

Alternative Reporting Standard: Disclosure Guidelines for the Pink[®] Market

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Disclosure Guidelines (“Guidelines”)¹ that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. Companies on the Pink Market that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.²

Pink Current Information Tier

To qualify for the Current Information Tier:

1. **Subscribe to the OTC Disclosure & News Service:** To submit an application, visit [Gateway](#) to sign in or create a new account. Allow OTC Markets Group 2-4 weeks to process your application and provide authorized user credentials to OTCIQ.
2. **Publish Initial Disclosure:** Upload the following documents through OTCIQ:
 - Annual Report for the most recently completed fiscal year.
 - All Quarterly Reports for the Current Fiscal Year.

Annual or Quarterly Reports are composed of:

- **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. Available as a fillable form beginning on page 4 of these Guidelines.
- **Financial Statements:** Qualifying Financial Statements in accordance with the Financial Statement Requirements specified in Item 9 of these Guidelines.

Qualifying Financial Statements include:

- Audit Letter, if audited
- Balance Sheet
- Statement of Income
- Statement of Cash Flows
- Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- Notes to Financial Statements

¹ These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

² OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the Pink Current Information tier.

3. **Publish Attorney Letter:** If financial statements are not audited by a PCAOB registered firm, companies must retain U.S. counsel to review their disclosure and provide a letter to OTC Markets Group with respect to adequate current information by providing the following:
 - **Attorney Letter Agreement:** The attorney for the company must submit a signed Attorney Letter Agreement according to the [Attorney Letter Agreement Instructions](#).
 - **Attorney Letter:** After the attorney reviews the company's disclosure, publish the "Attorney Letter With Respect to Current Information" through OTCIQ. Attorney Letters must be in accordance with the [Attorney Letter Guidelines](#).
4. **Verify Profile:** Verify the Company Profile through OTCIQ. This includes the complete list of current officers, directors, and service providers; outstanding shares; a business description; contact information; and the names of all company insiders and beneficial owners of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.
5. **OTC Markets Group Processing of Reports:** Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments. Companies will only be evaluated for Current Information once all required documentation has been submitted. A new Attorney Letter is required upon amendment of any referenced report.
6. **Ongoing Requirements:** To qualify for Current Information on an ongoing basis, companies must:
 - Publish reports through OTCIQ on the following schedule:
 - Quarterly Report within **45 days** of the quarter end
 - Annual Report within **90 days** of the fiscal year end
 - Attorney Letter within **120 days** of the fiscal year end if financial statements are unaudited.
 - Maintain a Verified Profile. At least once every six months, review and verify the Company Profile through OTCIQ.
 - Maintain Transfer Agent Verified share data. If your transfer agent participates in the [Transfer Agent Verified Shares Program](#), then your securities must have current share data verified by the transfer agent.

**Company Rafarma Pharmaceuticals Inc.
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD ENDED June 30, 2024**

1. NATURE OF OPERATIONS

The Company "Rafarma Pharmaceuticals Inc. " (the "Company") is owned with an existing portfolio of companies specializing in the development and production of medical equipment, as well as the supply of equipment for hospitals and clinics from Germany, China, Slovakia, etc.

2. Basis of Presentation

The accompanying financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and include all adjustments that, in the opinion of management, are necessary for a fair presentation of the results of the periods presented. All such adjustments are considered of a normal recurring nature. Quarterly results of operations are not necessarily indicative of annual results.

3. RECENT ACCOUNTING PRONOUNCEMENTS

New Accounting Standards Adopted in 2020

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, Financial Instruments-Credit Losses, which requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. We adopted this guidance as of January 1, 2021. Adoption of the standard did not have a material impact on our financial statements.

New Accounting Standards Yet to be Adopted

We do not believe that any other recently issued but not yet effective accounting standards, if adopted, would have a material impact on our financial statements.

4. Common Stock

As of June 30, 2024, the issued and fully paid-up share capital is presented as follows:

	June 30, 2024
Number of ordinary shares	87,766,999
<i>Nominal value of 1share, USD</i>	<i>0.001</i>
Nominal value of shares, <i>USD</i>	87,766
Total share capital, <i>USD</i>	87,766

Basic earnings per share

Basic earnings per share are calculated by dividing the profit attributable to shareholders holding ordinary shares of the Company by the weighted average number of ordinary shares outstanding during the period, net of own shares repurchased from shareholders. The company does not have its own repurchased shares, as well as ordinary shares, potentially diluting earnings per share. Thus, diluted earnings per share equal basic earnings per share.

	30 June 2024	30 June 2023
Profit for the year attributable to shareholders, USD ('000)	51	1,801
Weighted average number of ordinary shares outstanding, numbers	87,766,999	87,766,999
Basic earnings per ordinary share, USD	0.0006	0.0205

5. COMMITMENTS AND CONTINGENCIES

From time to time, the Company is involved in routine litigation that arises in the ordinary course of business. Management does not believe it is reasonably possible that such matters will have a material adverse effect on the Company's financial statements.

6. FAIR VALUE

FASB Codification topic, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value and expands financial statement disclosures about fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Codification topic does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements. The Codification topic requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

As of **June 30**, 2024, we did not have any instruments that require fair value measurement.
