## LIMITLESS VENTURE GROUP, INC.

### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Organization** — Limitless Venture Group, Inc. (“we,” “us,” “our,” the “Company,” “LVGI” and “Limitless”) provides its shareholders with access to leading small and medium businesses focused on growth. Leveraging its permanent capital base, long-term, disciplined approach, and actionable expertise, LVGI owns controlling interests in our subsidiary businesses and partners with their management teams to build businesses that can unlock significant value for shareholders.

**Basis of presentation** — As disclosed in NOTE 6, we have \$1,744,126 in outstanding principal obligations on convertible notes payable to several note holders that are delinquent. We have incurred recurring net losses and have not yet achieved profitable operations. There can be no assurance that we will achieve profitability, continue to finance our operating losses or successfully renegotiate the loans’ terms. No adjustments have been made to our unaudited consolidated financial statements to reflect the uncertainty of our financial condition.

**Use of Estimates** — The preparation of consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements, as well as the reported amounts of revenue and expenses during the reporting period. We made estimates with respect to an inventory valuation allowance, fair values of long-lived assets and fair value of stock-based compensation amounts. Actual results could differ from these estimates.

**Principles of Consolidation** — The unaudited consolidated financial statements include the accounts of Limitless Venture Group, Inc. and subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

**Revenue Recognition** — The majority of our revenue is generated from the sales of consumer goods. Under ASC 606, revenue is recognized when our customer obtains control of promised goods in an amount that reflects the consideration we expect to receive in exchange for those goods. We measure revenue based on consideration specified in a contract with a customer including any sales incentives.

**Stock-based Compensation** — We account for stock-based compensation by applying a fair-value-based measurement method to account for share-based payment transactions with employees, non-employees and directors. We record compensation costs associated with the vesting of unvested options on a straight-line basis over the vesting period. Stock-based compensation is a non-cash expense because we settle these obligations by issuing shares of our common stock instead of settling such obligations with cash payments. We use the Black-Scholes model to estimate the fair value of each option grant on the date of grant. This model requires the use of estimates for expected term of the options and expected volatility of the price of our common stock.

**Income Taxes** — We record deferred tax assets and liabilities for the estimated future tax effects of temporary differences between the tax bases of assets and liabilities and amounts reported in the accompanying consolidated balance sheets, as well as operating losses and tax credit carryforwards. We measure deferred tax assets and liabilities using enacted tax rates expected to be applied to taxable income in the years in which those temporary differences are expected to be recovered or settled. We reduce deferred tax assets by a valuation allowance if, based on available evidence, it is more likely than not that these benefits will not be realized.

We use a recognition threshold and a measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities.

**Cash and Cash Equivalents** — All highly liquid investments with maturities of three months or less at the date of purchase are classified as cash equivalents.

**Restricted Cash** — Jasper Benefits Solutions, LLC, an insurance benefits plan administrator that is our majority-owned subsidiary receives cash payments from its clients in the normal course of business. Such funds are held in segregated bank accounts and used to administer obligations of client plans.

**Allowance for Doubtful Accounts** — We make judgments related to our ability to collect outstanding accounts receivable and unbilled work-in-progress. We provide allowances for receivables when their collection becomes doubtful by recording an expense. We determine the allowance based on our assessment of the realization of receivables using historical information and current economic trends, including assessing the probability of collection from customers. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make payments owed to us, an increase in the allowance for doubtful accounts would be required. We evaluate the adequacy of the allowance regularly and make adjustments accordingly. Adjustments to the allowance for doubtful accounts could materially affect our results of operations.

**Sales and Use Tax** — Applicable revenue-based state and use taxes are included in revenue.

**Property and Equipment and Long-Lived Assets** — Property and equipment are stated at cost or estimated fair value if acquired in an acquisition, less accumulated depreciation, and are depreciated over their estimated useful lives, or the lease term, if shorter, using the straight-line method. Leasehold improvements are stated at cost, less accumulated amortization, and are amortized over the shorter of the lease term or estimated useful life of the asset. Maintenance and repair costs are expensed as incurred.

We review our long-lived assets, such as property and equipment and purchased intangible assets subject to amortization, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset or asset group may not be recoverable. We evaluate the recoverability of an asset or asset group by comparing its carrying amount to the estimated undiscounted future cash flows expected to be generated by the asset or asset group. If the carrying amount of an asset or asset group exceeds its estimated future cash flows, we recognize an impairment charge as the amount by which the carrying amount of the asset exceeds the estimated fair value of the asset.

#### Recent Accounting Pronouncements

Management has evaluated recently issued accounting pronouncements and does not believe that any of these pronouncements will have a significant impact on our consolidated financial statements and related disclosures.

#### NOTE 2 — GOODWILL AND INTANGIBLE ASSETS

We amortize identifiable intangible assets on a straight-line basis over their estimated two-year useful lives. As of June 30, 2024 and December 31, 2023, goodwill and identifiable intangible assets were as follows:

#### **NOTE 7 – WARRANTS**

In connection with the sales of Notes to Leonite, we issued a total of 1,523,250 warrants to purchase our Common Stock at \$0.08 per share. The warrants expire ten years from their dates of issuance. The warrants may be settled in cash and therefore we have recognized a liability for the outstanding warrants based on their fair market values as of the dates of their issuance. We valued the warrants using the Black-Scholes method and carried the initial values as a debt discount that was amortized over the one-year terms of the Notes.

#### **NOTE 8 – STOCKHOLDERS' EQUITY**

##### **Common Stock**

In the nine months ended September 30, 2024, we issued 124,618,885 shares of Common Stock as partial repayments of the Leonite Notes, based on a conversion price per share of \$0.0005.

##### **Certain Anti-Takeover Provisions/Agreements with Stockholders**

Our restated certificate of incorporation allows the board of directors to issue shares of preferred stock and to determine the price, rights, preferences and privileges of those shares without any further vote or action by our stockholders. The rights of the holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of any preferred stock that may be issued in the future. Issuance of preferred stock, while providing desired flexibility in connection with possible acquisitions and other corporate purposes could make it more difficult for a third party to acquire a majority of our outstanding voting stock.

On May 22, 2012, we authorized one share of no par Series G Preferred (“G”) that entitles the holder to (i) exercise at least a majority of the voting power, or such greater proportion of the voting power as may be required in the case of a vote by classes or

series, or as may be required by the provisioners of the articles of incorporation if any amendment would alter or change any preference or any relative or any right given to any class or series of outstanding shares, then the amendment must be approved by the vote, in addition to the affirmative vote otherwise required, of the holders of shares representing a majority of voting power of such class or series affected by the amendment regardless to limitations or restrictions on the voting power thereof, (ii) exercise the holder's voting power without converting the G into Common Stock and (iii) convert, at the holder's sole option, a share of G Preferred Stock into Common Stock upon providing the Company with fifteen days written notice with the number of Common shares to be issued being equal to 51% of the then outstanding Common Stock. On May 22, 2012, we issued one share of G to our Chief Executive Officer at the time and on January 15, 2014; our current Chief Executive Officer acquired the share of G. As of September 30, 2024 and December 31, 2023, one share of G is issued and outstanding.

#### **NOTE 9 — (LOSS) INCOME PER COMMON SHARE**

We compute basic (loss) income per share ("IPS") by dividing net income or loss available to common stockholders by the weighted average number of shares outstanding during the period, including common stock issuable under participating securities. We compute diluted IPS using the weighted average number of shares outstanding, including participating securities, plus all potentially dilutive common stock equivalents. Common stock equivalents consist of stock options and restricted stock.

As a result of our losses for the three and nine months ended September 30, 2024, basic and diluted IPS are \$(0.00) and \$(0.00), respectively, with the number of potentially dilutive shares are excluded from determining the dilutive IPS per share.

As of September 30, 2024 and December 31, 2023, approximately 4,600,000 shares are potentially issuable upon conversion of convertible note principal and interest at the applicable conversion price for each note.

#### **NOTE 10 — SHARE-BASED COMPENSATION**

In September 2019, our Board of Directors approved the 2019 Stock Incentive Plan (the "2019 Stock Plan"). Awards permitted under the 2019 Stock Plan include: Stock Options and Other Stock-Based Awards. Awards issued under the 2019 Stock Plan are at the discretion of the Board of Directors.

There were no stock options granted during the nine months ended September 30, 2024.

#### **NOTE 11 — GEOGRAPHICAL INFORMATION**

We are headquartered in Tulsa, Oklahoma. All of our assets are in the U.S.

#### **NOTE 12 — COMMITMENTS AND CONTINGENCIES**

##### **(a) Lease Commitments**

Under Topic 842, operating lease expense is generally recognized evenly over the term of the lease. The Company has no operating leases. Rent expense was \$0 for the nine months ended September 30, 2024 and 2023, respectively.

##### **(b) Other Commitments**

As permitted under Nevada law, we have agreements with officers and directors under which we agree to indemnify them for certain events or occurrences while the officer or director is, or was, serving at our request in this capacity. The term of the indemnification period is indefinite. There is no limit on the amount of future payments we could be required to make under these indemnification agreements. Given our historical record of no claims having been made against our officers and directors, we believe the estimated fair value of these indemnification agreements is minimal. Accordingly, there were no liabilities recorded for these agreements as of September 30, 2024 and December 31, 2023.

**(c) Litigation**

From time to time, we are involved in various legal matters arising in the normal course of business. The outcome of this matter is undetermined at this time and currently do not expect the out of any such proceedings, either individually or in the aggregate, to have a material effect on our financial position, cash flows or results of operations.

**(d) Employment Agreements**

On September 6, 2019, we entered into an employment agreement with our Chief Operating Officer that provides for an annual salary of \$200,000, participation in our 2019 Stock Option Plan and incentive compensation plan and eight weeks of annual paid leave.

On January 15, 2014, we entered into an employment agreement with our Chief Executive Officer (“CEO Agreement”) that provides for his services for a nine-month period ended July 15, 2014 and is automatically extended for one-year periods provided that neither party has terminated the Agreement with 60-day prior written notice. Compensation under the CEO Agreement consists of a \$1 annual salary and the right to receive a three-year option to purchase up to 200,000 shares of our Common Stock at \$0.30 per share. The CEO Agreement provides for the payment of an annual operational incentive bonus in the amount of 1% of fiscal year revenues, provided we are profitable under terms defined by the CEO Agreement, an annual profit incentive bonus equal to 1% of our pre-tax operating profits, a discretionary bonus determined by our Board of Directors all of which bonuses are payable in our Common Stock and cash of an equal basis. In the event that any of the our product lines are sold, the CEO Agreement calls for the Chief Executive Officer to be paid 3% of the gross proceeds from the sale at closing. Effective April 1, 2019, we agreed to amend the CEO Agreement to provide for an annual salary of \$300,000 payable in cash and to reaffirm that our Chief Executive Officer has the right to receive 200,000 stock options and that such option have no expiration date. For the nine months ended September 30, 2024, no discretionary bonuses were awarded and we incurred no bonus expense under the terms of the CEO Agreement, as amended.
