Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the shareholders, including the election of directors. Generally, all matters to be voted on by shareholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of our common stock that are present in person or represented by proxy. Except as otherwise provided by law, amendments to our Articles of Incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of our common stock. Our Article of Incorporation does not provide for cumulative voting in the election of directors. Holders of our common stock will be entitled to such cash dividends as may be declared from time to time by the Board from funds available. Holders of our common stock have no preemptive rights to purchase shares of our common stock. The issued and outstanding shares of our common stock are not subject to any redemption provisions and are not convertible into any other shares of our capital stock. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to receive pro rata all assets available for distribution to such holders.

We have never declared or paid any cash dividends on our common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or Sinking fund provisions.

Series A Non-Convertible Preferred Stock. The Series A Non-Convertible Preferred Stock has the following voting rights: the shares of Series A Non-Convertible Preferred Stock shall vote together with the shares of our common stock and other voting securities as a single class and shall represent 80% of all votes entitled to be voted at any annual or special meeting of our shareholders. Our Chief Executive Officer, Lisa Nelson, as the owner of all of the outstanding shares of the Series A Non-Convertible Preferred Stock, will, therefore, be able to control the management and affairs of our company, as well as matters requiring the approval by our shareholders, including the election of directors, any merger, consolidation or sale of all or substantially all of our assets, and any other significant corporate transaction.

3. Describe any other material rights of common or preferred stockholders.

None.

4. Describe any material modifications to rights of holders of the company's securities that have occurred over The reporting period covered by this report.

There have been no material modifications to rights of holders of the company's securities that occurred over the reporting period covered by this report.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

B. Promissory and Convertible Notes

Indicate by check mark whether there are any outstanding promissory, convertible notes, convertible debentures, or any other debt instruments that may be converted into a class of the issuer's equity securities:

No: Yes: (If yes, you must complete the table below)

Use the space below to provide any additional details, including footnotes to the table above:

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.
(Ensure that these descriptions are updated on the Company's Profile on www.otcm Markets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

We recently rebranded our proprietary products to "The CBD Vault" brand name, which aligns with our Scottsdale, Arizona, retail location that does business as "The CBD Vault."

The CBD in our products is derived from industrial hemp. CBD hemp oil is extracted from the cannabis varieties that are naturally abundant in CBD and low in THC (the principal psychoactive constituent (or cannabinoid) of cannabis). Each of our providers of CBD have represented that they employ an extraction process designed to yield highly concentrated CBD oil that also contains other potentially

nutritious materials, such as omega-3 fatty acids, terpenes (a class of organic compounds which when modified are used in a variety of medicines and alternative medicines such as aromatherapy), vitamins, chlorophyll and amino acids. Further, our products are parasite-free. We do not make any claims not covered by actual research. However, users rely on statements made on social media by many users of similar products. We have no association with any of the individuals posting about these types of products on social media, nor are we able to exercise any control over them and the content of their posts, statements, or other claims.

Our primary focus is on developing organic products, such as CBD hemp oil herbal drops, CBD pet treats, CBD pet drops and CBD hemp rub. Each of these products contains numerous ingredients. For example, the Pet Hemp CBD Treats is made up of Apple Cider Vinegar, Rice Bran, Cane Molasses, Rice Flour, Water, Tapioca Starch, Cheese Flavor, Lecithin, Safflower Oil, Glycerin, Passion Flower, Valerian Root, Ginger Root, Ascorbic Acid, Sorbic Acid, Calcium Propionate, CBD Hemp Oil, and Vitamin E. The Hemp CBD Pet Drops contain Rich Hemp Oil, Glucosamine, Chondroitin, MSM, Hyaluronic Acid, Aloe Vera Gel, Fructose, Natural Flavor, and Organic Glycerin.

Currently, at our retail location and on our website, we offer the following products:

<u>Products Produced In-House</u>	<u>White Label Products</u>	<u>Third-Party Products</u>
CBD Bath Bombs	Full-Spectrum CBD Gummies	Jeannie in a Bottle Pain Relief Spray
CBD Bath Fizz	Delta 8 Gummies	ACV for Health ACV+CBD Gummies
CBD Pain Relief Cream	Delta 10 Gummies	Alpilean Weight Loss Supplement

As part of our business strategy, we constantly seek opportunities to add white-label products and third-party products to our product mix.

Retail Location. We currently operate “The CBD Vault,” a retail location located at 10953 N. Frank Lloyd Wright Boulevard, Suite 108, Scottsdale, Arizona 85259, where we sell all of our products. In addition to operating The CBD Vault retail business, the facility also contains a small laboratory in which we conduct research and development activities, in our efforts to product new and exciting products for our customers. Finally, the facility contains a production and fulfillment area, where our products that are made by our company are produced and packaged. Also in this area, we fulfill orders received through our online store.

B. List any subsidiaries, parent company, or affiliated companies.

LBC Bioscience, Inc. is a wholly owned subsidiary of CBD Life Sciences, Inc. and is registered in the State of Nevada.

C. Describe the issuer’s principal products or services.

Currently, at our retail location and on our website, we offer the following products:

<u>Products Produced In-House</u>	<u>White Label Products</u>	<u>Third-Party Products</u>

5) Issuer’s Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

On March 17, 2021, the Company signed a 63-month lease commencing by May 16, 2021, for a 1,360 square foot store front at 10953 N Frank Lloyd Wright Blvd Suite 108 in Scottsdale, Arizona 85259, where we currently operate “The CBD Vault” retail location. In addition to operating The CBD Vault retail business, the facility also contains a small laboratory in which we conduct research and development activities, in our efforts to produce new and exciting products for our customers. Finally, the facility contains a production and fulfillment area, where our products that are made by our company are produced and packaged. Also in this area, we fulfill orders received through our online store.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer’s securities.

If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

CBD LIFE SCIENCES, INC.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED JUNE 30, 2024 AND 2023

Note 1. Nature of Operations and Continuance of Business

The Company was in the business of providing business consulting services until 2006 when on May 15, 2006, it signed a Share Purchase agreement to acquire an undivided 100% right, title, and interest in and to all the outstanding shares of AutoBidLive Auctions Inc. AutoBidLive Auctions Inc was a private company incorporated in the Province of Alberta, Canada whose main asset was a proprietary software to enable real time, online auctions of any product or commodity for use by the wholesale market. This included cars, boats, planes, coins, stamps, industrial products, diamonds, artwork, and livestock. As a result of the closing of the Share Purchase Agreement the Company changed its name from Platinum Consulting Services to AutoBidLive Auctions International Inc. The Company subsequently changed its name again on December 26, 2006, from AutoBidLive Auctions International Inc. to Auctions International Inc. although there was no change in business.

Between 2006 and 2012 the Company continued to develop and market its online auctions software and on November 20, 2012, it entered into an agreement with Rangemore Productions to produce a live interactive auction television series utilizing the AutoBidLive software. This led to a merger with Rangemore Productions, a company that leased film studio space to independent film productions that presented themselves. Although this was a deviation from the original business plan, the management felt that it was an exciting opportunity and decided to pursue it. On December 31, 2012, the Company entered into a Merger Agreement and on June 30, 2013, the merger closed whereby the Company issued 42,942,000 preferred shares for all the assets and liabilities of Rangemore Productions Corp.

Prior to the closing of the Merger Agreement on March 26, 2013, the Company changed its corporate name from Auctions International Inc. to Rangemore Film Productions Corp. to reflect the closing of the Merger Agreement between the Company and Rangemore Productions Corp. and the resulting change in business. On December 19, 2013, the Company again changed its corporate name to Cre8tive Works, Inc. as there was confusion with another company using the name Rangemore but did not change its business plan or operations.

From March 2013 to August 2017 Cre8tive Works was in the business of financing media productions. The term "media productions" includes but is not limited to feature films, documentaries, animation, television series, movies-of-the-week, television specials, webisodes, and soundtracks. The business was not successful and in August of 2017 the management was presented with the opportunity to acquire a technology platform developed to analyze and monitor IT networks for cyber security vulnerabilities and breaches. As a result of the new business the Company changed its name to Optium Cyber Systems, Inc. (OCSI). OCSI developed a proprietary process to analyze, identify/ and address cyber security vulnerabilities in an organization's critical IT infrastructure which is scalable to any size organization in any industry.

On January 1, 2019, the name was changed to CBD Life Sciences, Inc- through a share exchange to capitalize on the growing cannabidiol sector. LBC Bioscience, Inc. is developing and marketing a line of cannabidiol based organic products such as hemp drops, recovery pain relief products, anxiety and sleep solutions, supplements, edibles, bath products, kosher products, and a full line of pet products. In addition, LBC has developed a new and improved along with CBD biodegradable straws. All the manufactured products can be viewed and purchased on the Company website. As a result of the acquisition, the Company changed its name to CBD Life Sciences, Inc. CBD Life Sciences, Inc is a Nevada corporation and is a publicly traded company having its common shares quoted on the OTC Markets under the trading symbol "CBDL".

Going Concern

These financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has not generated revenues sufficient to cover its expenses since inception and is unlikely to generate significant revenue or earnings in the immediate or near future. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations.

The Company will need additional working capital to continue or to be successful in any future business activities. Therefore, the continuation of the Company as a going concern is dependent upon obtaining the additional working capital necessary to accomplish its objective. Management plans to seek debt or equity financing, or a combination of both, to raise the necessary working capital.

Subsidiary

The Company is consolidating its wholly owned subsidiary in the financial statements. On February 8, 2019, the Company completed the acquisition of LBC Bioscience Inc. which was accounted for under ASC 805 and disclosed as a related party transaction.

Summary of Significant Accounting Principles

Basis of Presentation and Principles of Consolidation

These financial statements are prepared in conformity with accounting principles accepted in the United States and are presented in US dollars, unless otherwise noted. The Company's fiscal year end is December 31.

Use of Estimates

The preparation of financial statements in conformity with US accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to the useful life and recoverability of long-lived assets, recoverability of goodwill and intangible assets, fair value of convertible debt, stock-based compensation, and deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience, and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Cash and Cash Equivalents

The Company considers all highly liquid instruments with maturity dates of three months or less at the time of issuance to be cash equivalents.

Inventory

The Company extends unsecured credit to its customers in the ordinary course of business. Accounts receivable related to product sales is recorded at the time the goods are delivered and payment is expected. Product sales are collected within 30 to 60 days after the invoice is received. The Company periodically evaluates its receivables and establishes allowances based on historical experience and other currently available information.

Intangibles Assets

Intangible assets acquired are initially recognized and measured at cost and are not being amortized. Impairment tests are conducted annually or more frequently if events or changes in circumstances indicate that the asset may be impaired. The impairment test compares the carrying amount of the intangible asset with its fair value, and an impairment loss is recognized in income for the excess, if any. The amortization methods and estimated useful lives of intangible assets are reviewed annually.

Earnings Per Share

The Company computes net loss per share in accordance with ASC 260, Earnings per Share, which requires presentation of both basic and diluted earnings per share (EPS) on the face of the statements of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all diluted potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is antidilutive.

Stock-based Compensation

The Company records stock-based compensation in accordance with ASC 718, Compensation - Stock Based Compensation and ASC 505-50 - Equity-Based Payments to Non-Employees. All transactions in which goods or services are the consideration received for the

issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable.

Income Taxes

The Company accounts for income taxes using the asset and liability method in accordance with ASC 740, Accounting for Income Taxes. The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

The Company files federal income tax returns in the United States. The Company may be subject to a reassessment of federal taxes by tax authorities for a period of three years from the date of the original notice of assessment in respect of any tax year. In certain circumstances, the federal statute of limitations can reach beyond the standard three-year period. The statute of limitations in the United States for income tax assessment varies from state to state. Tax authorities have not audited any of the Company's income tax returns. The Company recognizes interest and penalties related to uncertain tax positions in tax expense. During the years ended December 31, 2023 and 2022, there were no charges for interest or penalties.

Financial Instruments and Fair Value Measures

ASC 820, Fair Value Measurements, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

- Level 1: Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2: Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Note 2. Equity

Common Stock

Effective April 22, 2024, a 1:300 reverse split of the Company's common stock occurred. All share numbers and all per share numbers in the accompanying financial statements have been adjusted to reflect such reverse split.
