Appendices Financial Statements and Notes

### **Forward-looking Statements**

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "will", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable laws, including the securities laws of the United States, we do not intend to update any of the forward-looking statements so as to conform these statements to actual results.

As used in this annual report, the terms "we", "us", "our", "the Company", and "Xalles" mean Xalles Holdings Inc., unless otherwise indicated.

All dollar amounts refer to US dollars unless otherwise indicated.

### Security Description:

1. For common equity, describe any dividend, voting and preemption rights.

Each Common share has an equal right for dividends and voting rights. Since the Preferred Series A and Preferred Series B voting rights total 76%, and there are no outstanding Preferred Series C shares, then the outstanding common shares collectively comprise a 24% voting bloc.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Preferred Series A shares have 51% voting rights only, no dividend rights, and no conversion or special liquidation or redemption rights.

Preferred Series B shares have 25% voting rights only, no dividend rights, and no conversion or special liquidation or redemption rights.

Preferred Series C shares have a shareholder conversion option in the ratio of 1 Preferred Series C share converting to 100 XALL Common shares. The voting rights of the Preferred Series C shares are the same as if the shares have already been converted to common shares. There are no dividend rights, or other special rights until converted to common shares and then they will have the same rights as any other XALL Common Shares.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

### 4) Issuer's Business, Products and Services

### A. Summarize the issuer's business operations

Xalles Holdings Inc. is a holding company, specializing in innovative technology and financial service solutions. Focused on growth and diversification, Xalles Holdings is committed to developing cutting-edge technology-based solutions across various sectors, with an emphasis on supporting disruptive companies. Utilizing its proprietary Xalles RISE Business Model (Roll In, Selected Exit), the company actively seeks acquisition targets with solid management teams, robust business models, expansive total attainable markets (TAM), and enticing exit opportunities. Xalles can also take on partial equity positions to bring companies into its portfolio. Xalles also providers services through the Xalles Studio and Xalles Advisors business groups, assisting startup and growth companies.

The vision is to provide solutions and services to support government, business and consumer customers globally through the Xalles subsidiaries.

Xalles has created a financial, technological and resource backbone to support the subsidiary operating companies and external client projects. This backbone consists of a management team with technology experience and a proprietary system ("X2X") for financial reconciliation and auditing of business and government payment transactions. Xalles also has a license to a patented payment card security solution as well as a license for retail advertising patents.

Xalles will continue to seek technology-related acquisitions. Specific areas of interest are consumer, government and business solutions, including Blockchain-based financial reconciliation solutions and services. We will continue to look for transactions that will add value and create synergy with our existing service offerings. We will continue fundraising efforts in 2024 and develop target projects that will attract a larger number of investors. Xalles also plans to expand our strategic partnerships beyond our existing business development relationships.

B. List any subsidiaries, parent company, or affiliated companies.

All subsidiaries are wholly owned active subsidiaries (unless stated otherwise) of Xalles as of November 15, 2024.

APPENDIX E: NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
September 30, 2024
(Expressed in US dollars)

### NOTE 1 - GENERAL ORGANIZATION AND BUSINESS AND GOING CONCERN

Xalles Holdings Inc. ("the Company") was incorporated in the State of Nevada on December 14, 2009 under the name Stella Blu, Inc. On August 24, 2015, the Company changed its name to Xalles Holdings Inc.

As of September 30, 2024, the Company had the following wholly owned active subsidiaries, namely, Gateway Innovations Limited, Appy Perks, Inc., AlGrowthHub Inc., InnovationsHR, Inc., Capital Innovations Management, LLC, Artemis Defense Technologies UK Ltd., CashXAI Inc. and a 25% stake in Adaptive Analytics, Inc.

Xalles Holdings Inc. is a holding company, specializing in innovative technology and financial service solutions. Focused on growth and diversification, Xalles Holdings is committed to developing cutting-edge technology-based solutions across various sectors, with an emphasis on supporting disruptive companies. Utilizing its proprietary Xalles RISE Business Model (Roll In, Selected Exit), the company actively seeks acquisition targets with solid management teams, robust business models, expansive total attainable markets (TAM), and enticing exit opportunities. Emphasizing the integration of blockchain and cutting-edge technologies, Xalles provides industry-leading solutions, poised to capture recurring revenue streams over time.

The Company expects to generate revenues and related cash flows from the sale of products and services from its operating entities. The goal is to sell or spin out some of the operating companies when they are deemed ready.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary debt or equity financing to continue operations, and the attainment of profitable operations. There is no guarantee that the Company will be successful in these efforts. As of September 30, 2024, the Company has a working capital surplus of \$3,011,763 and has accumulated gains of \$2,700,187 since inception. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Accounting**

These consolidated financial statements present the balance sheets, statements of operations, stockholders' deficit and cash flows of the Company. These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States. The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 fiscal year end.

### Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Xalles Limited. All intercompany balances and transactions have been eliminated in consolidation.

### **Use of Estimates and Assumptions**

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The results of operations and cash flows for the periods shown are not necessarily indicative of the results to be expected for the full year. The Company regularly evaluates estimates and assumptions related to valuation of license, stock-based compensation, and deferred income tax asset valuation allowances.

### **Cash and Cash Equivalents**

The Company considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

### License

The Company acquired a license from a company controlled by our CEO on July 1, 2015 amounting to \$1,000. License has been capitalized in accordance with ASC 350-30 "Intangibles – Goodwill and Other – General Intangibles Other Than Goodwill." Amortization commenced on July 1, 2015 when the license was acquired and became ready for its intended use. Amortization is calculated on a straight-line basis over its estimated useful life of 15 years.

If the total of the expected undiscounted future cash flows is less than the carrying amount of the asset, a loss is recognized for the excess of the carrying value over the fair value of the asset.

### **Financial Instruments and Fair Value Measures**

ASC 820, "Fair Value Measurements and Disclosures" requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, accounts payable and accrued liabilities, convertible debenture, stock-settled debt obligation, and amounts due to related parties. Pursuant to ASC 820, the fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations. Unless otherwise

noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial statements.

### **Stock-based Compensation**

The Company records stock-based compensation in accordance with ASC 718 "Compensation – Stock Compensation" and ASC 505, "Equity Based Payments to Non-Employees", using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable.

### Earnings/Loss per Share

The Company computes net loss per share in accordance with ASC 260, "Earnings per Share", which requires presentation of both basic and diluted earnings per share ("EPS") on the face of the statements of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

### **Comprehensive Loss**

ASC 220, "Comprehensive Income", establishes standards for the reporting and display of comprehensive loss and its components in the consolidated financial statements. As at September 30, 2024 and December 31, 2023, the Company had no items representing comprehensive income or loss.

### **Income Taxes**

A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

When required, the Company records a liability for unrecognized tax positions, defined as the aggregate tax effect of differences between positions taken on tax returns and the benefits recognized in the financial statements. Tax positions are measured at the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. No tax benefits are recognized for positions that do not meet this threshold. The Company has no uncertain tax positions that require the Company to record a liability. The Company's tax years ended December 31, 2016, 2017, 2018, 2019, 2020, 2021, 2022 and 2023 remain subject to examination by Federal and state jurisdictions.

The Company recognizes penalties and interest associated with tax matters as part of the income tax provision and includes accrued interest and penalties with the related tax liability in the balance sheet. The Company had no accrued penalties and interest as of September 30, 2024 and as of December 31, 2023.

### **Recently Issued Accounting Pronouncements**

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

### **NOTE 3 – ACQUISITIONS**

AlGrowthHub Inc. was acquired on July 31, 2022, in exchange for restricted shares of common stock. The transaction was completed and AlGrowthHub is now a 100% wholly owned subsidiary of Xalles.

Private Loyalty Club Inc. ("PLC") was acquired on July 31, 2022, in exchange for restricted shares of common stock. The transaction was completed, and PLC was a 100% wholly owned subsidiary of Xalles Financial Services Inc. In January of 2023, PLC was sold and is no longer a subsidiary of Xalles.
