Notes to the Financial Statements

Special Note Concerning New Management Review of these Consolidated Financials

Further review will continue of the Company's books and records, and while no other corrections or adjustments are contemplated, management reserves the right to make them should any be discovered.

Note A – Nature of Business and Summary of Significant Accounting Policies

The Company was incorporated in Colorado on November 23, 1994 as BSA SateLink Inc. On September 26, 2008, its wholly owned subsidiary (CBI Acquisition, Inc.) merged with Clear Blue Interactive, dba Affluence Corporation. On December 4, 2008, the Company filed a name change with the State of Colorado, changing its name to Affluence Corporation in order to better reflect the Company's business at that time. BSA Satelink was engaged in the business of satellite dish telemarketing and upon the merger with Affluence Corporation ceased operating in the satellite dish telemarketing business and the principal business became the social network site for affluent individuals. Affluence Corporation maintains a social media website on the internet. Affluence Corporation is now a telecom technology and smart cities company focused on 4G and 5G technology. The Company provides engineering and design services for telecom construction projects as well as smart cities applications worldwide.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized at the time when the services are provided and earned, and expenses are recorded when incurred.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Income Taxes

The Company files as a regular C Corporation for Federal tax purposes.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Advertising

The Company expenses all advertising and marketing costs as incurred. Advertising and marketing costs for the Second Quarter 2022 was \$25,000.

Fair Value of Financial Instruments

The Company believes that the carrying value of its current assets and current liabilities approximate the fair value of such items due to their short-term nature. The carrying amounts of cash, accounts receivable, accounts payable and other liabilities are carried at amounts that reasonably approximate their fair values.

Property and Equipment

Property and equipment are stated at cost. The Company provides for amortization on the straight-line method and depreciation on the straight-line and MACRS methods over the estimated useful lives of the related assets. Major classes of property and equipment and their related lives are as follows:

Intellectual Property – not currently amortized

Maintenance and repairs are expensed as incurred. Replacements and betterments are capitalized.

Asset Impairment

When the Company has long-lived assets, which have a possible impairment indicator, the Company estimates the future cash flows from the operation of these assets. Because events and circumstances frequently do not occur as expected, there will usually be differences between the estimated and actual future cash flow and these differences may be material. If the estimated cash flows recoup the recorded value of the assets; they remain on the books at that value. If the net recorded value cannot be recovered, the assets are written down to their market value if lower than the recorded value.

Note B – Property and Equipment

For the Second Quarter 2022, the Company had \$30,866 of property and equipment and \$350 of amortization expenses.

Note C – Stockholders' Equity

On September 29, 1994, the Company incorporated in the State of Colorado with 1,000,000 authorized Common shares, at zero par value.

On April 21, 1998, the Company amended its Articles of Incorporation by increasing the number of authorized Common shares to 100,000,000 with a par value of \$.0001.

On August 25, 2009, management, and certain members of the Affluence board of directors of Affluence Corporation entered into an agreement to purchase all 9,000,000 shares of the founder and largest shareholder, Scott Mitchell and issued a promissory note for &1.1 million secured by the 9,000,000 shares ("the Mitchell Note"). Under the terms of the agreement Mr. Mitchell would no longer have a role in the operations of the company and agreed to resign his seat as a board member. Also, under the agreement Charles Fink, Marc Mitchell and John Linden would resign their board seats as well. Doug Stukel became interim CEO and he, Lee Wiskowski and David Beamish maintained their board seat. In December 2010, the agreement was restructured to provide a monthly payment against the note and a percentage of capital raised to be applied against the obligation owed under the note.

On January 1, 2010, the company agreed to acquire SearchChannel, Inc. The company exchanged 1,500,000 shares of stock, agreed to assume SearchChannel's line of credit of approximately \$62,000 and issued a promissory note for \$100,000 to its founder and lone shareholder William Furlong. As part of the agreement, Mr. Furlong agreed to assume the President's role of the company once the company reached funding levels of \$3 million in operating cash.

On January 1, 2011 Mr. Wiskowski resigned his board seat and Mr. Profita was elected to serve as CEO and on the Board of Directors.

On January 1, 2012 William Furlong resigned as CEO of the company and forfeited a \$100,000 promissory note issued to Mr. Furlong in conjunction with the acquisition of SearchChannel. Michael J. Profita was named CEO of the company.

On June 3, 2012, the Board of Directors unanimously approved to increase the number of authorized shares to 300,000,000. However, this increase was never filed with the State of Colorado, so there was no change made to the Company's Articles of Incorporation, and as such the number of authorized Common shares was never increased.

On September 30, 2012, the board of directors approved the formation of Affluence Connect, PLC a UK based subsidiary formed with the intention of listing its stock on the London GXG Stock Exchange in 2013. In conjunction, the Company issued 2,854,635 shares of stock to Small Cap Consulting, GmbH to facilitate the listing. This transaction was never consummated, and the Company was never listed on the London GX Stock Exchange.

On June 1, 2013, the board of directors approved the purchase of the art collection of Matt Lamb from the Matt Lamb Gallery for \$685,000 in cash and 1 million shares of common stock. The Company financed the purchase through debt funding. It was the intention of the Company to sell the art to premium members once the premium site was built, but due to legal issues the artwork was never delivered to the Company.

On December 31, 2018, the Company amended its Articles of Incorporation by creating 1,000,000 Series A Preferred shares with a par value of \$.00001 and 5,000,000 Series B Convertible Preferred shares with a par value of \$.00001. The two series were created for the purpose of setting up a voting control block (Series A) and to settle long term debt (Series B).

On December 31, 2018, the Company issued 942,700 shares of Series B Convertible Preferred stock to settle \$8,079,268 worth of debt stemming from a long-standing convertible bridge loan. After the settlements, the Company has only \$249,221 of remaining debt.
