

1 October 2024

Vale Dr David Ransom

Sierra Nevada Gold (ASX: SNX) wishes to acknowledge the sad passing of its Non-Executive Director Dr David Ransom last weekend. Dr Ransom had been a member of the Sierra Nevada Gold Board since January 2024.

SNX Executive Chairman Peter Moore said: *"Dave was a legendary figure of our industry and an outstanding Non-Executive Director for SNX and his humility, inclusiveness and professional excellence stood out over a career which spanned more than 45 years.*

"SNX was privileged and grateful to have had such an eminent and distinguished industry figure such as Dave on its Board, and he will be sorely missed by all of us at SNX.

"Dave's good nature and expert contribution to SNX both personally and professionally is a great loss to all at SNX, as well as the wider resources industry in Australia and internationally."

SNX has appointed its Chief Geologist Brett Butlin to its Board to replace Dr Ransom. Mr Butlin has more than 25 years' experience in minerals exploration for a variety of commodities and was chief geologist for Citadel Resources delineating the Jabal Sayid copper deposit in Saudi Arabia which was eventually sold to Barrick in 2010.

This announcement was authorised for release by Mr Peter Moore, Executive Chairman of the Company.
