Use of estimates

The Company's financial statements have been prepared in accordance with U.S. GAAP. Management evaluates estimates, including those related to contingencies, on an ongoing basis. Estimates are based upon historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Cash & cash equivalents

The company's policy is to consider cash and cash equivalents to consist of checking accounts, money market accounts or certificates of deposit having maturity dates of 180 days or less.
