Abstentions and broker non-votes will not be considered to have been voted for or against a director nominee.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Nominees

Set forth below for each nominee for election as a director is a brief statement, including the age, principal occupation and business experience for at least the past five years, and any directorships held with public companies.

The members of the Corporate Governance and Nominating Committee of the Board (“Governance Committee”) have recommended, and the independent members of the Board of Directors have nominated, the persons listed below as nominees for the Board of Directors.

The Governance Committee reviews and evaluates individuals for nomination to stand for election as a director who are recommended to the Governance Committee in writing by any of our shareholders pursuant to the procedure outlined below in the section titled “Shareholder Nominations of Director Candidates” on the same basis as candidates who are suggested by our current or past directors, executive officers, or other sources, which may, from time-to-time, include professional search firms retained by the Governance Committee. In March 2011, the Governance Committee adopted Board Member Recruiting Guidelines that outline the process for the Governance Committee to recruit and evaluate potential director candidates. These guidelines are available on the “Corporate Governance” page accessed from the “Investor Relations” page of the Company’s website at www.myersind.com. In considering these potential candidates for nomination to stand for election, the Governance Committee will consider:

- (1) The current composition of the Board and how it functions as a group;
- (2) The talents, personalities, strengths, and weaknesses of current directors;
- (3) The value of contributions made by individual directors;
- (4) The need for a person with specific skills, experiences or background to be added to the Board;
- (5) Any anticipated vacancies due to retirement or other reasons; and
- (6) Other factors which may enter into the nomination decision.

The Governance Committee endeavors to select nominees that contribute unique skills and professional experiences in order to advance the performance of the Board of Directors and establish a well-rounded Board with diverse views that reflect the interests of our shareholders. The Governance Committee considers diversity as one of a number of factors in identifying nominees for directors, however, there is no formal policy in this regard. The Governance Committee views diversity broadly to include diversity of experience, skills and viewpoint, in addition to traditional concepts of diversity such as race and gender.

When considering an individual candidate’s suitability for the Board, the Governance Committee will evaluate each individual on a case-by-case basis. The Governance Committee does not prescribe minimum qualifications or standards for directors, however, the Governance Committee looks for directors who have personal characteristics, educational backgrounds and relevant experience that would be expected to help further the goals of both the Board and the Company. In addition, the Governance Committee will review the extent of the candidate’s demonstrated excellence and success in his or her chosen business, profession, or other career and the skills and talents that the candidate would be expected to add to the Board. The Governance Committee may choose, in individual cases, to conduct interviews with the candidate and/or contact references, business associates, other members of boards on which the candidate serves or other appropriate persons to obtain additional information. The Governance Committee will make its determinations on whether to nominate an individual candidate based on the Board’s then-current needs, the merits of that candidate and the qualifications of other available candidates. The Governance Committee believes that each of the nominees possess certain key attributes that the Governance Committee believes to be important for an effective Board.

At the 2015 Annual Meeting, Mr. Lisman, Mr. Liebau and Mr. Blazek, directors nominated by a significant shareholder of the Company, were elected to the Board, resulting in Mr. Johnson, Mr. Byrd and Mr. Kissel, three previous members of the Board, not being re-elected.

On February 19, 2016, we received a notice from one of our shareholders, GAMCO Asset Management Inc. (“GAMCO”), that it intended to nominate Daniel R. Lee to our Board. The notice received from GAMCO was in accordance with the requirements of our Code of Regulations.

After conversations between our CEO, Mr. Banyard, and representatives of GAMCO, the Board has determined that it is in the best interests of the shareholders and the Company to nominate Mr. Lee on the Company’s slate of directors in place of Mr. Blazek. On March 21, 2016, the Company and GAMCO reached an agreement whereby the Company has agreed to replace Mr. Blazek with Mr. Lee in the Company’s slate of directors. The Company and GAMCO have determined that they can best serve the Company’s shareholders by resolving this proxy contest and seeking to work together in a productive manner. Given Mr. Lee’s familiarity with the Company as a result of his prior Board service, we believe he is a qualified candidate.

Each of the below nominees has consented

- (1) To serve as a nominee,
- (2) To being named as a nominee in this Proxy Statement; and
- (3) To serve as a director if elected. If any nominee should become unavailable for any reason, it is intended that votes will be cast for a substitute nominee designated by the Board. There is no reason to believe that the nominees named will be unable to serve if elected.

Proxies cannot be voted for a greater number of nominees than the number named in this Proxy Statement.

There are, and during the past ten years there have been, no legal proceedings material to an evaluation of the ability of any director, nominee, or executive officer of Myers to act in such capacity or concerning his integrity. There are no family relationships among any of the directors and executive officers.

The Board recommends that you vote “FOR” each of the director nominees listed above.

Director Independence

The Board has determined that each of the following current directors and nominees are “independent” and that each of these nominees has no material relationship with us that would impact their independence: Robert B. Heisler, Jr., Philip T. Blazek, Sarah R. Coffin, John B. Crowe, William A. Foley, F. Jack Liebau, Jr., Bruce M. Lisman, Jane Scaccetti, Daniel R. Lee and Robert A. Stefanko. The determination of whether a director is “independent” is based upon the Board’s review of the relationships between each director and the Company, if any, under the Company’s “Board of Directors Independence Criteria” policy adopted by the Board on April 20, 2004, as amended, and the corporate governance listing standards of the New York Stock Exchange (“NYSE”). In connection with the Board’s determination regarding the independence of each non-management director and nominee, the Board considered any transactions, relationships and arrangements as required by our independence guidelines. In particular, the Board considered the following relationships: (1) the relationship between A. Schulman, Inc. (“A. Schulman”) and the Company in connection with its independence determination of Robert A. Stefanko and concluded Mr. Stefanko met the independence requirement; and (2) the relationship between FirstEnergy Corp. (“FirstEnergy”) and the Company in connection with its independence determination of Robert B. Heisler, Jr. and concluded Mr. Heisler met the independence requirement. Mr. Stefanko is a stockholder of A. Schulman, holding less than 1% of A. Schulman’s shares of stock. In 2015, the Company purchased \$67,674.40 of materials from A. Schulman during the ordinary course of operations, which is less than 1% of the annual revenues of both companies. Mr. Heisler is a shareholder and director of FirstEnergy, holding less than 1% of FirstEnergy’s shares of stock. In 2015, we purchased \$246,597.92 of materials from FirstEnergy during the ordinary course of operations, which is less than 1% of the annual revenues of each company. All members of the Audit Committee, the Compensation Committee, and the Governance Committee were determined to be independent, and in addition, the Board determined that the members of the Audit Committee are also independent as defined in the SEC regulations.

Except as set forth in this proxy statement, neither the Company nor any of the nominees listed above or any of their associates have or will have any arrangements or understandings with any person with respect to any future employment by the Company or its affiliates or with respect to any future transactions to which the Company or any of its affiliates will or may be a party.

Committees of the Board

The Board has three standing committees, the Audit Committee, the Compensation Committee, and the Governance Committee, whose members were appointed in April 2015 following the Annual Meeting. The Board also chartered a special committee in October 2014, the Capital Allocation Committee, which was tasked with evaluating and considering capital allocation alternatives for the proceeds from the sale of the Company's Lawn and Garden business.

Committee Charters and Policies

The Board has adopted written charters for the Audit Committee, the Compensation Committee, Governance Committee, and the Capital Allocation Committee. Each Committee reviews and evaluates the adequacy of its charter at least annually and recommends any proposed changes to the Board for approval. Each of the written charters and policies of the Audit Committee, the Compensation Committee, and the Governance Committee are available on the “Corporate Governance” page accessed from the “Investor Relations” page of the Company’s website at www.myersind.com.

Board Role in Risk Oversight

The Board annually reviews the Company’s strategic plan, which addresses, among other things, the risks and opportunities facing the Company. The Board also has overall responsibility for executive officer succession planning and reviews succession plans each year. Certain areas of oversight are delegated to the relevant Committees of the Board and the Committees regularly report back on their deliberations. This oversight is enabled by reporting processes that are designed to provide visibility to the Board about the identification, assessment, monitoring and management of enterprise-wide risks. In May 2015, management conducted its most recent enterprise-wide risk assessment of the Company and each of its business segments, and in July 2015 presented the assessment to the Board for review. The focus of this assessment included a review of strategic, financial, operational, compliance and technology objectives and risks for the Company. In addition, on an ongoing basis:

- (a) The Audit Committee maintains primary responsibility for oversight of risks and exposures pertaining to the accounting, auditing and financial reporting processes of the Company;
- (b) The Compensation Committee maintains primary responsibility for risks and exposures associated with oversight of the administration and implementation of our compensation policies; and
- (c) The Governance Committee maintains primary responsibility for risks and exposures associated with corporate governance and succession planning.

Board Attendance

There were a total of fourteen regularly scheduled and special meetings of the Board of Directors in 2015. During 2015, all directors attended at least 75% of the aggregate total number of the meetings of the Board and Committees on which they served. In 2015, all of our then current directors attended our Annual Meeting, and then nominee, Mr. Liebau attended as well. Although we do not have a formal policy requiring directors to attend the Annual Meeting, our directors are encouraged to attend.

Interested Parties’ Communications with the Board of Directors

Our Board provides the following methods for interested parties and shareholders to send communications to a director, to a Committee of the Board, to the non-management directors, or to the Board:

Written Communication

Interested parties may send such communications by mail or courier delivery addressed as follows: Board of Directors (or Committee Chairman, Board Member or Non-Management Directors, as the case may be), c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301. All communications directed to the “Board of Directors” or to the “Non-Management Directors” will be forwarded unopened to the Chairman of the Governance Committee. The Chairman of the Governance Committee in turn determines whether the communications should be forwarded to the appropriate members of the Board and, if so, forwards them accordingly. For communications addressed to a particular director or the Chairman of a particular Committee of the Board, however, the Corporate Secretary will forward those communications, unopened, directly to the person or Committee Chairman in question.

Toll Free Hotline

In 2003, the Audit Committee established a “hotline” for receiving, retaining and treating complaints from any interested party regarding accounting, internal accounting controls and auditing matters, and procedures for the anonymous submission of these concerns. The hotline is maintained by a company which is independent of

Myers. Interested parties may also use this hotline to communicate with the Board. Any interested party may contact a director, a Committee of the Board, the non-management directors, or the Board through the toll free hotline at (877) 285-4145. The hotline is available worldwide, 24 hours a day, seven days a week. Note that all reports made through the hotline are directed to either or both the Chairman of the Audit Committee and the Corporate Secretary. We do not permit any retaliation of any kind against any person who submits a complaint or concern under these procedures.

Shareholder Nominations of Director Candidates

Shareholder Recommendation Policy

The Governance Committee will consider individuals for nomination to stand for election as a director who are recommended to it in writing by any of our shareholders that strictly follow the procedures outlined in the next paragraph below and that send a signed letter of recommendation to the following address: Corporate Governance and Nominating Committee, c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301.

Recommendation letters must certify that the person making the recommendation is a shareholder of the Company (including the number of shares held as of the date of the recommendation), and further state the full name and address of the proposed nominee as well as a biographical history setting forth past and present directorships, employment, occupations and civic activities for at least the past five years. Any such recommendation should be accompanied by a signed written statement from the proposed nominee consenting to be named as a candidate and, if nominated and elected, consenting to serve as a director. The letter must also include a signed written statement that the nominating shareholder and the candidate will make available to the Governance Committee all information reasonably requested in furtherance of the Governance Committee's evaluation. The letter must be received before the close of business on or before November 15th of the year prior to our next annual meeting of shareholders.

The Governance Committee reviews and evaluates individuals for nomination to stand for election as a director who are recommended to the Governance Committee in writing by any of our shareholders pursuant to the procedures outlined in the paragraph above on the same basis as candidates who are suggested by our current or past directors, executive officers, or other sources, which may, from time-to-time, include professional search firms retained by the Governance Committee. In considering individuals for nomination to stand for election, the Governance Committee will consider:

- (1) The current composition of the Board of Directors and how it functions as a group;
- (2) The talents, personalities, strengths, and weaknesses of current directors;
- (3) The value of contributions made by individual directors;
- (4) The need for a person with specific skills, experiences or background to be added to the Board;
- (5) Any anticipated vacancies due to retirement or other reasons; and
- (6) Other relevant factors which may enter into the nomination decision.

When considering an individual candidate's suitability for the Board, the Governance Committee will evaluate each individual on a case-by-case basis. The Governance Committee does not prescribe minimum qualifications or standards for directors, however, the Governance Committee looks for directors who have personal characteristics, educational backgrounds and relevant experience that would be expected to help further the goals of both the Board and the Company. In addition, the Governance Committee will review the extent of the candidate's demonstrated excellence and success in his or her chosen business, profession, or other career and the skills and talents that the candidate would be expected to add to the Board. The Governance Committee may choose, in individual cases, to conduct interviews with the candidate and/or contact references, business associates, other members of boards on which the candidate serves or other appropriate persons to obtain additional information. The Governance Committee will make its determinations on whether to nominate an individual candidate based on the Board's then-current needs, the merits of that candidate and the qualifications of other available candidates.

Shareholder Nomination Policy

In accordance with our Amended and Restated Code of Regulations, a shareholder may directly nominate a candidate for election as a director of the Company only if written notice of such intention is received by the Corporate Secretary not less than sixty (60) days nor more than ninety (90) days prior to the date of such annual meeting of shareholders or special meeting of shareholders for the election of directors. In the event that the date of such meeting to elect directors is not publicly disclosed at least seventy (70) days prior to the date of such meeting, written notice of such shareholder's intent to nominate a candidate must be received by the Corporate Secretary not later than the close of business on the tenth (10th) day following the date on which notice of such meeting is first provided to the shareholders. A shareholder wishing to directly nominate an individual to serve as a director must follow the procedure outlined in Article I, Section 12 of our Amended and Restated Code of Regulations, titled "Advance Notice of Director Nomination" and then send a signed letter of nomination to the following address: Corporate Governance and Nominating Committee, c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301. Our Amended and Restated Code of Regulations is available on the "Corporate Governance" page accessed from the "Investor Relations" page of the Company's website at www.myersind.com.

On February 19, 2016, GAMCO amended its Schedule 13D relating to the Company disclosing that it had sent a letter to the Company recommending Daniel R. Lee for nomination for election as a director of the Company at the Annual Meeting. GAMCO indicated that it intends to be present in person or by proxy at the Annual Meeting to nominate Mr. Lee. Pursuant to the settlement agreement noted above, the Company has chosen to nominate Mr. Lee on its slate of directors.

Corporate Governance Policies

Implementation

The Board of Directors has implemented the corporate governance initiatives required by the NYSE rules and the Sarbanes-Oxley Act of 2002. These initiatives include, among others, "Corporate Governance Guidelines" and a "Code of Business Conduct and Ethics" for the Company's directors, officers and employees. These corporate governance policies and procedures are discussed in various places within this Proxy Statement. In March 2011, the Board incorporated a director resignation policy into its Corporate Governance Guidelines. Pursuant to this director resignation policy, in an uncontested election, any incumbent director who receives a greater number of votes "Withheld" or "Against" his or her election than votes "For" his or her election (and with respect to such incumbent director's election at least 25% of the Company's shares outstanding and entitled to vote thereon were "Withheld" or voted "Against" the election of such director) shall submit an offer of resignation to the Board of Directors. The Governance Committee will then recommend to the Board whether to accept or reject any tendered resignations, and the Board will decide whether to accept or reject such tendered resignations. The Board's decision will be publicly disclosed in a Current Report on Form 8-K filed with the SEC. If an incumbent director's tendered resignation is rejected, then he or she will continue to serve until his or her successor is elected, or until his or her earlier resignation, removal from office, or death. If an incumbent director's tendered resignation is accepted, then the Board will have the sole discretion to fill any resulting vacancy to the extent permitted by the Company's Amended and Restated Code of Regulations.

Availability of Corporate Governance Policies

Each of our corporate governance policies is available on the "Corporate Governance" page accessed from the "Investor Relations" page of our website at www.myersind.com.

Code of Ethics

We have a "Code of Business Conduct and Ethics" which incorporates a "Code of Ethical Conduct for the Finance Officers and Finance Department Personnel", which embodies our commitment to ethical and legal business practices, as well as satisfying the NYSE requirements to implement and maintain such policies. The Board expects all of our officers, directors and other members of our workforce to act ethically at all times. This policy is available on our website at www.myersind.com on the "Corporate Governance" page accessed from the "Investor Relations" page.

Stock Ownership Guidelines

In 2010, we implemented, and in January of 2013 we amended, our “Stock Ownership Guidelines” whereby our executive officers and non-employee directors are expected to hold a specified amount of our Common Stock. The Chief Executive Officer is expected to hold an investment position in our Common Stock equal to five times his annual base salary. The Chief Financial Officer is expected to hold an investment position equal to three times his respective annual base salary. The non-employee Directors are expected to hold five times their annual cash Board retainer in our Common Stock. The executive officers and non-employee directors have five years from the effective date of the guidelines to attain the ownership requirement. These “Stock Ownership Guidelines” are available on the “Corporate Governance” page accessed from the “Investor Relations” page of the Company’s website at www.myersind.com.

Board Member Recruiting Guidelines

In March 2011, the Governance Committee adopted Board Member Recruiting Guidelines that outline the process for existing Board members to nominate potential director candidates to the Governance Committee. These recruiting guidelines are available on the “Corporate Governance” page accessed from the “Investor Relations” page of the Company’s website at www.myersind.com.

Executive Sessions of the Board

Effective in December 2002, the Board adopted a policy requiring the non-management directors, both as to the Board and in their respective Committees, to meet regularly in executive session without any management personnel or employee directors present. During 2015, the Board and each Committee met regularly in executive session as follows: Board, seven times; Audit Committee, eight times; Compensation Committee, four times; and the Governance Committee, five times. The Capital Allocation Committee did not meet in executive session during 2015.

Independent Chairman

In October 2009, the Board decided it was in the best interest of the Company for the Board to have an independent Chairman. In April 2015, Robert B. Heisler, Jr. was elected as the Independent Chairman of the Board. The Company believes this leadership structure is appropriate for the Company as it further aligns the interests of the Company and our shareholders by ensuring independent leadership of the Board. The Independent Chairman serves as a liaison between our directors and our management and helps to maintain open communication and discussion by the Board. Duties of the Chairman are specified in the Charter of the Chairman of the Board of Directors, adopted October 28, 2009, and include serving in a presiding capacity, coordinating the activities of the Board, and such other duties and responsibilities as the Board may determine from time-to-time. This charter is available on our website at www.myersind.com on the “Corporate Governance” page accessed from the “Investor Relations” page.

Presiding Directors

The independent directors reported that in 2015 they selected Presiding Directors to preside during executive sessions. The Chairman of the Governance Committee acts as the Presiding Director for the executive sessions of the Board, and the Chairman of each Committee was selected as the Presiding Director for the executive sessions of the applicable Committee of the Board.

Anonymous Reporting

The Audit Committee maintains procedures, including a worldwide telephone “hotline”, which allows employees and interested parties to report any financial or other concerns anonymously as further detailed under “Interested Parties’ Communications with the Board of Directors” above.

Annual Board and Committee Self-Assessments

In 2004, the Board, through the Governance Committee, instituted annual self-assessments of the Board, as well as of the Audit Committee, the Compensation Committee, and the Governance Committee, to assist in determining whether the Board and its Committees are functioning effectively. In early 2015, the Board and each of its Committees conducted the self-evaluations and discussed the results of the self-evaluations.

Clawback Policy

In March 2015, the Company adopted a Clawback Policy which provides for the recoupment of certain incentive compensation in the event of an accounting restatement resulting from material noncompliance (whether or not based upon misconduct) with financial reporting requirements under the federal securities laws. The Clawback Policy is administered by the Compensation Committee and applies to current and former executive officers and such other employees who may from time to time be deemed subject to the policy by the Compensation Committee.

NYSE and SEC Certifications

In 2015, we submitted to the NYSE an unqualified Section 12(a) certification by our Chief Executive Officer. Further, each applicable filing with the SEC contained the Section 302 and 906 Certifications of both our Chief Executive Officer and Chief Financial Officer.

Director Compensation

At the start of 2015, the annual cash retainer for non-employee directors was \$40,000. In addition, Committee members received \$10,000 per year per Committee of the Board. The Chairman of the Audit Committee and Chairman of the Compensation Committee each received an additional \$8,000 per year. The Chairman of the Governance Committee received an additional \$4,000 per year. The Chairman of the Board historically received an additional annual cash retainer of \$20,000. Directors who are employees of the Company do not receive the annual retainer.

Under our Amended and Restated 2008 Incentive Stock Plan, each non-employee director who holds such position on the date of the annual meeting of the shareholders, and has been a director for the entire period since the annual meeting of shareholders of Myers that was held in the immediately preceding calendar year, will be awarded annually, on the date of the annual meeting of shareholders, shares of our Common Stock at a value recommended by the Compensation Committee and approved by the Board. The value of Common Stock awarded at the 2015 Annual Meeting was \$60,000 for each director entitled to an award. A director may elect to receive an equivalent number of stock units rather than shares of common stock, with payment to be made with respect to such stock unit when such director ceases to be a member of the Board.

The Compensation Committee engaged a compensation consultant who conducted an assessment of the market competitiveness of the Company's non-employee director compensation program. In conducting the assessment, the compensation consultant reviewed data from a comparable group of companies. The results of this assessment were considered by the Compensation Committee and reflected that the Company's non-employee director compensation was below market. In March 2015, based upon a recommendation by the Compensation Committee, the Board approved an increase in the annual cash retainer for non-employee directors to \$52,500 and a change in the annual cash retainer for the Chairman of the Board to \$60,000 (including committee fees). The Committee and Committee Chair retainers did not change. Directors who are employees of the Company do not receive the annual retainer. In addition, non-employee directors will now receive shares of our Common Stock valued at \$72,500 (an increase over the prior value of \$60,000) on the date of the annual meeting of shareholders as described above. These increases went into effect following the 2015 Annual Meeting.

Our Amended and Restated Code of Regulations provides that we will indemnify, to the fullest extent then permitted by law, any of our directors or former directors who was or is a party or is threatened to be made a party to any matter, whether civil or criminal, by reason of the fact that the individual is or was a director of the Company, or serving at our request as a director of another entity. We have entered into indemnity agreements with each of our directors contractually obligating us to provide such protection. We also currently have in effect director and officer insurance coverage.

Director cash retainers are paid quarterly in arrears. The following table shows the compensation paid to each of the non-employee directors during fiscal 2015. Mr. Orr, who was the Company's President and Chief Executive Officer through the vast majority of 2015, did not receive any additional compensation for his services as a director.

Risk Assessment of Compensation Practices

In establishing compensation policies and practices for all of our employees, we utilize a balanced mix of salary, bonus and, in some cases, equity-based compensation that supports the enhancement of revenue, earnings and cash performance of the Company for our shareholders without creating undue risk. Under our long term incentive program adopted in 2010 (the “LTIP”), we utilize a blend of stock options, service-based awards and performance-based awards with a greater emphasis on performance-based awards than service-based awards that we believe will further align the interests of our employees with those of our shareholders. Our risk oversight and overall compensation structure has features that guard against excessive risk taking, including:

- Our Board’s and its Committees’ role in risk oversight, including internal control over financial reporting and other strategic, financial, operational, compliance and technology policies and practices (see the section titled “Board’s Role in Risk Oversight” above for a complete description);
- Diversified nature of our business segments with respect to industries and markets served, products and services sold, and geographic footprint;
- Establishment and annual review of base salaries to be consistent with an employee’s responsibilities;
- Determination and award of incentive awards based on a review of a variety of indicators of performance that diversifies the risks associated with any single indicator of performance;
- A mixture of fixed and variable, annual and long-term, and cash and equity compensation are provided to our employees to encourage strategy and actions that are in the long-term interests of the Company and our shareholders; and
- Awards of incentive compensation with performance vesting criteria to reward employees for driving sustainable, profitable growth for shareholders.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Executive Summary

Our executive pay program is managed by the Compensation Committee. The role of the Compensation Committee is to oversee our executive pay plans and policies, administer our stock plans and annually review and make recommendations to the Board for all pay decisions relating to our executives, including the Named Executive Officers (“NEOs”):

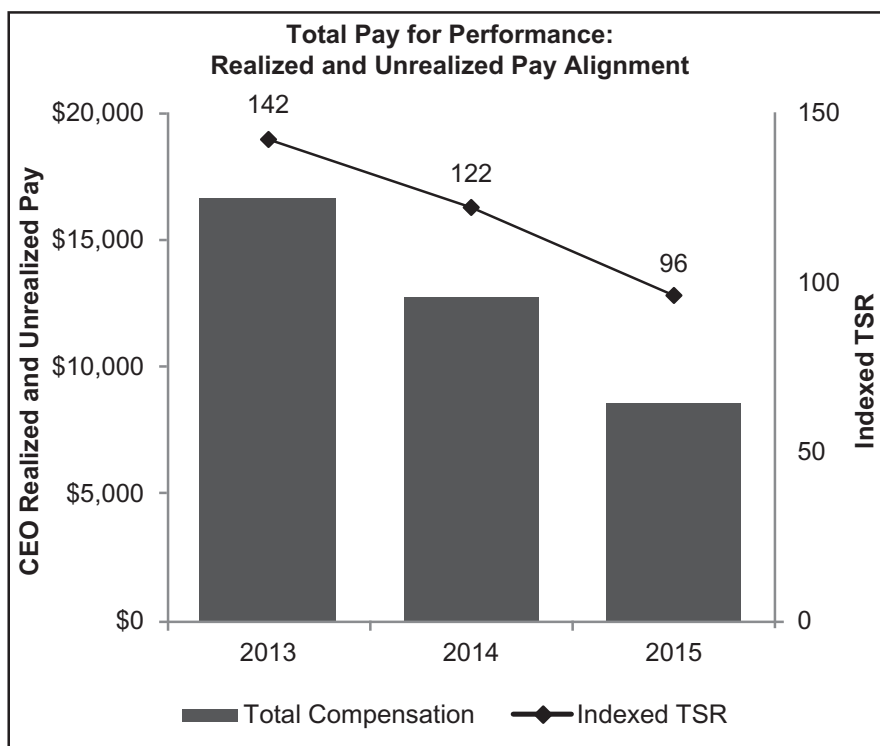

- John C. Orr, President and Chief Executive Officer, retired December 7, 2015
- R. David Banyard, President and Chief Executive Officer, effective December 7, 2015
- Gregory W. Branning, Chief Financial Officer, Senior Vice President and Corporate Secretary

Messrs. Orr, Banyard and Branning were our only NEOs in 2015.

As shareholders consider the effectiveness of our executive pay program for our NEOs in the most recent year and their support of our executive pay program, they should take into account the following:

- The Company’s financial position remains solid, with a strong balance sheet and financial liquidity to pursue strategic goals which enhance shareholder value. In 2015, cash flow provided by continuing operations was \$49.4 million and as of December 31, 2015, there was \$202.2 million available for borrowing under our loan agreement.
- Mr. Orr did not receive an increase in his base salary in 2015. Mr. Branning received a 4% increase in his base salary in 2015.
- We continued to utilize a long-term incentive portfolio of options, service-based restricted stock units, and long-term cash incentives tied to financial results to provide greater reward balance, more effectively manage share dilution and offer us greater flexibility to reward for long-term results.

- We have several pay practices and policies that are in the best interests of our shareholders, including modest perquisites, limited executive retirement benefits, and stock ownership guidelines.
- We concluded that our pay programs do not encourage excessive or unnecessary risk taking.
- Finally, we believe the pay actually earned by Mr. Orr in 2015 was aligned with the Company's total shareholder return performance. The realized pay of Mr. Orr (salary, actual bonuses, long-term performance cash earned, options exercised, stock vested, and all other compensation) and unrealized pay (the value of outstanding equity awards and in-cycle cash performance awards at target) aligned closely with total shareholder return.

<i>Realized Compensation¹</i>	<i>\$3,632</i>	<i>\$4,029</i>	<i>\$5,034</i>

² Includes outstanding equity awards and in-cycle long-term cash at target

The remainder of this report provides details of each of these conclusions and examines our pay philosophy and objectives, the process used to set pay for 2015, the elements of pay awarded and other policies affecting our executive pay program.

Pay Philosophy and Practices

Our success depends largely on the contributions of motivated, focused and energized executives all working to achieve our strategic objectives. The Compensation Committee and senior management, with assistance from our independent compensation advisor, develop competitive pay programs for our executives and we follow the basic tenets set forth below:

What We Do

- Pay for Performance
- Reasonable Post-Employment/Change in Control Provisions
- Double Trigger Change in Control Provisions
- Modest Perquisites
- Share Ownership Guidelines
- Independent Compensation Advisors
- Tally Sheets to Evaluate and Monitor NEO Compensation
- Clawback Policy

What We Don't Do

- Enter into Employment Contracts
- Offer Tax Gross-Ups
- Reprice Underwater Options
- Allow Cash Buyouts of Underwater Options
- Permit Short Sales by Executive Officers or Directors

Process Used to Set Pay for 2015

Interactions between multiple parties established our executive pay program for 2015:

- Compensation Committee;
- Senior management;
- Independent compensation advisor; and
- Outside advisors, including legal counsel.

Role of Compensation Committee

Six independent directors comprise our Compensation Committee, which is responsible for establishing and administering our compensation policies, programs and procedures. In dispensing its duties, the Compensation Committee may request information from senior management regarding the Company's performance, pay and programs to assist it in its actions. Moreover, the Compensation Committee has the authority to retain outside advisors as needed to assist it in reviewing and modifying the Company's programs and providing competitive pay levels and terms. In arriving at its decision on executive compensation, the Compensation Committee takes into account the shareholder "say-on-pay" vote at the previous annual meeting of shareholders.

The Compensation Committee annually reviews and establishes the goals used for our incentive plans. In addition, it annually assesses the performance of the Company and the Chief Executive Officer. Based on this evaluation, the Compensation Committee then recommends the Chief Executive Officer's compensation for the next year to the Board for its consideration and approval. In addition, the Compensation Committee reviews the Chief Executive Officer's compensation recommendations for the Chief Financial Officer, providing appropriate input and approving final awards. Finally, the Compensation Committee provides guidance and final approval to the Chief Executive Officer with regard to the determination of the compensation of other key executives.

Role of Senior Management

The Company's management serves in an advisory or support capacity as the Compensation Committee carries out its charter. Typically, the Company's Chief Executive Officer participates in meetings of the Compensation Committee. The Company's Chief Financial Officer may participate as necessary or at the Compensation Committee's request. The NEOs normally provide the Compensation Committee with information regarding the Company's performance as well as information regarding executives who participate in the Company's various plans. Such data is usually focused on the executives' historical pay and benefit levels, plan costs, context for how programs have changed over time and input regarding particular management issues that need to be addressed. In addition, management normally furnishes similar information to the Compensation Committee's independent compensation advisor.

Management provides input regarding the recommendations made by outside advisors or the Compensation Committee. Management implements, communicates and administers the programs approved by the Compensation Committee, reporting back to it any questions, concerns or issues.

The Chief Executive Officer annually evaluates the performance of the Company and the Chief Financial Officer. Based on his evaluation, he provides the Compensation Committee with his recommendations regarding the pay for the Chief Financial Officer for its consideration, input and approval. The Compensation Committee, in turn, authorizes the Chief Executive Officer to establish the pay for the Company's other executives based on terms consistent with those used to establish the pay of the NEOs. Members of management present at meetings when pay is discussed are recused from such discussions when the Compensation Committee focuses on their individual pay.

Role of Independent Compensation Advisor

In 2015, the Compensation Committee again engaged Exequity, LLP ("Exequity") to assist in its duties. Exequity was initially engaged by the Company at the end of 2012. The Compensation Committee has the authority to retain Exequity or to engage other independent advisors and compensation consultants to assist in carrying out its responsibilities. Exequity's lead consultant reported directly to the Compensation Committee Chairman, who approved Exequity's work plan. In addition, the lead consultant interacted with management as needed to complete the work requested by the Compensation Committee. Exequity did not provide other services to the Company during 2015 and received no compensation other than with respect to the services provided to the Compensation Committee. The work of Exequity has not raised any conflicts of interest.

Compensation Benchmarking

In early 2013, Exequity prepared a study which resulted in the use of two peer groups, a proxy peer group and a general industry group. The proxy peer group was the same as the group developed by the Company's prior compensation consultant, with a few changes, and the general industry group was developed using the Equilar database using the following criteria:

- Participant in the Equilar database;
- Publicly-traded U.S.-based companies with a focus on manufacturing as well as other asset-based companies; and
- Size appropriate companies with revenues within a range of roughly .5x to 2x the Company's revenues and median revenues for the group near the Company's revenues.

This process using the Equilar data resulted in a group of 21 companies, with the Company's revenues ranked at the 32nd percentile.

At the end of 2013, the Company utilized the Equilar general industry peer group only due to pay anomalies with the proxy peer group. There was a significant change in the companies participating in the Equilar database — eight companies had dropped participation — and to get the group up to a more reasonable number of fifteen, two companies were added. This group was used for determining compensation in 2014.

In 2014, Exequity recommended developing a new proxy peer group to support the Compensation Committee's decisions with respect to NEO compensation in 2015. This was an extensive research effort. Exequity focused on developing a group of U.S. publicly-traded companies that met a reasonable cross section of:

- Revenue and market cap within .5x and 2x of the Company;

- Business similarities (based on industry and business descriptions); and
- Similar financial performance (with a focus on revenue growth, EPS growth, gross margin, ROI, and TSR).

This resulted in a significant change in the proxy peer group. Most of the companies that were recommended to be removed were done so either because of the impact of pay anomalies, their size being outside of the targeted range, or a lack of relevant industry comparison. This general industry peer group was approved by the Compensation Committee in July 2014 and included the following companies:

A. Schulman, Inc.	OMNOVA Solutions Inc.
Altra Industrial Motion Corp.	Patrick Industries, Inc.
Apogee Enterprises, Inc.	Quaker Chemical Corporation
Ferro Corporation	RBC Bearings Incorporated
Kraton Performance Polymers, Inc.	Remy International, Inc.
L.B. Foster Company	Standard Motor Products, Inc.
Mueller Water Products, Inc.	Tredegear Corporation
Neenah Paper, Inc.	TriMas Corporation

Based on this information, Exequity offered its recommendations for the NEOs' pay program for 2015 and presented them in meetings and conference calls with the Compensation Committee. Exequity also reviewed the Company's 2015 proxy statement.

The Company believes its practices are consistent with the practices for other companies of its size, reflects best practices regarding the governance of executive pay programs and reflects the executive pay program's objectives of delivering competitive and appropriate pay aligned with our shareholders' interests.

Elements of Pay for 2015

The basic elements of our compensation package include:

- Base salary;
- Annual bonus opportunities;
- Long-term incentives in the form of performance cash awards, options, and restricted stock units;
- Retirement and other benefits generally available to all other Company employees; and
- Modest executive perquisites.

Consistent with the objectives of our executive pay philosophy, we target total compensation to approximate the 50th percentile (or median) for executives in similar roles at companies of similar size and complexity. We believe targeting median pay levels is appropriate as it is sufficient to attract and retain key executives, but does not position our compensation costs out of line with other companies of similar size. Pay can vary from target levels to the degree the Company's performance or stock price increases or decreases, affecting the value our executives realize from Myers' annual bonus and long-term incentive awards.

While we do not have a prescribed mix of pay, the following table indicates the percentage of Mr. Orr's and Mr. Branning's total target direct compensation that is attributable to base salary, target bonus, and long-term incentives. As Mr. Banyard became an NEO in December of 2015, and therefore was not granted long-term incentives and was not eligible for a long term bonus opportunity for 2015.

Component of Pay	Mr. John C. Orr	Mr. Gregory W. Branning
Salary	20%	33%
Target Bonus	20%	23%
Long-Term Incentives	60%	44%

Base Salaries

Base salaries are the guaranteed part of our executives' pay. We pay base salaries to recognize the skills, competencies, experience, and individual performance an executive brings to his or her role. As a result, changes in base salary result primarily from changes in the executive's responsibilities, an assessment of their annual performance, and our financial ability to pay base salaries and provide increases to them.

Salaries for our executives are based on the scope of their responsibilities and their relevant background, training and experience. Data on compensation practices of companies similar to ours is also considered in setting base salaries. The Compensation Committee targets base salaries at approximately the 50th percentile, but also considers an individual's time in the position, experience, performance, future potential and external market conditions. Under the terms of our NEOs' severance agreements, their base salaries may not be materially decreased.

Based on external market conditions, company performance, and senior management's recommendations, the Compensation Committee decided not to increase the base salary of Mr. Orr in 2015. Mr. Branning received a 4% raise in 2015. This positioned the base salary between approximately the 50th and 75th percentile of the peer group for both Mr. Orr and just below the 50th percentile for Mr. Branning. Mr. Orr's percentile positioning with regard to base salary reflects his position as a senior, longer-tenured Chief Executive Officer. Mr. Banyard's base salary was set to be slightly above the 25th percentile of competitive data the Compensation Committee considered when determining Mr. Banyard's compensation package, in large part reflecting the fact that Mr. Banyard is new to the Chief Executive Officer role.

Annual Bonuses

In keeping with our policy of rewarding our executive officers for performance, executives, including our NEOs, were eligible to earn annual incentives under our annual incentive plan. Bonuses under the plan increase each executive's focus on specific short-term corporate operational goals. As a result, it balances the objectives of our other pay programs, which concentrate on individual performance (base salaries), long-term financial results, and stock price growth. Finally, annual bonuses allow us to manage fixed salary costs, while still providing executives with competitive cash compensation consisting of salaries and bonuses.

Each year, the Compensation Committee approves a target bonus opportunity for each NEO. We intend for our target bonuses to be at least at median levels to place more emphasis on achieving annual operating results and to support more demanding annual performance objectives. For 2015, our target bonuses were 100% of salary for Mr. Orr and 70% of salary for Mr. Branning. Actual bonuses can range from 0% to 200% of target depending on actual performance, practices that are consistent with the range of annual bonus opportunities of other companies our size. In this manner, we can reward our executives with higher levels of cash compensation for results that substantially exceed target results. Conversely, we pay relatively lower levels of cash compensation for results that fail to meet minimally acceptable standards.

Annual bonuses are based on results in two areas:

- Earnings before interest, taxes, depreciation and amortization ("EBITDA"), as adjusted for special income and expenses approved by the Compensation Committee. In 2015, these adjustments, equaling \$4.1 million, were one-time non-recurring costs incurred by the Company that were not budgeted, such as costs related to the Company's search for its new Chief Executive Officer, environmental charges and restructuring charges. EBITDA results determine 50% of an NEO's annual bonus.
- Cash flow before capital expenditures, which determines the remaining 50% of an NEO's bonus.

The use of EBITDA as a bonus metric focuses on our core operating profitability. We believe consistent improvements in our operating results over time should produce value for our shareholders over the long-term. Cash flow balances the profitability focus of EBITDA by measuring our executives' ability to manage our working capital. Moreover, it focuses our management on generating discretionary cash that can be used to invest in assets, make acquisitions, retire debt, pay dividends and re-purchase our Common Stock without disrupting operations. Cash flow is measured before capital expenditures so as to balance sound decisions on long-term capital investments with achievement of cash flow goals. Both measures are weighted equally in order to balance near-term profitability with long-term growth.

Each year, the Compensation Committee approves annual performance targets for EBITDA and cash flow. These targets are based on the annual budget developed by our senior management through vigorous bottoms-up planning, evaluation of business expectations for each business segment, customer reviews, raw material availability and pricing evaluations, SG&A considerations and general economic conditions. The annual budget is vetted and approved by the Board. Targets are established based upon a reasonable level of expected return given our performance against the annual budget. Once targets are established, the Compensation Committee sets minimum and maximum goals to appropriately reward for results that exceed or fall short of target expectations.

Performance Objective	Bonus % Target Award ⁽¹⁾	EBITDA (\$ Millions)	Cash Flow (\$ Millions)
Minimum	0%	\$67.91	\$ 42.17
Target	100%	\$88.20	\$ 59.30
Maximum	200%	\$93.49	\$ 76.41
2015 Actual Results	—	\$67.91	\$ 65.82
2015 Percentage Achievement for Each Component	—	0%	138.1%
Weighted Percentage	—	50%	50%
2015 Percentage Payout Weighted Bonus	69.1%	0%	69.1%

⁽¹⁾ Bonuses for results in between performance objectives are interpolated

The range of performance associated with each measure is within the range of market practices. For 2015, actual EBITDA results were below target and actual cash flow was above target, resulting in the weighted average payout percentage being below target. Based on this payout percentage and the executive's target bonus opportunity, Messrs. Orr and Branning received a bonus of \$552,470 and \$193,558, respectively, for 2015. Each of these cash bonuses was paid early in March of 2016.

Long-Term Incentives

The Amended and Restated 2008 Incentive Stock Plan provides us with flexibility to grant stock options, stock appreciation rights, performance awards, restricted stock, stock units, and other forms of equity-based awards. These awards are consistent with our goal of motivating and rewarding our executive officers for increasing shareholder value and promote our long-term interests by aiding in the retention of high-quality executives. Our use of long-term incentives reflects the belief that a significant component of executive compensation should be at risk where the amount earned depends on achieving Company performance objectives designed to enhance shareholder value. Finally, long-term incentives in the form of stock help build executive stock ownership, consistent with our stock ownership objectives more fully described in the section titled "Stock Ownership Guidelines" and strengthen the alignment with our shareholders' interests.

For long-term incentives, the Board awarded a blend of stock options, service-based restricted stock units, and performance-based long-term performance cash incentives. This approach provides reward balance with each element designed to meet specific reward objectives:

- Stock options align our executives' interests with those of our shareholders because options only produce rewards to our executives if our stock price increases after options are granted. We believe options are performance-based awards, because the stock price appreciation that produces gains to the executive can only be achieved by improvements in the Company's operating and financial results. In addition, options help build executive ownership.
- Service-based restricted stock unit grants help in attracting and retaining our key executives. Restricted stock units also tie our executives to the total returns earned by our investors — through dividend equivalent rights as well as stock price appreciation.
- Long-term performance cash incentives are intended to reward our executives for achieving financial goals over a multi-year period. The use of cash helps us to manage the shares available for use under our Amended and Restated 2008 Incentive Stock Plan, reducing dilution of our shareholders' interests.

Our long-term incentives target 50th percentile values for executives in similar roles at companies of similar size. Once target values are developed, awards for each long-term element are based on an individual's position, experience, future potential, organizational level, scope of responsibilities, their ties to long-term results, and any special attraction and retention needs. For the NEOs, the Compensation Committee aimed to strike a balance between the three elements while emphasizing performance-based elements (options and long-term performance cash incentives) over service-based ones (restricted stock units). For Messrs. Orr and Branning, 30% of their target value was delivered in the form of stock options, 45% in the form of target long-term performance cash incentives and 25% as service-based restricted stock units. For Mr. Banyard, 20% of his long-term incentives will be delivered in stock options, 20% restricted stock units, and 60% long-term performance shares.

To strengthen the awards' long-term ties to performance as well as to help retain our executives, long-term incentives vest or are earned over several years. For example, stock options vest ratably on the first three anniversaries of the grant and are exercisable within ten years following their grant, consistent with our historical terms for option grants. Service-based restricted stock unit grants vest ratably over a three year period, are tied to continued service, and provide a strong device for retaining our executives. Finally, long-term performance cash incentives are based on the achievement of pre-established objectives over a three-year period.

Long-term performance cash incentives are based on our average return on invested capital ("ROIC") for the three-year period beginning in 2015 and ending in 2017. ROIC equals our earnings before interest and taxes ("EBIT") divided by our total invested capital (net long term debt and shareholders' equity). In our view, ROIC holds our management accountable for all capital invested in the Company. Moreover, it represents an appropriate measure for a capital intensive business like ours. The goal of the ROIC targets is to ensure we are returning greater than our cost of capital over time. It also balances the measures used in our annual bonus plan. Finally, we believe that ROIC achievement is aligned with our stock price performance. ROIC was also chosen because, given the difficulty in establishing an appropriate peer group for the Company, a metric that accurately reflects relative performance would be difficult to identify.

For the three-year period ending in 2017, the Company established three-year average ROIC performance objectives and the method for determining their corresponding awards, which are as follows:

Return on Invested Capital (ROIC):	Calculation of Award (Percentage of Target Award):
Less than 8.5%	0%
8.5%	50%
8.51%-13.49%	100%, minus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC is lower than 13.5% by (y) 5%
13.5%	100%
13.51%-18.49%	100%, plus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC exceeds 13.5% by (y) 5%
18.5% or more	200%

Target ROIC performance reflects the Compensation Committee's view of an appropriate benchmark based on the Company budget presented to the Committee by management. The Compensation Committee has raised the target in the preceding years in order to challenge management to continuously strive for improvement in order to reach certain award targets.

For the three-year period ending in 2015, the three-year average ROIC performance objectives and the method for determining their corresponding awards are as follows:

Return on Invested Capital (ROIC):	Calculation of Award (Percentage of Target Award):
Less than 6%	0%
6%	50%
6.01%-10.99%	The amount, expressed as a percentage, determined by dividing (x) the ROIC by (y) 10%
11%	100%
11.1%-15.99%	100%, plus the amount, expressed as a percentage, determined by dividing (x) the number of percentage points (not to exceed 5 percentage points) by which the ROIC exceeds 10% by (y) 5%
16% or more	200%

In 2013, the Compensation Committee approved a target award amount of \$774,400 for Mr. Orr and \$161,700 for Mr. Branning. For the three-year period ending in 2015, the Company achieved a three-year average ROIC of 13.6%. The resulting payouts were adjusted to account for discontinued operations, to exclude the Company's acquisition of Scepter, for 2014, and to account for special income and expenses approved by the Compensation Committee. The adjustments approved by the Compensation Committee are the same adjustments used in the calculation of the annual bonuses. Based on the ROIC and the adjustments, Mr. Orr received a long-term performance cash incentive of \$1,053,184, and Mr. Branning received a long-term performance cash incentive of \$219,912, both of which were paid early in 2016.

Retirement and Other Benefits

We also maintain qualified and nonqualified retirement programs to provide our executives and other employees' basic life and income security needs and recognize individual contributions during their career with Myers. The NEOs participate in our qualified retirement plan (a tax-qualified 401(k) Plan, pursuant to which all participants are eligible to receive matching contributions from the Company) on the same terms as all of our other employees.

Mr. Orr and Mr. Branning also participate in our Supplemental Executive Retirement Plan ("SERP"). The SERP was adopted to replace retirement benefits lost because of regulatory limits associated with qualified plans, provide retirement benefits for our NEOs comparable to that of other employees who are not constrained by regulatory limits, offer more competitive benefits to newly appointed senior executives, and enhance the retention and recruitment of high-quality executives. The SERP provides additional pension benefits to a select group of management. The annual supplemental pension benefit is payable for ten years commencing at the earlier of retirement or termination. Credit for years of service under the SERP may also be awarded to a participant at the discretion of the Compensation Committee. As part of their respective employment arrangements, Messrs. Orr and Branning were provided with an annual SERP benefit up to \$325,000 and \$50,000, respectively, payable for ten years commencing at the earlier of retirement or termination. Mr. Orr will start receiving his SERP benefit in July of 2016. In 2015, the Company determined not to add new participants to the SERP, therefore Mr. Banyard will not be provided with a SERP benefit.

NEOs also participate in broad-based benefit plans that are available to all employees, including health insurance and life and disability insurance. Executives' benefits are not tied to individual or Company performance, which is the same approach used for other employees. Moreover, changes to executives' benefits reflect the changes to the benefits of other employees.

Executive Perquisites

The Company's executive perquisites are modest relative to the general practices of other companies. These rewards are not tied to individual or Company performance. While we believe these benefits are modest, they are highly valued by recipients, have limited cost, are part of a competitive reward program, and help in attracting and retaining the best executives.

Until September of 2015, Mr. Orr received a Company provided car plus reimbursement for related expenses. From September 2015 through his retirement, Mr. Orr received a cash allowance for such use. In 2015, Mr. Banyard received a car allowance of \$1,500 per month. NEOs also are able to use the Company's country club membership, but at their own expense. In addition, NEOs are eligible for an annual physical examination. NEOs are responsible for paying the income taxes associated with these benefits and are not grossed-up by the Company.

Hiring of R. David Banyard

On December 7, 2015, Mr. Banyard was appointed President and Chief Executive Officer of the Company. As part of his onboarding, Mr. Banyard received the following:

- A base salary of \$680,000;
- An equity sign-on award totaling \$500,000 in value, denominated in restricted stock units based on closing stock price on date of grant vesting 50% after one year and 50% after two years;
- A cash buy-out totaling \$500,000, which is intended to compensate Mr. Banyard for the relocation expenses incurred as a result of his move, and the anticipated annual cash bonus Mr. Banyard left behind at his old position; and
- An equity award, totaling \$1,500,000 in value, denominated in restricted stock units, with time-based vesting over three years, to provide a partial buyout of the equity awards forfeited by Mr. Banyard at his former employer.

Mr. Banyard's pay package reflects the Compensation Committee's goal to attract and retain top talent through competitive and incentive based compensation programs. Mr. Banyard will also be eligible to participate in the bonus and incentive programs described herein.

Other Policies and Practices

- *Timing of Equity Grants and Grant Price.* Option grants and other equity incentives are generally awarded during the first Compensation Committee meeting of the fiscal year, normally in late February or early March. This meeting is normally set more than a year in advance, limiting our ability to time the market for equity awards. The value of any such grants is determined by the closing price of our stock on the NYSE on the date that the Board approves such grants. In addition, from time-to-time during the year, the Compensation Committee may make grants to a new employee or, in rare circumstances, to a current employee. In such cases, the value of the grants is based on the closing price of our stock on the NYSE on the date such grants are approved by the Board.
- *Stock Ownership Guidelines:* A key objective of our pay program in general and our long-term incentive awards in particular is to encourage and build stock ownership. As a result, we adopted stock ownership guidelines that are common at other companies. These guidelines were adopted in the fall of 2010 and amended in January 2013 and require the Company's Chief Executive Officer to own shares that are equal to five times his base salary. The Company's Chief Financial Officer is required to own shares equal to three times his base salary. NEOs have five years from the effective date of the guidelines to achieve their ownership targets. In determining stock ownership, we count shares owned outright, including shares owned jointly with a spouse or separately by a spouse and/or children that share the NEO's household, vested and unvested restricted stock and restricted stock unit awards, and vested stock options.
- *Accounting and Tax Considerations:* We intend annual cash incentive amounts and our long term cash incentive amounts to be fully deductible for federal income tax purposes under Section 162(m). In order to achieve this we establish an annual Incentive Bonus Plan Pool against which payouts may be made. In 2013, our shareholders approved the Performance Bonus Plan which is designed to permit us to grant incentive awards that may qualify as "qualified performance-based compensation" for purposes of Section 162(m) of the Internal Revenue Code.

Pay Decisions for 2016

In March 2016, the Compensation Committee met to approve the Company's executive incentive pay program for NEOs for 2016. The Compensation Committee approved the following changes to the incentive pay program:

- Annual Bonuses will be tied to achieving budgeted operating profit (30%), growth in operating profit (40%) and achieving budgeted cash flow (30%), instead of EBITDA (50%) and cash flow (50%), as they have been previously. The Compensation Committee believes this is more in line with the goals of the Company and will promote and encourage a more responsible and efficient use of capital.
- The Company will no longer provide a car allowance perquisite.
- The mix of performance stock units, options, service-based stock units and long-term performance cash incentives for the NEOs are as follows:
 - For Mr. Banyard, 60% in the form of performance stock units, 20% in the form of stock options and 20% as service-based restricted stock units, with no long-term cash component; and
 - For Mr. Branning, 30% in the form of stock options, 45% in the form of target long-term performance cash incentives and 25% as service-based restricted stock units;
- Long-term performance stock units and performance cash awards are tied to three-year ROIC.
- Target Bonuses continued to be 100% of salary for the CEO and 70% of salary for the CFO.

In arriving at its decisions on executive compensation, the Compensation Committee took into account the affirmative shareholder "say-on-pay" vote at the previous annual meeting of shareholders and continued to apply the same principles in determining the amounts and types of executive compensation. Though the Company did not receive as high of an affirmative vote as it had in the past, approximately 20% of the "against" votes received were from one shareholder, GAMCO Investors, Inc. ("GAMCO"), who was in the process of running a proxy contest against the Company. Three of GAMCO's nominees were elected to the Board at the 2015 Annual Meeting, two of whom were then elected to the Compensation Committee in order to allow any concerns about the Company's pay practices to be appropriately addressed.

The Compensation Committee commissioned the Mercer Industry Data study in 2015, and referenced that data to determine the competitive positioning of our NEOs' pay.

Compensation Committee Interlocks and Insider Participation

During fiscal 2015, the following directors were members of the Compensation Committee: Vincent C. Byrd (prior to the 2015 Annual Meeting), Robert A. Stefanko, John B. Crowe, William A. Foley, Bruce M. Lisman (after the April 2015 Annual Meeting), Philip T. Blazek (after the April 2015 Annual Meeting) and Sarah R. Coffin. None of the Compensation Committee's members have at any time been an officer or employee of the Company. In the past fiscal none of our NEO's have served as a member of the board of directors or compensation committee of any entity that has one or more NEOs serving on the Company's Board or Compensation Committee.

Employment Arrangements Including Change in Control

R. David Banyard, President and Chief Executive Officer, was appointed to his current position on December 7, 2015. On November 30, 2015, the Board of Directors approved a severance agreement between the Company and Mr. Banyard dated as of December 7, 2015. The full text of the severance agreement is attached as Exhibit 10.1 to the Current Report on Form 8-K filed with the SEC on December 8, 2015. Mr. Banyard's employment by the Company is employment-at-will.

Mr. Banyard's severance agreement provides that if Mr. Banyard is terminated other than for cause or if he terminates for good reason, including following a change in control, then he is entitled to:

- (1) Two times Mr. Banyard's annual base salary as in effect on the date of his termination in a lump sum within thirty (30) days after such termination;
- (2) An amount equal to the sum of (A) two times his annual bonus at the highest rate in effect during the prior two year period plus (B) a pro-rata portion of the current year target annual bonus within thirty (30) days after such termination;
- (3) Health coverage for two years;
- (4) An automobile allowance for two years;
- (5) Long term disability protection for two years;
- (6) Life insurance protection for two years; and
- (7) Outplacement services for one year.

If Mr. Banyard's employment with the Company is terminated by reason of his death or disability, then he or his surviving spouse is entitled to receive:

- (1) The base salary and annual bonus accrued and unpaid to the date of death or disability;
- (2) Any amounts payable under any employee benefit plan of the Company in accordance with the terms of such plan; and
- (3) If Mr. Banyard and/or his surviving spouse and dependents properly elect continued medical coverage in accordance with IRC Section 4980B, the Company shall pay the entire cost of the premiums for such continued medical coverage for the longer of (A) the maximum required period of coverage under Internal Revenue Code Section 4980B(f) or (B) twenty-four (24) months.

In addition, Mr. Banyard's severance agreement provides that upon Mr. Banyard's termination by reason of his death or disability or by the Company other than for cause or if he terminates for good reason, including following a change in control, all of Mr. Banyard's outstanding stock options, restricted stock awards, and stock unit grants will become vested, to the extent not previously forfeited or terminated. Mr. Banyard is also subject to a two year non-compete agreement. The severance agreement does not provide IRC Section 280G protection or excise tax gross-up payments. If Mr. Banyard is terminated by the Company for cause or resigns other than for good reason, then Mr. Banyard is only entitled to compensation earned prior to the date of termination that has not yet been paid.

In the event that Mr. Banyard's employment is terminated by the Company other than for cause or by him for good reason, or if there is a change of control of the Company, then Mr. Banyard would receive the following benefits under the terms of his severance agreement if such event occurred as of December 31, 2015:

The Board has identified both Robert A. Stefanko and Robert B. Heisler, Jr. as the “audit committee financial experts”. Mr. Stefanko and Mr. Heisler are independent, as independence for audit committee members is defined in the applicable listing standards of the New York Stock Exchange.

The Audit Committee’s responsibility is one of oversight. Members of the Audit Committee rely on the information provided and the representations made to them by: management, which has primary responsibility for establishing and maintaining appropriate internal control over financial reporting, and for the Company’s financial statements and reports; and by the independent registered public accounting firm, which is responsible for performing an audit in accordance with Standards of the Public Company Accounting Oversight Board — United States (“PCAOB”) and expressing an opinion on (i) the conformity, in all material respects, of the Company’s financial statements with accounting principles generally accepted in the United States of America and (ii) the effectiveness of internal control over financial reporting.

In the performance of our duties we have:

We have selected Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2016, and have approved submitting the selection of the independent registered public accounting firm for ratification by the shareholders.

PROPOSAL NO. 3 — ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act requires that the Company seek a non-binding advisory vote from its shareholders to approve the compensation as disclosed in the Compensation Discussion & Analysis (“CD&A”) and tabular disclosures of this Proxy Statement. Since the required vote is advisory, the result of the vote is not binding upon the Board.

As discussed in the CD&A section of this Proxy Statement, our executive compensation program is designed to motivate our executive officers to achieve short-term and long-term Company goals that will increase shareholder value; ensure that the actual compensation paid to our executive officers is aligned and correlated with financial performance and changes in shareholder value; motivate and reward executives whose knowledge, skills and performance are crucial to our success; and attract and retain talented and experienced executives and other key employees.

To meet our objectives, the Compensation Committee implemented the following policies:

- Provide compensation packages that are within a range that is reasonably competitive in the market;
- Provide short-term performance incentives by establishing goals for our executives through an annual bonus plan focused on operating performance and cash flow; and
- Provide long-term performance incentives and reward executive management for achievement of long-term strategic initiatives through the use of restricted stock awards, option grants, other equity-based awards under our Amended and Restated 2008 Incentive Stock Plan, and cash awards under the Performance Bonus Plan.

Our executive compensation program is designed to be consistent with the objectives set forth above. The basic elements of our compensation package include

- (1) Base salary,
- (2) Annual bonus opportunities,
- (3) Long-term incentives, such as equity awards,
- (4) Retirement benefits, and
- (5) Generally available health, welfare and other benefit programs and executive perquisites. Under our executive compensation program, we target total compensation to be within the median range of compensation paid to similarly situated executive officers at peer public companies and companies in our industry. We also monitor and assess the competitive retention and recruiting pressures for executive talent in our industries and our markets.

We are presenting the following proposal, which gives you as a shareholder the opportunity to endorse or not endorse our compensation program for our NEOs by voting for or against the following resolution. Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any NEO and will not be binding on or overrule any decisions by the Board. The Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements for our NEOs.

The advisory say-on-pay vote occurs annually, and the next advisory vote will occur at the Annual Meeting in 2017.

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables, and narrative discussion is hereby APPROVED.”

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Myers' directors, officers and persons who own more than ten percent of its Common Stock ("Section 16 Filers") to file reports of ownership and changes in ownership with the SEC and to furnish Myers with copies of all such forms they file. These reports can be viewed on the SEC's website at www.sec.gov. For the year ended December 31, 2015, Form 4s were not filed on a timely basis for the following individuals: Vincent Byrd (one untimely Form 4 for one transaction). Based solely on the Schedule 13D/A filed on February 19, 2016, by Gabelli Funds, LLC, GAMCO Asset Management Inc., MJG Associates, Inc., Gabelli Securities, Inc., Teton Advisors, Inc., GGCP, Inc., GAMCO Investors, Inc., Gabelli Foundation, Inc., Associated Capital Group, Inc. and Mario J. Shareholder Proposal for Inclusion in Proxy Statement

Any shareholder who intends to present a proposal at the Company's next annual meeting to be held in April 2017 must deliver a signed letter of proposal to the following address: Corporate Governance and Nominating Committee, c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301:

- Not later than November 22, 2016, if the proposal is submitted for inclusion in the Company's proxy materials for the annual meeting pursuant to Rule 14a-8 under the Exchange Act, or
- Not earlier than January 23, 2017 and not later than February 22, 2017 (subject to announcement of the annual meeting date, as described below) if the proposal is submitted pursuant to the Company's Amended and Restated Code of Regulations.

In accordance with our Amended and Restated Code of Regulations, a shareholder may submit notice of a shareholder proposal that it intends to raise at our annual meeting (and not desiring to be included in the Company's proxy statement) only if advance written notice of such intention is received by the Corporate Secretary not less than sixty (60) days nor more than ninety (90) days prior to the date of such annual meeting of shareholders. In the event that the date of such meeting is not publicly disclosed at least seventy (70) days prior to the date of such meeting, written notice of such shareholder's intent to submit a proposal must be received by the Corporate Secretary not later than the close of business on the tenth (10th) day following the date on which notice of such meeting is first provided to the shareholders. A shareholder wishing to submit a shareholder proposal must follow the procedure outlined in Article I, Section 11 of our Amended and Restated Code of Regulations, titled "Advance Notice of Shareholder Proposals" and then send a signed letter of proposal to the following address: Corporate Governance and Nominating Committee, c/o Corporate Secretary, Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301. The Company disclosed the date of the 2015 annual meeting on February 11, 2016, and received no proposals satisfying this requirement prior to the February 22, 2016 deadline for this year's Annual Meeting.

The submission of such a notice does not ensure that a proposal can be raised at our Annual Meeting.

No Incorporation by Reference

The Compensation Committee Report and the Audit Committee Report (including reference to the independence of the Audit Committee members) are not deemed filed with the SEC or subject to the liabilities of Section 18 of the Exchange Act, and shall not be deemed incorporated by reference into any prior or future filings made by us under the Securities Act, or the Exchange Act, except to the extent that we specifically incorporate such information by reference. **The section of this proxy entitled "Compensation Discussion and Analysis" is specifically incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.**

Cost of Proxy Solicitation

The accompanying proxy is solicited by and on behalf of the Board, whose notice of meeting is attached to this Proxy Statement, and the entire cost of such solicitation will be borne by Myers. In addition to the use of the mail, proxies may be solicited by personal interview, telephone and telegram by directors, officers and employees of Myers. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and Myers will reimburse them for reasonable out-of-pocket expenses incurred by them in connection therewith. Myers estimates that the total expenditures relating to its proxy solicitation (other than salaries or wages of officers and employees, but including the cost of mailing, related legal and advisory fees and any litigation related to the solicitation) will be approximately \$25,000 of which approximately nothing has been spent to date. Annex A sets forth information concerning "participants" in the solicitation, who include our directors, nominees and certain employees.

Copy of the Form 10-K

Although a copy of the Annual Report on Form 10-K is provided to you at the time of delivery of the definitive Proxy Statement, we will mail without charge, upon written request, a copy of our Annual Report on Form 10-K for the year ended December 31, 2015, including the consolidated financial statements, schedules and list of exhibits, and any particular exhibit specifically requested. Requests should be sent to: Myers Industries, Inc., 1293 South Main Street, Akron, Ohio 44301, Attn: Investor Relations. The Annual Report on Form 10-K is also available at www.myersind.com and at the SEC's website at www.sec.gov.

Notice Regarding Delivery of Security Holder Documents

The SEC now permits companies to send a single set of annual disclosure documents to any household at which two or more shareholders reside, unless contrary instructions have been received, but only if the Company provides advance notice and follows certain procedures. In such cases, such shareholders continue to receive a separate notice of the meeting and proxy card. This "householding" process reduces the volume of duplicate information and reduces printing and mailing expenses. We have not instituted householding for shareholders of record; however, a number of brokerage firms may have instituted householding for beneficial owners of the Company's shares of Common Stock held through such brokerage firms. If your family has multiple accounts holding shares of Common Stock of the Company, you already may have received householding notification from your broker. Please contact your broker directly if you have any questions or require additional copies of the annual disclosure documents. The broker will arrange for delivery of a separate copy of this Proxy Statement or our Annual Report promptly upon your written or oral request. You may decide at any time to revoke your decision to household, and thereby receive multiple copies.
