Notes to Condensed Consolidated Financial Statements

(unaudited)

1. Basis of Presentation

Unless the context otherwise requires, the use of the terms "Best Buy," "we," "us" and "our" in these Notes to Condensed Consolidated Financial Statements refers to Best Buy Co., Inc. and its consolidated subsidiaries.

In the opinion of management, the accompanying condensed consolidated financial statements contain all adjustments necessary for a fair presentation as prescribed by accounting principles generally accepted in the United States ("GAAP"). All adjustments were comprised of normal recurring adjustments, except as noted in these Notes to Condensed Consolidated Financial Statements.

Historically, we have generated a higher proportion of our revenue and earnings in the fiscal fourth quarter, which includes the majority of the holiday shopping season in the U.S., Canada and Mexico. Due to the seasonal nature of our business, interim results are not necessarily indicative of results for the entire fiscal year. The interim financial statements and the related notes in this Quarterly Report on Form 10-Q should be read in conjunction with the consolidated financial statements and related notes included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016. The first six months of fiscal 2017 and fiscal 2016 included 26 weeks.

In order to align our fiscal reporting periods and comply with statutory filing requirements, we consolidate the financial results of our Mexico operations on a one month lag. Our policy is to accelerate recording the effect of events occurring in the lag period that significantly affect our consolidated financial statements. No such events were identified for this period.

In preparing the accompanying condensed consolidated financial statements, we evaluated the period from July 31, 2016, through the date the financial statements were issued, for material subsequent events requiring recognition or disclosure. No such events were identified for this period.

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers*, as a new topic, Accounting Standards Codification ("ASC") Topic 606. The new guidance provides a comprehensive framework for the analysis of revenue transactions and will apply to all of our revenue streams. Based on the current effective dates, the new guidance would first apply in the first quarter of our fiscal 2019. While we are still in the process of evaluating the effect of adoption on our financial statements, we do not currently expect a material impact on our results of operations, cash flows or financial position.

In February 2016, the FASB issued ASU 2016-02, *Leases*. The new guidance was issued to increase transparency and comparability among companies by requiring most leases be included on the balance sheet and by expanding disclosure requirements. Based on the current effective dates, the new guidance would first apply in the first quarter of our fiscal 2020. We are still in the process of evaluating the effect of adoption on our financial statements.

In March 2016, the FASB issued ASU 2016-09, Compensation-Stock Compensation: Improvements to Employee Share-Based Payment Accounting. The new guidance was issued to simplify the accounting for share-based payment transactions and includes several changes, including the requirement to recognize the income tax effects of awards that vest or settle as income tax expense and clarification of the presentation of certain components of share-based awards in the statement of cash flows. The new guidance will first apply in the first quarter of our fiscal 2018. We are still in the process of evaluating the effect of adoption on our financial statements.

Changes in Accounting Principles

In the fourth quarter of fiscal 2016, we retrospectively adopted ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs; ASU 2015-15, Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements; and ASU 2015-17, Balance Sheet Classification of Deferred Taxes. The adoption did not have a material impact on our results of operations, cash flows or financial position.

The following table reconciles the balance sheet line items impacted by the adoption of these standards at August 1, 2015:

Balance Sheet	gust 1, 2015 Reported		U 2015-03 & 5 Adjustments		ASU 2015-17 Adjustments	igust 1, 2015 Adjusted

2. Discontinued Operations

Discontinued operations are primarily comprised of Jiangsu Five Star Appliance Co., Limited ("Five Star") within our International segment. In February 2015, we completed the sale of Five Star and recognized a gain on sale of \$99 million. Following the sale of Five Star, we continued to hold as available for sale one retail property in Shanghai, China. In May 2016, we completed the sale of the property and recognized a gain on sale of the property, net of income tax, of \$16 million. The gain on sale of the property is included in Other, net in the Condensed Consolidated Statements of Cash Flows. The presentation of discontinued operations has been retrospectively applied to all prior periods presented.

The aggregate financial results of discontinued operations were as follows (\$ in millions):

		Three Mo	onths	Ended	Six Months Ended

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. To measure fair value, we use a three-tier valuation hierarchy based upon observable and non-observable inputs:

Level 1 — Unadjusted quoted prices that are available in active markets for the identical assets or liabilities at the measurement date.

Level 2 — Significant other observable inputs available at the measurement date, other than quoted prices included in Level 1, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by other observable market data.

Level 3 — Significant unobservable inputs that cannot be corroborated by observable market data and reflect the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The fair value hierarchy requires the use of observable market data when available. In instances where the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. Our assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset or liability.

The following table sets forth, by level within the fair value hierarchy, our financial assets and liabilities that were accounted for at fair value on a recurring basis at July 30, 2016, January 30, 2016, and August 1, 2015, according to the valuation techniques we used to determine their fair values (\$ in millions).

There were no transfers between levels during the periods presented. In addition, there was no change in the beginning and ending balances of items measured at fair value on a recurring basis in the tables above that used significant unobservable inputs (Level 3) for the periods presented.

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Money market funds. Our money market fund investments were measured at fair value as they trade in an active market using quoted market prices and, therefore, were classified as Level 1.

Commercial paper. Our investments in commercial paper were measured using inputs based upon quoted prices for similar instruments in active markets and, therefore, were classified as Level 2.

Time deposits. Our time deposits are balances held with banking institutions that cannot be withdrawn for specified terms without a penalty. Time deposits are held at face value plus accrued interest, which approximates fair value, and are classified as Level 2.

Corporate bonds. Our corporate bond investments were measured at fair value using quoted market prices. They were classified as Level 2 as they trade in a non-active market for which bond prices are readily available.

Foreign currency derivative instruments. Comprised primarily of foreign currency forward contracts and foreign currency swap contracts, our foreign currency derivative instruments were measured at fair value using readily observable market inputs, such as quotations on forward foreign exchange points and foreign interest rates. Our foreign currency derivative instruments were classified as Level 2 as these instruments are custom, over-the-counter contracts with various bank counterparties that are not traded in an active market.

Interest rate swap derivative instruments. Our interest rate swap contracts were measured at fair value using readily observable inputs, such as the LIBOR interest rate. Our interest rate swap derivative instruments were classified as Level 2 as these instruments are custom, over-the-counter contracts with various bank counterparties that are not traded in an active market.

Auction rate securities. Our investments in auction rate securities ("ARS") were classified as Level 3 as quoted prices were unavailable. Due to limited market information, we utilized a discounted cash flow ("DCF") model to derive an estimate of fair value. The assumptions we used in preparing the DCF model included estimates with respect to the amount and timing of future interest and principal payments, forward projections of the interest rate benchmarks, the probability of full repayment of the principal considering the credit quality and guarantees in place and the rate of return required by investors to own such securities given the current liquidity risk associated with ARS.

Marketable securities that fund deferred compensation. The assets that fund our deferred compensation consist of investments in mutual funds. These investments were classified as Level 1 as the shares of these mutual funds trade with sufficient frequency and volume to enable us to obtain pricing information on an ongoing basis.

Assets and Liabilities that are Measured at Fair Value on a Nonrecurring Basis

Assets and liabilities that are measured at fair value on a nonrecurring basis relate primarily to our tangible fixed assets, goodwill and other intangible assets, which are remeasured when the derived fair value is below carrying value on our Condensed Consolidated Balance Sheets. For these assets, we do not periodically adjust carrying value to fair value, except in the event of impairment. When we determine that impairment has occurred, the carrying value of the asset is reduced to fair value and the difference is recorded within operating income in our Condensed Consolidated Statements of Earnings.

The following table summarizes the fair value remeasurements for non-restructuring property and equipment impairments and restructuring impairments recorded during the three and six months ended July 30, 2016, and August 1, 2015 (\$ in millions):

- (1) Remaining net carrying value approximates fair value. Because assets subject to long-lived asset impairment are not measured at fair value on a recurring basis, certain fair value measurements presented in the table may reflect values at earlier measurement dates and may no longer represent the fair values at July 30, 2016, and August 1, 2015.
- (2) See Note 5, Restructuring Charges, for additional information.

All of the fair value remeasurements included in the table above were based on significant unobservable inputs (Level 3). Fixed asset fair values were derived using a DCF model to estimate the present value of net cash flows that the asset or asset group was expected to generate. The key inputs to the DCF model generally included our forecasts of net cash generated from revenue, expenses and other significant cash outflows, such as capital expenditures, as well as an appropriate discount rate. In the case of assets for which the impairment was the result of restructuring activities, no future cash flows have been assumed as the assets will cease to be used and expected sale values are nominal.

Fair Value of Financial Instruments

Our financial instruments, other than those presented in the disclosures above, include cash, receivables, other investments, accounts payable, other payables and long-term debt. The fair values of cash, receivables, accounts payable and other payables approximated carrying values because of the short-term nature of these instruments. If these instruments were measured at fair value in the financial statements, they would be classified as Level 1 in the fair value hierarchy. Fair values for other investments held at cost are not readily available, but we estimate that the carrying values for these investments approximate fair value. See Note 6, *Debt*, for information about the fair value of our long-term debt.

4. Goodwill and Intangible Assets

The carrying values of goodwill and indefinite-lived tradenames for the Domestic segment were \$425 million and \$18 million, respectively, at July 30, 2016, and \$425 million and \$18 million, respectively, at January 30, 2016. The changes in the carrying values of goodwill and indefinite-lived tradenames by segment were as follows in the six months ended August 1, 2015 (\$ in millions):

We may continue to incur immaterial adjustments to the liability for changes in sublease assumptions or potential lease buyouts. In addition, lease payments for vacated stores will continue until leases expire or are terminated. The remaining vacant space liability was \$10 million at July 30, 2016.

Renew Blue Phase 2

In the first quarter of fiscal 2017, we took several strategic actions to eliminate and simplify certain components of our operations and restructure certain field and corporate teams as part of our Renew Blue Phase 2 plan. We recorded a benefit of \$2 million and incurred charges of \$25 million related to Phase 2 of the plan during the second quarter and first six months of

fiscal 2017, respectively. The benefit related to lower severance costs than expected and the charges incurred primarily consisted of employee termination benefits and property and equipment impairments. All restructuring charges related to this plan are from continuing operations and are presented in restructuring charges in our Condensed Consolidated Statements of Earnings.

The composition of the restructuring charges we incurred during the three and six months ended July 30, 2016 for Renew Blue Phase 2 was as follows (\$ in millions):

Canadian Brand Consolidation

In the first quarter of fiscal 2016, we consolidated the Future Shop and Best Buy stores and websites in Canada under the Best Buy brand. This resulted in the permanent closure of 66 Future Shop stores and the conversion of the remaining 65 Future Shop stores to the Best Buy brand. In the second quarter and first six months of fiscal 2017, we incurred \$2 million and \$1 million of restructuring charges related to our Canadian brand consolidation, respectively, which was due to changes in our facility closure and other costs assumptions. In the second quarter of fiscal 2016, we recorded a benefit of \$4 million related primarily to inventory write-downs. In the first six months of 2016 we incurred \$184 million of restructuring charges, which primarily consisted of lease exit costs, a tradename impairment, property and equipment impairments, employee termination benefits and inventory write-downs.

The inventory write-downs related to our Canadian brand consolidation are presented in restructuring charges – cost of goods sold in our Condensed Consolidated Statements of Earnings, and the remainder of the restructuring charges are presented in restructuring charges in our Condensed Consolidated Statements of Earnings.

The composition of total restructuring charges we incurred for the Canadian brand consolidation in the three and six months ended July 30, 2016, and August 1, 2015, as well as the cumulative amount incurred through July 30, 2016, was as follows (\$ in millions):

6. Debt

Short-Term Debt

U.S. Revolving Credit Facility

On June 27, 2016, we entered into a \$1.25 billion five-year senior unsecured revolving credit facility agreement (the "Five-Year Facility Agreement") with a syndicate of banks. The Five-Year Facility Agreement replaced the previous \$1.25 billion senior unsecured revolving credit facility (the "Previous Facility") with a syndicate of banks, which was originally scheduled to expire in June 2019, but was terminated on June 27, 2016. The Five-Year Facility Agreement permits borrowings up to \$1.25 billion and expires in June 2021. At July 30, 2016, there were no borrowings outstanding and \$1.25 billion was available under the Five-Year Facility Agreement. In addition, there were no borrowings outstanding under the Previous Facility as of January 30, 2016, and August 1, 2015.

The interest rate under the Five-Year Facility Agreement is variable and is determined at our option as: (i) the sum of (a) the greatest of (1) JPMorgan Chase Bank, N.A.'s prime rate, (2) the greater of the federal funds rate and the overnight bank funding rate plus, in each case, 0.5%, and (3) the one-month London Interbank Offered Rate ("LIBOR"), subject to certain adjustments plus 1%, and (b) a variable margin rate (the "ABR Margin"); or (ii) the LIBOR plus a variable margin rate (the "LIBOR Margin"). In addition, a facility fee is assessed on the commitment amount. The ABR Margin, LIBOR Margin and the facility fee are based upon our current senior unsecured debt rating. Under the Five-Year Facility Agreement, the ABR Margin ranges from 0.00% to 0.50%, the LIBOR Margin ranges from 0.90% to 1.50%, and the facility fee ranges from 0.100% to 0.250%.

The Five-Year Facility Agreement is guaranteed by certain of our subsidiaries and contains customary affirmative and negative covenants materially consistent with the Previous Facility. Among other things, these covenants restrict us and certain of our subsidiaries' ability to incur certain types or amounts of indebtedness, incur liens on certain assets, make material changes in corporate structure or the nature of our business, dispose of material assets, engage in a change in control transaction, make certain foreign investments, enter into certain restrictive agreements or engage in certain transactions with affiliates. The Five-Year Facility Agreement also contains covenants that require us to maintain a maximum quarterly cash flow leverage ratio and a minimum quarterly interest coverage ratio (both ratios measured quarterly for the previous 12 months). The Five-Year Facility

Agreement contains default provisions including, but not limited to, failure to pay interest or principal when due and failure to comply with covenants.

Long-Term Debt

Long-term debt consisted of the following (\$ in millions):

	July 30, 2016	January 30, 2016	August 1, 2015
2016 Notes	\$ —	\$ 350	\$ 350

Less: current portion (1)	(43)	(395)	(382)
Total long-term debt, less current portion	\$ 1,341	\$ 1,339	\$ 1,220

⁽¹⁾ Our 2016 Notes, due March 15, 2016, were classified in our current portion of long-term debt as of January 30, 2016 and August 1, 2015, respectively. In March 2016, we repaid the 2016 Notes using existing cash resources.

The fair value of total long-term debt, excluding debt discounts and issuance costs and financing and capital lease obligations, approximated \$1,271 million, \$1,543 million, and \$1,572 million at July 30, 2016, January 30, 2016, and August 1, 2015, respectively, based primarily on the market prices quoted from external sources, compared with carrying values of \$1,177 million, \$1,525 million, and \$1,513 million, respectively. If long-term debt was measured at fair value in the financial statements, it would be classified primarily as Level 2 in the fair value hierarchy.

See Note 5, *Debt*, in the Notes to Condensed Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016, for additional information regarding the terms of our debt facilities, debt instruments and other obligations.

7. Derivative Instruments

We manage our economic and transaction exposure to certain risks through the use of foreign currency derivative instruments and interest rate swaps. Our objective in holding derivatives is to reduce the volatility of net earnings, cash flows and net asset value associated with changes in foreign currency exchange rates and interest rates. We do not hold derivative instruments for trading or speculative purposes. We have no derivatives that have credit risk-related contingent features, and we mitigate our credit risk by engaging with major financial institutions as our counterparties.

We record all derivative instruments on our Condensed Consolidated Balance Sheets at fair value and evaluate hedge effectiveness prospectively and retrospectively when electing to apply hedge accounting. We formally document all hedging relations at inception for derivative hedges and the underlying hedged items, as well as the risk management objectives and strategies for undertaking the hedge transaction. In addition, we have derivatives which are not designated as hedging instruments.

Net Investment Hedges

We use foreign exchange forward contracts to hedge against the effect of Canadian dollar exchange rate fluctuations on a portion of our net investment in our Canadian operations. The contracts have terms up to 12 months. For a net investment hedge, we recognize changes in the fair value of the derivative as a component of foreign currency translation within other comprehensive income to offset a portion of the change in translated value of the net investment being hedged, until the investment is sold or liquidated. We limit recognition in net earnings of amounts previously recorded in other comprehensive income to circumstances such as complete or substantially complete liquidation of the net investment in the hedged foreign operation. We report the ineffective portion of the gain or loss, if any, in net earnings.

Interest Rate Swaps

We use "receive fixed-rate, pay variable-rate" interest rate swaps to mitigate the effect of interest rate fluctuations on a portion of our 2018 Notes and 2021 Notes. Our interest rate swap contracts are considered perfect hedges because the critical terms and notional amounts match those of our fixed-rate debt being hedged and are therefore accounted as fair value hedges using the shortcut method. Under the shortcut method, we recognize the change in the fair value of the derivatives with an offsetting change to the carrying value of the debt. Accordingly, there is no impact on our Condensed Consolidated Statements of Earnings from the fair value of the derivatives.

Derivatives Not Designated as Hedging Instruments

We use foreign currency forward contracts to manage the impact of fluctuations in foreign currency exchange rates relative to recognized receivable and payable balances denominated in non-functional currencies and on certain forecast inventory purchases denominated in non-functional currencies. The contracts generally have terms of up to 12 months. These derivative instruments are not designated as hedging relationships, and, therefore, we record gains and losses on these contracts directly to net earnings.

Summary of Derivative Balances

The following table presents the gross fair values for outstanding derivative instruments and the corresponding classification at July 30, 2016, January 30, 2016, and August 1, 2015 (\$ in millions):

8. Earnings per Share

We compute our basic earnings per share based on the weighted-average number of common shares outstanding and our diluted earnings per share based on the weighted-average number of common shares outstanding adjusted by the number of additional shares that would have been outstanding had potentially dilutive common shares been issued. Potentially dilutive securities include stock options, nonvested share awards and shares issuable under our employee stock purchase plan. Nonvested market-based share awards and nonvested performance-based share awards are included in the average diluted shares outstanding for each period if established market or performance criteria have been met at the end of the respective periods.

The following table presents a reconciliation of the numerators and denominators of basic and diluted earnings per share from continuing operations for the three and six months ended July 30, 2016, and August 1, 2015 (\$ and shares in millions):

		Three Mon	ths l	Ended	Six Months Ended

Basic	\$	0.57	\$	0.47	\$	1.27	\$	0.57		
Diluted	\$	0.56	\$	0.46	\$	1.26	\$	0.57		

The computation of weighted-average common shares outstanding, assuming dilution, excluded options to purchase 8.8 million and 10.4 million shares of or common stock for the three months ended July 30, 2016, and August 1, 2015, respectively, and

options to purchase 8.8 million and 10.4 million shares of our common stock for the six months ended July 30, 2016, and August 1, 2015, respectively. These amounts were excluded as the options' exercise prices were greater than the average market price of our common stock for the periods presented, and, therefore, the effect would be anti-dilutive (i.e., including such options would result in higher earnings per share).

9. Comprehensive Income

The following tables provide a reconciliation of the components of accumulated other comprehensive income, net of tax, attributable to Best Buy Co., Inc. for the three and six months ended July 30, 2016, and August 1, 2015 (\$ in millions):

The gains and losses on our net investment hedges, which are included in foreign currency translation adjustments, were not material for the periods presented. There is generally no tax impact related to foreign currency translation adjustments, as the earnings are considered permanently reinvested.

10. Repurchase of Common Stock

We have a \$5.0 billion share repurchase program that was authorized by our Board of Directors in June 2011. There is no expiration date governing the period over which we can repurchase shares under the June 2011 share repurchase program. As of January 30, 2016, \$3.0 billion remained available for share repurchases. On February 25, 2016, we announced our intent to repurchase up to an additional \$1.0 billion over two years.

On January 22, 2016, we entered into a variable notional accelerated share repurchase agreement ("ASR") with a third party financial institution to repurchase \$150 million to \$175 million of our common stock. Under the agreement, we paid \$175 million at the beginning of the contract and received an initial delivery of 4.4 million shares on January 25, 2016. We retired these shares and recorded a \$120 million reduction to shareholders' equity. As of January 30, 2016, the remaining \$55 million was included as a reduction of shareholders' equity in Prepaid share repurchase in the Condensed Consolidated Balance Sheets. The ASR was settled on February 17, 2016, for a final notional amount of \$165 million. Accordingly, we received 1.6 million shares, which were retired, and a \$10 million cash payment from our counter-party equal to the difference between the \$175 million up-front payment and the final notional amount.

The following table presents information regarding the shares we repurchased during the three months and six months ended July 30, 2016 and August 1, 2015 (\$, except per share amounts, and shares in millions):

At July 30, 2016, approximately \$2.7 billion remained available for additional purchases under the June 2011 share repurchase program. Repurchased shares are retired and constitute authorized but unissued shares.

11. Segments

Our chief operating decision maker ("CODM") is our Chief Executive Officer. Our business is organized into two segments: Domestic (which is comprised of all operations within the U.S. and its districts and territories) and International (which is comprised of all operations outside the U.S. and its territories). Our CODM has ultimate responsibility for enterprise decisions. Our CODM determines, in particular, resource allocation for, and monitors performance of, the consolidated enterprise, the Domestic segment and the International segment. The Domestic and International segment managers have responsibility for operating decisions, allocating resources and assessing performance within their respective segments. Our CODM relies on internal management reporting that analyzes enterprise results to the net earnings level and segment results to the operating income level.

We aggregate our Canada and Mexico businesses into one International operating segment. Our Domestic and International operating segments also represent our reportable segments. The accounting policies of the segments are the same as those described in Note 1, *Summary of Significant Accounting Policies*, in the Notes to Condensed Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016.

Revenue by reportable segment was as follows (\$ in millions):

12. Contingencies

We are involved in a number of legal proceedings. Where appropriate, we have made accruals with respect to these matters, which are reflected in our Condensed Consolidated Financial Statements. However, there are cases where liability is not probable or the amount cannot be reasonably estimated and, therefore, accruals have not been made. We provide disclosure of matters where we believe it is reasonably possible the impact may be material to our Condensed Consolidated Financial Statements.

Securities Actions

In February 2011, a purported class action lawsuit captioned, IBEW Local 98 Pension Fund, individually and on behalf of all others similarly situated v. Best Buy Co., Inc., et al., was filed against us and certain of our executive officers in the U.S. District Court for the District of Minnesota. This federal court action alleges, among other things, that we and the officers named in the complaint violated Sections 10(b) and 20A of the Exchange Act and Rule 10b-5 under the Exchange Act in connection with press releases and other statements relating to our fiscal 2011 earnings guidance that had been made available to the public. Additionally, in March 2011, a similar purported class action was filed by a single shareholder, Rene LeBlanc, against us and certain of our executive officers in the same court. In July 2011, after consolidation of the IBEW Local 98 Pension Fund and Rene LeBlanc actions, a consolidated complaint captioned, IBEW Local 98 Pension Fund v. Best Buy Co., Inc., et al., was filed and served. We filed a motion to dismiss the consolidated complaint in September 2011, and in March 2012, subsequent to the end of fiscal 2012, the court issued a decision dismissing the action with prejudice. In April 2012, the plaintiffs filed a motion to alter or amend the court's decision on our motion to dismiss. In October 2012, the court granted plaintiff's motion to alter or amend the court's decision on our motion to dismiss in part by vacating such decision and giving plaintiff leave to file an amended complaint, which plaintiff did in October 2012. We filed a motion to dismiss the amended complaint in November 2012 and all responsive pleadings were filed in December 2012. A hearing was held on April 26, 2013. On August 5, 2013, the court issued an order granting our motion to dismiss in part and, contrary to its March 2012 order, denying the motion to dismiss in part, holding that certain of the statements alleged to have been made were not forward-looking statements and therefore were not subject to the "safe-harbor" provisions of the Private Securities Litigation Reform Act. Plaintiffs moved to certify the purported class. By Order filed August 6, 2014, the court certified a class of persons or entities who acquired Best Buy common stock between 10:00 a.m. EDT on September 14, 2010, and December 13, 2010, and who were damaged by the alleged violations of law. The 8th Circuit Court of Appeals granted our request for interlocutory appeal. On April 12, 2016, the 8th Circuit held the trial court misapplied the law and reversed the class certification order. IBEW petitioned the 8th Circuit for a rehearing en banc, which was denied on June 1, 2016. We await a decision by IBEW as to whether it will appeal. We continue to believe that these allegations are without merit and intend to vigorously defend our company in this matter.

In June 2011, a purported shareholder derivative action captioned, Salvatore M. Talluto, Derivatively and on Behalf of Best Buy Co., Inc. v. Richard M. Schulze, et al., as Defendants and Best Buy Co., Inc. as Nominal Defendant, was filed against both present and former members of our Board of Directors serving during the relevant periods in fiscal 2011 and us as a nominal defendant in the U.S. District Court for the State of Minnesota. The lawsuit alleges that the director defendants breached their fiduciary duty, among other claims, including violation of Section 10(b) of the Exchange Act and Rule 10b-5 thereunder, in failing to correct public misrepresentations and material misstatements and/or omissions regarding our fiscal 2011 earnings projections and, for certain directors, selling stock while in possession of material adverse non-public information. Additionally, in July 2011, a similar purported class action was filed by a single shareholder, Daniel Himmel, against us and certain of our executive officers in the same court. In November 2011, the respective lawsuits of Salvatore M. Talluto and Daniel Himmel were consolidated into a new action captioned, In Re: Best Buy Co., Inc. Shareholder Derivative Litigation, and a stay ordered pending the close of discovery in the consolidated IBEW Local 98 Pension Fund v. Best Buy Co., Inc., et al. case. Additionally, in June 2015, a similar purported class action was filed by a single shareholder, Khuong Tran, derivatively on behalf of Best Buy Co., Inc. against us and certain of our executive officers and directors in the same court. The Tran lawsuit has also been stayed pending the close of discovery in IBEW.

The plaintiffs in the above securities actions seek damages, including interest, equitable relief and reimbursement of the costs and expenses they incurred in the lawsuits. As stated above, we believe the allegations in the above securities actions are without merit, and we intend to defend these actions vigorously. Based on our assessment of the facts underlying the claims in the above securities actions, their respective procedural litigation history and the degree to which we intend to defend our company in these matters, the amount or range of reasonably possible losses, if any, cannot be estimated.

Cathode Ray Tube Action

On November 14, 2011, we filed a lawsuit captioned *In re Cathode Ray Tube Antitrust Litigation* in the United States District Court for the Northern District of California. We alleged that the defendants engaged in price fixing in violation of antitrust regulations relating to cathode ray tubes for the time period between March 1, 1995, through November 25, 2007. In connection with this action, we received settlement proceeds, net of legal expenses and costs, in the amount of \$75 million during fiscal 2016. In the first quarter of fiscal 2017, we settled with the remaining defendants for \$161 million, net of legal expenses and costs; \$127 million of which we have received and \$34 million of which we expect to receive in January 2017 or earlier. Settlement proceeds were recognized in Cost of goods sold with the associated legal expenses recorded in SG&A. This matter is now resolved.

Other Legal Proceedings

We are involved in various other legal proceedings arising in the normal course of conducting business. For such legal proceedings, we have accrued an amount that reflects the aggregate liability deemed probable and estimable, but this amount is not material to our consolidated financial position, results of operations or cash flows. Because of the preliminary nature of many of these proceedings, the difficulty in ascertaining the applicable facts relating to many of these proceedings, we are not able to estimate an amount or range of any reasonably possible additional losses. However, based upon our historical experience, the resolution of these proceedings is not expected to have a material effect on our consolidated financial position, results of operations or cash flows.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Unless the context otherwise requires, the use of the terms "Best Buy," "we," "us" and "our" in the following refers to Best Buy Co., Inc. and its consolidated subsidiaries. Any references to our website addresses do not constitute incorporation by reference of the information contained on the websites.

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to provide a reader of our financial statements with a narrative from the perspective of our management on our financial condition, results of operations, liquidity and certain other factors that may affect our future results. Unless otherwise noted, transactions and other factors significantly impacting our financial condition, results of operations and liquidity are discussed in order of magnitude. Our MD&A is presented in seven sections:

- Overview
- · Business Strategy Update
- Results of Operations
- Liquidity and Capital Resources
- Off-Balance-Sheet Arrangements and Contractual Obligations
- Significant Accounting Policies and Estimates
- New Accounting Pronouncements
- Safe Harbor Statement Under the Private Securities Litigation Reform Act

Our MD&A should be read in conjunction with our Annual Report on Form 10-K for the fiscal year ended January 30, 2016 (including the information presented therein under *Risk Factors*), as well as our reports on Forms 10-Q and 8-K and other publicly available information. All amounts herein are unaudited.

Overview

We are a leading provider of technology products, services and solutions. We offer these products and services to the customers who visit our stores, engage with Geek Squad agents or use our websites or mobile applications. We have operations in the U.S., Canada, Mexico and China. We operate two reportable segments: Domestic and International. The Domestic segment is comprised of all operations within the U.S. and its districts and territories. The International segment is comprised of all operations outside the U.S. and its territories.

Our business, like that of many retailers, is seasonal. A higher proportion of our revenue and earnings is generated in the fiscal fourth quarter, which includes the majority of the holiday shopping season in the U.S., Canada and Mexico ("Holiday").

Throughout this MD&A, we refer to comparable sales. Our comparable sales calculation compares revenue from stores, websites and call centers operating for at least 14 full months, as well as revenue related to certain other comparable sales channels for a particular period to the corresponding period in the prior year. Relocated stores, as well as remodeled, expanded and downsized stores closed more than 14 days, are excluded from the comparable sales calculation until at least 14 full months after reopening. Acquisitions are included in the comparable sales calculation beginning with the first full quarter following the first anniversary of the date of the acquisition. The calculation of comparable sales excludes the impact of revenue from discontinued operations and the effect of fluctuations in foreign currency exchange rates (applicable to our International segment only). The Canadian brand consolidation, which included the permanent closure of 66 Future Shop stores, the conversion of 65 Future Shop stores to Best Buy stores and the elimination of the Future Shop website, has a material impact on a year-over-year basis on the remaining Canadian retail stores and the website. As such, beginning in fiscal 2016, all Canadian store and website revenue has been removed from the comparable sales base and the International segment no longer has a comparable metric. Therefore, Enterprise comparable sales equals the Domestic segment comparable sales. The method of calculating comparable sales varies across the retail industry. As a result, our method of calculating comparable sales may not be the same as other retailers' methods.

Non-GAAP Considerations

This MD&A includes financial information prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), as well as certain adjusted or non-GAAP financial measures such as constant currency, non-GAAP operating income, non-GAAP effective tax rate, non-GAAP net earnings from continuing operations, non-GAAP diluted earnings per share ("EPS") from continuing operations and non-GAAP debt to earnings before interest, income taxes, depreciation, amortization and rent ("EBITDAR") ratio. We believe that non-GAAP financial measures, when reviewed in conjunction with

GAAP financial measures, can provide more information to assist investors in evaluating current period performance and in assessing future performance. For these reasons, our internal management reporting also includes non-GAAP measures. Generally, non-GAAP measures include adjustments for items such as restructuring charges, goodwill impairments, non-restructuring asset impairments and gains or losses on investments. In addition, certain other items may be excluded from non-GAAP financial measures when we believe this provides greater clarity to management and our investors. These non-GAAP financial measures should be considered in addition to, and not superior to or as a substitute for, GAAP financial measures. We strongly encourage investors and shareholders to review our financial statements and publicly-filed reports in their entirety and not to rely on any single financial measure. Non-GAAP measures as presented herein may not be comparable to similarly titled measures used by other companies.

In our discussions of the operating results of our consolidated business and our International segment, we sometimes refer to the impact of changes in foreign currency exchange rates or the impact of foreign currency exchange rate fluctuations, which are references to the differences between the foreign currency exchange rates we use to convert the International segment's operating results from local currencies into U.S. dollars for reporting purposes. We also use the term "constant currency", which represents results adjusted to exclude foreign currency impacts. We calculate the impact as the difference between the current period results translated using the current period currency exchange rates and using the comparable prior period's currency exchange rates. We believe the disclosure of revenue changes in constant currency provides useful supplementary information to investors in light of significant fluctuations in currency rates and our ongoing inability to report comparable store sales for the International segment as a result of the Canadian brand consolidation.

Refer to the *Non-GAAP Financial Measures* section below for the detailed reconciliation of items that impacted the non-GAAP operating income, non-GAAP effective tax rate, non-GAAP net earnings from continuing operations and non-GAAP diluted EPS from continuing operations in the presented periods.

Refer to the *Other Financial Measures* section below for the detailed reconciliation of items that impacted the non-GAAP debt to EBITDAR ratio. Management believes this ratio is an important indicator of our creditworthiness. Furthermore, we believe that our non-GAAP debt to EBITDAR ratio is important for understanding our financial position and provides meaningful additional information about our ability to service our long-term debt and other fixed obligations and to fund our future growth. We also believe our non-GAAP debt to EBITDAR ratio is relevant because it enables investors to compare our indebtedness to that of retailers who own, rather than lease, their stores. Our decision to own or lease real estate is based on an assessment of our financial liquidity, our capital structure, our desire to own or to lease the location, the owner's desire to own or to lease the location and the alternative that results in the highest return to our shareholders.

Business Strategy Update

In the second quarter of fiscal 2017, we delivered Enterprise revenue of \$8.5 billion and our diluted earnings per share from continuing operations increased 21.7% to \$0.56 versus \$0.46 last year. Our non-GAAP diluted earnings per share from continuing operations for the second quarter of fiscal 2017 was \$0.57 versus \$0.49 last year, an increase of 16.3%. These results were due to the strong performance of both our Domestic and International segments.

In our Domestic segment, we delivered comparable sales of 0.8% for the second quarter of fiscal 2017. We saw continued positive momentum in our online channel, delivering a 23.7% Domestic segment online comparable sales growth in the second quarter of fiscal 2017 versus 17.0% in the second quarter of fiscal 2016. Similar to the trend in the first quarter of fiscal 2017, we saw year-over-year sales growth in health and wearables, home theater and appliances, partially offset by continued softness in mobile phones and gaming.

We also continued to see considerable year-over-year improvement in our overall Net Promoter Score, which increased approximately 500 basis points compared to the second quarter of fiscal 2016.

In our International segment, revenue declined 1.0% in the second quarter of fiscal 2017 versus our guidance of a 5% to 10% decline. On a constant currency basis, revenue grew 4.1% in the second quarter of fiscal 2017, driven by strong execution and higher than expected sales retention in Canada.

We have also continued to make progress against our fiscal 2017 priorities. Our first priority is to build on our strong industry position and multi-channel capabilities to drive the existing business. Below is an overview of our progress against these initiatives:

• Home Theater: Our market-leading customer experience around 4K and large screen premium technologies and our 79 Magnolia Design Center stores within a store, continue to drive sales growth. During the second quarter of fiscal

- 2017, we opened 376 new LG experiences in our stores, in addition to our existing 660 Samsung and 388 Sony experiences.
- Appliances: We leveraged our 200 Pacific Kitchen & Home stores within a store to deliver 8.2% comparable sales growth in the second quarter of fiscal 2017 versus 20.7% comparable sales growth in the second quarter of fiscal 2016. During the quarter, we implemented a number of improvements to our installation and delivery capabilities, including the ability for online and in-store customers to choose a shorter delivery time window at the point of purchase. In the long term, we believe these innovative improvements will contribute to the continued growth of our appliance business. However, they did result in short-term disruptions that negatively impacted this quarter's comparable sales growth rate.
- Computing: In computing, similar to home theater, our partnerships with key vendors, the strength of our market-leading position and our focus on assortment management and solution selling have created a superior customer experience.
- Mobile: As expected, revenue declined during the first half of fiscal 2017. We expect this trend to reverse in the second half of fiscal 2017, as anticipated product launches stimulate consumer demand and as we lap the sales declines seen in the category last year.
- Entertainment: We continue to expand our presence in virtual reality. By Holiday, we expect to be selling an expanded assortment of virtual reality products in the vast majority of our stores, and we expect to have more than 500 stores equipped with demonstration stations so customers can try out this exciting new technology. We believe virtual reality has the potential to contribute to our growth in the future, but we do not expect a material financial impact this fiscal year, given the timing of launches, inventory availability and the fact that we are early in the cycle.
- Services: We continue to drive improvements in our service quality and increase our Net Promoter Score. As expected, overall services comparable sales declined during the second quarter of fiscal 2017 due to the carryover effect of the pricing investments we made in September 2015, as well as the ongoing reduction of repair revenue driven by lower frequency of claims on our extended warranties. We did see less of a sales decline this quarter compared to the past several quarters, and as we begin to anniversary the pricing investment, we expect comparable sales in our services business to be flat to slightly positive in the second half of fiscal 2017.
- Online: Our 23.7% Domestic segment online comparable sales growth was driven by the continued improvements to our digital customer experience and enhanced dot-com capabilities. These include, for example, faster shipping, responsive design, a more streamlined checkout process, improved search functionality, better visibility for open box and clearance items and more relevant product recommendations. Also, in our mobile app, we have implemented distilled reviews on over 40,000 SKUs. This means customers don't have to wade through hundreds or sometimes thousands of reviews, but can instead read a quick summary of the pros and cons of a product. In addition, across platforms we can show customers products that are available in the store closest to them and show which products are actually displayed in stores near them if they are interested in experiencing the product before they buy. Our e-commerce focus has evolved from a phase of building foundations to a phase of driving innovations for our customers, and we are excited about the customer experience improvements still in the pipeline yet for this fiscal year.
- Retail stores: Given the complexity of technology and the needs of our customers, our stores are a key asset for us. The level of proficiency and engagement of our associates is continuing to increase as manifested by the significant increase of our Net Promoter Scores. This is the result of a deliberate and systematic effort to lift the capabilities and performance of each individual associate. This effort includes investment in training and daily coaching with a heightened focus on product knowledge and selling skills. Additionally, we are ensuring that our store general managers and assistant managers remain with their stores longer, allowing them to be more effective at training, coaching and more broadly leading their teams. We are also improving our store associate retention rates, particularly across our sales roles.
- International segment: Our Canadian transformation is continuing to make good progress. As reflected in our revenue performance, customer retention is proving to be higher than expected. Our team is focused on continuing to invest in our stores and online channel, to improve the customer experience and financial performance, something that has been enabled by the consolidation of the two brands we had in Canada. Similar to the Domestic segment, we are partnering with key vendors to upgrade our Canadian stores.

Our second fiscal 2017 priority is to reduce cost and drive efficiency throughout the business. As we have stated previously, reducing cost is essential for us to be able to fund our investments, build our resilience to product cycles and increase our profitability over time. The key element to achieving this is simplifying and streamlining our core business processes, simultaneously improving the customer and employee experience and driving costs out. As it relates to our Renew Blue Phase 2 cost reduction and gross profit optimization target of \$400 million over three years, we achieved another \$50 million in the second quarter of fiscal 2017, bringing our current total to \$250 million.

Our third fiscal 2017 priority is to advance key initiatives to drive future growth and differentiation. We intend to be the company that makes it easy for customers to learn about and enjoy the latest technology as they pursue their passions and take

care of what is important to them in their lives. With our combination of digital, store and in-home assets, we feel we have a great opportunity to address key customer pain points, build stronger ongoing relationships with our customers and unleash growth opportunities. Fiscal 2017 is a year of exploration and experimentation, and we are testing several concepts across the country that have the potential to be compelling customer experiences. For example, in a few markets we are piloting an in-home advisor program which involves a free in-home consultation with an experienced technology advisor who can identify a customer's needs, design a personalized solution and become a personal resource over time. In a few of the markets, we are testing in-store classes on topics such as digital photography, home automation, maximizing your Wi-Fi and helping parents ensure that their kids have a safe online experience. We are also testing Geek Squad on-demand services, including same day support for customers who need immediate technology help or advice.

In summary, we are encouraged by the quality of our execution, the momentum in our business and the strength of our first half of fiscal 2017 financial results, and we are excited by our mission to help customers live their lives and pursue their passions with the help of technology and the growth opportunities this mission and the related customer needs creates for us.

Results of Operations

In order to align our fiscal reporting periods and comply with statutory filing requirements, we consolidate the financial results of our Mexico operations on a one-month lag. Consistent with such consolidation, the financial and non-financial information presented in our MD&A relative to Mexico is also presented on a one-month lag. Our policy is to accelerate recording the effect of events occurring in the lag period that significantly affect our consolidated financial statements. There were no significant intervening events which would have materially affected our financial condition, results of operations, liquidity or other factors had they been recorded during the three months ended July 30, 2016.

Discontinued operations are comprised primarily of Five Star within our International segment. Unless otherwise stated, financial results discussed herein refer to continuing operations.

⁽¹⁾ The Canadian brand consolidation that was initiated in the first quarter of fiscal 2016 had a material impact on a year-over-year basis on the Canadian retail stores and the website. As such, beginning in the first quarter of fiscal 2016, all store and website revenue was removed from the comparable sales base, and an International segment (comprised of Canada and Mexico) comparable sales metric has not been provided. Therefore, the Consolidated comparable sales for the three and six months ended July 30, 2016, and August 1, 2015, equal the Domestic segment comparable sales.

⁽²⁾ Because retailers vary in how they record costs of operating their supply chain between cost of goods sold and SG&A, our gross profit rate and SG&A rate may not be comparable to other retailers' corresponding rates. For additional information regarding costs classified in cost of goods sold and SG&A, refer to Note 1, Summary of Significant Accounting Policies, in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016.

The components of the 0.1% revenue increase for the second quarter of fiscal 2017 and the 0.6% decrease for the first six months of fiscal 2017 were as follows:

	Three Months Ended	Six Months Ended
	July 30, 2016	July 30, 2016
Comparable sales impact	0.8 %	0.4 %
Non-comparable sales (1)	(0.3)%	(0.5)%
Impact of foreign currency exchange rate fluctuations	(0.4)%	(0.5)%
Total revenue increase (decrease)	0.1 %	(0.6)%

(1) Non-comparable sales reflects the impact of all revenue in our International segment, net store opening and closing activity, as well as the impact of revenue streams not included within our comparable sales calculation, such as profit sharing benefits, certain credit card revenue, gift card breakage, commercial sales and sales of merchandise to wholesalers and dealers, as applicable.

The gross profit rate decreased by 0.4% of revenue in the second quarter of fiscal 2017. The gross profit rate decline in our Domestic segment accounted for the decrease. For the first six months of fiscal 2017, the gross profit rate increased by 0.6% of revenue. The increase was due to an increase in both the Domestic and International segments. For further discussion of each segment's gross profit rate changes, see *Segment Performance Summary* below.

The enterprise SG&A rate decreased by 0.4% of revenue for the second quarter of fiscal 2017. The Domestic segment accounted for a majority of the decrease. The SG&A rate for the first six months of fiscal 2017 decreased by 0.2% of revenue. The decrease was due to a decrease in both the Domestic and International segments. For further discussion of each segment's SG&A rate changes, see *Segment Performance Summary* below.

We recorded no restructuring charges in the second quarter of fiscal 2017 and a benefit of \$4 million in restructuring charges in the second quarter of fiscal 2016. For the first six months of fiscal 2017, we recorded \$29 million of restructuring charges compared to \$182 million recorded in the first six months of fiscal 2016. The current fiscal year charges primarily relate to our Domestic segment, while the prior fiscal year charges primarily related to our International segment. For further discussion of each segment's restructuring charges, see *Segment Performance Summary* below.

Operating income increased \$1 million and our operating income rate of 3.4% of revenue remained the same in the second quarter of fiscal 2017, compared to the second quarter of fiscal 2016. For the first six months of fiscal 2017, operating income increased \$287 million and our operating rate increased to 3.9% of revenue, compared to 2.2% of revenue in the first six months of fiscal 2016. The increase in operating income was primarily due to the decrease in restructuring charges driven by our International segment and an increase in gross profit driven by our Domestic segment. For further discussion on each segment's operating income, see Segment Performance Summary below.

Income Tax Expense

Income tax expense decreased to \$97 million in the second quarter of fiscal 2017 compared to \$108 million in the prior-year period, primarily due to a higher mix of forecast taxable income from foreign operations in the current year period. Our effective income tax rate in the second quarter of fiscal 2017 was 34.8% compared to a rate of 39.8% in the second quarter of fiscal 2016. The decrease in the effective income tax rate was primarily due to a higher mix of forecast taxable income from foreign operations and the resolution of certain tax matters in the current year period.

Income tax expense increased to \$231 million in the first six months of fiscal 2017 compared to \$146 million in the prior-year period, primarily as a result of an increase in pre-tax earnings. Our effective income tax rate for the first six months of fiscal 2017 was 36.2%, compared to a rate of 42.1% the first six months of fiscal 2016. The decrease in the effective income tax rate was primarily due to a higher mix of forecast taxable income from foreign operations and the resolution of certain tax matters in the current year period, as well as the increase in pre-tax earnings as the impact of discrete items on our effective income tax rate is less when our pre-tax earnings are higher.

Our tax provision for interim periods is determined using an estimate of our annual effective tax rate, adjusted for discrete items, if any, that are taken into account in the relevant period. We update our estimate of the annual effective tax rate each quarter, and we make a cumulative adjustment if our estimated tax rate changes. These interim estimates are subject to variation due to several factors, including our ability to accurately forecast our pre-tax and taxable income and loss by jurisdiction, tax audit developments, changes in laws or regulations and expenses or losses for which tax benefits are not recognized. Our effective tax rate can be more or less volatile based on the amount of pre-tax income. For example, the impact of discrete items and non-deductible losses on our effective tax rate is greater when our pre-tax income is lower.

In addition, our consolidated effective tax rate is impacted by the statutory income tax rates applicable to each of the jurisdictions in which we operate. As our foreign earnings are generally taxed at lower statutory rates than the 35% U.S. statutory rate, changes in the proportion of our consolidated taxable earnings originating in foreign jurisdictions impact our consolidated effective rate. Our foreign earnings have been indefinitely reinvested outside the U.S. and are not subject to current U.S. income tax.

Discontinued Operations

We recognized \$16 million and \$19 million of earnings from discontinued operations in the three and six months ended July 30, 2016, respectively. Both balances were primarily related to the gain on sale of a retail property in Shanghai, China, which related to our disposal of our Five Star business in China. We had no earnings from discontinued operations in the second quarter of fiscal 2016, and we recognized \$92 million of earnings from discontinued operations for the first six months of fiscal 2016. The prior period balance was primarily due to a \$99 million gain on sale of our Five Star business in China. Refer to Note 2, *Discontinued Operations*, in the Notes to Condensed Consolidated Financial Statements for additional information.

⁽¹⁾ Comparable online sales is included in the comparable sales calculation.

Domestic segment revenue of \$7.9 billion in the second quarter of fiscal 2017 increased 0.1% compared to the same period in the prior year. This increase was driven by comparable sales growth of 0.8%, partially offset by the loss of revenue from 12 Best Buy and 22 Best Buy Mobile store closures. Contributing to the quarter over quarter growth was Domestic segment online revenue of \$835 million, which increased 23.7% on a comparable basis primarily due to increased traffic, higher average order values and higher conversion rates.

Domestic segment revenue of \$15.7 billion for the first six months of fiscal 2017 decreased 0.3% compared to the same period in the prior year. This decrease was driven by the loss of revenue from store closures, partially offset by comparable sales growth of 0.4%. For the first six months of fiscal 2017, Domestic segment online revenue was \$1.7 billion, which increased 23.8% on a comparable basis.

The components of our Domestic segment's 0.1% revenue increase and 0.3% revenue decrease for the second quarter and first six months of fiscal 2017, respectively, were as follows:

	Three Months Ended	Six Months Ended
	July 30, 2016	July 30, 2016
Comparable sales impact	0.8 %	0.4 %
Non-comparable sales (1)	(0.7)%	(0.7)%

(1) Non-comparable sales reflects the impact of net store opening and closing activity, as well as, the impact of revenue streams not included within our comparable sales calculation, such as profit sharing benefits, certain credit card revenue, gift card breakage, commercial sales and sales of merchandise to wholesalers and dealers, as applicable.

The following is a description of the notable comparable sales changes in our Domestic segment by revenue category:

- Consumer Electronics: The 4.0% comparable sales gain was driven primarily by an increase in the sales of 4K and large screen televisions and related home theater accessories.
- Computing and Mobile Phones: The 0.3% comparable sales gain was primarily due to an increase in wearables and computer sales partially offset by continued industry declines in mobile phones.
- Entertainment: The 18.0% comparable sales decline was driven by declines in gaming hardware due to continued industry declines as well as declines in music and movies.
- Appliances: The 8.2% comparable sales gain was a result of continued growth in major appliances sales as well as the expansion of Pacific Kitchen & Home stores within a store.
- Services: The 7.2% comparable sales decline was due to investments in services pricing and the lower frequency of claims on our extended warranties, which reduces our repair revenue.

The gross profit rate of our Domestic segment decreased to 24.0% of revenue in the second quarter of fiscal 2017 from 24.7% of revenue in the second quarter of fiscal 2016. The decrease was primarily due to (1) the negative impact from lapping the periodic profit sharing benefit from our services plan portfolio and an extended warranty deferred revenue adjustment in the

second quarter of fiscal 2016; (2) investments in services pricing; (3) the impact of inventory availability in the high margin digital imaging category driven by the Japanese earthquakes in April; and (4) prior year cathode ray tube ("CRT") settlement proceeds which did not recur this year.

The gross profit rate of our Domestic segment increased to 24.7% of revenue for the first six months of fiscal 2017 from 24.3% of revenue for the first six months of fiscal 2016. The increase was primarily due to CRT settlement proceeds partially offset by the negative impact from lapping the periodic profit sharing benefit from our services plan portfolio and an extended warranty deferred revenue adjustment in the second quarter of fiscal 2016.

Domestic SG&A was \$1.6 billion, or 20.4% of revenue, in the second quarter of fiscal 2017 compared to \$1.6 billion, or 20.8% of revenue, in the second quarter of fiscal 2016. For the first six months of fiscal 2017, Domestic SG&A was \$3.2 billion, or 20.3% of revenue, compared to \$3.2 billion, or 20.4% of revenue, in the prior period. The decreases in SG&A and SG&A rate were primarily driven by Renew Blue Phase 2 cost reductions, which were partially offset by strategic investments.

In the first six months of fiscal 2017, our Domestic segment recorded restructuring charges of \$25 million driven by our Renew Blue Phase 2 activity. Refer to Note 5, *Restructuring Charges*, in the Notes to the Condensed Consolidated Financial Statements for additional information.

Our Domestic segment operating income decreased by \$20 million in the second quarter of fiscal 2017, compared to the same period in the prior year, primarily due to a decrease in our gross profit rate, partially offset by a lower SG&A rate, as described above.

For the first six months of fiscal 2017, our Domestic segment operating income increased by \$48 million compared to the prior-year period. The increase in the first six months of fiscal 2017 was primarily due to the net CRT settlement proceeds, partially offset by higher restructuring charges, as described above.

⁽¹⁾ On March 28, 2015, we consolidated the Future Shop and Best Buy stores and websites in Canada under the Best Buy brand. This resulted in the permanent closure of 66 Future Shop stores, the conversion of 65 Future Shop stores to Best Buy stores and the elimination of the Future Shop website. The Canadian brand consolidation had a material impact on a year-over-year basis on the Canadian retail stores and the website. As such, beginning in the first quarter of fiscal 2016, all store and website revenue was removed from the comparable sales base, and an International segment (comprised of Canada and Mexico) comparable sales metric has not been provided.

International segment revenue declined 1.0% to \$644 million in the second quarter of fiscal 2017. For the first six months of fiscal 2017, International segment revenue declined 4.6% to \$1,258 million. The decrease for both periods was due to a negative foreign currency impact of 5.1% and 6.0%, respectively. On a constant currency basis, International revenue increased 4.1% and 1.4% for the second quarter and first six months of fiscal 2017 compared to the second quarter and first six months of fiscal 2016, respectively. The increase for both periods was driven by growth in both Canada and Mexico.

The components of our International segment's 1.0% and 4.6% revenue decrease for the second quarter and first six months of fiscal 2017 were as follows:

	Three Months Ended	Six Months Ended
	July 30, 2016	July 30, 2016
Non-comparable sales (1)	4.1 %	1.4 %

(1) Non-comparable sales reflects the impact of net store opening and closing activity, including the Canadian brand consolidation activity, as well as, the impact of revenue streams not included within our comparable sales calculation, such as profit sharing benefits, certain credit card revenue, gift card breakage, commercial sales and sales of merchandise to wholesalers and dealers

Our International segment experienced an increase in gross profit of \$15 million, or 9.9%, in the second quarter of fiscal 2017, compared to the second quarter of fiscal 2016. For the first six months of fiscal 2017, our International segment gross profit increased \$30 million, or 10.1%, compared to the first six months of fiscal 2016. The gross profit increase for both periods was primarily driven by a higher year-over-year gross profit rate in Canada due to the impact of the significant disruption and corresponding increased promotional activity related to the brand consolidation in the second quarter of fiscal 2016.

Our International segment's SG&A decreased \$10 million , or 5.7% , in the second quarter of fiscal 2017 compared to the prior-year period. For the first six months of fiscal 2017 , our International segment SG&A decreased \$35 million , or 9.8% , compared to the first six months of fiscal 2016 . The decrease in SG&A for both periods was primarily driven by the elimination of expenses associated with closed stores as part of the Canadian brand consolidation and the positive impact of foreign currency fluctuation.

In the first six months of fiscal 2016, our International segment recorded restructuring charges of \$183 million driven by our Canadian brand consolidation activities and primarily consisted of lease exit costs, a tradename impairment, property and equipment impairments, employee termination benefits and inventory write-downs. Refer to Note 5, *Restructuring Charges*, in the Notes to the Condensed Consolidated Financial Statements for additional information.

Our International segment recorded break even operating income in the second quarter of fiscal 2017 compared to an operating loss of \$21 million in the second quarter of fiscal 2016. For the first six months of fiscal 2017, our International segment recorded break even operating income compared to an operating loss of \$239 million for the prior-year period. The increase in operating income for both periods was driven by lower restructuring charges and lower SG&A, as described above.

Non-GAAP Financial Measures

The following table reconciles operating income, effective tax rate, net earnings and diluted earnings per share from continuing operations for the periods presented (GAAP financial measures) to non-GAAP operating income, non-GAAP effective tax rate, non-GAAP net earnings and non-GAAP diluted earnings per share from continuing operations for the periods presented (\$ in millions, except per share amounts):

- (1) Represents CRT litigation settlements related to the United States reached in each reported period, net of related legal fees and costs. Settlements relate to products purchased and sold in prior fiscal years. Refer to Note 12, Contingencies, in the Notes to Condensed Consolidated Financial Statements for additional information.
- (2) Refer to Note 5, Restructuring Charges, in the Notes to Condensed Consolidated Financial Statements for additional information regarding the nature of these charges. For the three months ended August 1, 2015, a benefit of \$1 million related to the United States and a charge of the \$5 million related to Canada. For the six months ended July 30, 2016, \$25 million related to the United States and \$4 million related to Canada. For the six months ended August 1, 2015, a benefit of \$1 million related to the United States and a charge of \$183 million related to Canada.
- (3) Represents charges related to the Canadian brand consolidation initiated in the first quarter of fiscal 2016, primarily due to retention bonuses and other store-related costs that were a direct result of the consolidation but did not qualify as restructuring charges.
- Refer to Note 3, Fair Value Measurements, in the Notes to Condensed Consolidated Financial Statements for additional information regarding the nature of these charges. For the three months ended July 30, 2016, the entire balance related to the United States. For the three months ended August 1, 2015, \$11 million related to the United States and \$3 million related to Canada. For the six months ended July 30, 2016, \$7 million related to the United States and \$1 million related to Canada. For the six months ended August 1, 2015, \$22 million related to the United States and \$3 million related to Canada.
- (5) Income tax impact of non-GAAP adjustments is the summation of the calculated income tax charge related to each non-GAAP non-income tax adjustment. The non-GAAP adjustments relate primarily to adjustments in the United States and Canada; therefore, the income tax charge is calculated using the statutory tax rates of 38% and 26.4%, respectively, applied to non-GAAP adjustments of each country.

For the second quarter of fiscal 2017, non-GAAP operating income rate was 3.4% of revenue, which was consistent with the non-GAAP operating income rate for the second quarter of fiscal 2016. The non-GAAP operating income rate was 3.2% and 3.0% of revenue for the first six months of fiscal 2017 and fiscal 2016, respectively. This increase was driven by lower SG&A in the International segment related to the elimination of expenses associated with closed stores as part of the Canadian brand consolidation. The increase in non-GAAP operating income resulted in a year-over-year increase in non-GAAP net earnings from continuing operations and non-GAAP diluted earnings per share from continuing operations in the second quarter and first six months of fiscal 2017.

Liquidity and Capital Resources

Summary

We closely manage our liquidity and capital resources. Our liquidity requirements depend on key variables, including the level of investment to support our business strategies, the performance of our business, capital expenditures, credit facilities and short-term borrowing arrangements and working capital management. Capital expenditures and share repurchases

are a component of our cash flow and capital management strategy which, to a large extent, we can adjust in response to economic and other changes in our business environment. We have a disciplined approach to capital allocation, which focuses on investing in key priorities that support our Renew Blue strategy.

The following table summarizes our cash and cash equivalents and short-term investments balances at July 30, 2016, January 30, 2016, and August 1, 2015 (\$ in millions):

	July 30, 2016		January 30, 2016		August 1, 2015
Cash and cash equivalents	\$ 1,861	\$	1,976	\$	1,800
Short-term investments	1,590		1,305		1,695
Total cash and cash equivalents and short-term investments	\$ 3,451	\$	3,281	\$	3,495

The increase in total cash and cash equivalents and short-term investments from January 30, 2016, was primarily due to cash generated from operating activities, partially offset by the repayment of our 2016 Notes, additional share repurchases and dividend payments.

Cash Flows

The following table summarizes our cash flows from total operations for the first six months of fiscal 2017 and 2016 (\$ in millions):

	 Six Months Ended			
	July 30, 2016		August 1, 2015	
Total cash provided by (used in):	_			
Operating activities	\$ 1,288	\$	308	
Investing activities	(495)		(478)	
Financing activities	(933)		(640)	
Effect of exchange rate changes on cash	25		(16)	
Decrease in cash and cash equivalents	\$ (115)	\$	(826)	

Operating activities

The increase in cash provided by operating activities in fiscal 2017 as compared to fiscal 2016 was primarily due to higher net earnings in fiscal 2017 and changes in working capital, mainly due to timing of receipts and payments of inventory. During fiscal 2016, we generally purchased and paid for inventory earlier in the Holiday season than in the prior year, meaning that the cash paid in the first quarter of fiscal 2017 was lower than in fiscal 2016. In addition, the first quarter of fiscal 2017 included the Super Bowl, which also increased cash inflows compared to the first quarter of fiscal 2016.

Investing activities

The increase in cash used in investing activities in the first six months of fiscal 2017 compared to the prior-year period is primarily due to the reduction of cash received related to the disposition of Five Star. In the first six months of fiscal 2016, we received net cash of \$92 million related to the sale of Five Star, while in the first six months of fiscal 2017, we received \$56 million for the Five Star asset held for sale as of January 30, 2016.

Financing activities

The increase in cash used in financing activities in the first six months of fiscal 2017 compared to the prior-year period was primarily the result of the repayment of our 2016 Notes, partially offset by a reduction in the cash used to repurchase common stock. While the rate of common stock repurchases is similar year-over-year, the cash outflow has decreased due to the accelerated share repurchase agreement entered into on January 22, 2016, (refer to Note 10, *Repurchase of Common Stock*, in the Notes to Condensed Consolidated Financial Statements for additional information) that required payment prior to the end of fiscal 2016 but settled in the first quarter of fiscal 2017.

Sources of Liquidity

Funds generated by operating activities, available cash and cash equivalents, short-term investments, our credit facilities and other debt arrangements and trade payables are our most significant sources of liquidity. We believe our sources of liquidity will be sufficient to sustain operations and to finance anticipated capital investments and strategic initiatives. However, in the event our liquidity is insufficient, we may be required to limit our spending. There can be no assurance that we will continue to generate cash flows at or above current levels or that we will be able to maintain our ability to borrow under our existing credit facilities or obtain additional financing, if necessary, on favorable terms.

On June 27, 2016, we entered into a \$1.25 billion five-year senior unsecured revolving credit facility (the "Five-Year Facility Agreement") with a syndicate of banks. The Five-Year Facility Agreement replaced the previous \$1.25 billion senior unsecured revolving credit facility (the "Previous Facility"), which was originally scheduled to expire in June 2019, but was terminated on June 27, 2016. The Five-Year Facility Agreement permits borrowings up to \$1.25 billion and expires in June 2021. At July 30, 2016, we had no borrowings outstanding under the Five-Year Facility Agreement. The Five-Year Facility Agreement contains substantially the same terms as the Previous Facility. Refer to Note 6, *Debt*, in the Notes to Condensed Consolidated Financial Statements for additional information about the Five-Year Facility Agreement.

Our ability to access our revolving credit facility under the Five-Year Facility Agreement is subject to our compliance with the terms and conditions of the facility, including financial covenants. The financial covenants require us to maintain certain financial ratios. At July 30, 2016, we were in compliance with all such financial covenants. If an event of default were to occur with respect to any of our other debt, it would likely constitute an event of default under our facilities as well.

Our credit ratings and outlooks at July 30, 2016 are summarized below. On July 26, 2016, Standard & Poor's Rating Services ("Standard & Poor's") upgraded its long-term credit rating from BB+ to BBB- with a Stable outlook. On August 24, 2016, Moody's Investors Service, Inc. ("Moody's") affirmed its long-term credit rating of Baa1 with a Stable outlook. On August 26, 2015, Fitch Ratings Limited ("Fitch") upgraded its long-term credit rating from BB to BBB- with a Stable outlook.

Rating Agency	Rating	Outlook
Standard & Poor's	BBB-	Stable
Moody's	Baa1	Stable
Fitch	BBB-	Stable

Credit rating agencies review their ratings periodically, and, therefore, the credit rating assigned to us by each agency may be subject to revision at any time. Accordingly, we are not able to predict whether our current credit ratings will remain as disclosed above. Factors that can affect our credit ratings include changes in our operating performance, the economic environment, conditions in the retail and consumer electronics industries, our financial position and changes in our business strategy. If further changes in our credit ratings were to occur, they could impact, among other things, interest costs for certain of our credit facilities, our future borrowing costs, access to capital markets, vendor financing terms and future new-store leasing costs.

Restricted Cash

Our liquidity is also affected by restricted cash balances that are pledged as collateral or restricted to use for general liability insurance, workers' compensation insurance and our product warranty program. Restricted cash and cash equivalents related to our continuing operations, which are included in other current assets, remained consistent at \$189 million, \$185 million, and \$184 million at July 30, 2016, January 30, 2016, and August 1, 2015, respectively.

Debt and Capital

In March 2016, we repaid our \$350 million principal amount of notes due March 15, 2016 using existing cash resources. As of July 30, 2016, we have \$500 million principal amount of notes due August 1, 2018 (the "2018 Notes") and \$650 million principal amount of notes due March 15, 2021 (the "2021 Notes"). Refer to Note 5, *Debt*, in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016 for further information about our 2018 Notes and 2021 Notes.

Other

At July 30, 2016, January 30, 2016, and August 1, 2015, we had \$181 million, \$178 million, and \$52 million, respectively, outstanding under financing lease obligations. The increase in financing lease obligations from August 1, 2015, to July 30, 2016, was primarily due to renewals on existing leases.

Share Repurchases and Dividends

We repurchase our common stock in the open market pursuant to programs approved by our Board. We may repurchase our common stock for a variety of reasons, such as acquiring shares to offset dilution related to equity-based incentives, including stock options and our employee stock purchase plan, and optimizing our capital structure. We consider several factors in determining whether to make share repurchases including, among other things, our cash needs, the availability of funding, our future business plans and the market price of our stock. If we decide to make future share repurchases, we expect that cash provided by future operating activities, as well as available cash and cash equivalents, will be the sources of funding for our share repurchases.

We have a \$5.0 billion share repurchase program that was authorized by our Board in June 2011. There is no expiration date governing the period over which we can repurchase shares under the June 2011 share repurchase program. In fiscal 2016, we repurchased \$1.0 billion, and as of January 30, 2016, there was \$3.0 billion available for share repurchases.

On February 25, 2016, we announced a plan to return capital to shareholders. The plan included a special dividend of \$0.45 per share, or approximately \$145 million, and a 22% increase in our regular quarterly dividend to \$0.28 per share. We plan to continue share repurchases under the June 2011 share repurchase program, with the intent to repurchase \$1.0 billion in shares in fiscal 2017 and fiscal 2018.

For the six months ended July 30, 2016, we repurchased 10.5 million shares at a cost of \$322 million. At July 30, 2016, \$2.7 billion remained available for additional purchases under the June 2011 share repurchase program. For the six months ended August 1, 2015, we repurchased 9.5 million shares at a cost of \$324 million. Repurchased shares are retired and constitute authorized but unissued shares.

During the second quarter s of fiscal 2017 and 2016, we declared and paid our regular quarterly cash dividend of \$0.28 and \$0.23 per common share, or \$90 million and \$81 million in the aggregate, respectively. In the first six months of fiscal 2017 and 2016, we declared and paid \$325 million and \$342 million, respectively, in regular and special dividends. As announced on August 24, 2016, our Board authorized payment of our next regular quarterly cash dividend of \$0.28 per common share, payable on October 4, 2016, to shareholders of record as of the close of business on September 13, 2016.

Other Financial Measures

Our current ratio, calculated as current assets divided by current liabilities, was 1.4 at the end of the second quarter of fiscal 2017, compared to 1.4 at the end of fiscal 2016 and 1.5 at the end of the second quarter of fiscal 2016. The consistent current ratio in the second quarter of fiscal 2017 compared to the end of fiscal 2016 was driven by the payment of our 2016 Notes, offset by higher cash and cash equivalents and short-term investment balances. The lower current ratio at July 30, 2016, compared to August 2, 2015, was driven by lower receivables and merchandise inventories balances.

Our debt to net earnings ratio was 1.4 at the end of the second quarter of fiscal 2017, compared to 2.1 at the end of fiscal 2016 and 1.9 at the end of the second quarter of fiscal 2016. The decrease at the end of the second quarter of fiscal 2017 compared to both periods was primarily due to the payment of our 2016 Notes and an increase in net earnings in the trailing twelve months for each period presented. Our non-GAAP debt to EBITDAR ratio, which includes capitalized operating lease obligations in its calculation, decreased to 1.6 at the end of the second quarter of fiscal 2017, compared to 1.8 at the end of fiscal 2016 and 1.9 at the end of the second quarter of fiscal 2016. The lower non-GAAP debt to EBITDAR ratio as of the end of the second quarter of fiscal 2017 was also primarily due to the payment of our 2016 Notes and an increase in net earnings in the trailing twelve months for each period presented.

Commencing in fiscal 2017, we modified the multiple used to calculate our estimated capitalized operating lease obligation included in our non-GAAP debt calculation. Due to changes in the average remaining lease life of our operating lease portfolio, we have lowered the multiple used from eight times annual rent expense to five times annual rent expense. In addition, the multiple of five aligns with the multiple used by one of the nationally recognized credit rating agencies when evaluating the creditworthiness of companies within the retail sector. Prior periods presented have been adjusted to use this new multiple.

Our non-GAAP debt to EBITDAR ratio is calculated as follows:	
Non-GAAP debt to EBITDAR =	Non-GAAP debt

The most directly comparable GAAP financial measure to our non-GAAP debt to EBITDAR ratio is our debt to net earnings ratio, which excludes capitalized operating lease obligations from debt in the numerator of the calculation and does not adjust net earnings in the denominator of the calculation.

EBITDAR

The following table presents a reconciliation of our debt to net earnings ratio and our non-GAAP debt to EBITDAR ratio for continuing operations (\$ in millions):

	July 30, 2016 (1)		January 30, 2016 (1)(2)		August 1, 2015 (1)(2)
Debt (including current portion)	\$	1,384	\$	1,734	\$ 1,609
Capitalized operating lease obligations (5 times rental expense) (2)		3,847		3,916	4,030
Non-GAAP debt	\$	5,231	\$	5,650	\$ 5,639
Net earnings from continuing operations	\$	1,014	\$	807	\$ 841
Interest expense, net		60		65	56
Income tax expense		588		503	492
Depreciation and amortization expense		658		656	655
Rental expense		769		783	806
Restructuring charges and other (3)		91		263	151
EBITDAR	\$	3,180	\$	3,077	\$ 3,001
Debt to net earnings ratio		1.4		2.1	1.9
Non-GAAP debt to EBITDAR ratio		1.6		1.8	1.9

- (1) Debt is reflected as of the balance sheet dates for each of the respective fiscal periods, while rental expense and the other components of EBITDAR represent activity for the 12 months ended as of each of the respective dates.
- (2) The multiple of five times annual rental expense in the calculation of our capitalized operating lease obligations is the multiple used for the retail sector by one of the nationally recognized credit rating agencies that rate our creditworthiness, and we consider it to be an appropriate multiple for our lease portfolio. Historically, we used a capitalized lease multiple of eight times annual rent expense; however, due to changes in the average remaining lease life of our operating leases, we have lowered the multiple to five. The prior period calculations have been updated to reflect the use of the changes.
- (3) Includes the impact of restructuring charges, non-restructuring asset impairments and CRT litigation settlements.

Off-Balance-Sheet Arrangements and Contractual Obligations

Our liquidity is not dependent on the use of off-balance-sheet financing arrangements other than in connection with our operating leases and our \$1.25 billion in undrawn capacity on our credit facilities at July 30, 2016, which, if drawn upon, would be included as short-term debt in our Condensed Consolidated Balance Sheets.

There has been no material change in our contractual obligations other than as described in Note 6, *Debt*, in the Notes to Condensed Consolidated Financial Statements, above, and in the ordinary course of business since the end of fiscal 2016. See our Annual Report on Form 10-K for the fiscal year ended January 30, 2016 for additional information regarding our off-balance-sheet arrangements and contractual obligations.

Significant Accounting Policies and Estimates

We describe our significant accounting policies in Note 1, Summary of Significant Accounting Policies, of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016. We discuss our critical accounting estimates in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016. There has been no significant change in our significant accounting policies or critical accounting estimates since the end of fiscal 2016.

New Accounting Pronouncements

For a description of new applicable accounting pronouncements, see Note 1, *Basis of Presentation*, of the Notes to Condensed Consolidated Financial Statements of this Quarterly Report on Form 10-Q.

Safe Harbor Statement Under the Private Securities Litigation Reform Act

Section 27A of the Securities Act of 1933, as amended ("Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended ("Exchange Act"), provide a "safe harbor" for forward-looking statements to encourage companies to provide prospective information about their companies. With the exception of historical information, the matters discussed in this Quarterly Report on Form 10-Q are forward-looking statements and may be identified by the use of words such as "anticipate," "assume," "believe," "estimate," "expect," "guidance," "intend," "outlook," "plan," "project" and other words and terms of similar meaning. Such statements reflect our current views and estimates with respect to future market conditions, company performance and financial results, business prospects, new strategies, the competitive environment and other events. These statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the potential results discussed in such forward-looking statements. Readers should review Item 1A, Risk Factors, of our Annual Report on Form 10-K for the fiscal year ended January 30, 2016, for a description of important factors that could cause our actual results to differ materially from those contemplated by the forward-looking statements made in this Quarterly Report on Form 10-Q. Among the factors that could cause actual results and outcomes to differ materially from those contained in such forward-looking statements are the following: macro-economic conditions (including fluctuations in housing prices, oil markets and jobless rates), conditions in the industries and categories in which we operate, changes in consumer preferences, changes in consumer confidence, consumer spending and debt levels, online sales levels and trends, average ticket size, the mix of products and services offered for sale in our physical stores and online, credit market changes and constraints, product availability, competitive initiatives of competitors (including pricing actions and promotional activities of competitors), strategic and business decisions of our vendors (including actions that could impact promotional support, product margin and/or supply), the success of new product launches, the impact of pricing investments and promotional activity, weather, natural or man-made disasters, attacks on our data systems, our ability to prevent or react to a disaster recovery situation, changes in law or regulations, changes in tax rates, changes in taxable income in each jurisdiction, tax audit developments and resolution of other discrete tax matters, foreign currency fluctuation, availability of suitable real estate locations, our ability to manage our property portfolio, the impact of labor markets, our ability to retain qualified employees, changes in senior management, failure to achieve anticipated expense and cost reductions from operational and restructuring changes, disruptions in our supply chain, the costs of procuring goods we sell, failure to achieve anticipated revenue and profitability increases from operational and restructuring changes (including investments in our multi-channel capabilities and brand consolidations), inability to secure or maintain favorable terms with our major vendors and other partners (including, but not limited to, product suppliers and carriers that operate competing retail channels), failure to accurately predict the duration over which we will incur costs, acquisitions and development of new businesses, divestitures of existing businesses, failure to complete or achieve anticipated benefits of announced transactions, integration challenges relating to new ventures and our ability to protect information relating to our employees and customers. We caution that the foregoing list of important factors is not complete. Any forward-looking statements speak only as of the date they are made, and we assume no obligation to update any forward-looking statement that we may make.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As disclosed in our Form 10-K for fiscal 2016, in addition to the risks inherent in our operations, we are exposed to certain market risks.

Interest Rate Risk

We are exposed to changes in short-term market interest rates and these changes in rates will impact our net interest expense. Our cash and short-term investments generate interest income that will vary based on changes in short-term interest rates. In addition, we have swapped a portion of our fixed-rate debt to a floating-rate such that the interest rate expense on this debt will vary with short-term interest rates. Refer to Note 5, *Debt*, and Note 6, *Derivative Instruments*, in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 30, 2016 for further information regarding our interest rate swaps.

As of July 30, 2016, we had \$3.5 billion of cash and short-term investments and \$750 million of debt that has been swapped to floating rate. Therefore, we had net cash and short-term investments of \$2.8 billion generating income, which is exposed to interest rate changes. As of July 30, 2016, a 50 basis point increase in short-term interest rates would lead to an estimated \$14 million reduction in net interest expense, and conversely a 50 basis point decrease in short-term interest rates would lead to an estimated \$14 million increase in net interest expense.

Foreign Currency Exchange Rate Risk

We have market risk arising from changes in foreign currency exchange rates related to our International segment operations. On a limited basis, we utilize foreign exchange forward contracts to manage foreign currency exposure to certain forecast inventory purchases, recognized receivable and payable balances and our investment in our Canadian operations. Our primary objective in holding derivatives is to reduce the volatility of net earnings and cash flows, as well as net asset value associated with changes in foreign currency exchange rates. Our foreign currency risk management strategy includes both hedging instruments and derivatives that are not designated as hedging instruments, which generally have terms of up to 12 months. The aggregate notional amount related to our foreign exchange forward contracts outstanding at July 30, 2016 was \$244 million. The net fair value recorded on our Condensed Consolidated Balance Sheets at July 30, 2016, related to our foreign exchange forward contracts was \$4 million. The amount recorded in our Condensed Consolidated Statements of Earnings from continuing operations related to all contracts settled and outstanding was a gain of \$2 million in the second quarter of fiscal 2017.

The strength of the U.S. dollar compared to the Canadian dollar and Mexican peso compared to the prior-year period had a negative overall impact on our revenue as these foreign currencies translated into fewer U.S. dollars. We estimate that foreign currency exchange rate fluctuations had a net unfavorable impact on our revenue of approximately \$33 million and a positive impact on our net earnings of \$1 million in the second quarter of fiscal 2017.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), to allow timely decisions regarding required disclosure. We have established a Disclosure Committee, consisting of certain members of management, to assist in this evaluation. The Disclosure Committee meets on a regular quarterly basis, and otherwise as needed.

Our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Exchange Act), at July 30, 2016. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, at July 30, 2016, our disclosure controls and procedures were effective.

There was no change in internal control over financial reporting during the fiscal quarter ended July 30, 2016, that has materially affected or is reasonably likely to materially affect our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

For a description of our legal proceedings, see Note 12, *Contingencies*, of the Notes to Condensed Consolidated Financial Statements of this Quarterly Report on Form 10-Q.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Stock Repurchases

The following table presents the total number of shares of our common stock that we purchased during the second quarter of fiscal 2017, the average price paid per share, the number of shares that we purchased as part of our publicly announced repurchase program and the approximate dollar value of shares that still could have been repurchased at the end of the applicable fiscal period, pursuant to our June 2011 \$5.0 billion share repurchase program:

Fiscal Period	Total Number of Shares Purchased	Ave	erage Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Program ⁽¹⁾	proximate Dollar Value of Shares that May Yet Be Purchased Under the Program (1)
May 1, 2016 through May 28, 2016	868,192	\$	31.79	868,192	\$ 2,860,000,000
May 29, 2016 through July 2, 2016	4,752,727	\$	30.11	4,752,727	\$ 2,717,000,000
July 3, 2016 through July 30, 2016	1,602,853	\$	31.63	1,602,853	\$ 2,667,000,000
Total Fiscal 2017 Second Quarter	7,223,772	\$	30.65	7,223,772	

⁽¹⁾ We have a \$5.0 billion share repurchase program that was authorized by our Board in June 2011. At the beginning of the second quarter of fiscal 2017, there was \$2.9 billion available for share repurchases. The "Approximate Dollar Value of Shares that May Yet Be Purchased Under the Program" reflects the \$221 million we purchased in the second quarter of fiscal 2017 pursuant to such program. There is no expiration date governing the period over which we can repurchase shares under the June 2011 share repurchase program. For additional information see Note 10, *Repurchase of Common Stock*, of the Notes to Condensed Consolidated Financial Statements included in this Quarterly Report on Form 10-Q.

BEST BUY CO., INC. LONG-TERM INCENTIVE PROGRAM AWARD AGREEMENT FOR NON-U.S. DIRECTORS Award Date:

This Long-Term Incentive Program Agreement, including any country-specific terms and conditions contained in the appendix hereto (collectively, the "Agreement"), dated the date set forth above (the "Award Date"), is between Best Buy Co., Inc., a Minnesota corporation, ("Best Buy" or the "Company"), and the individual ("you" or the "Participant") whose name is set forth in the Award Notification you received from the Company (the "Award Notification"). The Award Notification is included in and made a part of this Agreement.

- 1. Grant of Award . In consideration of your service on the Board of Directors of the Company ("Board"), the Company hereby grants to you the award set forth in the Award Notification (the "Award") subject to the terms and conditions of this Agreement and the Best Buy Co., Inc. 2014 Omnibus Incentive Plan (the "Plan"). In the event of any conflict between this Agreement and the Plan, the Plan will govern. By your acceptance of this Award, you acknowledge receipt of a copy of the Prospectus for the Plan and your agreement to the terms and conditions of the Plan and this Agreement.
- 2. Restricted Stock Units . A "Restricted Stock Unit" is a right to receive a share of the Company's common stock ("Share") upon the lapse of the restrictions set forth in this Agreement.
 - (a) Restrictions. During the time you serve on the Board (the "Holding Period"), the Restricted Stock Units are subject to the restrictions described in this Agreement and the Plan (the "Restrictions"). During the Holding Period, the Restricted Stock Units may not be assigned, transferred (other than by will or the laws of descent and distribution), pledged or hypothecated (whether by operation of law or otherwise) or otherwise conveyed or encumbered, and shall not be subject to execution, attachment or similar process. Any attempted assignment, transfer, pledge, hypothecation or other disposition contrary to the provisions this Agreement or the Plan, or the levy of any execution, attachment or similar process upon the Restricted Stock Units, shall be void and unenforceable against the Company. The Restricted Stock Units are subject to forfeiture to Best Buy as provided in this Agreement and the Plan.
 - (b) Vesting. Except as otherwise set forth herein, so long as your service on the Board continues, the Restricted Stock Units shall vest in accordance with the vesting schedule stated in the Award Notification. If your service on the Board is terminated for any reason other than Cause, a pro rata portion (based on your length of service during the applicable vesting period) of any unvested Restricted Stock Units will vest as of such termination date. If your service on the Board is terminated for Cause, all Restricted Stock Units, whether vested or not as of the date of termination pursuant to the vesting schedule, will be forfeited as of the date of termination.
 - (c) Issuance of Shares; Holding Period. Within 30 days from the end of the Holding Period, the Shares underlying the Restricted Stock Units that have vested as of the end of the Holding Period will be delivered to you.
- 3. Restrictive Covenants and Remedies . By accepting the Award, you specifically agree to the restrictive covenants contained in this Section 3 (the "Restrictive Covenants") and you agree that the Restrictive Covenants and the remedies described herein are reasonable and necessary to protect the legitimate interests of the Company Group.

- (a) Confidentiality. In consideration of the Award, you acknowledge that the Company Group operates in a competitive environment and has a substantial interest in protecting its Confidential Information, and you agree, during your service to the Company and thereafter, to maintain the confidentiality of the Company Group's Confidential Information and to use such Confidential Information for the exclusive benefit of the Company Group.
- **(b)** Non-Solicitation. During the Holding Period and for one year following the termination of your service on the Board, you shall not:
 - (i) induce or attempt to induce any employee of the Company Group to leave the employ of Company Group, or in any way interfere adversely with the relationship between any such employee and Company Group;
 - (ii) induce or attempt to induce any employee of Company Group to work for, render services to, provide advice to, or supply Confidential Information of Company Group to any third Person;
 - (iii) employ, or otherwise pay for services rendered by, any employee of Company Group in any business enterprise with which you may be associated, connected or affiliated;
 - (iv) induce or attempt to induce any customer, supplier, licensee, licensor or other business relation of Company Group to cease doing business with Company Group, or in any way interfere with the then existing business relationship between any such customer, supplier, licensee, licensor or other business relation and Company Group; or
 - (v) assist, solicit, or encourage any other Person, directly or indirectly, in carrying out any activity set forth above that would be prohibited by any of the provisions of this Agreement if such activity were carried out by you. In particular, you will not, directly or indirectly, induce any employee of Company Group to carry out any such activity.
- (c) Partial Invalidity. If any portion of this Section 3 is determined by any court of competent jurisdiction to be unenforceable in any respect, it shall be interpreted to be valid to the maximum extent for which it reasonably may be enforced, and enforced as so interpreted, all as determined by such court in such action. You acknowledge the uncertainty of the law in this respect and expressly stipulate that this Agreement is to be given the construction that renders its provisions valid and enforceable to the maximum extent (not exceeding its express terms) possible under applicable law.
- (d) Remedy for Breach. You agree that a breach of any of the Restrictive Covenants would cause material and irreparable harm to the Company Group that would be difficult or impossible to measure, and that monetary damages for any such harm would, therefore, be an inadequate remedy. Accordingly, you agree that if you breach any Restrictive Covenant, the Company Group shall be entitled, in addition to and without limitation upon all other remedies the Company Group may have under this Agreement, at law or otherwise, to obtain injunctive or other appropriate equitable relief, without bond or other security, to restrain any such breach. Such equitable relief in any court shall be available to the

Company Group in lieu of, or prior to or pending, determination in any arbitration proceeding. You further agree that the duration of the Restrictive Covenant shall be extended by the same amount of time that you are in breach of any Restrictive Covenant.

(e) Claw Back & Recovery.

- (i) In the event (i) you breach any of the Restrictive Covenants, (ii) you engage in conduct materially adverse to the interests of the Company, including any material violations of any Company policy, (iii) you engage in intentional misconduct that caused or contributed to the restatement of any financial statements of the Company, (iv) you materially violate the terms of any agreement to which you and a member of the Company Group is a party or (v) you engage in a criminal act, fraud, or violation of any securities laws, then notwithstanding any other provision of this Agreement to the contrary, the Company, in its sole discretion, may take one or more of the following actions with respect to your Award (and shall, in any event, take all action required by applicable law):
 - (A) cause the immediate forfeiture of any of your then unvested Restricted Stock Units;
 - **(B)** require you to immediately return to the Company any Shares issued under any Restricted Stock Units that are still under your control; and
 - (C) require you to promptly pay to the Company an amount equal to the fair market value of all Shares included in your Award that are no longer under your control (as measured on the date of issuance of any Shares issued under any Restricted Stock Units).
- (ii) The Committee shall have sole discretion to determine what constitutes the conduct described in Section 3(e)(i) above.
- (iii) In addition to the Company's rights set forth above, you agree your Award and the value of any portion of your Award no longer under your control shall be subject to recovery or other penalties pursuant to (i) any Company clawback policy, as may be adopted or amended from time to time, or (ii) any applicable law, rule or regulation, or applicable stock exchange rule, including without limitation, the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act.
- (f) Right of Set Off. By accepting the Award, you agree that any member of the Company Group may set off any amount owed to you (including fees or other compensation, fringe benefits or vacation pay) against any amounts you owe under this Section 3. You also agree that if the Company does not recover by means of set-off the full amount you owe, calculated as set forth above, you agree to immediately pay the unpaid balance to the Company.

4. General Terms and Conditions.

(a) Rights as a Shareholder. You will have no rights as a shareholder with respect to any Shares issuable under the Restricted Stock Units until you have actually received such Shares in accordance with the terms of this Agreement and the Plan. This means that you will not have the right to vote as a shareholder nor the right to receive dividend payments. Upon issuance of Shares, you will have all of

the rights of a shareholder with respect to the Shares unless Shares are forfeited or recovered under this Agreement or the Plan.

- (b) Nature of Grant . In accepting the Award, you acknowledge, understand and agree that:
 - (i) the Plan is established voluntarily by Best Buy, it is discretionary in nature and it may be modified, amended, suspended or terminated by Best Buy at any time;
 - (ii) the grant of the Award is voluntary and occasional and does not create any contractual or other right to receive future grants of restricted stock units, or benefits in lieu of restricted stock units, even if restricted stock units have been granted in the past;
 - (iii) all decisions with respect to future grants of restricted stock units, if any, will be at the sole discretion of Best Buy;
 - (iv) you are voluntarily participating in the Plan;
 - (v) the Award and your participation in the Plan will not create a right to continued service on the Board or derogate from any right of Best Buy's shareholders to remove you from the Board at any time in accordance with Best Buy's bylaws and any applicable law;
 - (vi) the future value of the underlying Shares is unknown, indeterminable and cannot be predicted with certainty;
 - (vii) no claim or entitlement to compensation or damages shall arise from forfeiture of the Award resulting from your ceasing to provide service to Best Buy (for any reason whatsoever);
 - (viii) unless otherwise provided in the Plan or by Best Buy in its discretion, the Award and the benefits evidenced by this Agreement do not create any entitlement to have the Award or any such benefits transferred to, or assumed by, another company nor to be exchanged, cashed out or substituted for, in connection with any corporate transaction affecting the Shares; and
 - (ix) Best Buy shall not be liable for any foreign exchange rate fluctuation between your local currency and the United States Dollar that may affect the value of the Award or any amounts due to you pursuant to the settlement of the Award or the subsequent sale of any Shares acquired upon settlement.
- (c) Participant's Acknowledgements.

(i) Committee's Sole Discretion. The Committee has sole discretion to make decisions regarding your Award, and to interpret all terms of this Agreement. You agree that all decisions regarding and interpretations of this Agreement by the Committee are binding, conclusive, final and non-appealable.

(ii) Taxes.

- (A) Regardless of any action the Company takes with respect to any or all income tax, social insurance, payroll tax, payment on account or other tax-related items related to your participation in the Plan (" **Tax-Related Items**"), you acknowledge that the ultimate liability for all Tax-Related Items is and remains your responsibility and may exceed the amount, if any, actually withheld by the Company. You further acknowledge that the Company (a) makes no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including, but not limited to, the grant or vesting of the Restricted Stock Units, the issuance of Shares upon settlement of the Restricted Stock Units, the subsequent sale of such Shares and the receipt of any dividends; and (b) does not commit to and is under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate your liability for Tax-Related Items or achieve any particular tax result. Further, if you have become subject to Tax-Related Items in more than one jurisdiction, you acknowledge that the Company may be required to withhold or account for Tax-Related Items in more than one jurisdiction.
- (B) To the extent the Company has a withholding obligation with respect to Tax-Related Items, you authorize the Company or its agent, at the Company's discretion, to satisfy the obligations with regard to all Tax-Related Items by one or a combination of the following:
 - (1) withholding from any cash compensation paid to you by the Company;
 - (2) withholding from proceeds of the sale of Shares acquired upon settlement of the Restricted Stock Units either through a voluntary sale or through a mandatory sale arranged by the Company (on your behalf pursuant to this authorization); or
 - (3) withholding in Shares to be issued upon settlement of the Restricted Stock Units.

The Committee shall establish the method of withholding from alternatives (1) - (3) above and, if the Committee does not exercise its discretion prior to the applicable withholding event, then you shall be entitled to elect the method of withholding from the alternatives above.

In the event there is a relevant taxable event for which the Company does not withhold amounts needed to satisfy obligations with respect to Tax-Related Items, you agree to pay or make adequate arrangements satisfactory to the Company to satisfy such obligations.

(C) Depending on the withholding method, the Company may withhold or account for Tax-Related Items by considering applicable minimum statutory withholding amounts or other applicable withholding rates, including maximum applicable rates in which case you may receive a refund of any over-withheld amount in cash and will have no entitlement to the common stock equivalent. If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, you are deemed to have been issued the full number of Shares

- subject to the vested Restricted Stock Units, notwithstanding that a number of the Shares are held back solely for the purpose of paying the Tax-Related Items due as a result of any aspect of your participation in the Plan.
- You shall pay to the Company any amount of Tax-Related Items that the Company may be required to withhold or account for as a result of your participation in the Plan that cannot be satisfied by the means described in this Section 4(c) (ii). The Company may refuse to issue or deliver the Shares or the proceeds of the sale of Shares if you fail to comply with your obligations in connection with the Tax-Related Items.
- (E) The Company is not providing any tax, legal or financial advice, nor is the Company making any recommendations regarding your participation in the Plan, or your acquisition or sale of the underlying Shares. You acknowledge that the grant, vesting or any payment with respect to the Award, and the sale or other disposition of the Shares acquired as a result of the Award may have tax consequences under federal, state, local or international tax laws. You further acknowledge that you are relying solely on your own professional tax and investment advisors with respect to any and all such matters (and are not relying, in any manner, on the Company or any of its employees or representatives). You understand and agree that any and all Tax-Related Items are solely your responsibility without any expectation or understanding that the Company or any of its employees or representatives will pay or reimburse you for such Tax-Related Items.
- (d) Severability. In the event that any provision in the Plan or this Agreement is held to be invalid, illegal or unenforceable or would disqualify the Plan or this Agreement under any law, the invalid, illegal or unenforceable provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or this Agreement, such provision shall be stricken as to the applicable jurisdiction or Shares, and the remainder of the Plan or this Agreement shall remain in full force and effect.
- (e) Governing Law, Jurisdiction and Venue. The laws of Minnesota, without regard to the conflict of law provisions, shall apply to all questions concerning this Agreement. You and the Company agree that the state and federal courts located in the State of Minnesota shall have personal jurisdiction over the parties to this Agreement, and that the sole venues to adjudicate any dispute arising under this Agreement shall be the District Courts of Hennepin County, State of Minnesota and the United States District Court for the District of Minnesota; and each party waives any argument that any other forum would be more convenient or proper.
- (f) Costs of Enforcement . In addition to any other remedy to which any member of the Company Group is entitled under this Agreement, you agree that the Company Group shall be entitled to recover from you any costs, expenses (including reasonable legal fees) or disbursements reasonably incurred by the Company Group to enforce any provision of this Agreement, or to otherwise defend itself from any claim brought by you or any of your beneficiaries against any member of the Company Group under any provision of this Agreement.
- (g) Appendix. Notwithstanding any provisions in this Agreement, the grant of the Award shall be subject to any special terms and conditions set forth in the attached country-specific appendix to this Agreement (the "Appendix"). If you relocate to one of the countries included in the Appendix, the special terms and conditions for such country will apply to you, to the extent the Company determines that the

application of such terms and conditions is necessary or advisable in order to comply with local law or facilitate the administration of the Plan. The Appendix constitutes part of this Agreement.

- (h) Imposition of Other Requirements . The Company reserves the right to impose other requirements on your participation in the Plan, on the Award and on any Shares acquired under the Plan, to the extent the Company determines it is necessary or advisable in order to comply with local law or facilitate the administration of the Plan, and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.
- (i) Compliance with Law. Notwithstanding any other provision of the Plan or this Agreement, unless there is an available exemption from any registration, qualification or other legal requirement applicable to the Shares, the Company shall not be required to deliver any Shares issuable upon settlement of the Restricted Stock Units prior to the completion of any registration or qualification of the Shares under any local, state, federal or foreign securities or exchange control law or under rulings or regulations of the U.S. Securities and Exchange Commission ("SEC") or of any other governmental regulatory body, or prior to obtaining any approval or other clearance from any local, state, federal or foreign governmental agency, which registration, qualification or approval the Company shall, in its absolute discretion, deem necessary or advisable. You understand that the Company is under no obligation to register or qualify the Shares with the SEC or any state or foreign securities commission or to seek approval or clearance from any governmental authority for the issuance or sale of the Shares. Further, you agree that Best Buy shall have unilateral authority to amend the Plan and this Agreement without your consent to the extent necessary to comply with securities or other laws applicable to issuance of the Shares.
- (j) Insider Trading Restrictions/Market Abuse Laws. You acknowledge that you may be subject to insider trading restrictions and/or market abuse laws, which may affect your ability to acquire or sell Shares or rights to Shares under the Plan during such times as you are considered to have "inside information" regarding Best Buy (as defined by applicable laws in your country). Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Best Buy insider trading policy. You acknowledge that it is your responsibility to comply with any applicable restrictions, and you are advised to speak to your personal advisor on this matter.
- (k) Waiver. You acknowledge that a waiver by Best Buy of breach of any provision of this Agreement shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by you or any other award recipient.
- (1) Data Privacy. You hereby explicitly and unambiguously consent to the collection, use and transfer, in electronic or other form, of your personal data as described in this Agreement and any other award materials by Best Buy for the exclusive purpose of implementing, administering and managing your participation in the Plan.

You understand that Best Buy may hold certain personal information about you, including, but not limited to, your name, home address and telephone number, date of birth, social insurance number or other identification number, salary, nationality, job title, any Shares or directorships held in Best Buy, details of all awards or any other entitlement to shares of stock awarded, canceled, exercised, vested, unvested or outstanding in your favor (" **Data**"), for the exclusive purpose of implementing, administering and managing the Plan.

You understand that Data will be transferred to Fidelity or such other stock plan service provider as may be selected by Best Buy in the future, which is assisting Best Buy with the implementation, administration and management of the Plan. You understand that the recipients of Data may be located in the United States or elsewhere, and that the recipients' country (e.g., the United States) may have different data

privacy laws and protections than your country. You understand that you may request a list with the names and addresses of any potential recipients of Data by contacting the Best Buy Legal Department, at 7601 Penn Avenue South, Richfield, MN 55423 U.S. You authorize Best Buy, Fidelity (or such other broker designated by Best Buy) and any other possible recipients which may assist Best Buy (presently or in the future) with implementing, administering and managing the Plan to receive, possess, use, retain and transfer Data, in electronic or other form, for the sole purpose of implementing, administering and managing your participation in the Plan. You understand that Data will be held only as long as is necessary to implement, administer and manage your participation in the Plan. You understand that you may, at any time, view Data, request additional information about the storage and processing of Data, require any necessary amendments to Data or refuse or withdraw the consents herein, in any case without cost, by contacting in writing the Best Buy Legal Department. Further, you understand that you are providing the consents herein on a purely voluntary basis. If you do not consent, or if you later seek to revoke your consent, your relationship and status with the Company will not be affected; the only consequence of refusing or withdrawing your consent is that the Company would not be able to grant you the Award or other equity awards to you or administer or maintain such awards. Therefore, you understand that refusing or withdrawing your consent may affect your ability to participate in the Plan. For more information on the consequences of your refusal to consent or withdrawal of consent, you understand that you may contact the Best Buy Legal Department.

- (m) Electronic Delivery and Participation. Best Buy may, in its sole discretion, decide to deliver any documents related to current or future participation in the Plan by electronic means. You hereby consent to receive such documents by electronic delivery and agree to participate in the Plan through an on-line or electronic system established and maintained by Best Buy or a third party designated by Best Buy. Further, the parties hereto shall be entitled to rely on delivery of a facsimile or other electronic copy of this Agreement, and delivery by either party of such facsimile or electronic copy shall be legally effective to create a valid and binding agreement between the parties in accordance with the terms hereof.
- (n) Language . If you have received this Agreement, or any other document related to your Award and/or the Plan translated into a language other than English and if the meaning of the translated version is different than the English version, the English version will control.
- (o) Foreign Asset/Account Reporting Requirements; Exchange Controls. Your country may have certain foreign asset and/or account reporting requirements and exchange controls which may affect your ability to acquire or hold Shares pursuant to the Plan or cash received from participating in the Plan (including from any dividends received or sale proceeds arising from the sale of the Shares) in a brokerage or bank account outside your country. You understand that you may be required to report such accounts, assets or transactions to the tax or other authorities in your country. You also may be required to repatriate sale proceeds or other funds received as a result of your participation in the Plan to your country through a designated bank or broker within a certain time after receipt. You acknowledge that it is your responsibility to be compliant with all such requirements, and that you should consult your personal legal and tax advisors on this matter.
- **5. Definitions** . Capitalized terms used but not defined in this Agreement are defined in the Plan or, if not defined therein, will have the following meanings:
 - (a) "Cause" for termination of your service with the Company Group shall, solely for purposes of this Agreement, is deemed to exist if you:
 - (i) are charged with, convicted of or enter a plea of guilty or *nolo contendere* to: (a) a felony (or a crime of comparable magnitude under applicable law), (b) any crime involving moral turpitude,

dishonesty, breach of trust or unethical business conduct, or (c) any crime involving the business of the Company Group;

- (ii) in the performance of your duties for the Company Group or otherwise to the detriment of the Company Group, engage in: (a) dishonesty that is harmful to the Company Group, monetarily or otherwise, (b) willful or gross misconduct, (c) willful or gross neglect, (d) fraud, (e) misappropriation, (f) embezzlement, or (g) theft;
- (iii) disobey the directions of the Board, or any individual or individuals the Board authorizes to act on its or their behalf, acting within the scope of its or their authority;
- (iv) fail to comply with the policies or practices of the Company Group;
- (v) are adjudicated in any civil suit, or acknowledge in writing in any agreement or stipulation, to have committed any theft, embezzlement, fraud, or other act of dishonesty involving any other Person;
- (vi) are determined, in the sole judgment of the Board or any individual or individuals the Board authorizes to act on its or their behalf, to have engaged in a pattern of poor performance;
- (vii) are determined, in the sole judgment of the Board or any individual or individuals the Board authorizes to act on its or their behalf, to have willfully engaged in conduct that is harmful to the Company Group, monetarily or otherwise;
- (viii) breach any provision of this Agreement or any other agreement between you and any member of the Company Group; or
- (ix) engage in any activity intended to benefit any entity at the expense of the Company Group or intended to benefit any competitor of the Company Group.

All determinations and other decisions relating to Cause (as defined above) for termination of your service shall be within the sole discretion of the Board or any individual or individuals the Board authorizes to act on its behalf; and shall be final, conclusive and binding upon you. In the event that there exists Cause (as defined above), the Company may terminate this Agreement immediately, upon written notification of such termination for Cause, given to you by the Board or any individual or individuals the Board authorizes to act on its behalf.

- (b) "Company Group" means, collectively, Best Buy Co, Inc. and its subsidiaries.
- (c) "Committee" means the Compensation and Human Resources Committee of the Board of Directors of Best Buy Co., Inc.
- (d) "Confidential Information" means all "Confidential Information" as that term is defined in Best Buy's Confidentiality Policy, and includes, without limitation, any and all information in whatever form, whether written, electronically stored, orally transmitted or memorized relating to trade secrets, customer lists, records and other information regarding customers, price lists and pricing policies, financial information, records, ledgers and information, purchase orders, agreements and related data, business development and strategic plans, products and technologies, product tests, manufacturing costs, product or service pricing, sales and marketing plans, research and development plans, personnel and employment records, files, data and policies (regardless of whether the information pertains to you or employees of the Company Group), tax information, business and sales methods and operations, business correspondence, memoranda and other records, inventions, improvements and discoveries, processes and methods, business operations and related data formulae, computer records and related

data, know-how, research and development, trademark, technology, technical information, copyrighted material, and any other confidential or proprietary data and information which you encounter during your service, all of which are held, possessed and/or owned by the Company Group and all of which are used in the operations and business of the Company Group. Confidential Information does not include information which is or becomes generally known within the Company Group's industry through no act or omission by you.

COUNTRY-SPECIFIC APPENDIX TO LONG-TERM INCENTIVE PROGRAM AWARD AGREEMENT FOR NON-U.S. DIRECTORS

Capitalized terms not defined in this Appendix have the meanings set forth in the Plan and Section 5 of the Agreement.

TERMS AND CONDITIONS

This Appendix includes additional terms and conditions that govern the Restricted Stock Units granted to you under the Plan if you are in one of the countries listed below.

If you are a citizen or resident of a country other than the one in which you are currently residing and/or providing services, transfer locations after the Restricted Stock Units were granted to you, or are considered a resident of another country for local law purposes, the terms and conditions contained herein may not be applicable to you, and Best Buy shall, in its discretion, determine to what extent the terms and conditions contained herein shall apply to your Restricted Stock Units.

NOTIFICATIONS

This Appendix also includes information regarding exchange controls and certain other issues of which you should be aware with respect to participation in the Plan. The information is based on the securities, exchange control, and other laws in effect in the respective countries as of June 2016. Such laws are often complex and change frequently. As a result, it is strongly recommended that you not rely on the information in this Appendix as the only source of information relating to the consequences of your participation in the Plan because the information may be out of date at the time you vest in the Restricted Stock Units. This Appendix does not address any general reporting requirements that may apply to you with respect to currency transfers into your country (unless there are reporting requirements that apply specifically to the Shares that may be acquired under the Plan).

In addition, the information contained herein is general in nature and may not apply to your particular situation, and Best Buy is not in a position to assure you of a particular result. Accordingly, you are advised to seek appropriate professional advice as to how the relevant laws in your country may apply to your situation.

Finally, if you are a citizen or resident of a country other than the one in which you are currently residing and/or providing services, transfer locations after the Restricted Stock Unites were granted to you or are considered a resident of another country for local law purposes, the information herein may not be applicable to you in the same manner.

UNITED KINGDOM

TERMS AND CONDITIONS

Issuance of Shares; Holding Period. This provision supplements Section 2(c) of the Agreement:
