California Water Service Group Announces First Quarter 2010 Results

SAN JOSE, CA -- (MARKET WIRE) -- 04/28/10 -- California Water Service Group (NYSE: CWT) today announced net income of \$2.0 million and earnings per share of \$0.10 for the first quarter of 2010, compared to net income of \$2.4 million and earnings per share of \$0.12 for the first quarter of 2009.

Revenue for the first quarter increased \$3.7 million, or 4%, to \$90.3 million. Rate increases added \$4.3 million and sales to new customers added \$0.6 million, while decreased usage by existing customers and other charges reduced revenue by \$1.2 million.

Total operating expenses for the first quarter of 2010 increased \$2.2 million, or 3%, to \$82.5 million. Water production costs increased \$1.6 million, or 6%, due primarily to increases in wholesaler water prices and higher power costs. Administrative costs decreased \$1.4 million, or 8%, to \$17.4 million due to lower legal expense and other administrative costs compared with the prior year. Other operations expenses increased \$1.1 million, or 9%, to \$13.6 million, as a result of increases in expenses for water treatment, water quality, and costs associated with water distribution systems.

Maintenance expense increased 7%, or \$0.3 million, to \$4.9 million, compared to \$4.6 million in the same period last year. Depreciation expense increased \$0.6 million, or 6%, to \$10.8 million, due to increases in utility plant. Taxes other than income decreased \$ 0.2 million, or 5%, to \$3.9 million.

Other income, net of income taxes, decreased \$0.6 million to a net loss of \$0.1 million. The largest single component of the change was due to business development expenses in the regulated utility business. Interest expense increased \$1.3 million, or 30%, to \$5.7 million, due to the debt issuance in April 2009.

According to President and Chief Executive Officer Peter C. Nelson, 1st quarter 2010 results were in line with management's expectations.

"We are in the third year of a three-year rate case cycle in California, which as planned, resulted in lower rate relief for the first quarter of 2010. We will continue to work diligently to control costs while providing excellent service, both of which will benefit stockholders and rate payers in 2010 and beyond," Nelson said.

All stockholders and interested investors are invited to listen to the 2010 first quarter conference call on April 29, 2010, at 11:00 a.m. (EDT), by dialing 1-866-961-7942 and keying in ID# 1442193. A replay of the call will be available from 2:00 p.m. (EDT) Thursday, April 29, 2010, through June 28, 2010 at 888-266-2081, ID# 1442193. The call, which will be hosted by President and CEO, Peter Nelson and Vice President and Chief Financial Officer, Martin A. Kropelnicki, will also be webcast under the investor relations tab at www.calwatergroup.com.

California Water Service Group is the parent company of California Water Service Company, Washington Water Service Company, New Mexico Water Service Company, Hawaii Water Service Company, Inc., CWS Utility Services, and HWS Utility Services, LLC. Together these companies provide regulated and non-regulated water service to nearly 2 million people in 100 California, Washington, New Mexico, and Hawaii communities. Group's common stock trades on the New York Stock Exchange under the symbol "CWT."

This news release contains forward-looking statements within the meaning established by the Private Securities Litigation Reform Act of 1995 ("Act"). The forward-looking statements are intended to qualify under provisions of the federal securities laws for "safe harbor" treatment established by the Act. Forward-looking statements are based on currently available information, expectations, estimates, assumptions and projections, and management's judgment about the Company, the water utility industry and general economic conditions. Such words as expects, intends, plans, believes, estimates, assumes, anticipates, projects, predicts, forecasts or variations of such words or similar expressions are intended to identify forward-looking statements. The forward-looking statements are not guarantees of future performance. They are subject to uncertainty and changes in circumstances. Actual results may vary materially from what is contained in a forward-looking statement. Factors that may cause a result different than expected or anticipated include, but are not limited to: governmental and regulatory commissions' decisions; changes in regulatory commissions' policies and procedures; the timeliness of regulatory commissions' actions concerning rate relief; new legislation; electric power interruptions; increases in suppliers' prices and the availability of supplies including water and power; fluctuations in interest rates; changes in environmental compliance and water quality requirements; acquisitions and our ability to successfully integrate acquired companies; the ability to successfully implement business plans; changes in customer water use patterns; the impact of weather on water sales and operating results; access to sufficient capital on satisfactory terms; civil disturbances or terrorist threats or acts, or apprehension about the possible future occurrences of acts of this type; the involvement of the United States in war or other hostilities; restrictive covenants in or changes to the credit ratings on our current or future debt that could increase our financing costs or affect our ability to borrow, make payments on debt or pay dividends; and, other risks and unforeseen events. When considering forward-looking statements, you should keep in mind the cautionary statements included in this paragraph, as well as the annual 10-K, Quarterly 10-Q, and other reports filed from time-to-time with the Securities and Exchange Commission (SEC). The Company assumes no obligation to provide public updates of forward-looking statements.
