### Security Description:

1. For common equity, describe any dividend, voting and preemption rights.

Each share of Common Stock is entitled to one vote, does not have pre-emptive rights, has a right to receive dividends when, as and if declared by the Board of Directors and has a right to receive in liquidation all of the assets remaining after payment of creditors and preferential payment to outstanding shares of preferred stock.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Each share of Class D Convertible Preferred Stock is multiplied by 12,418 to determine: its right to vote with common stock as a single class; does not have preemptive rights; a right to receive dividends when, as and if declared on common stock by the Board of Directors; right to convert at any time into 12,418 shares of common stock for each share of preferred stock; a right to receive \$1.00 in liquidation all of the assets remaining after payment of creditors and before any payments to holders of common stock; and, is protected against any change applicable to common stock with respect to dividends, reverse splits but not forward splits, combinations or reclassifications that would seek to reduce treatment of Class D preferences below the 12,418 to 1 conversion ratio to dividends, conversion shares or liquidation rights of \$1.00 per share.

Each share of both Class E Convertible Preferred Stock are multiplied by 25 to determine its right to vote with common stock as a single class; does not have preemptive rights; a right to receive dividends when, as and if declared on common stock by the Board of Directors; right to convert at any time into 25 shares of common stock for each share of preferred stock; a right to receive \$1.00 in liquidation all of the assets remaining after payment of creditors and before any payments to holders of common stock; and is protected against any change applicable to common stock with respect to dividends, reverse splits but not forward splits, combinations or reclassifications that would seek to reduce treatment of Class E preferences below the 25 to 1 conversion ratio to dividends, conversion shares or liquidation rights of \$1.00 per share.

Each share of both Class F Convertible Preferred Stock are multiplied by 10 to determine its right to vote with common stock as a single class; does not have preemptive rights; a right to receive dividends when, as and if declared on common stock by the Board of Directors; right to convert at any time into 25 shares of common stock for each share of preferred stock; a right to receive \$10 in

liquidation all of the assets remaining after payment of creditors and before any payments to holders of common stock; and, is protected against any change applicable to common stock with respect to dividends, reverse splits but not forward splits, combinations or reclassifications that would seek to reduce treatment of Class F preferences below the 10 to 1 conversion ratio to dividends, conversion shares or liquidation rights of \$1.00 per share.

The information contained herein includes certain "forward-looking" statements within the meaning of Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. You can identify these and other forward-looking statements by the use of words such as "anticipates," "expects," "intends," "plans," "predicts," "believes," "seeks," "estimates," "may," "might," "will," "should," "would," "could," "potential," "future," "continue," "ongoing," "forecast," "project," "target" or similar expressions, and variations or negatives of these words. You should not place undue reliance on these forwardlooking statements, which apply only as of the date of this report. These forward- looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions. Although we believe the expectations reflected in these forward- looking statements are reasonable, such expectations cannot guarantee future results, levels of activity, performance, or achievements. Forward-looking statements included in this report and all subsequent written or oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. The forward-looking statements speak only as of the date made, other than as required by law, and we undertake no obligation to publicly update or revise any forward- looking statements, whether because of new information, future events or otherwise.

### A. Summary of our business operations

Our operations are coordinated from our premises at Uhlandstrasse 165/166, Berlin 10719, Federal Republic of Germany (please see also 6) below). We have an employee complement of five, including the Director and Officers named and described in these statements under 7) below.

B. Our subsidiaries, parent company, or affiliated companies.

FF24 Ventures GmbH ("ff24pay.com")
FF24 Merchant Services GmbH ("ff24payments.com")
OK.de Services Inc. and OK.de Services GmbH ("OK.de").

### C. Our principal products or services.

FF24 Merchant Services GmbH and FF24 Ventures GmbH, collectively referred to as the "FinTech companies," operate ff24payments.com—a contemporary, scalable real-time payment platform designed to adapt and expand alongside businesses. The platform offers solutions suitable for both one-time purchases and recurring bookings, catering to a diverse range of online retailers. It targets both large and small businesses, as well as operators of the increasing number of websites relying on "freemium" models for revenue.

The platform currently supports major payment methods, including MasterCard, VISA, SEPA, SOFORT (Sofortüberweisung), and PayPal. Initially focused on marketing and integration with German online shops for 2023, the companies plan to extend their services to the broader European Union in 2024. However, expansion into the USA and Asia is not anticipated in the near future.

If your company does business with international customers or you are looking to expand into new markets, ff24. Payments can help you provide real-time processing and settlement services for payments in the main currencies

ff24.Payments offers a flexible payment platform to help you with your online venture. Process all popular payment methods with just one partner instead of installing a multitude of "payment plugins".

ff24.Payments secure processing - 24/7

Grow and expand globally and increase your sales conversions in other countries by offering your customers their preferred local payment options.

Accept the most widely used card types from customers around the world.

ff24pay.com provides comprehensive banking and instant transfer solutions across a diverse range of major global currencies. Initially focused on individuals and small to medium-sized enterprises (SMEs) utilizing Euros (EUR) as their primary currency, there are plans to extend services to include the British Pound in the future. The platform offers a suite of services for European customers, including IBAN accounts, debit cards, multi-currency processing, SEPA and SWIFT transfers, as well as support for recurring payments.

Accessible applications for both Android and iOS devices will be available for download from the app stores within the target regions of ff24pay.com. Additionally, desktop and laptop versions of the apps will be downloadable to cater to various user preferences. While there is currently no consumer offering specifically tailored for the U.S. market, a version for the U.S. may be introduced at a later date. The existing Android and iPhone apps are readily available for download in the current target regions, offering flexibility for users. Furthermore, desktop and laptop versions, potentially more suitable for SME business users, will also be accessible for download.

Railsr Application: On February 9, 2023, the Bank of Lithuania, acting as the regulator for Railsr, temporarily prohibited the establishment of new business relations with clients. This action was taken in conjunction with an ongoing investigation, requiring Railsr to demonstrate to the regulator's satisfaction a sufficient level of oversight, monitoring, and control regarding both new and existing customers. Railsr has ceased billing the Company's account, prompting the Company to explore alternative strategies to overcome this setback, anticipated to have a lasting negative impact on Railsr.

OK.de Services GmbH, doing business under OK.de, is the home to the OK.de mobile 'free-mailer' email service and an end-to-end secure, encrypted instant messaging platform that captured the attention of the parent holding investment team in Berlin. OK.de offers a range of free services, including a news portal and a comparison portal. The platform aims to build an active user interface connecting people worldwide on a single platform.

A pivotal moment transpired in 2022, as OK.de Services GmbH forged an exclusive contract with a Gibraltar corporation, bestowing upon OK.de the sole rights to acquire the source code of the ok.secure software. This strategic move culminated in the complete acquisition of the software during the fourth quarter of 2023.

Currently catering to approximately 2.3 million users of its email service, OK.de primarily targets the domestic German consumer market. The OK.de IM app, benefiting from military-grade encryption software, mirrors the performance and confidentiality features of the popular Signal IM app. The IM app aligns with FFPP's focus on the growing FinTech segment.

OK.de and FFPP are collaborating with their software development partner to introduce functionalities not yet considered 'standard fare' in the realm of IM apps.

### OK.secure

With OK.secure, OK.de Services GmbH presents free, and absolutely secure messenger service (available as an app for Android and iOS) with a wide range of functions in addition to the classic email mailboxes: chat, telephony, and online storage with military-grade encryption. By the end of 2023, the existing range of services will be expanded to include further services related to "communication and cryptocurrencies." As the first German-speaking provider based in the EU, OK.de is implementing the full integration of a crypto wallet into a messenger service that works with encryption.

Wallet + DeFi

All private data is encrypted end-to-end and integrated into the blockchain to guarantee customers 100% control. With OK.secure, all important data can be stored and managed in a single, secure location for the first time.

The main features at a glance are:

SECURE WALLET - Coins and tokens can be sent and received directly in the chat. Cryptocurrencies are transferred DIRECTLY in the encrypted chat by users, their friends, and contacts. Existing non-custodial wallets can be imported.

DE-FI - Buy and trade digital assets thanks to support for more than 40 blockchains and over 4,000 assets. BTC, ETH, NFT collectibles, and many other assets are freely available.

SHOPPING WITH CRYPTO - Crypto assets can be spent on a variety of gift cards from well-known providers such as Amazon, Mastercard, etc. The number of participating regional and international brands continues to grow.

In addition, our software is designed to be used as a white-label solution. It is therefore fully available to third parties for integration into their payment system world and offers great synergy effects through its use in terms of reducing costs, better utilization of systems and resources, as well as sharing know-how.

### Quarter Developments

Fast Finance Pay Corp continued with its soft launch of DigiClerk.com during the first half of 2024. The platform specializes in Artificial Intelligence (AI)-powered document processing tailored for Certified Public Accountants and Real Estate Investment Trusts. DigiClerk aims to enhance brand visibility and attract potential customers through diverse online marketing channels. This includes employing search engine optimization (SEO) strategies to improve website rankings, targeted online advertising campaigns for specific industry segments, and content marketing to showcase DigiClerk's expertise and offer valuable insights to the REIT and CPA communities. Social media platforms will play a key role in engaging with the target audience and disseminating informative content.

Not only is DigiClerk affordable, but its user-friendly interface provides an efficient avenue for financial experts. Navigating through extensive documents becomes effortless with DigiClerk's advanced machine learning. This automation enhances productivity by simplifying data extraction. Financial professionals can now easily interact with concealed data in documents, boosting decision-making and regulatory compliance. Tailored specifically for finance, DigiClerk reduces complexities while delivering comprehensive document processing. Embrace our affordable AI and harness the advantages of a modern, data-driven environment. Elevate your financial operations with DigiClerk and achieve unprecedented success.

DigiClerk plans to conduct webinars and seminars targeting REITs and CPA firms, addressing their challenges and presenting solutions. Participants will have the opportunity to interact with DigiClerk experts, seek answers to their queries, and gain insights into optimizing cost tracking, data extraction, invoice processing, and financial statement preparation. Additionally, DigiClerk will organize breakfast meets and focused group meetings tailored for CPA firms and REITs, fostering

deeper engagement and addressing their unique needs. These interactive sessions will provide a platform for networking, idea exchange, and exploration of how DigiClerk can efficiently streamline operations and maximize efficiency.

### **FAST FINANCE PAY CORP**

### Notes to Consolidated Financial Statements At and for the Period Ended June 30, 2024

### NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION The Company

The Corporation was formed on December 29, 2008, in the State of Nevada for the purpose of acquiring Xuan Wu International Group, Inc., a Chinese corporation engaged in quarry operations. The Corporation changed its name to Standard Vape Corporation on October 15, 2019, and to Fast Finance Pay Corp. on October 29, 2021. On December 31, 2017, the Corporation acquired The Standard Tobacco Company of Pennsylvania, Inc. ("Standard"), a Nevada corporation engaged in trademark licensing of trademarks acquired for formulations of tobacco that mimic the classic British brands which trademarks had been acquired by Standard. On the same date, the Corporation agreed to return all shares of Xuan Wu International Group, Inc. to its original shareholders. In April 2020, the Corporation formed Neo Virucide, Inc., a Wyoming corporation, as a wholly owned subsidiary, which entered into license and product development agreement with a related party, for NanoNOx<sup>™</sup>, a proprietary nanoparticle designed to deliver nitric oxide upon being inhaled. In February 2021, the Corporation terminated its involvement with NanoNOx™ due to a failure to fund and other issues. On March 15, 2021 the Company acquired two subsidiaries of FF24 Holding AG. The two subsidiaries are engaged in the FinTech space: FF24 Merchant Services GmbH ("ff24payments.com") and FF24 Ventures GmbH ("ff24pay.com"). Further information on the businesses being acquired by FFPP is given below. On November 8, 2022, the Company acquired a German secure email service with 2.3 million users called OK.de Services GmbH (formerly named OK.de).

On May 4, 2023, FINRA announced a reverse stock split of 1 new share for each 25 existing issued and outstanding shares. The Company in May 2023 filed a prospectus to sell up to 20,000,000 Regulation S shares to non-US investors (accredited or unaccredited) exclusively outside of the United States. These Reg S shares have not been registered with the SEC and carry a restricted legend on them.

On October 16, 2023, the Company entered into a joint venture with DigiClerk.com and issued 300,000 Series F Preferred shares for certain intellectual property.

The Company as of quarter-end received a total of \$109,037 in Regulation S share proceeds, but the transfer agent has yet to issue share certificates to investors. The Company recorded a liability for unissued shares on its balance sheet.

During the second quarter of 2024, holders of Series D Preferred and Series E Preferred elected to convert their holdings into common shares.

### **Basis of Presentation**

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in The United States of America and the rules and regulations of the Securities and Exchange Commission ("SEC").

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Use of Estimates**

The preparation of condensed consolidated financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, we evaluate our estimates, including those related to provisions for transaction and credit losses, loss contingencies, income taxes, revenue recognition, and the valuation of goodwill and intangible assets. We base our estimates on historical experience and various other assumptions which we believe to be reasonable under the circumstances.

### Cash

Cash consists principally of currency on hand, and demand deposits at commercial banks. The Company had cash of \$180,000 on June 30, 2024, and \$170,089 on December 31, 2023.

### **Revenue Recognition**

Revenue is recognized in accordance with SEC Staff Accounting Bulletin No. 104, "Revenue Recognition in Financial Statements". The Company recognizes revenue when the significant risks and rewards of ownership have been transferred to the customer pursuant to applicable laws and a regulation, including factors such as when there is evidence of a sale arrangement, delivery has occurred, or service has been rendered, the price to the buyer is fixed or determinable, and collectability is reasonably assured.

### Net Income or (Loss) Per Share of Common Stock

Basic and diluted loss per common share is based upon the weighted average number of common shares outstanding during the period computed under the provisions of Accounting Standards Codification subtopic 260-10, Earnings per Share ("ASC 260-10"). Diluted income (loss) per share includes the dilutive effects of common stock equivalents on an "as if converted" basis.

### Goodwill

Goodwill is the purchase consideration of an acquired business in excess of the aggregate fair value of the identified net assets acquired. The Company allocates goodwill to the reporting unit(s) (generally defined as an operating segment or one level below an operating segment for which financial information is available and reviewed regularly by management) that are expected to benefit from the synergies of the business combination.

The goodwill of each reporting unit is reviewed for impairment annually or whenever events or circumstances indicate that it is more likely than not that the estimated fair value of a reporting unit is below its carrying value. Our annual impairment testing is completed in the fourth quarter. Impairment exists whenever the carrying value of goodwill exceeds its estimated fair value. Adverse changes in impairment indicators such as lower than forecast financial performance, increased competition, increased regulatory oversight, or unplanned changes in operations could result in impairment.

Intangible assets with a defined life are amortized over their useful lives in a manner that best reflects their economic benefit, which may include straight-line or accelerated methods of

amortization. Intangible assets are reviewed for impairment quarterly and whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable and its carrying amount exceeds its fair value. The Company does not have indefinite-lived intangible assets other than goodwill.

### **Intangible Assets**

Intangible assets are stated at the lesser of cost or fair value less accumulated amortization.

### **Fixed Assets**

Property, plant and equipment and rental equipment are stated at cost and depreciated principally using the straight-line method over their estimated useful lives, which are 50 years for buildings, 10 to 20 years for building improvements, up to 3 years for internal use software development costs, 3 to 12 years for machinery and equipment and 4 to 6 years for rental equipment. Major improvements that add to the productive capacity or extend the life of an asset are capitalized while repairs and maintenance are charged to expense. Leasehold improvements are amortized over the shorter of their estimated useful life or the remaining lease term. Fully depreciated assets are retained in fixed assets and accumulated depreciation until they are removed from service. Depreciation expense was \$76,845 and \$56,680 for the periods ended June 30, 2024, and 2023, respectively.

### **Foreign Currency Translation**

Assets and liabilities of the Company's German operations are translated from Euros (the functional currency) into U.S. dollars (the reporting currency) at period-end exchange rates; equity transactions are translated at historical rates; and income and expenses are translated at weighted average exchange rates for the period. Net foreign currency exchange gains or losses resulting from such translations are excluded from the results of operations but are included in other comprehensive income and accumulated in a separate component of stockholders' deficit.

### **Income Taxes**

Income taxes are accounted for using the liability method which requires the recognition of income taxes payable or refundable for the current year and deferred tax liabilities and assets for the future consequences of events that have been recognized in the Company's financial statements or tax returns. Under this method, tax liabilities and assets are determined based on the temporary differences between the financial statement carrying amounts and tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. A valuation allowance is recorded to reduce deferred income tax assets recognized by the amount of any deferred income tax benefits that, based on available evidence, could be realized in future tax years.

### **Fair Value of Instruments**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. A fair value hierarchy has been established based on three levels of inputs, of which the first two are considered observable and the last unobservable.

• Level 1 - Quoted prices in active markets for identical assets or liabilities. These are typically

obtained from real-time quotes for transactions in active exchange markets involving identical assets or liabilities.

- Level 2 Inputs, other than quoted prices included within Level 1, which are observable for the
  asset or liability, either directly or indirectly. These are typically obtained from readily-available
  pricing sources for comparable instruments.
- Level 3 Unobservable inputs, where there is little or no market activity for the asset or liability.
  These inputs reflect the reporting entity's own assumptions of the data that market participants
  would use in pricing the asset or liability, based on the best information available in the
  circumstances.

### **Intercompany Payable**

One of the Company's subsidiaries, OK.de, owes €3,450,000 to a related entity called Fast Finance24 Holding AG for the acquisition of software. This amount is non-interest bearing and is payable upon demand.

### **Recently Issued Accounting Pronouncements**

None that are applicable in fiscal 2024 to company operations.

### **NOTE 3 - GOING CONCERN**

Under ASC 205-40, we have the responsibility to evaluate whether conditions and/or events raise substantial doubt about our ability to meet our future financial obligations as they become due within one year after the date that the financial statements are issued. As required by this standard, our evaluation shall initially not take into consideration the potential mitigating effects of our plans that have not been fully implemented as of the date the financial statements are issued.

In performing the first step of this assessment, we concluded that the following conditions raise substantial doubt about our ability to meet our financial obligations as they become due. We have a history of net losses for the period ended June 30, 2024; we had a cumulative net loss of \$579,018. For the period ended June 30, 2024, we had a working capital of \$121,684. We expect to continue to create limited working capital until such time as our operating segments generate sufficient cash to finance our operations and any debt service requirements.

In performing the second step of this assessment, we are required to evaluate whether our plans to mitigate the conditions above alleviate the substantial doubt about our ability to meet our obligations as they become due within one year after the date that the financial statements are issued. Our future plans include securing additional funding sources that may entail establishing corporate partnerships, establishing licensing revenue agreements, issuing additional convertible debentures or issuing public or private equity securities, including selling common stock through an at-the-market facility (ATM).

There is no assurance that sufficient funds required during the next year or thereafter will be generated from operations or that funds will be available through external sources. The lack of additional capital resulting from the inability to generate cash flow from operations or to raise capital from external sources would force the Company to substantially curtail or cease operations and would, therefore, have a material effect on the business. Furthermore, there can be no assurance that any such required funds, if available, will be available on attractive terms or they will not have a significant dilutive effect on the Company's existing shareholders.

The accompanying consolidated financial statements have been prepared on a going-concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The accompanying consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from uncertainty related to our ability to continue as a going concern.

### **NOTE 4 - PROVISION FOR INCOME TAXES**

The Company files income tax returns in the United States federal jurisdiction and certain state jurisdictions. We did not provide any current or deferred U.S. Federal Income Tax provision or benefit for any of the periods presented because we have experienced operating losses since the date of our incorporation; we were, however, (benefit from) /liable for (\$9,702) and \$7,506 in *foreign taxes* for the periods ended June 30, 2024, and June 30, 2023, respectively. Accounting for the Uncertainty in Income Taxes, when it is more likely than not that a tax asset cannot be realized through future income, the Company must allow for this future tax benefit. We provided full valuation allowance on the net deferred asset, consisting of net operating loss carried forwards, because management has determined that it is more likely than not that we will not earn income sufficient to realize the deferred assets during the carry-forward period.

### **NOTE 5 – JOINT VENTURE**

The Company formed an Indian joint venture called 'DigiClerk' and issued 300,000 Series F Preferred shares with a fair value of \$1,575,000 for permission to use certain intellectual property and software tailored to the financial services sector. This joint venture affords accounting and REIT clients the ability to use artificial intelligence to identify concealed data within documents, boosting decision-making and regulatory compliance. Tailored specifically for finance, DigiClerk reduces complexities while delivering comprehensive document processing.

### **NOTE 6 – SUBSEQUENT EVENTS**

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued.
