Comerica cautions that the foregoing list of factors is not all-inclusive. For discussion of factors that may cause actual results to differ from expectations, please refer to our filings with the Securities and Exchange Commission. In particular, please refer to “Item 1A. Risk Factors” beginning on page 14 of Comerica's Annual Report on Form 10-K for the year ended December 31, 2023. Forward-looking statements speak only as of the date they are made. Comerica does not undertake to update forward-looking statements to reflect facts, circumstances, assumptions or events that occur after the date the forward-looking statements are made. For any forward-looking statements made in this presentation or in any documents, Comerica claims the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

Direct Express

Program update: Preliminary notification of non-selection

Program Overview

- **Summary:** Comerica Bank is the exclusive issuer of the Direct Express debit card for approximately 4.5 million federal benefit recipients as of June 30, 2024.
- **Driving Financial Inclusion:** Helping the U.S. Department of the Treasury, Bureau of the Fiscal Service (U.S. Treasury) provide recipients ready, safe access to their government benefits was the founding mission of the Direct Express Program. The prepaid card program is intended to deliver benefits more cost effectively and securely and to be an on-ramp to financial inclusion for millions of unbanked Americans, providing recipients the tools they need to participate fully in the economy.
- **Renewal History:** In 2008, 2014 and again in 2020, Comerica Bank was selected by the U.S. Treasury as the Financial Agent for their Direct Express Debit MasterCard Program. Comerica Bank's contract with the U.S. Treasury expires in early 2025.
- **Strong Customer Satisfaction:** Since inception of the program, Comerica has achieved a 90% (or better) cardholder satisfaction rating.
- **Prioritizing Security:** Since 2013, the U.S. Treasury has required all federal benefit recipients (with a few grandfathered exceptions) to receive their monthly benefits electronically, either by direct deposit or through the Direct Express debit card. With 100% of cardholders using EMV chip and PIN, it can be considered one of the most secure prepaid cards in the industry.

Financial Metrics

- **Balances:** ~$3.3B in 2Q24 average deposit balances (large fluctuations throughout the quarter due to timing cause ending balances to vary).
- **Intra-month Patterns:** Comerica Bank receives most of the deposit balances on the 1st and 3rd days of each month (subject to change based on weekends or holidays).
- **Peaks & Troughs:** In June 2024, highest balance was $4.8B & lowest balance was $2.8B.
- **Income Statement:**
  - $137MM FY23 & $29MM 2Q24 noninterest income (card fees)
  - $138MM FY23 & $29MM 2Q24 direct expenses primarily in outside processing fees, but also includes professional fees, operational losses, staff expenses & other fees

Program Status

- **Re-Bid:** We received a preliminary notification that Comerica Bank has not been selected to continue serving as the Financial Agent to support the program following contract expiration.
- **Transition Plan:** If the preliminary non-selection of Comerica Bank remains the final disposition, we expect the formal transition plan for managing accounts & deposits to be agreed upon once contract negotiations are finalized with the new provider. We do not currently expect this transition to impact 2024 deposits, noninterest income or noninterest expenses.
- **Next Steps:** We intend to continue to support our customers through the transition & prioritize efforts to drive deposits.

BSBY Cessation Impacts

Majority of losses expected to accrete back in 2025 & 2026

- **Accounting Impact:** Temporary loss of hedge accounting due to pending cessation of BSBY caused the recognition of unrealized losses in 4Q23 & 1Q24 & impacts net interest income. AOCI losses recognized in earnings over 12 months but accreted back to income over original life of swap.
- **Financial Impact:**
  - No economic impact as these losses are re-couped over time; ~90% of impact expected to accrete back by YE2026
  - Pre-tax gains or losses related to this accounting treatment impact CET1, but not Tangible Common Equity
  - Normal pay / receive cash flows remain uninterrupted
