Compensation and Talent Management Committee Charter

Purpose

The primary purpose of the Compensation and Talent Management Committee (“Committee”) is to develop and oversee the compensation philosophy, strategy and design for CSX Corporation (“Corporation”) on behalf of the Board of Directors (“Board”). As set forth in further detail below, the Committee is responsible for: (i) regularly reviewing, approving and monitoring compensation policies, practices and plans, and the associated financial impact and risks to the Corporation; (ii) regularly reviewing executive talent and leadership development; and (iii) assessing the Corporation’s workforce and human capital management processes and diversity, including any pay equity initiatives.

Membership and Operations

The Committee shall consist of no fewer than three members. Each member of the Committee shall qualify as a “non-employee director” for purposes of Rule 16b-3 under the Securities Exchange Act of 1934 (the “Exchange Act”), and shall meet the independence requirements of the NASDAQ Stock Market (“NASDAQ”), as such rules and provisions may be amended from time to time (collectively, the “Independence Requirements”). The determination regarding each member’s independence for purposes of NASDAQ independence standards shall only be made after considering all factors specifically relevant to determining whether a director has a relationship to the Corporation that is material to that director’s ability to be independent from management in connection with the duties of a Committee member, including, but not limited to: (i) the sources of compensation of such member, including any consulting, advisory or other compensatory fee paid by the Corporation to such member and (ii) whether such member is affiliated with the Corporation, a subsidiary of the Corporation or an affiliate of a subsidiary of the Corporation. Any action taken by the Committee during a period in which one or more of the members subsequently is determined to have failed to meet the Independence Requirements shall nevertheless constitute duly authorized actions of the Committee and shall be valid and effective for all purposes, except to the extent required by law or determined appropriate by the Committee to satisfy regulatory standards.

Members of the Committee and the Committee Chair shall be appointed by the Board after reviewing the recommendation of the Governance and Sustainability Committee annually and as vacancies or newly created positions may occur. Any member of the Committee may resign from the Committee at any time by giving written notice of his or her intention to do so to the Chair of the Board or the Corporate Secretary, or may be removed, with or without cause, at any time by the Board.

The Committee shall meet as often as it determines is appropriate to carry out its responsibilities under this Charter, at such times as it determines to be appropriate or at the call of the Committee Chair, and (i) at least three times each year, and (ii) periodically in executive session without management in attendance. The Committee Chair shall prepare or approve an agenda in advance of each meeting. Each member is free to suggest the inclusion of items on the agenda.

A majority of the members of the Committee shall constitute a quorum for the transaction of business, and the affirmative vote of the majority of those present shall be necessary for any action by the Committee. The Committee Chair shall preside at each meeting and, in the absence of the Committee Chair, one of the other members of the Committee shall be designated as the acting chair of the meeting.

The Committee shall keep minutes, report its activities to the full Board on a regular basis and make recommendations with respect to matters covered by this Charter and other matters as the Committee may deem necessary or appropriate, or as requested by the Board.
