TIAN'AN PHARMACEUTICAL CO. LTD.
NOTES TO FINANCIAL STATEMENTS
QUARTER TO MARCH 31, 2024 AND 2023

Note 1 – Organization and basis of accounting

Basis of Presentation and Organization

Tian'an Pharmaceutical Co Ltd. (the "**Company**") was established in Nevada in August 2005. The Company invests, advises and builds businesses in the e-commerce, health and wellness, education, food and agriculture, tourism and consumer sectors.

On November 07, 2018, the eighth judicial District Court of Nevada appointed Custodian Ventures, LLC as custodian for the Company. On November 12, 2018, the Company issued 36,000,000 shares of common stock to Custodian Ventures, LLC at par for shares valued at \$36,000 in exchange for settlement of a portion of a related party loan for amounts advanced to the Company in the amount of \$16,300, in addition to a demand note issued to the Company in the amount \$19,700. On November 14, 2018, the Company issued 5,000,000 shares of series A preferred stock to Custodian Ventures, LLC at par for shares valued at \$5,000 in exchange for settlement of a portion of the related party loan in the amount of \$5,000.

On February 01, 2019, Custodian Ventures LLC (the "Seller"), entered into a Stock Purchase Agreement (the "**Stock Purchase Agreement**") pursuant to which the Seller agreed to sell to Springview Inc and Infra AG (together, the "**Purchaser**"), the 36,000,000 common shares and the 5,000,000 preferred shares of the Company (together, the "**Shares**") owned by the Seller, for a total purchase price of \$180,000. As a result of the sale, and David Lazar's resignation as sole officer and director of the Company, there was a change of control of the Company. There is no family relationship or other relationship between the Seller and the Purchaser. On February 5, 2020 the Company issued 45 million preferred shares at par for US\$45,000 to Infra AG and Simon Littlewood in partial settlement of amounts owed.

The Company's Hong Kong incorporated subsidiary, Jiudu International Group Co Ltd (“**Jiudu HK**”) entered into an agreement to acquire a 75% interest in Jiudu (Hainan) Health Industry Group Co., Ltd (“**Jiudu Hainan**”), a holding company set up in Hainan, a free trade port with various incentives for foreign and local businesses, as a Sino-foreign company under Chinese law to enable Jiudu HK to make investments into Chinese businesses. Documents for the approval by the Chinese authorities of Jiudu HK's ownership of Jiudu Hainan were delayed by covid related issues in China, but under the agreement Jiudu HK took management control of Jiudu Hainan effective December 31, 2022. Jiudu Hainan acquired a 75% interest in Guangxi Guizu Sugar Industry Company Limited (“**GSIC**”), a business focused on the health sector incorporated in Guangxi Province, China, effective September 12, 2023.

The accompanying financial statements are prepared on the basis of accounting principles generally accepted in the United States of America (“GAAP”). The Company is a development stage enterprise devoting substantial efforts to establishing a new business, financial planning, raising capital, and research into products which may become part of the Company's product portfolio. The Company has not realized significant sales. A development stage company is defined as one in which all efforts are devoted substantially to establishing a new business and, even if planned principal operations have commenced, revenues are insignificant.

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company hopes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

Note 2 – Summary of significant accounting policies

Principles of Consolidation

The financial statements include the accounts of the Company and the direct and indirect subsidiaries under the control of the Company.

Jiudu Hainan qualifies as a Variable Interest Entity (“VIE”) under the control of Jiudu HK and has been consolidated into Jiudu HK effective December 31, 2022, including the assets and liabilities as at December 31, 2022 but excluding the Profit and Loss and Cash Flow movements prior to that date. Previous businesses disposed of or closed down or ceasing to be under the control of the Company during the year are not included in the consolidation.

Cash and Cash Equivalents

For purposes of reporting within the statements of cash flows, the Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Fair Value of Assets and Liabilities

The recorded amounts for cash and cash equivalents, other current assets, accounts receivable, accounts payable and other current liabilities approximate fair value due to the short-term nature of these assets and liabilities.

Goodwill

The goodwill arises from the investment into Liantong and Jinan Hainan on December 31, 2002. It was accounted for in accordance with US GAAP, which requires that goodwill be reviewed for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Income Taxes

The Company accounts for income taxes pursuant to FASB ASC Topic 740, *Income Taxes*. Under FASB ASC Topic 740, deferred tax assets and liabilities are determined based on temporary differences between the bases of certain assets and liabilities for income tax and financial reporting purposes. The deferred tax assets and liabilities are classified according to the financial statement classification of the assets and liabilities generating the differences.

The Company maintains a valuation allowance with respect to deferred tax assets. The Company establishes a valuation allowance based upon the potential likelihood of realizing the deferred tax asset and taking into consideration the Company's financial position and results of operations for the current period. Future realization of the deferred tax benefit depends on the existence of sufficient taxable income within the carry-forward period under the Federal tax laws.

Changes in circumstances, such as the Company generating taxable income, could cause a change in judgment about the reliability of the related deferred tax asset. Any change in the valuation allowance will be included in income in the year of the change in estimate.

Employee Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with ASC 718 Compensation - Stock Compensation (“ASC 718”). ASC 718 addresses all forms of share-based payment (“SBP”) awards including shares issued under employee stock purchase plans and stock incentive shares. Under ASC 718 awards result in a cost that is measured at fair value on the awards’ grant date, based on the estimated number of awards that are expected to vest and will result in a charge to operations.

Estimates

The financial statements are prepared on the basis of accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the reporting period and December 31, 2021, and expenses for the quarter ended September 30, 2022 and 2021, and cumulative from inception. Actual results could differ from those estimates made by management.

Country and Geopolitical Risk

The Company’s main assets are in Hong Kong SAR and the People’s Republic of China (“China”). The legal protections afforded to shareholders and investors in China differ from those in the United States. As a non-Chinese company, the Company is subject to the risk that regulations may change, be interpreted differently, or it may be treated adversely if relations between China and the US deteriorate which could limit its ability to exercise control over its assets and investments, and could lead to the complete write-off of its assets and investments in China. The Company has limited ability to control this risk, but continuously reviews the carrying value of its investments in China.

Subsequent Event

The Company evaluated subsequent events through the date when financial statements are issued for disclosure consideration.

Recent Accounting Pronouncements

The Company believes it has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

Note 3 – Related party transaction

On February 01, 2019, Custodian Ventures LLC (the “Seller”), entered into a Stock Purchase Agreement (the “Stock Purchase Agreement”) pursuant to which the Seller agreed to sell to Springview Inc and Infra AG (together, the “Purchaser”), the 36,000,000 common shares and the 5,000,000 preferred shares of the Company (together, the “Shares”) owned by the Seller, for a total purchase price of \$180,000. As a result of the sale, and David Lazar’s resignation as sole officer and director of the Company, there was a change of control of the Company. There is no family relationship or other relationship between the Seller and the Purchaser.

As of December 31, 2023 a total of \$53,846 (Dec 31, 2022: \$181,966) remained outstanding to companies associated with the President and to the President. These loans are unsecured, non-interest bearing, and have no specific terms for repayment.

Note 4 – Stockholders Equity

Common Stock

The Common Stock in issue was increased from 81.725 million to 800 million shares via the conversion of Preferred Stock during August 2023.
