Testing is in our DNA

Large scale structural testing and individual solution testing provides us with a better understanding of how structures perform, advances our design technology and improves building safety.

Broad Portfolio of Solutions

Broad and deep product offering with 18,000 standard and custom products for wood, concrete, steel, and digital solutions to make it easier to specify and order our products.

Wood Connection Products

Wood connectors, shearwalls, connectors for cold-formed steel and structural steel

Fastening Systems

Fasteners for connectors, structural screws, decking screws, and productivity solutions

Concrete Connection Products

Mechanical and adhesive anchors, injection epoxies, carbon fiber strengthening products

Integrated Component Systems

Truss plates, engineered wood product connectors, truss and EWP design software

Digital Solutions

50+ software and web applications for design, specification and estimating

Our customer-centric approach and commitment to relentless service differentiates us from other vendors and suppliers.

Longstanding relationships

- **26 of top 30 builders** on our builder program

KEY MARKET FOCUS AREAS

- Single family construction
- Multifamily construction
- Outdoor living (e.g. decks, pergolas, fences)
- Repair, remodel and retrofit applications
- National home builder relationships
- Lumber and building materials (LBM) relationships

KEY PRODUCT LINES

Wood Connection Products	Fastening Systems	Concrete Connection Products	Integrated Component Systems (Truss)	Digital Solutions
✓	✓	✓	✓	✓

STRATEGY

- Build and maintain strong relationships with top Builders and pro-dealers
- Specify and create demand through national builders
- Ensure product availability through national pro-dealers
- Utilize connectors to grow other product lines
- Deliver digital solutions to accelerate building safer stronger structures

KEY MARKET FOCUS AREAS

- Retail and office buildings
- Institutional (education, healthcare)
- Public and utilities (water supply, pipelines, ports)
- Transportation (bridges, tunnels, airports)
- Manufacturing (factories, warehouses, data centers)
- Structural steel buildings

KEY PRODUCT LINES

Wood Connection Products	Fastening Systems	Concrete Connection Products	Integrated Component Systems	Digital Solutions
✓	✓	✓	---	✓

STRATEGY

- Call on and educate architects, engineers, and designers to drive specifications
- Provide training and support to contractors and distributors
- Deliver digital solutions that make it easy for architects, engineers and contractors to specify our products
- Continue to build out solutions portfolio to increase breadth of line in structural steel, anchors, fasteners, strengthening and products for cold-formed steel
- Strategic partnership with Structural Technologies – largest installer of carbon fiber products

KEY MARKET FOCUS AREAS

- Off-site construction (manufactured housing, modular construction, post-frame construction, prefab sheds)
- Mass timber construction
- Wood and steel fastening (crates, trailers, RV manufacturers, etc.)
- Concrete anchoring and kitting (material handling and precast concrete mfrs, private label & kitting)

KEY PRODUCT LINES

Wood Connection Products	Fastening Systems	Concrete Connection Products	Integrated Component Systems	Digital Solutions
✓	✓	✓	✓	✓

STRATEGY

- Aligned with our business model; identify opportunity for existing connectors, fasteners, anchors and truss plates products into this market
- Engineer and launch value-added OEM-specific structural solutions
- Leverage Simpson Strong-Tie engineering testing capabilities
- Develop direct and distribution sales channels
- Utilize external innovation opportunities

KEY MARKET FOCUS AREAS

- Large home centers
- Co-ops / retail chains
- Farm & hardware supply retailers
- Pro customer strategy
- eCommerce growth
- DIY customers

KEY PRODUCT LINES

Wood Connection Products	Fastening Systems	Concrete Connection Products	Integrated Component Systems	Digital Solutions
✓	✓	✓	---	✓

STRATEGY

- Improve retail execution through merchandising, product development, and marketing
- Continue expanding availability of all product lines, and increase in-store training
- Enable consumers to customize, design and create bill-of-materials with software
- Partner with home center brand advocates to maximize e-commerce sales
- Utilize external innovation opportunities

KEY MARKET FOCUS AREAS

- Component manufactures who build roof and floor trusses, offer EWP solutions and/or wall panel solutions
- Equipment solutions
- Large LBMs
- Offsite construction – i.e., fully integrated builders

KEY PRODUCT LINES

Wood Connection Products	Fastening Systems	Concrete Connection Products	Integrated Component Systems	Digital Solutions
✓	✓	---	✓	✓

STRATEGY

- Continue to develop functional, stable, open software
- Continue to increase truss plate manufacturing capacity to support growth
- Further build internal talent pool for implementation, training and high touch service and support
- Provide a modest equipment offering
- Industry involvement and strong relationships

Our goal is to leverage and offer a suite of integrated, technology solutions across our value chain to connect building industry stakeholders, improve construction processes, and be the partner of choice.

Key focus areas to make it easier to specify and order our products:

- Specification Tools (Apps/Selectors)
- Customer Portal
- Builder Software
- LBM Software
- Component Manuf. Software (Truss)
- Outdoor Living Solutions

Digital Solutions (Continued)

Building out our digital offerings to serve customers across the building industry

Focused on above market growth and a 15% operating income margin in Europe.

- Continue ETANCO⁽¹⁾ integration and realize synergies:

Offensive Synergies

- Expand market share
- Enhance portfolio of solutions
- Cross-selling opportunities
- Entrance into new commercial building markets
- Grow direct sales model

Defensive Synergies

- Procurement optimization
- Manufacturing efficiencies
- Operating expense efficiencies
- Insourcing

- Optimize sales channels and footprint in Europe
- Drive success in commercial building markets
- Drive growth in Mass Timber initiative
- Develop software and services to provide complete solutions

Cash Flow From Operations

Organic Growth

Acquisitions

Dividends

Debt Repayment

Share Repurchases

Past and Potential Future Uses of Cash Flows

- Prioritizing facility expansions (capacity, service, efficiencies and safety)
- Investing in growth initiatives (engineering, marketing, sales personnel, testing capabilities, etc.)
- Evaluating potential M&A in the markets we operate (support key growth initiatives)
- Integrating ETANCO remains the priority
- Maintain quarterly cash dividends⁽¹⁾
- Consistently and moderately raise dividends
- Capital return target of 35% of free cash flow⁽²⁾
- Focused on repaying debt incurred to finance the acquisition of ETANCO
- Selective and opportunistic share repurchases
- Board approved \$100 M share repurchase authorization through December 2024
- Capital return target of 35% of free cash flow⁽²⁾

(1) On July 26, 2024, the Company's Board of Directors declared a quarterly dividend of \$0.28 per share, payable on October 24, 2024 to stockholders of record on October 3, 2024.

(2) The Company defines free cash flow as cash flow from operations less capital expenditures.

Evaluate potential M&A opportunities to accelerate traction on our key growth initiatives

- Focused on strengthening our business model by expanding our product lines to develop complete solutions for the markets in which we operate
- Improve our manufacturing capabilities and supply chain efficiencies to reduce lead-times and bring production closer to the end customer
- The majority of actionable opportunities are smaller / tuck-in type acquisitions

Housing Market Projections⁽¹⁾

There is a sizable shortage of new homes after more than a decade of under-building relative to population growth.

New home construction dropped steeply after the recession and has yet to fully recover. Company expects U.S. housing shortage to accelerate housing starts growth in the mid to long-term.

Sustainability, Environmental and Social Responsibility

We operate in an environmentally responsible manner to protect our employees, customers and communities while prioritizing an inclusive, equitable and diverse company

Environmental

Committed to continuously improving the efficiency of our resource use to lessen our impact, and designing and manufacturing products with environmental conservation in mind

Manufacturing Facilities

- **GOAL:** Minimize amount of total waste generated by manufacturing processes through companywide lean practices
- ✓ In 2023, determined the appropriate environmental stewardship practices at each of our facilities and are advancing toward their standardization

Energy Conservation

- **GOAL:** Improve energy efficiencies at facilities globally to ensure eco-friendly, cost-effective operations
- ✓ In 2023, successfully implemented various energy conservation initiatives across our operations

Waste Reduction and Recycling

- **GOAL:** Support the Circular Economy by minimizing our largest recognized waste stream and sending unused steel back upstream
- ✓ Continuously work to improve the design of our products to minimize scrap steel during the stamping process, reducing both costs and energy

Sustainable Building Practices

- **GOAL:** Support sustainable business practices through use of green building technology and non-toxic materials
- ✓ In 2023, completed testing on a 10-story mass-timber structure, paving the way for increased adoption of regenerative construction materials

Social Responsibility

Striving to ensure everyone at our Company feels included and empowered, and equipping our employees with the tools and confidence to nurture themselves and their careers

Diversity, Equity and Inclusion

- **GOAL:** Foster diversity in our workforce and maintain representation of differing genders, ages, races, ethnicities, and abilities
- ✓ Partnered with DiversityJobs to promote our job postings, and recently established a promotion guide to ensure a fair and consistent approach

Leadership & Development

- **GOAL:** Ensure all employees have access to opportunities to grow and thrive in their careers with the Company
- ✓ In 2023, launched employee skills assessment and began creating meaningful development programs to ensure continued employee growth

Human Capital Management

- **GOAL:** Strengthen our values-based leadership and culture based on our Company value that Everybody Matters
- ✓ In 2023, formed partnership with Gallup to conduct our biannual Global Employee Engagement Survey

Health and Safety

- **GOAL:** Provide the highest standard of safety and create a healthy working environment
- ✓ In 2023, improved the global Total Recordable Incident Rate to 1.51, below the gold standard of recognized international experts

- 1** Strengthening our values-based culture
- 2** Being the business partner of choice
- 3** Striving to be an innovative leader in the markets we operate
- 4** Continuing above market growth relative to U.S. housing starts
- 5** Returning to the top quartile of our proxy peers for operating income margin
- 6** Longer-term, returning to the top quartile of our proxy peers for ROIC⁽¹⁾

(1) See slide 35 for Return on Invested Capital (ROIC) definition.

Return on Invested Capital (“ROIC”) Definition

When referred to in this presentation, return on invested capital (“ROIC”) for a fiscal year is calculated based on (i) the net income of that year as presented in the Company’s consolidated statements of operations prepared pursuant to generally accepted accounting principles in the U.S. (“GAAP”), as divided by (ii) the average of the sum of total stockholders’ equity and total long-term debt, at the beginning of and at the end of such year, as presented in the Company’s consolidated balance sheets prepared pursuant to GAAP for that applicable year. As such, the Company’s ROIC, a ratio or statistical measure, is calculated using exclusively GAAP financial measures.
