Snap-on SOLUS+ Diagnostic Tool Named a MOTOR Top 20 Award Winner

LINCOLNSHIRE, Ill., Sept. 5, 2024 – Snap-on® announces its SOLUS+™ diagnostic tool has won a 2024 MOTOR Top 20 Award. Recognized as an outstanding new industry solution by employees, customers and industry peers, through an online voting system, [SOLUS+](#) is among the year's most valuable contributions to the industry.

The SOLUS+ platform is the ultimate scan tool for everyday maintenance and repairs, available in both English and Spanish. With exclusive SureTrack® verified repair information, it provides comprehensive coverage for 49 domestic, Asian and European vehicles, and nine domestic motorcycles.

SOLUS+ includes all the sophisticated features that technicians need to handle a broad range of diagnostics without the complex functions that they don't. With super-fast boot up, it's ready to use in just two seconds and diagnostic results are available in as little as 30 seconds. Features include detailed trouble code definitions, live data, functional tests, relearns and adaptations.

Advanced features and intuitive functionality make the new SOLUS+ the next-generation scan tool for today's technicians:

- Quick look ups allow technicians to access OEM technical bulletins, specifications and resets.
- One Touch Code Scan & Clear quickly performs checks and completes full vehicle clear codes for all available modules on the vehicle.
- Custom data list lets technicians customize the way they work, with freeze-frame, PID sorting, pause, zoom, PID trigger, snapshot and cursor functions.
