

**GANESH MOORTHY RETIRING AS CHIEF EXECUTIVE OFFICER AND PRESIDENT OF MICROCHIP
TECHNOLOGY INCORPORATED
STEVE SANGHI APPOINTED AS INTERIM CHIEF EXECUTIVE OFFICER AND PRESIDENT**

Chandler, Arizona – November 18, 2024 – (NASDAQ: MCHP) – Microchip Technology Incorporated, a leading provider of smart, connected, and secure embedded control solutions, today announced that Ganesh Moorthy is retiring as Chief Executive Officer, President and as a member of the Board of Directors in connection with his 65th birthday at the end of November. The Board has appointed Steve Sanghi as interim Chief Executive Officer and President effective today. Mr. Sanghi will remain as Chair of the Board.

“On behalf of the entire Board, we thank Ganesh for his service to Microchip over the past 23 years and we wish him well with his retirement. He has been a key member of our management team and served in many important roles during his tenure at Microchip including serving as President and CEO for the last four years during a very tumultuous cycle in our industry,” said Steve Sanghi. Mr. Sanghi continued “I look forward to serving again as CEO and President to lead Microchip through this industry downturn and return the company to growth in revenue and profitability and enhance stockholder value.”

Cautionary Statement:

The statements contained in this release relating to leading Microchip through this industry downtown and returning the company to growth in revenue and profitability and enhance stockholder value are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements involve risks and uncertainties that could cause our actual results to differ materially, including, but not limited to: any continued uncertainty, fluctuations or weakness in the U.S. and world economies (including China and Europe) due to changes in interest rates, high inflation, actions taken or which may be taken by the Biden administration or the current U.S. Congress or the incoming Trump administration or the new U.S. Congress, monetary policy, political, geopolitical, trade or other issues in the U.S. or internationally (including the military conflicts in Ukraine-Russia and the Middle East), further changes in demand or market acceptance of our products and the products of our customers and our ability to respond to any increases or decreases in market demand or customer requests to reschedule or cancel orders; the mix of inventory we hold, our ability to satisfy any short-term orders from our inventory and our ability to effectively manage our inventory levels; the impact that the CHIPS Act will have on increasing manufacturing capacity and our ability to effectively manage our production levels to meet any increases or decreases in market demand or any customer requests to reschedule or cancel orders; the impact of inflation on
