk limits, and then ensure that exposure to risks stays within acceptable limits.

2. Other identified risks

a) Market risk

Market risk is the risk that the fair value of future cashflows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risk: interest rate risk, foreign currency risk and commodity price risk

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The risk of changes in market interest rates relates primarily to long-term debt obligations with floating interest rates. However, for the six months ended June 30, 2024 and the year ended December 31, 2023, the Company has no long-term debt obligations.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash-flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The operations of the Company in TRNC is in Turkish Lira and its fee income from Middle East operations in Euros are exposed to currency risks when reporting currency in US Dollars.

We do not provide any assurance on these consolidated financial statements.

NOTE P - RISKS AND UNCERTAINTIES (continued)

2. Other identified risks (continued)

a) Market risk (continued)

(iii) Commodity price risk

Commodity price risk is a risk arising from possible shortage of raw materials or changes in price of raw materials and metal products, and their impact on the Company's future performance and the Company's operational results.

For the six months ended June 30, 2024 and the year ended December 31, 2023 the Company had no production activities.

b) Credit risk

Credit risk is the risk when counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The Company is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management.

The Company structures the levels of credit risk it undertakes by assessing the degree of risk for each counterparty or groups of parties. Such risks are monitored on a revolving basis and are subject to a quarterly, or more frequent, review.

The Company's management reviews aging analysis of outstanding trade receivables and follows up on past due balances.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company is exposed to daily calls on its available cash resources.

The Company monitors its risk to a short age of funds using a regular cash flow forecast. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts. To provide for sufficient cash balances required for settlement of its obligations in time the Company uses cash flow forecasting instruments.

We do not provide any assurance on these consolidated financial statements.
