AGRO CAPITAL MANAGEMENT CORP.
NOTES TO FINANCIAL STATEMENTS
March 31, 2024
(Unaudited)

NOTE 1 - ORGANIZATION AND OPERATIONS

Agro Capital Management Corp. (the “Company”) was originally incorporated in the State of Nevada on November 12, 2013, under the name Guate Tourism, Inc. On October 29, 2015, the Company changed its name to Agro Capital Management Corp.

On December 29, 2020, the Company executed a plan of merger and share exchange with Apex Holdings, Inc., a Nevada Corporation. Apex Holdings, Inc. held a revenue-producing subsidiary called Apex Solutions, Inc., a California corporation licensed to manufacture and distribute cannabis products within California. Shareholders in Apex Holdings, Inc. exchanged those shares for a cumulative total of 50,000,000 shares in the Company, effecting a merger that will result in the Company’s acquisition of Apex Solutions, Inc. Upon the merger, the Company implemented a 1:25 reverse split of its issued and outstanding common stock.

The parent Company Agro Capital Management is a diversified holding company providing extraction, management, and consulting services. We are a trusted partner to the cultivation, manufacturing, and retail side of the business. As a holding company, our subsidiaries are able to leverage the strengths of each other, as well as a larger balance sheet, to succeed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

Our unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”), and pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). In the opinion of our management, our financial position as of March 31, 2024 and the results of our operations and cash flows for the three months then ended have been included. The limited results for the interim period reflect the dormant nature of operating subsidiaries while management determines the viability of the current business plan moving forward.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company recognizes revenue from the sales of consumer-packaged goods upon delivery of those goods to its customers in fulfillment of customer orders on a First-in First-out FOB destination basis. Occasionally, the Company also wholesales its products in bulk quantities to other licensed manufacturers or performs manufacturing as a service on behalf of other licensed manufacturers in some cases taking ownership of the inventory and in other cases without taking ownership of the underlying inventory.

Revenue is now recognized in accordance with FASB ASC Topic 606, Revenue Recognition. The guidance for comprehensive revenue recognition that requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. We determined to implement the cumulative effect adjustment approach to our implementation of FASB ASC Topic 606, with no restatement of the comparative periods presented. We intend to apply this method to any incomplete contracts we determine are subject to FASB ASC Topic 606 prospectively. As is more fully discussed below, we are of the opinion that none of our contracts for services or products contain significant financing components that require revenue adjustment under FASB ASC Topic 606.

In accordance with FASB ASC Topic 606, Revenue Recognition, we will recognize revenue when persuasive evidence of a significant financing component exists in our consulting and product sales contracts. We examine and evaluate when our customers become liable to pay for goods and services; how much consideration is paid as compared to the cash selling price of the goods or services; and, the length of time between our performance and the receipt of payment.

Cost of Goods Sold

Costs of goods sold includes direct costs related to the sale of the Company's cannabis products, write-downs of excess and obsolete inventories and amortization of intangible assets.

Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – GOING CONCERN

The accompanying unaudited financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has an accumulated deficit of \$15,820,000 at March 31, 2024. The Company's ability to raise additional capital through the future issuances of common stock and/or debt financing is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors over the next twelve months raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

NOTE 4 – PREFERRED STOCK

The Board has designated 2,000 shares of Series A Preferred Stock. The holders of the Series A Preferred Stock are entitled to 100,000 votes per share on all matters submitted to a vote of the stockholders, including the election of directors. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of common stock that are present in person or represented by proxy. The Series A Preferred shares have no conversion to common rights and no liquidation preference.

NOTE 5 – LOAN PAYABLE

During the three months ending March 31 2024, JUDD Holding Corp, controlled by David Duarte, loaned approximately \$7,000 to the Company for operating expenses in connection with a consulting agreement.

NOTE 6 – 3(a)(10) DEBT SETTLEMENT

On August 25th, 2021 in the Circuit Court of the 10th Judicial District of Polk County, Florida, EROP Enterprises LLC filed a complaint for damages against the Company, having purchased the claims of debt holders Davidson, Gunaga, and World Equity Group. On November 16th 2021, the court ordered a judgement in the amount of \$508,000 to settle the claims in favor of the plaintiffs, pursuant to Section 3(a)(10) of the Securities Act of 1933.

On or around June 30th 2023, EROP returned the claims of Davidson and Gunaga back to each party to pursue on their own for their respective remaining balances. The aggregate remaining balance of the judgment at that time was \$229,510 and remains unpaid as of the date of this report.
