Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting practices

The accompanying financial statements of the FD Insurance Company (the Company) are presented on the basis of accounting practices prescribed or permitted by the Alabama Department of Insurance (ALDOI).

The ALDOI recognizes only statutory accounting practices prescribed or permitted by the State of Alabama for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Alabama Insurance Code. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual has been adopted as a component of prescribed or permitted practices by the State of Alabama.

The Alabama Insurance Code generally requires domestic insurance companies to maintain their assets within the State of Alabama. This requirement can thereby preclude the use of out-of-state banks. The Company has requested a Permitted Practice from the ALDOI that allows the Company to make use of out-of-state banks. This practice is not at variance with any NAIC statutory accounting practices and procedures (SAP). The Company does not employ any accounting practices prescribed or permitted by the State of Alabama that depart from NAIC SAP, as shown in the following table:

The term "none" or "no significant change" is used in the following notes to indicate that the Company does not have any items requiring disclosure under the respective note or no significant changes in the disclosure are warranted since the most recent annual filing.

- B. Use of estimates in the preparation of the financial statements No significant change.
- C. Accounting policy
 - (1) (5) No significant change.
 - (6) Loan-backed securities are reported at amortized cost provided that the SVO's designation is 1 or 2. If the SVO's designation is 3 or greater, the security is reported at the lower of amortized cost or fair value. The Company uses the prospective method to make valuation adjustments when necessary.
 - (7) (13) No significant change.
- D. Going Concern

Based upon its evaluation of relevant conditions and events, including the 100% intercompany reinsurance with NORCAL Insurance Company, management does not have substantial doubt about the Company's ability to continue as a going concern.

 - 2. The controlled group of corporations of which the reporting entity is a member has determined that it does not expect to be liable for CAMT in 2024.
 - 3. Based upon projected adjusted financial statement income for 2024, the controlled group of corporations of which the reporting entity is a member, has determined that average "adjusted financial statement income" is below the thresholds for the 2024 tax year such that it does not expect to be required to perform the CAMT calculations.

Note 10 - Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A. Nature of relationships

The Company is a stock insurance company wholly owned by NORCAL. The Company business was transferred to NORCAL beginning July 1, 2016.

In 2021, ProAssurance completed its acquisition of NORCAL. Policyholders who elected to receive NORCAL stock in the transaction and tender it to ProAssurance were also eligible for a share of contingent consideration in an amount up to approximately \$84,000,000 depending upon the after-tax development of NORCAL's ultimate net losses between December 31, 2020 and December 31, 2023. As of June 30, 2024, it was determined that no contingent consideration was payable.

Affiliate PRA Group Holdings, Inc. was merged with and into PRA Professional Liability Group, Inc. effective March 31, 2023.

Affiliate NORCAL Specialty Insurance Services, LLC merged with and into NORCAL Insurance Company effective July 31, 2023. The merger was approved by the California Department of Insurance.

Affiliate ProAssurance Casualty Company merged with and into ProAssurance Indemnity Company, Inc. with ProAssurance Indemnity Company, Inc. surviving the merger effective December 31, 2023. Approvals for the merger were received from the Michigan Office of Financial and Insurance Services, the Alabama Department of Insurance, and the California Department of Insurance.

Effective January 15, 2024, affiliate Medmarc Casualty Insurance Company paid a dividend in the form of its subsidiary, Hamilton Resources Corporation, whereby Hamilton Resources Corporation became a subsidiary of Medmarc's parent, PRA Professional Liability Group, Inc.

Effective July 18, 2024, the Company redomiciled from Florida to Alabama. The articles and bylaws were changed accordingly to comply with Alabama requirements. The change is reflected on the organizational chart.

- B. Detail of transactions greater than 0.5% of admitted assets None.
- C. Transactions with related parties who are not reported on Schedule Y None.
- D. Amounts due (to) or from related parties:

Subtotal: due to affiliates	\$ (5,108)	\$ (9,761)
Total due to affiliates	\$ (5,108)	\$ (9,761)

Affiliate balances are normally settled in the succeeding month.

The ceded reinsurance agreement with NORCAL resulted in a net receivable of \$6,658 and a net payable of \$76,008 as of September 30, 2024 and December 31, 2023, respectively.

E. Management, service contracts, cost sharing agreements

The Company participates in an Expense Allocation Agreement and a Management Services Agreement (the Agreements) with affiliates under which expenses are allocated in accordance with SSAP No. 70 - Allocation of Expenses.

The Management Services Agreement provides for a management fee to be charged and as a matter of practice, management fees are paid directly to ProAssurance Corporation on behalf of the manager as warranted based on where the expenses for services are originally incurred, as directed by the Manager.

The Company amended its Management Services Agreement to modify allocation percentages effective January 1, 2023. Regulatory approval or non-disapproval was received.

	Total liabilities at fair value	\$ _	\$ — \$	_	\$ —	\$ _

- (2) Fair value measurements in (Level 3) of the fair value hierarchy None.
- (3) The Company's policy is to recognize transfers between levels at the end of the reporting period.
- (4) The Company values securities in the Level 1 category using unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

The Company values securities in the Level 2 category using market data obtained from sources independent of the reporting entity (observable inputs). Level 2 inputs generally include quoted prices in markets that are not active, quoted prices for similar assets or liabilities, and results from pricing models that use observable inputs such as interest rates and yield curves that are generally available at commonly quoted intervals.

The fair values for securities included in the Level 2 category have been developed by third party, nationally recognized pricing services. These services use complex methodologies to determine values for securities and subject the values they develop to quality control reviews. Management reviews service-provided values for reasonableness by comparing data among pricing services and to available market and trade data. Values that appear inconsistent are further reviewed for appropriateness. If a value does not appear reasonable, the valuation is discussed with the service that provided the value and would be adjusted, if necessary. No such adjustments have been necessary to date.

The Company values assets classified as Level 3 in the Fair Value Hierarchy using the Company's own assumptions about market participant assumptions based on the best information available in the circumstances (non-observable inputs). Level 3 inputs are used in situations where little or no Level 1 or 2 inputs are available or are inappropriate given the particular circumstances. Level 3 inputs include results from pricing models for which some or all of the inputs are not observable, discounted cash flow methodologies, single non-binding broker quotes and adjustments to externally quoted prices that are based on management judgment or estimation.

Additional information regarding the valuation methodologies used by the pricing services by security type is included in *C. Fair values of financial instruments* below.

- (5) Fair value of derivative assets and liabilities None.
- B. Additional fair value disclosures None.

The following methods are used to estimate fair value for the instruments included in the above table and for fair value measurements in the financial statements in the table *A1. Fair value measurements at reporting date*, above.

Bonds in Level 1 are comprised of SVO-identified ETFs and are reported at fair value.

Cash equivalents in Level 1 are comprised of money market mutual funds that are reported at fair value using net asset value as a practical expedient as prescribed by the NAIC.

Level 2 Valuation Methodologies

Below is a summary description of the valuation methodologies primarily used by the pricing services for bonds included in the Level 2 category, by security type:

U.S. Government obligations, including treasury bills classified as cash equivalents and/or short term investments, are valued based on quoted prices for identical assets, or, in markets that are not active, quotes for similar assets, taking into consideration adjustments for variations in contractual cash flows and yields to maturity.

Short term investments in Level 2 are evaluated using the same methodology previously described for U.S. Government-sponsored enterprise obligations.

- D. Items for which it is not practicable to estimate fair value None.
- E. Investments measured using the NAV practical expedient None.

Note 21 - Other Items

- A. Unusual or infrequent items None.
