Security Description:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of our common stock are entitled to one vote per share on all matters submitted to a vote of the shareholders, including the election of directors. Generally, all matters to be voted on by shareholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all shares of our common stock that are present in person or represented by proxy. Except as otherwise provided by law, amendments to our Articles of Incorporation generally must be approved by a majority of the votes entitled to be cast by all outstanding shares of our common stock. Our Article of Incorporation does not provide for cumulative voting in the election of directors. Holders of our common stock will be entitled to such cash dividends as may be declared from time to time by the Board from funds available. Holders of our common stock have no preemptive rights to purchase shares of our common stock. The issued and outstanding shares of our common stock are not subject to any redemption provisions and are not convertible into any other shares of our capital stock. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to receive pro rata all assets available for distribution to such holders. We have never declared or paid any cash dividends on our common stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or Sinking fund provisions.

Series A Preferred Stock. Voting. On June 13, 2019, the Company designated 100,000,000 shares of Preferred Stock to be Series A Preferred Stock, par value \$0.0001. The par value was changed to \$0.00001 on June 11, 2024. The Series A Preferred Stock has the following voting rights: each share of Series A Preferred Stock shall entitle the holder thereof to 100 votes on all matters submitted to a vote of our shareholders. *Dividends and Distributions.* Subject to the rights of the holders of any shares of any series of our preferred stock ranking prior and superior to the Series A Preferred Stock with respect to dividends, the holders of shares of Series A Preferred Stock, in preference to the holders of shares of our common stock and of any other junior stock, shall be entitled to receive, when, as and if declared by our Board of Directors out of funds legally available for the purpose, quarterly dividends

payable in cash on or about the first day of January, April, July and October in each year. To date, no such dividend has been declared by our Board of Directors. *Liquidation Preference.* Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, no distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received \$1.00 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment (the “Series A Liquidation Preference”). Following the payment of the full amount of the Series A Liquidation Preference, holders of Series A Preferred Stock and holders of shares of our common stock shall receive their ratable and proportionate share of the remaining assets of our company. *Conversion.* At any time after a holding period of one day from the date of issuance, the Series A Preferred Stock may be converted to shares of our common stock at a ratio of one (1) share of Series A Preferred Stock to 100 shares of common stock.

To date, no such dividend has been declared by our Board of Directors. *Liquidation Preference.* Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, the holders of Series B Preferred Stock shall be entitled to \$0.001 per share, plus accrued and unpaid dividends, if any. No distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series B Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received their liquidation preference payments. Following the payment of the full amount of the Series A Liquidation preference payments and the payments to due to the holders of the Series B Preferred Stock, holders of shares of our common stock shall receive their ratable and proportionate share of the remaining assets of our company. *Conversion.* At any time after a holding period of one day from the date of issuance, the Series B Preferred Stock may be converted to shares of our common stock at a ratio of one (1) share of Series B Preferred Stock to 4 shares of common stock. ZICIX CORPORATION
Notes to Unaudited Financial Statements
June 30, 2024

NOTE – 1 DESCRIPTION OF BUSINESS

The financial statements include the accounts of ZICIX Corporation (the“Company”), which was incorporated in Nevada on February 29, 1979. The company did a name change from Bederra Corporation to ZiCIX Corporation on January 24, 2011. The primary business is the development and launch of a coupon redemption app for customers to download on smartphones and other devices.

NOTE – 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include valuation of convertible notes payable and the valuation allowance of deferred tax assets.

Fair value of financial instruments and financial statements

The Company measures financial assets and liabilities in accordance with generally accepted accounting principles. The financial statements have been prepared in accordance with generally accepted accounting principles.

Revenue recognition

Revenue from sales of products and services is recognized when persuasive evidence of an arrangement exists, products have been shipped or services have been delivered to the customer, the price is fixed or determinable and collection is reasonably assured.

Stock-based compensation

The Company accounts for stock-based instruments issued to employees in accordance with ASC Topic 718. ASC Topic 718 requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity based compensation issued to employees and earned. The Company accounts for non-employee share- based awards in accordance with ASC Topic 505-50.

Fixed Assets

Fixed assets are recorded at cost, net of accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Repairs and maintenance are charged to expense as incurred. Expenditures for betterments and renewals are capitalized. The cost of fixed assets and the related accumulated depreciation are removed from the accounts upon retirement or disposal with any resulting gain or loss being recorded in operations.

Intangible Assets

ZICIX CORPORATION
Notes to Unaudited Financial Statements
June 30, 2024

Intangible assets with no determinable life are initially assessed for impairment upon purchase, with subsequent assessments required annually. When there is reason to suspect that their values have been diminished or impaired, a write-down is recognized as necessary. Intangible assets with rights that expire over time are amortized over the time period that the rights exist.

Income taxes

The Company accounts for income taxes using the provisions of Statement of Financial Accounting Standards (“SFAS”) No.109, Accounting for Income Taxes. Under this standard, deferred tax assets and liabilities represent the estimated tax effects of future deductible or taxable amounts attributed to differences between the financial statements carrying amounts and the tax bases of existing assets and liabilities. The standard also allows recognition of income tax benefits for loss carry-forwards, credit carry-forwards and certain temporary differences for which tax benefits have not previously been recorded. Valuation allowances are provided for uncertainties associated with deferred tax assets.

The Company adopted “Accounting for Uncertainty in Income Taxes”. These standards provide detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in the financial statements. Tax positions must meet a “more- likely-than-not” recognition threshold. The Company had no unrecognized tax benefits. During the period ended June 30, 2024, no adjustments were recognized for uncertain tax benefits.

NOTE 3 – GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Currently, the Company has incurred operating losses, and as of June 30, 2024, the Company also had a working capital deficit and an accumulated deficit. These factors raise substantial doubt about the Company’s ability to continue as a going concern. Management believes that the Company’s capital requirement will depend on many factors including the success of the Company’s development efforts and its efforts to raise capital. Management also believes the Company needs to raise additional capital for working capital purposes. There is no assurance that such financing will be available in the future. The conditions described above raise substantial doubt about our ability to continue as a going concern. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amount and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Net loss per share

The Company computes net earnings (loss) per share in accordance with ASC 260-10, “Earnings per Share.” ASC 260- 10 requires presentation of both basic and diluted earnings per share (“EPS”) on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period. Diluted EPS excludes all dilutive potential common shares if their effect is anti-dilutive.
