This presentation contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements include, without limitation, statements regarding the Company and the Company's expectations or intentions regarding the future. These forward-looking statements can often be identified by the use of words such as "will", "predict", "continue", "forecast", "expect", "believe", "anticipate", "outlook", "could", "target", "project", "intend", "plan", "pursue", "seeks", "estimate", "should", "may" and "assume", as well as variations of such words and similar expressions referring to the future, and include (without limitation) statements regarding our expectations for our utility infrastructure services and natural gas operations, estimated future capital expenditures, projected rate base growth, O&M per customer expectations, our 2024 financial guidance and expected value drivers, 2024 – 2026 financial guidance and expected value drivers, 2024 financial guidance and expected timeline or at all. For purposes of any forward-looking consolidated financial information at Southwest Gas, full consolidation of Centuri has been assumed in this presentation. A number of important factors affecting the business and financial results could cause actual results to differ materially from those stated in the forward-looking statements. These factors include, but are not limited to, statements regarding the proposed transaction structure and timing of a separation of our remaining interests in Centuri, the timing and impact of executing) on such transaction alternatives, the timing and amount of rate relief, changes in rate design, customer growth rates,

Forward-looking statements are based on assumptions which we believe are reasonable, based on current expectations and projections about future events and industry conditions and trends affecting our business. However, whether actual results and developments will conform to our expectations and predictions are subject to a number of risks and uncertainties that, among other things, could cause actual results to differ materially from those contained in the forward-looking statements, including without limitation, those discussed under the heading "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations," and "Quantitative and Qualitative Disclosure about Market Risk" in the Company's most recent Annual Report on Form 10-K and in the Company's and Southwest Gas Corporation's current and periodic reports, including our Quarterly Reports on Form 10-Q, filed from time to time with the SEC, and other reports that we file with the SEC from time to time.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for us to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. The statements in this presentation are made as of the date hereof, even if subsequently made available on our website or otherwise. We do not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

### **Non-GAAP Measures**

This presentation contains adjusted net income (loss), which has not been calculated in accordance with accounting principles generally accepted in the U.S ("GAAP"). Management uses this non-GAAP measure internally to evaluate performance and in making financial and operational decisions. Management believes that its presentation of this measure provides investors greater transparency with respect to its results of operations and that this measure is useful for a period-to-period comparison of results. Management also believes that providing this non-GAAP financial measure helps investors evaluate the Company's operating performance, profitability, and business trends in a way that is consistent with how management evaluates such performance.

We do not provide a reconciliation of forward-looking Non-GAAP Measures to the corresponding forward-looking GAAP measure due to our inability to project special charges and certain expenses.

### **Select Recent Regulatory Activity**

#### **Arizona PGA Filing**

Received ACC approval to increase the Gas Cost Balancing Account rate (for up to two years) to facilitate timely recovery of an approximate \$358 million purchased gas cost balance, effective August 1, 2023.

### **Arizona COYL Annual Surcharge Filing**

In February, the Company submitted its annual COYL Surcharge filing requesting a \$1.8 million margin increase approved in June 2024.

### **California Hydrogen Demonstration Project**

Application pending before California Public Utilities Commission ("CPUC") for approval of a hydrogenblending demonstration project in Northern California.

#### **California Fort Irwin Expansion Project**

CPUC approved the expansion of the Company's service territory in Southern California to accommodate the construction of an ~21-mile pipeline to extend service to the Army's National Training Center at Fort Irwin.

# **Great Basin 2023 Mainline Replacement Project**

FERC issued order in February 2023 granting a certificate of public convenience and necessity ("CPCN") for the construction and operation of the project which contemplates the replacement of ~20.4 miles of 16" pipe in Humboldt County. The current project estimate is ~\$47 million. Great Basin has requested authority from FERC to place the line in service April 24, 2024.

#### **Great Basin 2024 – Expansion Project**

In April 2024, the FERC issued the order approving SWG's application to abandon and replace certain pipeline facilities and grant a CPCN to construct and operate certain facilities to expand the transportation capacity of the system. The current project estimate is ~\$15 million.

### **Nevada Annual Rate Adjustment Filing**

The Company's application filed in November 2023 contemplated a statewide decrease of ~\$11.4 million. Rate adjustments were implemented May 2024 pursuant to an all-party settlement. Following a limited scope hearing on certain gas purchases, the Company's application was approved July 2024 as filed and its gas procurement practices were found to be reasonable and prudent.

### **Government Activity - Nevada**

### **Executive Order 2023-07**

Outlines the state's energy priorities and policy objectives for the next decade

#### **Focus**

- » Supports an all-of-the-above approach to energy in the state
- » Emphasizes the importance of affordability and reliability of energy for consumers
- Protects the use of natural gas in homes and businesses and ensures Nevadans continue to have all energy options available to them
- » Promotes economic development and investment in Nevada

### **SB 281 Gas Planning**

Establishes an infrastructure planning process with the PUCN<sup>1</sup> for natural gas utilities. The rulemaking is currently underway at the PUCN

### Requires three-year plan to include:

- » Current & projected demands for natural gas
- » Significant projects & investments
- » Energy efficiency & load management programs
- » Renewable energy & low-carbon fuel initiatives

### **Gas Planning Benefits**

Supports investment in clean fuel technologies and R&D opportunities

Creates opportunity to seek regulatory pre-approval for certain investments

Reinforces natural gas's role in providing safe, reliable and affordable energy

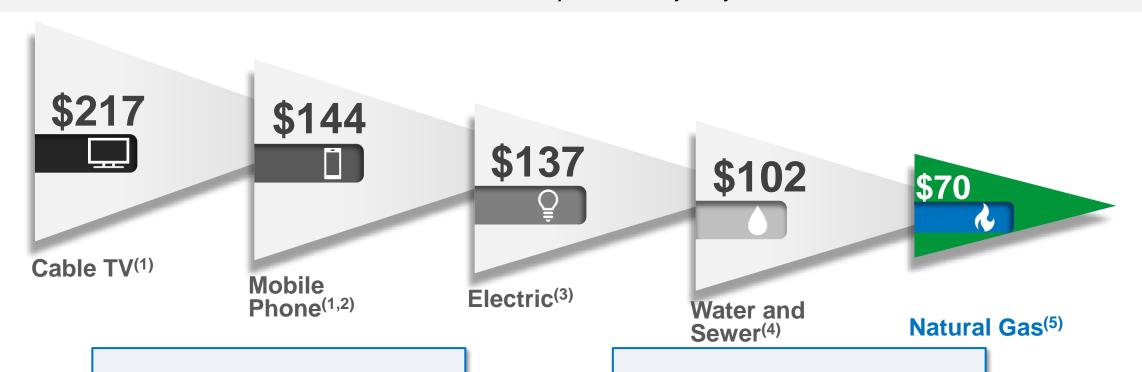

Creates pathways for natural gas utilities to support greenhouse gas emissions reduction goals

Enhances transparency for customers and interested stakeholders
