*Certain matters discussed within this Supplemental Information may be deemed to be forward-looking statements within the meaning of the federal securities laws. Although Federal Realty believes the expectations reflected in the forward-looking statements are based on reasonable assumptions, it can give no assurance that its expectations will be attained. These factors include, but are not limited to, the risk factors described in our Annual Report on Form 10-K filed on February 12, 2024, and include the following:*

- *risks that our tenants will not pay rent, may vacate early or may file for bankruptcy or that we may be unable to renew leases or re-let space at favorable rents as leases expire or to fill existing vacancy;*
- *risks that we may not be able to proceed with or obtain necessary approvals for any development, redevelopment, or renovation project, and that completion of anticipated or ongoing property development, redevelopment, or renovation projects that we do pursue may cost more, take more time to complete or fail to perform as expected;*
- *risks normally associated with the real estate industry, including risks that occupancy levels at our properties and the amount of rent that we receive from our properties may be lower than expected, that new acquisitions may fail to perform as expected, that competition for acquisitions could result in increased prices for acquisitions, that costs associated with the periodic maintenance and repair or renovation of space, insurance and other operations may increase, that environmental issues may develop at our properties and result in unanticipated costs, and, because real estate is illiquid, that we may not be able to sell properties when appropriate;*
- *risks that our growth will be limited if we cannot obtain additional capital, or if the costs of capital we obtain are significantly higher than historical levels;*
- *risks associated with general economic conditions, including inflation and local economic conditions in our geographic markets;*
- *risks of financing on terms which are acceptable to us, our ability to meet existing financial covenants and the limitations imposed on our operations by those covenants, and the possibility of increases in interest rates that would result in increased interest expense;*
- *risks related to our status as a real estate investment trust, commonly referred to as a REIT, for federal income tax purposes, such as the existence of complex tax regulations relating to our status as a REIT, the effect of future changes in REIT requirements as a result of new legislation, and the adverse consequences of the failure to qualify as a REIT; and*
- *risks related to natural disasters, climate change and public health crises (such as the outbreak and worldwide spread of COVID-19), and the measures that international, federal, state and local governments, agencies, law enforcement and/or health authorities implement to address them, may precipitate or materially exacerbate one or more of the above-mentioned risks, and may significantly disrupt or prevent us from operating our business in the ordinary course for an extended period.*

*Given these uncertainties, readers are cautioned not to place undue reliance on any forward-looking statements that we make, including those in this Supplemental Information. Except as required by law, we make no promise to update any of the forward-looking statements as a result of new information, future events, or otherwise. You should review the risks contained in our Annual Report on Form 10-K, filed with the Securities and Exchange Commission on February 12, 2024 and subsequent quarterly reports on Form 10-Q.*

**Federal Realty Investment Trust Announces Second Quarter 2024 Operating Results**

*Active acquisition activity with \$287 million of investments*

NORTH BETHESDA, Md. (August 1, 2024) - Federal Realty Investment Trust (NYSE:FRT) today reported operating results for its second quarter ended June 30, 2024. For the three months ended June 30, 2024 and 2023, net income available for common shareholders was \$1.32 per diluted share and \$0.72 per diluted share, respectively. For the three months ended June 30, 2024 and 2023, operating income was \$157.0 million and \$101.8 million, respectively.

Highlights for the second quarter include:

- Generated funds from operations available to common shareholders (FFO) per diluted share of \$1.69 for the quarter, compared to \$1.67 for the second quarter of 2023.
- Signed 122 leases for 594,361 square feet of comparable retail space, a record level of comparable square footage signed in any second quarter and the second highest of any quarter, at a cash basis rollover growth of 10% and 23% on a straight-line basis.
- Generated comparable property operating income (POI) growth of 2.9% for the second quarter, excluding lease termination fees and prior period rents collected.
- Reported portfolio occupancy of 93.1% and a leased rate of 95.3% at quarter end, representing an increase of 110 basis points and 100 basis points, respectively, quarter-over-quarter.
- Continued strong small shop leasing, ending the quarter at 92.5% leased, with an increase of 110 basis points quarter-over-quarter and 230 basis points year-over-year.
- During the quarter and subsequent to quarter end:
  - Acquired two assets totaling 880,000 square feet on 129 acres for a total purchase price of \$275 million.
  - Completed the sale of its remaining assets on Third Street Promenade in Santa Monica, CA, for \$103 million.

- Increased the regular quarterly cash dividend to \$1.10 per common share, resulting in an indicated annual rate of \$4.40 per common share. This marks the 57th consecutive year that Federal Realty has increased its common dividend, the longest record of consecutive annual dividend increases in the REIT sector.
- Tightened and raised 2024 earnings per diluted share guidance to \$3.33 - \$3.51, 2024 FFO per diluted share guidance to \$6.70 - \$6.88, and 2024 comparable properties growth excluding lease termination fees and prior period rents collected assumption to 3% - 4%.
- Issued the company's 2023 Sustainability Report.

“Another record quarter for Federal Realty, starting with funds from operations per share of \$1.69, to continued record leasing volume, to furthering our REIT industry record with the 57th consecutive year of increased common dividends,” said Donald C. Wood, Chief Executive Officer. “The robust leasing demand we continue to see is a clear indicator of the value and attractiveness of our properties, setting a solid foundation for strong future earnings growth.”

## Financial Results

### *Net Income*

For the second quarter 2024, net income available for common shareholders was \$110.0 million and earnings per diluted share was \$1.32 versus \$58.5 million and \$0.72, respectively, for the second quarter 2023.

### *FFO*

For the second quarter 2024, FFO was \$141.3 million, or \$1.69 per diluted share, compared to \$136.9 million, or \$1.67 per diluted share for the second quarter 2023.

FFO is a non-GAAP supplemental earnings measure which the trust considers meaningful in measuring its operating performance. A reconciliation of FFO to net income is attached to this press release.

## Operational Update

### *Occupancy*

The portfolio was 93.1% occupied and 95.3% leased as of June 30, 2024.

Small shop leased rate was 92.5% as of June 30, 2024, an increase of 110 basis points quarter-over-quarter and 230 basis points year-over-year.

The anchor tenant leased rate was 96.7%, reflecting an increase of 90 basis points quarter-over-quarter and 30 basis points year-over-year.

Additionally, residential properties were 97.6% leased as of June 30, 2024.

### *Leasing Activity*

During the second quarter 2024, Federal Realty signed 124 leases for 600,669 square feet of retail space. On a comparable space basis (i.e., spaces for which there was a former tenant), Federal Realty signed 122 leases for 594,361 square feet at an average rent of \$37.72 per square foot compared to the average contractual rent of \$34.29 per square foot for the last year of the prior leases, representing a cash basis rollover growth on those comparable

spaces of 10%, 23% on a straight-line basis. Comparable leases represented 98% of total comparable and non-comparable retail leases signed during the second quarter 2024.

### Transaction Activity

- April 1, 2024 – Acquired the approximately 10% non-controlling interest in the partnership that owns CocoWalk in suburban Miami, Florida for \$12.4 million bringing Federal Realty’s ownership to 100%.
- May 31, 2024 - Acquired Virginia Gateway, a 664,000 square-foot, 110-acre super-regional community center comprising five adjacent open-air retail properties located at the highly trafficked intersection of I-66 and Route 29 in Gainesville, VA, for \$215 million, further expanding Federal Realty’s presence in Northern Virginia.
- July 31, 2024 - Acquired Pinole Vista Crossing, a dominant 216,000-square-foot, 19-acre regional open-air grocery-anchored community center located along I-80 in Pinole, CA, 13 miles north of Federal Realty’s East Bay Bridge Shopping Center, for \$60 million, expanding the company’s presence in Northern California’s East Bay sub-market.
- June 5, 2024 - Completed the sale of its remaining assets on Third Street Promenade in Santa Monica, CA, for \$103 million, resulting in a gain on sale of \$52 million.

### Regular Quarterly Dividends

Federal Realty announced today that its Board of Trustees increased the regular quarterly cash dividend to \$1.10 per common share, resulting in an indicated annual rate of \$4.40 per common share. The regular common dividend will be payable on October 15, 2024 to common shareholders of record as of October 1, 2024. This increase represents the 57th consecutive year that Federal Realty has increased its common dividend, the longest record of consecutive annual dividend increases in the REIT sector.

Federal Realty’s Board of Trustees also declared a quarterly cash dividend on its Class C depositary shares, each representing 1/1000 of a 5.000% Series C Cumulative Preferred Share of Beneficial Interest, of \$0.3125 per depositary share. All dividends on the depositary shares will be payable on October 15, 2024 to shareholders of record as of October 1, 2024.

### 2024 Guidance

Federal Realty has updated its 2024 guidance, as summarized in the table below:

Full Year 2024 Guidance	<u>Revised Guidance</u>	<u>Prior Guidance</u>
2024 Earnings per diluted share	\$3.33 to \$3.51	\$2.74 to \$2.94
2024 FFO per diluted share	\$6.70 to \$6.88	\$6.67 to \$6.87

## About Federal Realty

Federal Realty is a recognized leader in the ownership, operation and redevelopment of high-quality retail-based properties located primarily in major coastal markets from Washington, D.C. to Boston as well as Northern and Southern California. Founded in 1962, Federal Realty's mission is to deliver long-term, sustainable growth through investing in communities where retail demand exceeds supply. Its expertise includes creating urban, mixed-use neighborhoods like Santana Row in San Jose, California, Pike & Rose in North Bethesda, Maryland and Assembly Row in Somerville, Massachusetts. These unique and vibrant environments that combine shopping, dining, living and working provide a destination experience valued by their respective communities. Federal Realty's 102 properties include approximately 3,400 tenants, in 27 million commercial square feet, and approximately 3,100 residential units.

Federal Realty has increased its quarterly dividends to its shareholders for 57 consecutive years, the longest record in the REIT industry. Federal Realty is an S&P 500 index member and its shares are traded on the NYSE under the symbol FRT. **Notes:**

- (1) See Glossary of Terms.
- (2) For the three and six months ended June 30, 2024 and 2023, dividends on our Series 1 preferred stock were not deducted in the calculation of FFO available to common shareholders, as the related shares were dilutive and are included in "weighted average number of common shares, diluted."
- (3) The weighted average common shares used to compute FFO per diluted common share includes downREIT operating partnership units that were excluded from the computation of diluted EPS. Conversion of these operating partnership units is dilutive in the computation of FFO per diluted share for all period presented, but is anti-dilutive for the computation of dilutive EPS for the six months ended June 30, 2024 and the three and six months ended June 30, 2023.
- (4) Amounts reflect the components of "net income attributable to noncontrolling interests," but excludes "income attributable to downREIT operating partnership units."

**Comparable Property Information**  
**June 30, 2024**

The following information is being provided for "Comparable Properties." Comparable Properties represents our consolidated property portfolio other than those properties that distort comparability between periods in two primary categories: (1) assets that were not owned for the full quarter in both periods presented and (2) assets currently under development or being repositioned for significant redevelopment and investment. The assets excluded from Comparable Properties in Q2 include: Darien Commons, Friendship Center, Huntington Shopping Center, Pike & Rose Phase IV, Santana West, Willow Grove Shopping Center, and all properties acquired, disposed of, or not consolidated from Q2 2023 to Q2 2024. Comparable Property property operating income ("Comparable Property POI") is a non-GAAP measure used by management in evaluating the operating performance of our properties period over period.

- Notes:**
- Mortgages payable does not include our share of debt on our unconsolidated real estate partnerships. At June 30, 2024, our share of unconsolidated debt was approximately \$62.3 million. At June 30, 2024, our noncontrolling interests' share of mortgages payable was \$15.3 million.
  - We have two one-year extensions, at our option to extend the maturity date to December 28, 2027.
  - The mortgage loans have interest rate swap agreements that effectively fix the interest rate through the initial maturity date.
  - Our revolving credit facility SOFR loans bear interest at Daily Simple SOFR or Term SOFR, and our term loan bears interest at Term SOFR as defined in the respective credit agreements, plus 0.10%, plus a spread, based on our current credit rating.
  - The maximum amount drawn under our \$1.25 billion revolving credit facility during both the three and six months ended June 30, 2024 was \$202.7 million. The weighted average interest rate on borrowings under our credit facility, before amortization of debt fees, for both the three and six months ended June 30, 2024 was 6.2%.
  - The weighted average effective interest rate includes the amortization of any debt issuance costs and discounts and premiums, if applicable, except as described in Note 7.
  - The weighted average effective interest rate excludes \$0.9 million in quarterly financing fees and quarterly debt fee amortization on our revolving credit facility.

Notes:

The above table assumes all extension options are exercised.

- (1) Our \$600.0 million term loan matures on April 16, 2025, plus one one-year extension at our option to April 16, 2026.
- (2) Our \$200.0 million mortgage loan secured by Bethesda Row matures on December 28, 2025 plus two one-year extensions, at our option to December 28, 2027.
- (3) Our \$1.25 billion revolving credit facility matures on April 5, 2027, plus two six-month extensions at our option to April 5, 2028. As of June 30, 2024, there was \$81.8 million outstanding under this credit facility.
- (4) The total debt maturities differ from the total reported on the consolidated balance sheet due to the debt issuance costs and unamortized net premium/discount on certain mortgage loans, notes payable, and senior notes as of June 30, 2024. The weighted average remaining term on our mortgages payable, notes payable, and senior notes and debentures is approximately 7 years.
- (5) The weighted average rate reflects the weighted average interest rate on debt maturing in the respective year.
- (6) The weighted average rate excludes \$0.9 million in quarterly financing fees and quarterly debt fee amortization on our \$1.25 billion revolving credit facility.

**Notes:**

- (1) There is no guarantee that the Trust will ultimately complete any or all of these opportunities, that the ROI or Projected Costs will be the amounts shown or that stabilization will occur as anticipated. The projected returns on investment (ROI) and Projected Cost are management's best estimate based on current information and may change over time. Anticipated total cost, and projected ROI, and projected POI delivered are subject to adjustment as a result of factors inherent in the development process, some of which may not be under the direct control of the Company. Refer to the Company's filings with the Securities and Exchange Commission on Form 10-K and Form 10-Q for other risk factors.
- (2) Projected ROI for mixed-use redevelopment/expansion projects reflects the unleveraged Property Operating Income (POI) generated by the project and is calculated as POI divided by cost. Projected POI delivered includes straight line rent.
- (3) Projected costs for Pike & Rose include an allocation of infrastructure costs for the entire project. Santana West includes an allocation of infrastructure for the Santana West site.
- (4) Projected ROI for redevelopment projects generally reflects only the deal specific cash, unleveraged incremental POI generated by the redevelopment and is calculated as Incremental POI divided by incremental cost. Incremental POI is the POI generated by the redevelopment after deducting rent being paid or management's estimate of rent to be paid for the redevelopment space and any other space taken out of service to accommodate the redevelopment. Projected ROI for redevelopment projects generally does not include peripheral impacts, such as the impact on future lease rollovers at the property or the impact on the long-term value of the property but may for certain property improvement projects.
- (5) Stabilization is generally the year in which 90% physical occupancy of the redeveloped space is achieved. Economic stabilization may occur at a later point in time.
- (6) Property improvement projects generally consist of façade renovations, site improvements, landscaping, improved outdoor amenity spaces, and other upgrades to improve the overall look and environment of the property. These projects improve overall tenant and customer experiences, improve market rents, drive leasing demand, and/or provide outdoor spaces critical to meeting the needs of the current environment. Returns on these projects are typically seen over one to five years, however, some projects could extend beyond that. Projected ROI range reflects management's best estimate of the long term expected return on cost of these investments.

*We have identified the following potential opportunities to create future shareholder value. Executing these opportunities could be subject to government approvals, tenant consents, market conditions, etc. Work on many of these opportunities is in its preliminary stages and may not ultimately come to fruition. This list will change from time to time as we identify hurdles that cannot be overcome in the near term, and focus on those opportunities that are most likely to lead to the creation of shareholder value over time.*

**Notes:**

- Information reflects activity in retail spaces only for consolidated properties; office and residential spaces are not included. See Glossary of Terms for further discussion of information included above.
- Comparable leases represent those leases signed on spaces for which there was a former tenant. Contractual option exercises are not included unless they are fair market value options.
- Contractual rent represents annual rent under the new lease.
- Prior rent represents contractual rent, including percentage rent, from the prior tenant in the final 12 months of the term.
- Weighted average is determined on the basis of contractual rent for the lease.
- See Glossary of Terms.
- Renewal leases represent expiring leases rolling over with the same tenant in the same location. All other leases are categorized as new.
- The Number of Leases Signed, GLA Signed, Contractual Rent Per Sq. Ft. and Weighted Average Lease Term columns include information for leases signed at Phase III of Assembly Row and Phase IV of Pike & Rose. The Tenant Improvements & Incentives and Tenant Improvements & Incentives Per Sq. Ft. columns do not include the tenant improvements and incentives on leases signed for those projects; these amounts for leases signed are included in the projected costs for the respective projects.
- Option exercises reflect a fixed rate contractual option under the lease agreement that was exercised during the period reflected.

## Glossary of Terms

**EBITDA for Real Estate ("EBITDAre"):** EBITDAre is a non-GAAP measure that the National Association of Real Estate Investment Trusts ("NAREIT") defines as: net income computed in accordance with GAAP plus net interest expense, income tax expense, depreciation and amortization, gain or loss on sale of real estate, impairments of real estate and change in control of interest, and adjustments to reflect the entity's share of EBITDAre of unconsolidated affiliates. We calculate EBITDAre consistent with the NAREIT definition. As EBITDA is a widely known and understood measure of performance, management believes EBITDAre represents an additional non-GAAP performance measure, independent of a company's capital structure, that will provide investors with a uniform basis to measure the enterprise value of a company. EBITDAre also approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDAre for the three and six months ended June 30, 2024 and 2023 is as follows:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2024	2023	2024	2023
	(in thousands)			
Net income	\$ 114,655	\$ 63,004	\$ 172,671	\$ 120,735
Interest expense	44,312	42,884	88,005	82,109
Other interest income	(1,051)	(2,422)	(2,534)	(3,054)
Income tax provision	321	276	223	340
Depreciation and amortization	85,049	78,974	168,453	157,611
Gain on sale of real estate	(52,280)	—	(52,280)	(1,702)
Adjustments of EBITDAre of unconsolidated affiliates	1,898	2,800	3,942	6,254
EBITDAre	<u>\$ 192,904</u>	<u>\$ 185,516</u>	<u>\$ 378,480</u>	<u>\$ 362,293</u>

**Funds From Operations (FFO):** FFO is a supplemental measure of real estate companies' operating performances. NAREIT defines FFO as follows: net income, computed in accordance with GAAP plus real estate related depreciation and amortization, gains and losses on sale of real estate, and impairment write-downs of depreciable real estate. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

**Property Operating Income:** Rental income and mortgage interest income, less rental expenses and real estate taxes.

**Overall Portfolio:** Includes all operating properties owned in reporting period.

**Comparable Properties:** Represents our consolidated property portfolio other than those properties that distort comparability between periods in two primary categories: (1) assets that were not owned for the full quarter in both periods presented and (2) assets currently under development or being repositioned for significant redevelopment and investment. Comparable property growth statistics are calculated on a GAAP basis.

**Annualized Base Rent (ABR):** Represents aggregate, annualized in-place contractual (defined as rents billed on a cash basis without taking the impact of rent abatements into account) minimum rent for all occupied spaces as of the reporting period.

**Retail Leasing Summary - Lease Rollover Calculation:** The rental increases associated with comparable spaces generally include all leases signed for retail space in arms-length transactions reflecting market leverage between landlords and tenants during the period, excluding leases at properties sold during the quarter or under contract to be sold. The comparison between the rent for expiring leases and new leases is determined by including contractual rent on the expiring lease, including percentage rent, and the comparable annual rent and in some instances, projections of percentage rent, to be paid on the new lease. In atypical circumstances, management may exercise judgement as to how to most effectively reflect the comparability of rents reported in the calculation. The change in rental income on comparable space leases is impacted by numerous factors including current market rates, location, individual tenant creditworthiness, use of space, market conditions when the expiring lease was signed, capital investment made in the space and the specific lease structure.

**Tenant Improvements and Incentives:** Represents the total dollars committed for the improvement (fit-out) of a space as it relates to a specific lease. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.

**General:** Property related statistics are the for the consolidated property portfolio except where noted.
