## Notes to the Financial Statements

### Special Note Concerning New Management Review of these Consolidated Financials

Further review will continue of the Company's books and records, and while no other corrections or adjustments are contemplated, management reserves the right to make them should any be discovered.

#### Note A – Nature of Business and Summary of Significant Accounting Policies

The Company was incorporated in Colorado on November 23, 1994 as BSA SateLink Inc. On September 26, 2008, its wholly owned subsidiary (CBI Acquisition, Inc.) merged with Clear Blue Interactive, dba Affluence Corporation. On December 4, 2008, the Company filed a name change with the State of Colorado, changing its name to Affluence Corporation in order to better reflect the Company's business at that time. BSA Satelink was engaged in the business of satellite dish telemarketing and upon the merger with Affluence Corporation ceased operating in the satellite dish telemarketing business and the principal business became the social network site for affluent individuals. Affluence Corporation maintains a social media website on the internet. Affluence Corporation is now a telecom technology and smart cities company focused on 4G and 5G technology. The Company provides engineering and design services for telecom construction projects as well as smart cities applications worldwide.

#### Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized at the time when the services are provided and earned, and expenses are recorded when incurred.

#### Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

#### Income Taxes

The Company files as a regular C Corporation for Federal tax purposes.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Advertising

The Company expenses all advertising and marketing costs as incurred. Advertising and marketing costs for the Third Quarter 2024 was \$12,000.

#### Fair Value of Financial Instruments

The Company believes that the carrying value of its current assets and current liabilities approximate the fair value of such items due to their short-term nature. The carrying amounts of

cash, accounts receivable, accounts payable and other liabilities are carried at amounts that reasonably approximate their fair values.

#### Property and Equipment

Property and equipment are stated at cost. The Company provides for amortization on the straight-line method and depreciation on the straight-line and MACRS methods over the estimated useful lives of the related assets. Major classes of property and equipment and their related lives are as follows:

Intellectual Property – beginning in 2022 the Company amortizes software development expenses with the Third Quarter 2024 totaling \$3,400

Maintenance and repairs are expensed as incurred. Replacements and betterments are capitalized.

#### Asset Impairment

When the Company has long-lived assets, which have a possible impairment indicator, the Company estimates the future cash flows from the operation of these assets. Because events and circumstances frequently do not occur as expected, there will usually be differences between the estimated and actual future cash flow and these differences may be material. If the estimated cash flows recoup the recorded value of the assets; they remain on the books at that value. If the net recorded value cannot be recovered, the assets are written down to their market value if lower than the recorded value.

#### Note B – Property and Equipment

For the Third Quarter 2024, the Company had \$1,150 of property and equipment with \$156 of amortization expenses for the quarter.
