Company Rafarma Pharmaceuticals Inc.
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD ENDED September 30, 2024

1. NATURE OF OPERATIONS

The Company "Rafarma Pharmaceuticals Inc. " (the "Company") is owned with an existing portfolio of companies specializing in the development and production of medical equipment, as well as the supply of equipment for hospitals and clinics from Germany, China, Slovakia, etc.

2. Basis of Presentation

The accompanying financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and include all adjustments that, in the opinion of management, are necessary for a fair presentation of the results of the periods presented. All such adjustments are considered of a normal recurring nature. Quarterly results of operations are not necessarily indicative of annual results.

3. RECENT ACCOUNTING PRONOUNCEMENTS

New Accounting Standards Adopted in 2020

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, Financial Instruments-Credit Losses, which requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. We adopted this guidance as of January 1, 2021. Adoption of the standard did not have a material impact on our financial statements.

New Accounting Standards Yet to be Adopted

We do not believe that any other recently issued but not yet effective accounting standards, if adopted, would have a material impact on our financial statements.

4. Common Stock

As of September 30, 2024, the issued and fully paid-up share capital is presented as follows:

	September 30, 2024
Number of ordinary shares	87,766,999
<i>Nominal value of 1share, USD</i>	<i>0.001</i>
Nominal value of shares, <i>USD</i>	87,766
Total share capital, <i>USD</i>	87,766

Basic earnings per share

Basic earnings per share are calculated by dividing the profit attributable to shareholders holding ordinary shares of the Company by the weighted average number of ordinary shares outstanding during the period, net of own shares repurchased from shareholders. The company does not have its own repurchased shares, as well as ordinary shares, potentially diluting earnings per share. Thus, diluted earnings per share equal basic earnings per share.

	30 September 2024	30 September 2023
Profit for the year attributable to shareholders, USD ('000)	119	945
Weighted average number of ordinary shares outstanding, numbers	87,766,999	87,766,999
Basic earnings per ordinary share, USD	0.0014	0.0108

5. COMMITMENTS AND CONTINGENCIES

From time to time, the Company is involved in routine litigation that arises in the ordinary course of business. Management does not believe it is reasonably possible that such matters will have a material adverse effect on the Company's financial statements.

6. FAIR VALUE

FASB Codification topic, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value and expands financial statement disclosures about fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Codification topic does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements. The Codification topic requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

As of **September 30**, 2024, we did not have any instruments that require fair value measurement.
