

Responsible sourcing policy

Century Aluminum emphasizes that all procurement is performed with integrity and in a responsible manner.

Century Aluminum focuses on long-term sustainable, efficient and economic solutions, all while keeping the safety of employees and local communities as our number one priority. We strive to effectively manage our impact on the environment and our use of resources.

Our sourcing and procurement vision:

- Careful evaluation and selection of suppliers
- Sustainable sourcing management to secure quality and stability of our operations in a responsible manner
- Promote responsible sourcing to our employees and suppliers
