Notes to the Interim Condensed Financial Statements

For the three and nine-month periods ended April 30, 2024 and 2023

(Unaudited - Expressed in Canadian dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Spod Lithium Corp. (the “Company” or “Spod”) was incorporated on November 11, 2014 under the laws of British Columbia, Canada. On April 15, 2021, the Company changed its name to EEE Exploration Corp. and on September 21, 2022, the Company name was changed to Spod Lithium Corp. On June 21, 2021, the Company commenced trading on the Canadian Securities Exchange (“CSE” or “Exchange”) under the symbol “SPOD”, and on February 23, 2023, the common shares of the Company also began trading on the OTCQB under the symbol “EEEXF” and then “SPODF” on May 4, 2023. The Company is engaged in the business of mineral exploration. The Company’s corporate head office is located at Suite 1170 - 1040 West Georgia Street, Vancouver, British Columbia, Canada.

These interim condensed financial statements have been prepared on the basis of accounting principles applicable to a going concern which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The Company’s continuing operations, and its financial success will be dependent upon the extent to which it can successfully develop its exploration and evaluation assets and whether those assets contain ore reserves that are economically recoverable. The development of the Company’s business may take many years to be successful and the amount of resulting income, if any, is difficult to determine with any certainty. On April 30, 2024, the Company had not yet achieved profitable operations, incurred a net income of \$599,982 (2023 – loss of \$410,938) for the nine months then ended, had a deficit of \$1,422,651 (July 31, 2023 - \$2,022,633), and expects to incur further losses in the development of its business, all of which casts significant doubt about the Company’s ability to continue as a going concern. These interim condensed financial statements do not reflect any adjustments to the carrying values of assets and liabilities and the reported amounts of expenses and balance sheet classifications that would be necessary if the going concern assumption was not appropriate and such adjustments could be material.

The interim condensed financial statements were approved by the Board of Directors on June 28, 2024.

2. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

These interim condensed financial statements have been prepared in accordance with International Accounting Standard (“IAS”) 34, *Interim Financial Reporting*, as issued by the International Accounting Standards Board (“IASB”). Accordingly, certain information and footnote disclosure normally included in annual financial statements prepared in accordance with International Financial Reporting Standards (“IFRS”) have been omitted or condensed, and therefore these interim condensed financial statements should be read in conjunction with the Company’s July 31, 2023 audited annual financial statements and the notes to such financial statements.

These interim condensed financial statements have been prepared on a historical cost basis, except for financial instruments classified at fair value through profit and loss or fair value through other comprehensive income, if applicable, which are stated at their fair value. These interim condensed financial statements are presented in Canadian dollars, which is also the Company’s functional currency. In addition, these interim condensed financial statements have been prepared using the accrual basis of accounting except for cash flow information.

The interim condensed financial statements have been prepared following the same accounting policies used in the audited annual financial statements for the year ended July 31, 2023.

The accounting policies have been applied consistently to all periods presented in these interim condensed financial statements, unless otherwise indicated.

QUEBEC PROPERTIES***Golden Moon Property***

On August 31, 2020, the Company entered into a property option agreement where it can acquire up to an 80% interest in the Golden Moon Property, comprised of 10 claims located in the Province of Quebec, by spending \$450,000 on the property on or before December 31, 2023, or cash payments in lieu thereof and issuing 1,500,000 common shares. During September 2020, the Company issued 500,000 shares with a fair value of \$25,000 in terms of the option agreement.

During January 2022, the Company acquired a 20% interest in the Golden Moon Property for \$10,000.

During March 2022, the Company acquired the remaining 80% interest in the Golden Moon Property by issuing 1,000,000 common shares with a fair value of \$180,000 as consideration (Note 5). Upon acquiring the remaining 80% interest in the property, the original option agreement from August 31, 2020, was terminated.

The Company now owns a 100% interest in the Golden Moon Property, subject to: a 1% net smelter returns royalty on the property that the Company has granted to Noranda Royalties Inc. ("Noranda") on three mineral claims (the "Noranda Royalty") and a 1% net smelter returns royalty on seven mineral claims comprising the property that the Company previously granted to the prospectors of the property (the "Prospector Royalty"). The Company has the right to repurchase the Noranda Royalty at any time for \$500,000, and the Company also has the right to repurchase the Prospector Royalty at any time for \$500,000.

On October 26, 2022, and amended on October 31, 2023, the Company granted GIA Resources Inc. ("GIA"), a company related through officer in common, an option to earn a 100% interest in the Golden Moon Property, subject to the underlying Noranda Royalty and Prospector Royalty on the property. To earn a 100% interest in the property, GIA is required to make aggregate exploration expenditures of \$450,000 on the property and to issue an aggregate of 1,700,000 common shares to Spod as follows:

On or before	Shares Received	Exploration Expenditures
October 26, 2022	(Received) 250,000	-
October 31, 2024	300,000	\$100,000

Total	\$325,000	3,750,000	\$1,850,000

*On May 29, 2024, the option agreement was amended to extend the date on which the Company must spend at least \$500,000 in exploration expenditures from July 4, 2024 to December 31, 2024, and the minimum of \$1,000,000 from July 4, 2025 to December 31, 2025. The Company also amended the July 4, 2024 issuance of 800,000 shares to 1,175,000 shares and the July 4, 2025 issuance of 1,000,000 shares to 1,375,000 shares to be issued on or before December 31, 2025. The extended dates and modified number of shares are shown in the table (refer to Note 9).

Upon completing all earn-in obligations, the Company will own 100% of the Lithium Grande project, subject to a 2% net smelter return royalty in favor of Noranda. The NSR royalty may be reduced at any time from two percent (2%) to one percent (1%) by paying \$1,000,000 to optionor.

During the period ended April 30, 2024, geological costs of \$431,215 (2023 - \$69,622) were incurred on this property. At April 30, 2024, total project costs are \$736,079 (July 31, 2023 - \$304,864).

The first requirement to incur \$350,000 in exploration expenditures on the property has been met.

*On May 29, 2024, the option agreement was amended to extend the date on which the Company must spend at least \$500,000 in exploration expenditures from August 4, 2024 to December 31, 2024, and the minimum of \$1,000,000 from August 4, 2025 to December 31, 2025. The Company also amended the August 4, 2024 issuance of 800,000 shares to 1,175,000 shares and the July 4, 2025 issuance of 1,000,000 shares to 1,375,000 shares to be issued on or before December 31, 2025. The extended dates and modified number of shares are shown in the table (refer to Note 9).

On successful exercise of the option, the Company will have acquired a 50% interest in the property and the parties will be deemed to have formed a joint venture for the purposes of the continued exploration of the property. Under the joint venture, the Company will be the first operator on the property and each party will be required to contribute its proportionate share of all property expenditures or be diluted accordingly. If a party is diluted to a 2% or lower joint venture interest in the property, then that party's interest in the property will convert into a 2% net smelter returns royalty.

During the year ended, July 31, 2023, the Company paid \$25,000 and issued 500,000 Class A common shares to the sellers on the closing of the agreement with a fair value of \$42,500 (Note 5). On August 3, 2023, the option agreement was amended to extend the requirement to incur \$350,000 to September 18, 2023. The requirement to incur \$350,000 in exploration expenditures on the property has been met.

During the period ended April 30, 2024, acquisition costs of \$134,000 (2023- \$68,381) and geological costs of \$364,384 (2023 - \$17,683) were incurred on this property. At April 30, 2024 total project costs are \$624,915 (July 31, 2023 - \$126,531).

The first requirement to incur \$350,000 in exploration expenditures on the property has been met.

a. Comprised of cash and short term investments.

b. Comprised of accounts payable and due to related party.

The Company has determined the estimated fair values of its financial instruments based on appropriate valuation methodologies; however, considerable judgment is required to develop these estimates. The fair values of the Company's financial instruments are not materially different from their carrying values.

The Company's financial instruments are exposed to certain financial risks, which include the following:

Credit risk

Credit risk is the risk of loss due to the counterparty's inability to meet its obligations. The Company's exposure to credit risk is on its cash. Risk associated with cash is managed through the use of major banks which are high credit quality financial institutions as determined by rating agencies. Other receivables comprise sales tax refunds from the Canadian federal government. Credit risk has been assessed as low.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulties in meeting obligations when they become due. The Company ensures that there is sufficient capital in order to meet short-term operating requirements, after taking into account the Company's holdings of cash. Liquidity risk has been assessed as high.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

Currency Risk

Currency risk is the risk of change in profit or loss that arises from fluctuations of foreign exchange rates and the degree of volatility of these rates. The Company does not use derivative instruments to reduce its exposure to foreign currency risk. The Company does not have any assets or liabilities denominated in foreign currencies and engages in very few transactions denominated in a foreign currency; therefore, its exposure to currency risk is low.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to interest rate risk.

Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or foreign currency risk. The Company is not exposed to price risk.

Consulting fees paid or accrued to a company controlled by a director	9,000	4,000
	119,500	128,881

As at April 30, 2024, the Company holds 250,000 common shares of GIA Resources Inc., a company related through officer in common, with a fair value of \$12,500 (July 31, 2023 - \$12,500) (Note 3).

7. FLOW-THROUGH SHARE LIABILITY

For the purposes of calculating any premium related to the issuances of the flow-through shares, the Company compares the market price of its shares to the subscription price of flow-through shares to determine if there was a premium paid on the flow-through shares (Note 4). As a result, the Company's flow-through liability on issuance of flow-through shares in connection with the private placements is as follows:

	April 30, 2024	July 31, 2023
	\$	\$
Balance, beginning of the period	120,912	32,090
Addition	534,722	200,000
Reversal	(163,014)	(111,178)
Balance, end of the period	492,620	120,912

As of April 30, 2024, the Company is committed to spending approximately \$1,330,074 (July 31, 2023 - \$725,470) in connection with its flow-through offerings. Failure to incur the required eligible expenditures will result in penalties and taxes and the Company will also be liable to indemnify the shareholders for their income taxes and penalties.

8. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders.

The Company considers the items included in shareholders' equity and cash as capital. The Company manages the capital structure and makes adjustments to it in response to changes in economic conditions and the risk characteristics of the underlying assets. The Company's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund exploration activities. To secure the additional capital necessary to pursue these plans, the Company intends to raise additional funds through the equity or debt financing. There were no changes in the Company's approach to capital management since inception. The Company is not subject to any external capital requirements.

9. SUBSEQUENT EVENTS

On May 29, 2024, the Company amended its mineral option agreement with Visible Gold Mines Inc. on the MegaLi Property dated August 3, 2022, and subsequently amended in August 2023. The amended option agreement extends the date on which the Company was to spend at least \$500,000 in exploration expenditures on the MegaLi Property from August 3, 2024 to December 31, 2024. The company will also amend the second-year (2024) issuance and third-year (2025) Class A common shares issuance to Visible Gold Mines Inc. for 1,175,000 and 1,375,000 Class A common shares, respectively. The Company has fulfilled its second-year payment of \$100,000 and has issued on the same date the second-year issuance of 1,175,000 Class A common shares at a price of \$0.06.
