NOTE 1 — ORGANIZATION AND OPERATIONS

Mayex USA, Inc. (the “Company,” “we,” “us” or “our”), a Nevada corporation, has a fiscal year end of December 31 and is listed on the OTC Pink Markets under the trading symbol MAYX. The Company had abandoned its business and failed to take steps to dissolve, liquidate and distribute its assets. It had also failed to meet the required reporting requirements with the Nevada Secretary of State, hold an annual meeting of stockholders and pay its annual franchise tax from 2021 to 2023 which resulted in its Nevada charter being revoked. The Company also failed to provide adequate current public information as defined in Rule 144, promulgated under the Securities Act of 1933, and was thus subject to revocation by the Securities and Exchange Commission pursuant to Section 12(k) of the Exchange Act. In October 2022, shareholder Judd Holding Corp. filed a petition for custodianship, with the District Court, Clark County, Nevada and was appointed as the custodian of the Company in January 2023. The Company’s Nevada charter was reinstated on January 20th, 2023, and all required reports were filed with the State of Nevada soon after. The custodian was not able to recover any of the Company’s accounting records from previous management but was able to get the shareholder information hence the Company’s outstanding common shares were reflected in the equity section of the accompanying unaudited financial statements.

The company was incorporated in the State of Nevada on December 4th, 1998, as Mayex USA, Inc.

On September 21st, 2022, Judd Holding Corp, a shareholder of the Company, served a demand to the Company, at the last address of record, to comply with the Nevada Secretary of State statues N.R.S. 78.710 and N.R.S. 78.150. On October 27th, 2022, a petition was filed against the Company in the District Court of Clark County, Nevada, entitled “In the Matter of Mayex USA, Inc. a Nevada corporation” under case number A-22-860562-P by Judd Holding Corp., along with an Application for Appointment of Custodian, after several attempts to locate prior management and reinstate the Company’s Nevada charter, which had been revoked.

On January 19th, 2023 the District Court of Clark County, Nevada entered an Order Granting Application for Appointment of Judd Holding Corp, (the “Order”), as Custodian of the Company. Pursuant to the Order, Judd Holding Corp (the “Custodian”) has the authority to take any actions on behalf of the Company, which are reasonable, prudent or for the benefit of pursuant to, including, but not limited to, issuing shares of stock, and issuing new classes of stock, as well as entering in contracts on behalf of the Company. In addition, the Custodian, pursuant to the Order, is required to meet the requirements under the Nevada charter. On January 20th, 2023, the Company filed a Certificate of Reinstatement with the Secretary State of the State of Nevada, which reinstated the Company’s charter and appointed a new Registered Agent in Nevada.

On May 3rd, 2023 the District Court of Clark County, Nevada granted the Custodian’s motion for discharge, entering the final order on May 7th. David Duarte remains the sole officer and director.

On February 29th 2024, the Company’s transfer agent processed the retirement of 10,730,500 shares of common stock that had been previously canceled by district court order within case# A-22-860562-P in Clark County, NV.

On March 7th 2024, majority shareholder JUDD Holding Corp, controlled by David Duarte, submitted a corporate resolution and medallion signature guarantee to the Company’s transfer agent for the cancellation of 12,700,000 shares of the total 13,000,000 shares of common stock issued to JUDD on February 3rd 2023.

On June 7th 2024, the Board approved the issuance of 500,000 shares of Common stock, par value .001, to JUDD Holding Corp for services provided. On June 10th 2024, the Board approved the re-issuance of an aggregate of 419,450 shares of Common stock, par value .001, to four legacy shareholders as part of the Company’s plan of re-capitalization.

On June 12th 2024, Orbit Beyond Inc purchased 750,000 shares of Common Stock (representing 57% of the issued and outstanding shares of the Company) from JUDD Holding Corp for consideration of \$750 and JUDD’s retention of 50,000 shares, constituting a change in majority control. On June 14th 2024, David Duarte resigned from all officer & director positions and appointed Siba Padhi as President & CEO, Secretary, Treasurer, and Director. New mgmt is currently preparing the OTC Change of Control application.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Stock-based Compensation.

In June 2018, the FASB issued ASU 2018-07, *Compensation – Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting*. ASU 2018-07 allows companies to account for non-employee awards in the same manner as employee awards. The guidance is effective for fiscal years beginning after December 15, 2018, and interim periods within those annual periods.

Related Party Transactions

Under ASC 850 "Related Party Transactions" an entity or person is considered to be a "related party" if it has control, significant influence or is a key member of management personnel or affiliate. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. The Company, in accordance with ASC 850 presents disclosures about related party transactions and outstanding balances with related parties.

Derivative Financial Instruments

The Company evaluates its convertible notes to determine if such instruments have derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. For stock-based derivative financial instruments, the Company uses a weighted-average Black-Scholes-Merton option pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification ("Paragraph 820-10-35-37") to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America under U.S. GAAP and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

- Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.
- Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.
- Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company's financial assets and liabilities, such as cash, prepaid expenses and accrued expenses approximate their fair value because of the short maturity of those instruments. The Company's notes payable approximate the fair value of such instruments as the notes bear interest rates that are consistent with current market rates.

Basic and Diluted Income (Loss) Per Share

The Company computes income (loss) per share in accordance with FASB ASC 260. Basic earnings (loss) per share is computed using the weighted-average number of common shares outstanding during the period. Diluted earnings (loss) per share is computed using the weighted-average number of common shares and the dilutive effect of contingent shares outstanding during the period.

Income Taxes

Income taxes are provided for the tax effects of the transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to tax net operating loss carryforwards. The deferred tax assets and liabilities represent the future tax return consequences of these differences, which will either be taxable or deductible when assets and liabilities are recovered or settled, as well as operating loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is established against deferred tax assets when in the judgment of management, it is more likely than not that such deferred tax assets will not become available. Because the judgment about the level of future taxable income is dependent to a great extent on matters that may, at least in part, be beyond the Company's control, it is at least reasonably possible that management's judgment about the need for a valuation allowance for deferred taxes could change in the near term.

Tax benefits are recognized only for tax positions that are more likely than not to be sustained upon examination by tax authorities. The amount recognized is measured as the largest amount of benefit that is greater than 50 percent likely to be realized upon settlement. A liability for "unrecognized tax benefits" is recorded for any tax benefits claimed in the Company's tax returns that do not meet these recognition and measurement standards. As of June 30, 2024 and 2023, no liability for unrecognized tax benefits was required to be reported.

Recently Issued Accounting Pronouncements

The Company has implemented all new applicable accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 - GOING CONCERN

The Company's financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business. As of June 30, 2024, the Company has no source of revenue and has an accumulated deficit of approximately \$39,292 and requires additional funds to support its operations and to achieve its business development goals, the attainment of which are not assured.

These factors and uncertainties raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might incur in the event the Company cannot continue in existence. Management intends to seek additional capital from new equity securities offerings, debt financing and debt restructuring to provide funds needed to increase liquidity, fund internal growth and fully implement its business plan. However, management can give no assurance that these funds will be available in adequate amounts, or if available, on terms that would be satisfactory to the Company.

The timing and amount of the Company's capital requirements will depend on a number of factors, including maintaining its status as a public company and supporting shareholder and investor relations.

NOTE 3 – PROCEEDS FROM RELATED PARTY

During the six months ended June 30 2024 and 2023, majority shareholder JUDD Holding Corp paid \$10,990 and \$16,817 in general & administrative expenses on behalf of the Company, respectively.

NOTE 4 – SUBSEQUENT EVENTS

The Company follows the guidance in Section 855-10-50 of the FASB Accounting Standards Codification for the disclosure of subsequent events. The Company will evaluate subsequent events through the date when the financial statements were issued.
