ALPINE AUTO BROKERS INC
NOTES TO CONDENSED FINANCIAL STATEMENTS
(Unaudited)

Note 1 – Organization and basis of accounting.

Business Description

Alpine Auto Brokers (the “Company”) was organized as Alpine Auto Brokers, LLC in the state of Utah in December 2010. The Company sold automobiles and provided dealer services, for a fee. The Company was incorporated as Alpine Auto Brokers, Inc. on May 12, 2011, in the State of Nevada for the purpose of locating and purchasing used vehicles at auctions, from private individuals, from other dealers and selling these vehicles specifically to consumers in Salt Lake City, Utah. On January 1, 2014, the Company acquired 100 percent of the membership interests of Alpine Auto Brokers, LLC, a Utah Limited Liability Company formed on December 10, 2010. The Company operated through its wholly owned subsidiary Alpine Auto Brokers, LLC.

The acquisition was accounted for as a reverse recapitalization in which the operating entity’s historical financial statements become those of the “accounting acquirer” in which historical operating results are presented from inception.

On August 18, 2021, the Eight Judicial District Court in Clark County, Nevada Case No: A-20-816619-B appointed Custodian Ventures, managed by David Lazar as the Company’s Receiver.

On February 9, 2022, as a result of a private transactions, 10,000,000 shares of Series A Preferred Stock, \$0.001 par value per share (the “Shares”) of the “Company”, were transferred from Custodian Ventures, LLC to MetaVerse Investment Group (the “Purchaser”). As a result, the Purchaser became the holder of 90% of the voting rights of the issued and outstanding share capital of the Company on a fully-diluted basis of the Company, and became the controlling shareholder. The consideration paid for the Shares was \$420,000, with \$20,000 being held back pending certain public filings of the Company. The source of the cash consideration for the Shares was personal funds of the Purchaser. In connection with the transaction, David Lazar released the Company from all debts owed to him and/or Custodian Ventures, LLC.

On February 9, 2022, the existing director and officer resigned immediately. Accordingly, David Lazar, serving as a director and an officer, ceased to be the Company’s Chief Executive Officer, Chief Financial Officer, President, Treasurer, Secretary and a Director. At the effective date of the transfer, Zibin Xiao consented to act as the new Chief Executive Officer, President, and member of the Board of Directors. Also on February 9, 2022, Zonghan Wu consented to act as the new CFO, Treasurer, Secretary, and Chairman of the Board of Directors of the Company.

On June 27, 2022, Zibin Xiao resigned as the Chief Executive Officer, President, and member of the Board of Directors. Also on June 27, 2022, Yufeng Zhang consented to act as the new Chief Executive Officer, President, and member of the Board of Directors.

On February 20, 2023, the company signed an agreement with National Holdings Investment Ltd (“NHIL”), a British Virgin Islands company, to issue 10,000,000 ordinary shares of the company to acquire 100% ownership of NHIL.

On January 1, 2024 ALTB completed the spin-off of its subsidiary National Holdings Investment Ltd., a British Virgin Islands corporation (“NHIL”), as ALTB transferred its 100% equity interest in NHIL to Jiayue Yang (the “Spin-Off”). In exchange for the 100% equity interest in NHIL, Jiayue Yang transferred 10,000,000 shares of ALTB common stock to the ALTB treasury. On March 7, 2024, ALTB cancelled 10,000,000 shares of its common stock from Jiayue Yang.

On June 6, 2024, pursuant to a Stock Purchase Agreement dated as of May 31, 2024, Zonghan Wu (the “Seller”) sold to Hongchen Wang (the “Buyer”), 400,950,000 shares of common stock, par value \$0.001 per share (the “Shares”), of Alpine Auto Brokers Inc.. (the “Company”). The current number of outstanding common shares is 446,100,000. Therefore, 400,950,000 shares of common stock represents a majority of the voting power of the Company. This transaction resulted in the acquisition of the controlling interest in the Company.

Basis of Presentation and Organization

This summary of significant accounting policies of Alpine Auto Brokers, Inc. (“the Company”) is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements.

The accompanying financial statements are prepared on the basis of accounting principles generally accepted in the United States of America (“GAAP”). The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. To continue as a going concern, the Company is actively pursuing additional funding and strategic partners to enable it to implement its business plan. In addition, the Company is also working to devote more efforts to improve its operation and generate more profits. Management believes that these actions will allow the Company to continue its operations through next fiscal year.

Note 2 – Summary of significant accounting policies

Principals of Consolidation

The unaudited condensed consolidated financial statements include the accounts of the Company and its 100% controlled subsidiaries: National Holdings Investment Ltd., a British Virgin Islands corporation, and Ying'ao (Dongguan) Technology Co., Ltd., a Chinese corporation. All significant intercompany balances and transactions have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates. The Group bases its estimates on historical experience and various other factors believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Significant accounting estimates reflected in the Group's financial statements include but are not limited to allowance for doubtful accounts. Actual results may differ materially from those estimates.

Cash and Cash Equivalents

For financial accounting purposes, cash and cash equivalents are considered to be all highly liquid investments with a maturity of three (3) months or less at the time of purchase.

Acquisition

The Company accounts for business combinations in accordance with Accounting Standards Codification (“ASC”) 805, Business Combinations. The results of businesses acquired in a business combination are included in the Company's consolidated financial statements from the date of the acquisition. Purchase accounting results in assets and liabilities of an acquired business generally being recorded at their estimated fair values on the acquisition date. Any excess consideration over the fair value of assets acquired and liabilities assumed is recognized as goodwill. Transaction costs associated with business combinations are expensed as incurred and are included in general and administrative related costs in the consolidated statements of operations. The Company performs valuations of assets acquired and liabilities assumed and allocates the purchase price to its respective assets and liabilities. Determining the fair value of assets acquired and liabilities assumed requires management to use significant judgment and estimates.

Accounts Receivable

The Company's accounts receivables arise from provision of services to customers and reimbursements for our pocket

costs invoiced to customers. In general, the Company invoices for services rendered at the time the service is provided or the cost incurred. In the event the Company does have accounts receivable, the Company will evaluate each reporting period to provide a reserve against accounts receivable for estimated losses that may result from a customer's inability to pay based on customer-specific analysis and general matters such as current assessments of past due balances, economic conditions and forecasts, and historical credit loss activity. Amounts determined to be uncollectible will be charged or written-off.

Revenue Recognition

The Company has adopted ASC 606 — Revenue from Contracts with Customers. Under ASC 606, the Company recognizes revenue from service related agreements and contracts by applying the following steps: (1) identify the contract with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to each performance obligation in the contract; and (5) recognize revenue when each performance obligation is satisfied. Customers are billed for services in installments as they are performed either based on agreed contract terms or on a monthly basis for those clients to whom we provide recurring monthly services.

Property and Equipment, Net

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation of property and equipment is calculated using the straight-line method, and the estimated useful life of computer hardware and software is three years. Leasehold improvements are amortized on a straight-line basis over the lesser of their useful life or the term of the lease. Upon retirement or sale, the cost and related accumulated depreciation or amortization are removed from the Condensed Consolidated Balance Sheets and the resulting gain or loss is reflected in the Condensed Consolidated Statements of Operations. Repairs and maintenance are expensed as incurred.

Goodwill and Other Long-Lived Assets

Goodwill represents the excess of the cost of an acquired business over the fair value of the identifiable tangible and intangible assets acquired and liabilities assumed in a business combination.

In accordance with guidance within FASB ASC 350 "Intangibles - Goodwill and Other," goodwill and identifiable intangible assets with indefinite lives are not subject to amortization but must be evaluated for impairment.

We evaluate long-lived assets, including finite-lived intangible assets, for impairment by comparison of the carrying amounts to future net undiscounted cash flows expected to be generated by such assets when events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Should an impairment exist, the impairment loss would be measured based on the excess carrying value of the asset over the asset's fair value or estimates of future discounted cash flows.

For goodwill and indefinite-lived intangible assets, in-process research and development, we review for impairment annually and upon the occurrence of certain events as required by ASC Topic 350, "Intangibles - Goodwill and Other." Goodwill and indefinite-lived intangible assets are tested at least annually for impairment and more frequently if events or changes in circumstances indicate that the asset might be impaired. We review goodwill for impairment by first assessing qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. If we are able to determine that it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, we would conclude that goodwill is not impaired. If the carrying amount of a reporting unit is zero or negative, the second step of the impairment test is performed to measure the amount of impairment loss, if any, when it is more likely than not that a goodwill impairment exists.

Basic and Diluted Net Income (Loss) Per Share

The Company computes net income (loss) per share in accordance with ASC 260, *Earning per Share*. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the income statement. Basic EPS is computed

by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. On September 30, 2024 there were no potentially dilutive shares.

Fair Value of Financial Instruments

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. FASB ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

If the inputs used to measure the financial assets and liabilities fall within more than one level described above, the categorization is based on the lowest level of input that is significant to the fair value measurement of the instrument.

Foreign Currency

Translation and Remeasurement Items included in the condensed consolidated financial statements of the Company and its subsidiaries are measured using the currency of the primary economic environment in which the entity operates (the “functional currency”). The Company’s reporting currency is the U.S. dollar. The functional currency of subsidiaries based in China is the RMB. Companies based in the British Virgin Islands operate in US Dollars. All transactions initiated in RMB are translated into U.S. dollars in accordance with Accounting Standards Codification (“ASC”) 830-30, “Translation of Financial Statements”, as follows: monetary assets and liabilities are translated into U.S. dollars at exchange rates as of the balance sheet date and non-monetary assets, liabilities and equity are translated at historical rates. Sales and expenses are translated using a weighted average exchange rate for the period. All resulting exchange differences are recognized as other comprehensive income, a separate component of equity.

Income taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and net operating loss and credit carryforwards. Deferred tax assets and liabilities are measured at rates expected to apply to taxable income in the years in which those temporary differences and carryforwards are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statement of operations in the period that includes the enactment date. A valuation allowance is recorded when it is not more likely than not that all or a portion of the net deferred tax assets will be realized.

Recently issued accounting pronouncements

The Company has reviewed other recently issued accounting pronouncements and plans to adopt those that are applicable to it. The Company does not expect the adoption of any other pronouncements to have an impact on its results of operations or financial position.

Note 3 – Acquisitions

On January 1, 2024 ALTB completed the spin-off of its subsidiary National Holdings Investment Ltd., a British Virgin Islands corporation (“NHIL”), as ALTB transferred its 100% equity interest in NHIL to Jiayue Yang (the “Spin-Off”). In exchange for the 100% equity interest in NHIL, Jiayue Yang transferred 10,000,000 shares of ALTB common stock to the ALTB treasury. On March 7, 2024, ALTB cancelled 10,000,000 shares of its common stock from Jiayue Yang.

On July 19, 2024, the Company entered into a Definitive Share Exchange Agreement with China Rain Star Holding Group Co., Limited, a Hong Kong corporation (“CRSH”), whereunder the Company acquired 100% ownership interest in CRSH for the issuance of 550,000,000 shares of the Company’s common stock. CRSH through its China based subsidiaries, Xingrun Health Technology (Shenzhen) Co., Ltd, is mainly engaged in the planting, production, research and development and sales of roxburghii related products, and exploration and development of mineral resource projects. The transaction closed effective July 19, 2024 and has been treated as a business combination under common control, resulting in CRSH becoming a wholly-owned subsidiary of the Company. As such, the Company recognized the assets and liabilities of CRSH acquired in the reorganization, at their historical carrying amounts.

Tangible and intangible assets acquired were recorded based on their estimated fair values at the acquisition date. The excess of the purchase price over the fair value of the net assets acquired was recorded to goodwill. The Company fully impaired the goodwill during the period ended September 30, 2024.

Note 4 – Related Party Transactions

As at September 30, 2024 , Mr. Hongchen Wang advanced a total of \$0 to the Company for payment of administrative expenses and Audit fees.
