Notes to Statistical Supplement

Non-GAAP Financial Measures

We analyze our Company's performance using non-GAAP financial measures which exclude certain items and the related tax thereon from net income. We believe operating income or loss excluding realized investment gains and losses, which are recurring, is a better performance measure and a better indicator of the profitability and underlying trends in our business. Realized investment gains and losses are dependent on market conditions and general economic events and are not necessarily related to decisions regarding our Company's underlying business. We also believe that the exclusion of certain other items specified and presented in the reconciliations on the segment financial results pages throughout this supplement enhances the understanding and comparability of our Company's performance and the underlying fundamentals in our operations, but this exclusion is not an indication that similar items may not recur.

2009 Significant Transactions and Events

Financing

During the first six months of 2009, we made principal payments of \$3.8 million and \$5.0 million on our senior secured non-recourse variable rate notes issued by Northwind Holdings, LLC and Tailwind Holdings, LLC, respectively. We also purchased and retired the remaining \$132.2 million of our 5.859% senior notes due May 2009.

Accounting Principle Change

Effective April 1, 2009, we adopted the provisions of FASB Staff Position No. FAS 115-2 and FAS 124-2 (FSP FAS 115-2 and FAS 124-2), *Recognition and Presentation of Other-Than-Temporary Impairments*. This FSP amends the other-than-temporary impairment guidance for debt securities and expands and increases the frequency of previously existing disclosures for other-than-temporary impairments. The cumulative effect of applying the provisions of FSP FAS 115-2 and FAS 124-2 increased the April 1, 2009 opening balance of retained earnings \$14.3 million, net of tax of \$7.7 million, with a corresponding adjustment to accumulated other comprehensive income (loss).

2008 Significant Transactions and Events

Stock Repurchase Agreement

During 2007, our board of directors authorized the repurchase of up to \$700.0 million of Unum Group's common stock. In January 2008, we repurchased approximately 14.0 million shares for \$350.0 million, using an accelerated share repurchase agreement. Under the terms of the repurchase agreement, we were to receive, or be required to pay, a price adjustment based on the volume weighted average price of our common stock during the term of the agreement. Any price adjustment payable to us was to be settled in shares of our common stock. Any price adjustment we would have been required to pay was to be settled, at our option, in either cash or common stock. The final settlement occurred during the second quarter of 2008, and in total, we repurchased 15.4 million shares of our common stock under this agreement.

During August 2008, we repurchased approximately 12.5 million shares for \$350.0 million, using an accelerated share repurchase agreement with terms similar to the earlier agreement. The final settlement occurred during October 2008, with the price adjustment resulting in the delivery to us of approximately 2.0 million additional shares of our common stock, for a total repurchase of 14.5 million shares.

Financing

During 2008, we purchased and retired \$17.8 million of our outstanding 5.859% notes and \$175.0 million of our 5.997% senior notes. We made principal payments of \$59.3 million and \$10.0 million on our senior secured non-recourse variable rate notes issued by Northwind Holdings and Tailwind Holdings, respectively. We also purchased and retired \$36.6 million of our 6.85% senior debentures due 2015. The costs associated with this debt reduction decreased our 2008 income approximately \$0.4 million before tax, or \$0.3 million after tax.

2007 Significant Transactions and Events

Revised Claim Reassessment Reserve Estimate

In the second quarter of 2007, we increased our provision for the estimated cost of the claim reassessment process \$53.0 million before tax and \$34.5 million after tax based on changes in our emerging experience for the number of decisions being overturned and the average cost per reassessed claim. The claim reassessment process was implemented as a result of the settlement agreements we entered into with various state insurance regulators in 2004 and 2005.

Disposition

During the first quarter of 2007, we closed the sale of our wholly-owned subsidiary GENEX Services, Inc. (GENEX). Financial results for GENEX are reported as discontinued operations. The after-tax gain recognized on the sale was \$6.2 million.

Financing

The scheduled remarketing of the senior note element of the adjustable conversion-rate equity security units (units) issued in May 2004 occurred in February 2007, as stipulated by the terms of the original offering, and we reset the interest rate on \$300.0 million of senior notes due May 15, 2009 to 5.859%. We purchased \$150.0 million of the senior notes in the remarketing which were subsequently retired. The associated write-off of deferred debt costs decreased first quarter of 2007 income by \$2.4 million before tax, or \$1.6 million after tax. In May 2007, we settled the purchase contract element of the units by issuing 17.7 million shares of common stock. We received proceeds of approximately \$300.0 million from the transaction.

During the second quarter of 2007, we purchased \$34.5 million aggregate principal amount of our outstanding 6.85% notes due 2015. The costs associated with this debt reduction decreased our second quarter 2007 income approximately \$0.8 million before tax, or \$0.6 million after tax.

In the fourth quarter of 2007, we purchased and retired \$17.5 million of our outstanding 6.75% notes scheduled to mature in 2028. Pursuant to a cash tender offer, we tendered \$23.5 million aggregate principal amount of the 7.405% junior subordinated debt securities due 2038; \$99.9 million aggregate principal amount of the 7.625% notes due 2011; \$210.5 million aggregate principal amount of the 7.375% notes due 2032; and \$66.1 million aggregate principal amount of the 6.75% notes due 2028. We also called and retired all \$150.0 million principal amount of our outstanding 7.25% notes scheduled to mature in 2032. The costs associated with this debt reduction decreased our fourth quarter 2007 income approximately \$55.6 million before tax, or \$36.1 million after tax.

In October 2007, Northwind Holdings issued \$800.0 million of senior secured notes in a private placement. Interest on the notes is variable based upon the three month London Interbank Offered Rate (LIBOR) plus a margin. None of Unum Group or any other affiliate of Northwind Holdings is an obligor or guarantor on the notes.

During 2007, we made principal payments of \$17.5 million on our senior secured notes due 2036 which were issued by Tailwind Holdings.

Accounting Principle Changes

Effective January 1, 2007, we adopted Statement of Position 05-1 (SOP 05-1), *Accounting by Insurance Enterprises for Deferred Acquisition Costs in Connection With Modifications or Exchanges of Insurance Contracts*. SOP 05-1 provides guidance on accounting by insurance enterprises for deferred acquisition costs on internal replacements of insurance and investment contracts other than those specifically described in Statement of Financial Accounting Standards No. 97, *Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and for Realized Gains and Losses from the Sale of Investments*. The cumulative effect of applying the provisions of SOP 05-1 decreased our 2007 opening balance of retained earnings \$445.2 million.

Effective January 1, 2007, we adopted Financial Accounting Standards Board Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 (SFAS 109)*. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS 109. Additionally, FIN 48 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The cumulative effect of applying the provisions of FIN 48 increased our 2007 opening balance of retained earnings \$22.7 million.

2006 Significant Transactions and Events

Revised Claim Reassessment Reserve Estimate

In the first quarter of 2006, we completed an analysis of our assumptions related to the reserves we established for the claim reassessment process. Our analysis was based on preliminary data as of the end of the first quarter of 2006, when actual results to date were considered credible enough to enable us to update our initial expectations of costs related to the reassessment process. We concluded that a change in our initial assumptions, primarily related to the number of claimants for

whom payments will continue because the claimant remains eligible for disability payments, was warranted. We based our conclusion and our revised estimate on the information that existed at that time, which was the actual cost related to approximately 20 percent of the projected ultimate total number of claims expected to be reassessed. The characteristics, profile, and cost of those initial 20 percent of claims were more statistically credible than the information on which we based the initial charges in 2004 and 2005. Based on our analysis, in the first quarter of 2006 we recorded a charge of \$86.0 million before tax, or \$55.9 million after tax, to reflect our then current estimate of future obligations for benefit costs for claims reopened in the reassessment. The first quarter charge decreased before-tax operating results for our Unum US group disability line of business \$72.8 million and our Individual Disability – Closed Block segment \$13.2 million.

In the third quarter of 2006 we increased our provision for the cost of the reassessment process \$325.4 million before tax and \$211.5 million after tax based on changes in our emerging experience for the number of decisions being overturned by the reassessment process and the average cost per reassessed claim. The revised third quarter estimate was based on the cost of approximately 55 percent of the projected ultimate total number of claims expected to be reassessed. The third quarter charge was comprised of \$310.4 million to reflect our revised estimate of future obligations for benefit costs for claims reopened in the reassessment and \$15.0 million for additional incremental direct claim reassessment operating expenses because of the additional time then estimated to complete the process. Our best estimate of \$310.4 million for the reopened claims assumed that the nature and characteristics of the approximately 45 percent remaining claims estimated to be reassessed at that time would be similar to the average profile of the 55 percent already reviewed at that time. The third quarter charge decreased before-tax operating results for our Unum US group disability line of business \$291.4 million and our Individual Disability – Closed Block segment \$34.0 million.

Broker Compensation Settlement

In June 2004, we received a subpoena from the Office of the New York Attorney General (NYAG) requesting documents and information relating to compensation arrangements between insurance brokers or intermediaries and our subsidiaries. In November 2006, we entered into a settlement agreement with the NYAG in the form of an assurance of discontinuance that provided for a national restitution fund of \$15.5 million, a fine of \$1.9 million, and certain other expenses approximating \$1.1 million.

Income Tax

In the fourth quarter of 2006, we recorded income of \$2.6 million before tax and approximately \$3.9 million after tax attributable to the receipt of interest and tax refunds on prior year tax items in excess of what was previously provided. Additionally, in the fourth quarter of 2006 we recognized an income tax benefit of approximately \$91.9 million as the result of the reversal of tax liabilities related primarily to group relief benefits recognized from the use of net operating losses in a foreign jurisdiction in which our businesses operate.

Financing

In the second quarter of 2006, pursuant to a cash tender offer, we purchased \$50.0 million of our outstanding 7.405% junior subordinated debt securities due 2038 and \$250.0 million aggregate principal amount of our outstanding 7.625% notes due

2011. The cost of the cash tender offer decreased second quarter 2006 income by \$17.8 million before tax, or \$11.6 million after tax. In the fourth quarter of 2006, we purchased \$32.0 million of our outstanding 6.850% notes due 2015 on the open market. The cost of the debt purchase decreased fourth quarter 2006 income by \$2.7 million before tax, or \$1.9 million after tax.

The scheduled remarketing of the senior note element of the units issued in May 2003 occurred in February 2006, as stipulated by the terms of the original offering, and we reset the interest rate on \$575.0 million of senior notes due May 15, 2008 to 5.997%. We purchased \$400.0 million of the senior notes in the remarketing which were subsequently retired. The associated write-off of deferred debt costs decreased first quarter of 2006 income by \$5.3 million before tax, or \$3.4 million after tax. In May 2006, we settled the purchase contract element of the units by issuing 43.3 million shares of common stock. We received proceeds of approximately \$575.0 million from the transaction.

In November 2006, Tailwind Holdings issued \$130.0 million of senior, secured notes in a private placement. Interest on the notes is variable based upon LIBOR plus a margin. None of Unum Group or any other affiliate of Tailwind Holdings is an obligor or guarantor on the notes.

Accounting Principle Changes

Effective January 1, 2006, we adopted Statement of Financial Accounting Standards No. 123 (revised 2004) (SFAS 123(R)), *Share-Based Payment*. SFAS 123(R) focuses primarily on accounting for transactions in which an entity obtains employee service in exchange for share-based payments. The adoption of SFAS 123(R) did not have a material effect on our financial position or results of operations.

Effective December 31, 2006, we adopted the provisions of Statement of Financial Accounting Standards No. 158 (SFAS 158), *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans*. SFAS 158 requires an employer to recognize the overfunded or underfunded status of a defined benefit pension and other postretirement plans as an asset or liability in its balance sheet and to recognize changes in that funded status through comprehensive income. Also, under SFAS 158, defined benefit pension and other postretirement plan assets and obligations are to be measured as of the date of the employer's fiscal year-end. The adoption of SFAS 158, which resulted in an \$84.1 million decrease in accumulated other comprehensive income in stockholders' equity, had no effect on our results of operations.
