Cautionary Statement Regarding Forward Looking Information

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which can be identified by words such as: “may,” “will,” “should,” “believes,” “expects,” “expected,” “intends,” “plans,” “projects,” “approximate,” “estimates,” “predicts,” “potential,” “outlook,” “forecast,” “anticipates,” “presume,” “assume” and other words and terms of similar meaning (including their negative counterparts or other various or comparable terminology). These forward-looking statements are made pursuant to the Private Securities Litigation Reform Act of 1995, are neither historical facts nor guarantees of future performance and are subject to several factors, risks and uncertainties, the impact or occurrence of which could cause actual results to differ materially from the expected results described in the forward-looking statements. Although it is not possible to create a comprehensive list of all factors that may cause our actual results to differ from the results expressed or implied by our forward-looking statements or that may affect our future results, some of these factors and other risks and uncertainties are described in Item 1A “Risk Factors” of our Annual Report on Form 10-K and in our other periodic filings with the Securities and Exchange Commission (“SEC”) and include, but are not limited to, risks relating to: (i) our operation in highly competitive markets with competitors who may have greater resources than we possess; (ii) our operation in cyclical markets that are sensitive to domestic and foreign economic conditions and events; (iii) our heavy dependence on government contracts that may not be fully funded or may be terminated; (iv) supply chain constraints and inflationary impacts on prices for raw materials and components used in our products; (v) failure of our subcontractors or suppliers to perform their contractual obligations; and (vi) our accounting estimations for over-time contracts and any changes we need to make thereto. You should evaluate all forward-looking statements made in this presentation in the context of these risks and uncertainties. While we believe we have identified and discussed in our SEC filings the material risks affecting our business, there may be additional factors, risks and uncertainties not currently known to us or that we currently consider immaterial that may affect the forward-looking statements we make herein. Given these factors, risks and uncertainties, investors should not place undue reliance on forward-looking statements as predictive of future results. Any forward-looking statement speaks only as of the date on which it is made, and we disclaim any obligation to update any forward-looking statement made in this presentation, except as required by applicable law.

Non-GAAP Financial Measures

The presentation also includes certain financial information that is not presented in accordance with Generally Accepted Accounting Principles (“GAAP”), including, but not limited to, “Adjusted Operating Margin,” “Adjusted Net Earnings Per Share,” “Adjusted EBITDA,” “Free Cash Flow” and “Free Cash Flow Conversion.” While we believe that these non-GAAP financial measures may be useful in evaluating our financial condition and results of operations, this information should be considered supplemental and is not a substitute for financial information prepared in accordance with GAAP. Adjustments to operating profit and margin and net earnings per share have included restructuring charges, impairment charges, gains and losses on the sale of buildings and businesses and inventory write-down charges. Reconciliations of the non-GAAP measures to the most directly comparable GAAP measures can be found in the appendix to this presentation.

This presentation also contains forward-looking non-GAAP financial measures regarding “Adjusted Operating Margin,” “Adjusted Net Earnings per Share,” “Adjusted EBITDA,” “Free Cash Flow” and “Free Cash Flow Conversion.” The forward-looking non-GAAP financial measures are expected to include adjustments similar in nature to those described above though could differ materially and adversely from the results anticipated or implied herein. We cannot, without unreasonable effort or expense, reliably predict the necessary components of the most directly comparable GAAP measures and are unable to present a quantitative reconciliation of these forward-looking non-GAAP financial measures.

Note – numbers in tables may not add to totals due to rounding.

Amounts may not reconcile when totaled due to rounding.

Adjusted EBITDA is defined as net earnings before income taxes, interest, depreciation, amortization, and other adjustments. Adjusted EBITDA is not a measure determined in accordance with GAAP and may not be comparable with the measures as used by other companies, however management believes this adjusted financial measure may be useful in evaluating the financial condition and results of operations of the Company. This information should be considered supplemental and is not a substitute for financial information prepared in accordance with GAAP.

Reconciliation to Adjusted Net Earnings and Diluted Earnings Per Share

USD in millions, except for shares and EPS

	FY 2024 Q4	FY 2023 Q4	FY 2024	FY 2023

Adjusted diluted net earnings per share	\$ 2.16	\$ 2.10	\$ 7.80	\$ 6.15

Amounts may not reconcile when totaled due to rounding.

Results shown above have been adjusted to exclude impacts associated with restructuring and other charges related to continued portfolio shaping activities, asset impairments and other charges due to program termination and the devaluation of an investment, fair value adjustments from businesses being held for sale at year end, a one-time pension settlement charge, as well as impacts from the sale of buildings and a business. While management believes that these adjusted financial measures may be useful in evaluating the financial condition and results of operations of the Company, this information should be considered supplemental and is not a substitute for financial information prepared in accordance with GAAP.

Amounts may not reconcile when totaled due to rounding.

*Refer to Reconciliation to Adjusted Net Earnings and Diluted Earnings Per Share

Free cash flow is defined as net cash provided (used) by operating activities, less purchase of property, plant and equipment, less the benefit from the Receivables Purchase Agreement. Free cash flow conversion is defined as free cash flow divided by adjusted net earnings. Free cash flow and free cash flow conversion are not measures determined in accordance with GAAP and may not be comparable with the measures as used by other companies. However, management believes these adjusted financial measures may be useful in evaluating the liquidity, financial condition and results of operations of the Company. This information should be considered supplemental and is not a substitute for financial information prepared in accordance with GAAP.
