EXPLANATORY NOTE

DXP Enterprises, Inc. (collectively with its subsidiaries, the “Company”) filed Amendment No. 1 on Form 10-K/A (“Form 10-K/A”) to amend its Annual Report on Form 10-K for the year ended December 31, 2020 filed with the SEC on March 18, 2021 (“2020 Form 10-K”). This Form 10-Q should be read in conjunction with the Form 10-K/A, as filed with the SEC on October 22, 2021. The historical periods presented in this Form 10-Q reflect adjustments to the information presented in the Company’s previously-filed Quarterly Report on Form 10-Q for the quarter ended June 30, 2020.

In addition, the Company's consolidated financial statements for the periods covered in the quarter and six-months ended June 30, 2020 have also been restated to correct certain immaterial adjustments. These adjustments primarily reflect proper cut-off for direct ship sales to customers and credit card payments, and adjustments for inventory obsolescence reserves. The impacts of the restatement on our Unaudited Condensed Consolidated Statements of Operations and Balance Sheets are detailed in Note 4 to the Notes to Unaudited Condensed Consolidated Financial Statements.

The Company is also revising its disclosures in Part I, Item 2, “Management's Discussion and Analysis of Financial Condition and Results of Operations” to reflect corresponding changes.

DXP ENTERPRISES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - THE COMPANY

DXP Enterprises, Inc. together with its subsidiaries (collectively "DXP," "Company," "us," "we," or "our") was incorporated in Texas on July 26, 1996. DXP Enterprises, Inc. and its subsidiaries are engaged in the business of distributing maintenance, repair and operating ("MRO") products and service to a variety of end markets and industrial customers. Additionally, DXP provides integrated, custom pump skid packages, pump remanufacturing and manufactures branded private label pumps to energy and industrial customers. The Company is organized into three business segments: Service Centers ("SC"), Supply Chain Services ("SCS") and Innovative Pumping Solutions ("IPS"). See [Note 11 - Segment Reporting](#) for discussion of the business segments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING AND BUSINESS POLICIES

Basis of Presentation

The Company's financial statements are prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). The accompanying condensed consolidated financial statements include the accounts of the Company, its wholly owned subsidiaries and its variable interest entity ("VIE"). The accompanying unaudited condensed consolidated financial statements have been prepared on substantially the same basis as our annual consolidated financial statements and should be read in conjunction with our Annual Report on Form 10-K/A for the year ended December 31, 2020. For a more complete discussion of our significant accounting policies and business practices, refer to the consolidated Annual Report on Form 10-K/A filed with the Securities and Exchange Commission on October 22, 2021. The results of operations for the six months ended June 30, 2021 are not necessarily indicative of results expected for the full fiscal year. In the opinion of management, these condensed consolidated financial statements contain all adjustments necessary to present fairly the Company's condensed consolidated statements of operations and comprehensive income for the six months ended June 30, 2021 and June 30, 2020, condensed consolidated balance sheets as of June 30, 2021 and December 31, 2020, condensed consolidated statements of cash flows for the six months ended June 30, 2021 and June 30, 2020, and condensed consolidated statement of equity for the six months ended June 30, 2021 and June 30, 2020. All such adjustments represent normal recurring items.

All inter-company accounts and transactions have been eliminated upon consolidation.

NOTE 3 - RECENT ACCOUNTING PRONOUNCEMENTS

Accounting Pronouncements Not Yet Adopted

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting*. This update provides optional expedients and exceptions for applying generally accepted accounting principles to certain contract modifications and hedging relationships that reference London Inter-Bank Offered Rate (LIBOR) or another reference rate expected to be discontinued. The guidance is effective upon issuance and generally can be applied through December 31, 2022. The Company is currently evaluating the potential impact of this ASU on the financial statements.

All other new accounting pronouncements that have been issued, but not yet effective, are currently being evaluated and at this time are not expected to have a material impact on our financial position or results of operations.

NOTE 4 - RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

As previously reported, the Company restated its consolidated balance sheets as of December 31, 2020 and 2019, and consolidated statements of operations and comprehensive income, equity and cash flows for the years ended December 31, 2020, 2019 and 2018. The restatement also affected periods prior to 2018. The impact of the restatement on such prior periods was reflected as an adjustment to retained earnings as of January 1, 2018. In addition, the restatement impacts the first, second and third quarters of 2020 and the first quarter of 2021. The restated amounts for the comparable interim period in 2020 are presented below. The restatement corrects errors resulting from the failure to timely clear aged payables resulting from the Company's three-way match process discrepancies, the recognition of additional consideration related to a business combination, as well as certain additional errors that the Company has determined to be immaterial, both individually and in aggregate. Set forth below are the restatement adjustments included in the restatement of the previously issued financial statements for the year ended December 31, 2020, and the quarter ended June 30, 2020, each of which is an "error" within the meaning of ASC Topic 250: Accounting Changes and Error Corrections.

The following tables presents the impact of the restatement adjustments described below on net income and comprehensive income for the quarter and the six months ended June 30, 2020:

Adjustments to Net Sales and Related Adjustments to Cost of Products Sold

Unvouchered Purchase Orders The Company determined it had aged unvouchered purchase orders included in trade accounts payable. After lengthy investigation and research, DXP determined that these balances were not valid legal obligations to vendors and will not be invoiced or paid. As a result, the Company wrote off the aged balances that no longer represented legal obligations, resulting in a net reduction in accounts payable.

Landed cost inventory adjustment The Company determined that cost mark-ups for landed costs for certain inventory items related to our private label pumps had not been properly relieved upon the sale of these items.

Direct shipment cut off adjustment Direct shipment orders placed near period end may not be properly reflected in the correct period. The Company adjusted sales and cost of goods sold for items recorded in the incorrect period, as well as accounts receivable and payable.

Other Adjustments to Earnings from Continuing Operations Before Non-Controlling Interest and Income Taxes

Cut-off for credit card payment accruals In January 2020, the Company recorded its monthly payment for its P-Card credit card program, however, the charges were incurred in December 2019. This adjustment reflects the accrual in the correct period, resulting in a shift in other current liabilities between periods.

Sales tax payable accruals The Company increased other current liabilities for its accrual for state sales tax obligations stemming from open audits.

Adjustments to Provision for Income Taxes

The adjustments reflected for the provision for income taxes are the tax consequences of the above listed corrections.

Balance sheet adjustments related to purchase accounting and consolidation

On December 31, 2020, DXP closed on the acquisition of four businesses. The owners of two of the targets were eligible for true-up consideration based upon the closing financial results of calendar year 2020. This true-up consideration was paid in July 2021; however, the amount of true-up consideration was deemed to have been accrued as of the closing of the acquisitions. Therefore this adjustment resulted in an accrual for the true-up consideration and an increase in goodwill of \$13.4 million.

As described above, the unvouchered purchase order discrepancies resulted in a reduction of accounts payable in the amount of \$12.2 million as of December 31, 2020.

During the consolidation of the four acquisitions closed on December 31, 2020, the Company improperly reflected the cash on hand at the targets as an increase in cumulative translation adjustment and other comprehensive income for approximately \$2 million. This reclassification adjustment properly records the increase in cash and restricted cash upon closing. In addition, cumulative translation adjustment was also reduced by \$1.8 million as a result of a reclassification associated with trade accounts receivable.

The following table presents the impact of the restatement adjustments on the Company's previously reported balance sheet as of December 31, 2020 on a condensed basis:

NOTE 6 – COSTS AND ESTIMATED PROFITS ON UNCOMPLETED CONTRACTS

Under our customized pump production and long-term water and wastewater project contracts in our IPS segment, amounts are billed as work progresses in accordance with agreed-upon contractual terms, upon various measures of performance, including achievement of certain milestones, completion of specified units, or completion of a contract. Generally, billing occurs subsequent to revenue recognition, resulting in contract assets. Our contract assets are presented as “Cost and estimated profits in excess of billings” on our condensed consolidated balance sheets. However, we sometimes receive advances or deposits from our customers before revenue is recognized, resulting in contract liabilities that are presented as “Billings in excess of costs and estimated profits” on our condensed consolidated balance sheets.

Costs and estimated profits on uncompleted contracts and related amounts billed were as follows (*in thousands*):

	June 30, 2021	December 31, 2020
Costs incurred on uncompleted contracts	\$ 56,184	\$ 36,969

Net	<u>\$ 14,421</u>	<u>\$ 14,365</u>

Such amounts were included in the accompanying condensed Consolidated Balance Sheets for June 30, 2021 and December 31, 2020 under the following captions (*in thousands*):

	June 30, 2021	December 31, 2020

Net	<u>\$ 14,421</u>	<u>\$ 14,365</u>

During the six months ended June 30, 2021, \$3.8 million of the balances that were previously classified as contract liabilities at the beginning of the period shipped. Contract assets and liability changes were primarily due to normal activity and timing differences between our performance and customer payments.

NOTE 7 – INCOME TAXES

Our effective tax rate from continuing operations was 17.4 percent for the three months ended June 30, 2021 compared to a tax expense of 23.1 percent for the three months ended June 30, 2020. Compared to the U.S. statutory rate for the three months ended June 30, 2021, the effective tax rate was increased by state taxes, foreign taxes, nondeductible expenses, and uncertain tax positions recorded due to tax authorities' aggressive auditing of research and development tax credits. The effective tax was decreased by research and development tax credits and other tax credits. Compared to the U.S. statutory rate for the three months ended June 30, 2020, the effective tax rate was increased by state taxes, foreign taxes, and nondeductible expenses and was partially offset by research and development tax credits and other tax credits.

NOTE 8 – LONG-TERM DEBT

The components of the Company's long-term debt consisted of the following (*in thousands*):

Credit Agreements

On March 17, 2020, the Company entered into an Increase Agreement (the "Increase Agreement") that provided for a \$135.0 million asset-backed revolving line of credit (the "ABL Revolver") a \$50.0 million increase above the \$85.0 million original revolver. The Increase Agreement amends and supplements that certain Loan and Security Agreement, dated as of August 29, 2017. As of June 30, 2021, the Company had no amount outstanding under the ABL Revolver and had \$131.3 million of borrowing capacity, net of the impact of outstanding letters of credit.

On December 23, 2020, DXP entered into a new seven year, \$330 million Senior Secured Term Loan B (the "Term Loan B Agreement"), which replaced DXP's previously existing Senior Secured Term Loan.

The fair value measurements used by the Company are considered Level 2 inputs, as defined in the fair value hierarchy. The fair value estimates were based on quoted prices for identical or similar securities.

The Company was in compliance with all financial covenants under the ABL Revolver and Term Loan B Agreements as of June 30, 2021.

NOTE 10 - COMMITMENTS AND CONTINGENCIES

From time to time, the Company is a party to various legal proceedings arising in the ordinary course of business. While DXP is unable to predict the outcome of these lawsuits, it believes that the ultimate resolution will not have, either individually or in the aggregate, a material adverse effect on DXP's consolidated financial position, cash flows, or results of operations.

NOTE 11 - SEGMENT REPORTING

The Company's reportable business segments are: Service Centers, Innovative Pumping Solutions and Supply Chain Services. The Service Centers segment is engaged in providing maintenance, repair and operating MRO products, equipment and integrated services, including logistics capabilities, to industrial customers. The Service Centers segment provides a wide range of MRO products in the rotating equipment, bearing, power transmission, hose, fluid power, metal working, industrial supply, safety products and safety services categories. The Innovative Pumping Solutions segment fabricates and assembles custom-made pump packages, re-manufactures pumps, manufactures branded private label pumps and provides products and process lines for the water and wastewater treatment industries. The Supply Chain Services segment provides a wide range of MRO products and manages all or part of a customer's supply chain, including warehouse and inventory management.

The high degree of integration of the Company's operations necessitates the use of a substantial number of allocations and apportionments in the determination of business segment information. Sales are shown net of inter-segment eliminations.

NOTE 12 - BUSINESS ACQUISITIONS

On April 30, 2021, the Company completed the acquisition of Carter & Verplanck, LLC (“CVI”), a distributor of products and services exclusively focused on serving the water and wastewater markets. The acquisition of CVI was funded with cash on hand as well as issuing DXP's common stock. The Company paid approximately \$49.7 million in cash and stock. For the six months ended June 30, 2021, CVI contributed sales of \$5.2 million and net income of \$1.1 million. A majority of CVI's sales are project-based work under the percentage-of-completion accounting model. As a result, CVI has been included in the IPS segment.

<u>Purchase Price Consideration (in millions)</u>	<u>Total Consideration</u>
Cash payments	\$ 40.8

The fair value of the approximately 352,000 common shares issued was determined based on the closing market price of the Company's common shares on the acquisition date, adjusted for holding restrictions following consummation.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the acquisition date:

<i>(In thousands)</i>	
Accounts receivable	\$ 4,397

The following represents the pro forma unaudited revenue and earnings as if CVI had been included in the consolidated results of the Company for the six months ended June 20, 2020 and 2021, respectively:

	<u>Six months Ended June 30,</u>

	<i>(in thousands/unaudited)</i>			
Revenue	\$	558,630	\$	536,576
Net income	\$	7,938	\$	8,010

Of the \$50 million of acquired intangible assets, \$0.7 million was provisionally assigned to non-compete agreements that are subject to amortization over 5 years, coincident with the terms of the agreements. In addition, \$10.7 million was assigned to customer relationships, and will be amortized over a period of 8 years. The \$38.6 million of goodwill was assigned to the Innovative Pumping Solutions segment. The goodwill recognized is attributable primarily to expected synergies and the assembled workforce of CVI. None of the goodwill is expected to be deductible for income tax purposes.

The fair value of accounts receivables acquired is \$4.4 million, which approximated book value.

The Company recognized less than \$200,000 of acquisition related costs that were expensed in the current period. These costs are included in the consolidated income statement in Selling, General and Administrative costs. The Company also recognized

an immaterial amount in costs associated with issuing the shares issued as consideration in the business combination. Those costs were deducted from the recognized proceeds of issuance within stockholders' equity.

NOTE 13 - SHARE REPURCHASE

On May 12, 2021, the Company announced that its Board of Directors authorized a share repurchase program (the "program") under which up to \$85.0 million or 1.5 million shares of its outstanding common stock may be acquired in the open market over the next 24 months at the discretion of management. During the three and six months ended June 30, 2021, the Company repurchased 1.0 million shares of common stock for \$29.2 million at an average price of \$28.77 per share.

Total consideration paid to repurchase the shares was recorded in shareholders' equity as treasury shares. Such consideration was funded with existing cash balances and an agreement to pay sellers over four equal installments beginning on June 15, 2021. The remaining three installments totaling \$20.4 million were included in other current liabilities as of June 30, 2021.

CURRENT MARKET CONDITIONS AND OUTLOOK

General

DXP Enterprises, Inc. is a business-to-business distributor of maintenance, repair and operating and production ("MROP") products and services to a variety of customers in different end markets primarily across North America. Additionally, we fabricate, remanufacture and assemble custom pump packages along with manufacturing branded private label pumps.

COVID-19 Pandemic Impact

The pandemic continued to have a significant impact on our business for the six months ended June 30, 2021. The marketplace broadly, and the Company specifically, continued to operate with certain modifications to balance re-opening with employee and customer safety. However, most of the markets in which we operate continued to normalize and re-open. This improved the outlook of the manufacturing and industrial customers that support our traditional branch and onsite business. Although the rate of improvement remains gradual and the overall activity level remains below pre-pandemic levels, DXP is seeing a modest improvement from monthly lows experienced in July of 2020.

The COVID-19 pandemic caused significant disruptions in the U.S. and global markets, and the full extent of the impacts is still unknown and will depend on a number of developments, including any continued spread of the virus and its variants, the availability of and use of vaccines, and the impact of governmental measures to combat the spread of the virus (such as mask mandates or social distancing requirements) and to promote economic stability and recovery. The initial recovery from the

COVID-19 pandemic has been accompanied by a resurgence in demand as industries re-open, which is currently straining global supply chains, raw material and labor availability, and transportation efficiency. DXP's businesses and its major facilities have remained operational during the pandemic as customers relied on DXP's products and services to keep their businesses up and running.

While the COVID-19 pandemic continues to impact global markets and the needs of customers, employees, suppliers and communities continue to change, the Company's efforts and business plans will evolve accordingly. DXP is focused on serving customers and communities in addressing the pandemic and providing products to assist in the ongoing recovery, supporting the needs and safety of employees and ensuring the Company continues to operate with a strong financial position. As more vaccine is distributed and mask mandates evolve, the Company continues to monitor and refine its product assortment and actions to support customers' return to regular operations. The COVID-19 pandemic has impacted and is likely to continue impacting our businesses and operations as well as the operations of our customers and suppliers. From a customer perspective, business re-openings, production and related activity throughout the quarter varied based on geography, industry and regional COVID-19 pandemic conditions. The Company's major operational facilities and infrastructure (i.e. distribution centers, branches, and on-site logistic partners) are remaining operational with limited disruptions, while adhering to strict safety and social-distancing protocols. In addition, the Company has prioritized maintaining all facilities safe for customers and employees to work and interact. Many of our employees, depending on local conditions and regulations, have returned to a work-from-office environment, and we expect that trend to continue in the near term.

As of the end of the second quarter of 2021, we have remained undrawn on our \$135 million bank revolver; and it remains available for use in the event a need arises. In response to easing restrictions and the continued vaccination efforts, we continue to actively monitor the situation and may take further actions that alter our business operations as may be required by federal, state, or local authorities or that we determine are in the best interests of our employees, customers, suppliers, and shareholders. While we are unable to determine or predict the nature, duration, or scope of the overall impact the COVID-19 pandemic will have on our business, results of operations, liquidity, or capital resources, we believe that we have remained nimble and are poised to remain opportunistic during the recovery.

Matters Affecting Comparability

There were 63 business days in the three months ended June 30, 2021 and June 30, 2020. There were 126 business days in the six months ended June 30, 2021 and 127 business days in the six months ended June 30, 2020.

Outlook

Service Centers & Supply Chain Services Segments

The replacement and mission-critical nature of our products and services within the Company's Service Centers and Supply Chain Services business segments and industrial and manufacturing environments and processes drives a demand and outlook that are correlated with global, national and regional industrial production, capacity utilization and long-term GDP growth. Economic conditions remain uncertain with regard to COVID-19, and its impact on various end markets, however, recent order activity has begun to improve as markets strengthened and gained greater visibility to vaccine roll-out strategies in various regions. In the second quarter of 2021, we had approximately \$249.0 million in sales in our Service Centers and Supply Chain Services segment, an increase of approximately 30.4 percent over the the second quarter of 2020. While the Company continues to expect choppiness as the economy gradually gains confidence with COVID-19 vaccines, we expect financial results to continually improve with interim periods of potential setback.

Innovative Pumping Solutions Segment

To date, the Company's Innovative Pumping Solutions segment has been able to absorb the pandemic with small workforce reductions or furloughs, which positions the Company for accelerated growth once recovery is clear within Innovative Pumping Solutions. The oil and gas industry continues to be impacted by the COVID-19 pandemic, along with other industry specific factors including environmental concerns and issues.

In the first half of 2021, we began to see an improvement in the demand for oil and natural gas as the roll out of the COVID-19 vaccinations gradually improved around the globe and pandemic restrictions eased. The increasing optimism related to demand recovery has led to higher commodity prices and although demand levels remain below pre-pandemic levels, there is growing confidence of returning to 2019 levels in the coming years. Also, contributing to the improvement in oil prices has been cooperation within OPEC to implement production cuts over the last year; however, it was recently announced that OPEC intends to increase production beginning in August 2021, that will continue into late 2022 to match increasing demand expectations. Demand recovery could still possibly slow or pause as a result of additional waves of pandemic outbreak or heightened pandemic control measures. Over the longer term, we could also experience a structural shift in the global economy and its demand for oil and natural gas as a result of changes in the way people work, travel and interact.

RESULTS OF OPERATIONS

(in thousands, except percentages and per share data)

DXP is organized into three business segments: Service Centers ("SC"), Supply Chain Services ("SCS") and Innovative Pumping Solutions ("IPS"). The Service Centers are engaged in providing maintenance, repair and operating ("MRO") products, equipment and integrated services, including technical expertise and logistics capabilities, to industrial customers with the ability to provide same day delivery. The Service Centers provide a wide range of MRO products and services in the rotating equipment, bearing, power transmission, hose, fluid power, metal working, industrial supply and safety product and service categories. The SCS segment provides a wide range of MRO products and manages all or part of our customer's supply chain function, and inventory management. The IPS segment fabricates and assembles integrated pump system packages custom made to customer specifications, remanufactures pumps and manufactures branded private label pumps.

Three Months Ended June 30, 2021 compared to Three Months Ended June 30, 2020

SALES. Sales for the three months ended June 30, 2021 increased \$34.3 million, or 13.6 percent, to approximately \$285.7 million from \$251.4 million for the prior year's corresponding period. Sales from businesses acquired in December 2020 and April 2021 accounted for \$37.7 million of the sales for the three months ended June 30, 2021. This overall sales increase is the result of an increase in sales in our SC and SCS segments of \$55.8 million and \$2.3 million, partially offset by a decrease in sales of \$23.8 million in our IPS segment. The fluctuations in sales are further explained in our business segment discussions below.

Sales by Business Segment	Three Months Ended June 30,

Total DXP Sales	\$ 285,691	\$ 251,401	\$ 34,290	13.6 %

Service Centers segment. Sales for the SC segment increased by approximately \$55.8 million, or 36.3 percent for the three months ended June 30, 2021 compared to the prior year's corresponding period. Excluding \$32.5 million of second quarter 2021 SC segment sales from businesses acquired in December 2020, Service Centers segment sales for the second quarter increased \$23.3 million, or 15.1 percent from the prior year's corresponding period. This sales increase is primarily the result of increased sales of rotating equipment, metal working, and bearings and power transmission products to customers engaged in variety of markets compared due to the negative economic impacts of the COVID-19 pandemic on 2020 sales results.

Innovative Pumping Solutions segment. Sales for the IPS segment decreased by \$23.8 million, or 39.3 percent for the three months ended June 30, 2021 compared to the prior year's corresponding period. Excluding \$5.2 million of second quarter 2021 IPS segment sales from a business acquired in April 2021, IPS segment sales for the second quarter decreased \$28.9 million, or 47.8 percent from the prior year's corresponding period. This decrease was primarily the result of a decrease in the capital spending by oil and gas producers and related businesses stemming from a decrease in U.S. crude oil production previously announced due to the negative economic impacts of the COVID-19 pandemic.

Supply Chain Services segment. Sales for the SCS segment increased by \$2.3 million, or 6.1%, for the three months ended June 30, 2021, compared to the prior year's corresponding period. The improved sales is primarily related to increased sales to customers in the food & beverage, general manufacturing and aerospace industries, compared to the negative economic impacts of the COVID-19 pandemic on 2020 sales results.

GROSS PROFIT. Gross profit as a percentage of sales for the three months ended June 30, 2021 increased by approximately 197 basis points from the prior year's corresponding period. Excluding the impact of the businesses acquired, gross profit as a percentage of sales increased by approximately 175 basis points. The increase in the gross profit percentage, excluding the businesses acquired, is primarily the result of an approximate a 253 basis point increase in the gross profit percentage in our SC segment, 19 basis point increase in the gross profit percentage in our IPS segment, and a 11 basis point decrease in the gross profit percentage in our SCS segment.

Service Centers segment. As a percentage of sales, the second quarter gross profit percentage for the SC increased approximately 247 basis points. Adjusting for the businesses acquired, gross profit as a percentage of sales increased approximately 253 basis points from the prior year's corresponding period. This was primarily as a result of volume increases and product mix. Gross profit for the Service Centers segment, excluding businesses acquired, increased \$11.1 million, or 25.4 percent, during the second quarter of 2021 compared to the prior year's corresponding period. The increase in gross profit is primarily the result of the improvement in sales due to the items discussed above.

Innovative Pumping Solutions segment. As a percentage of sales, the second quarter gross profit percentage for the IPS segment increased approximately 129 basis points. Adjusting for the business acquired, gross profit as a percentage of sales increased approximately 19 basis points from the prior year's corresponding period. The increase in gross profit percentage is primarily due to a mix shift (higher margin international work and domestic water and wastewater projects). Gross profit dollars decreased \$8.2 million, excluding business acquired, primarily as a result of a decrease in utilization as a result of significantly reduced capital expenditure budgets by our customers associated with the negative economic impacts of the COVID-19 pandemic.

Supply Chain Services segment. Gross profit as a percentage of sales for the SCS segment decreased approximately 11 basis points compared to the prior year's corresponding period. Gross profit for the second quarter of 2021 increased \$0.5 million or 5.6% compared to the prior year's corresponding period, primarily the result of the improvement in sales due to the items discussed above.

SELLING, GENERAL AND ADMINISTRATIVE ("SG&A"). Selling, general and administrative expense for the three months ended June 30, 2021 increased by approximately \$7.5 million, or 11.9%, to \$70.4 million from \$62.9 million for the prior year's corresponding period. Selling, general and administrative expense from businesses acquired accounted for \$6.0 million. Excluding expenses from businesses acquired, SG&A for the quarter increased by \$1.5 million, or 2.3%. The increase in SG&A excluding businesses acquired is primarily the result of increased payroll, incentive compensation and related taxes and 401(k) expenses as a result of increased business activity associated with recovery from the negative economic impacts of the COVID-19 pandemic.

OPERATING INCOME. Operating income for the second quarter of 2021 increased by \$7.7 million to \$14.8 million, from \$7.1 million in the prior year's corresponding period. This increase in operating income is primarily related to the above mentioned increase in sales and profitability with SC and IPS.

INTEREST EXPENSE. Interest expense for the second quarter of 2021 increased \$1.4 million compared with the prior year's corresponding period primarily due to a higher principal balance for the three months ended June 30, 2021 compared to the prior year's corresponding period as a result of the Company entering into a new term loan in December 2020. This was partially offset by lower LIBOR rates for the three months ended June 30, 2021.

INCOME TAXES. Our effective tax rate from continuing operations was a tax expense of 17.4 percent for the three months ended June 30, 2021 compared to a tax expense of 23.1 percent for the three months ended June 30, 2020. Compared to the U.S. statutory rate for the three months ended June 30, 2020, the effective tax rate was increased by state taxes, foreign taxes, nondeductible expenses, and uncertain tax positions which required an increase in reserves. The effective tax rate was partially offset by research and development tax credits and other tax credits.

SALES. Sales for the six months ended June 30, 2021 decreased \$21.1 million, or 3.8 percent, to approximately \$531.3 million from \$552.4 million for the prior year's corresponding period. Sales from businesses acquired since December 2020 accounted for \$66.1 million of the sales for the six months ended June 30, 2021. This sales decrease is the result of a decrease in sales in our IPS and SCS segments of \$70.5 million, and \$10.1 million. This was partially offset by an increase of \$59.6 million in SC. The fluctuations in sales are further explained in our business segment discussions below.

Sales by Business Segment	Six Months Ended June 30,			
	2021	2020	Change	Change%
	<i>(in thousands, except change%)</i>			
Service Centers	396,002	336,433	\$ 59,569	17.7 %

Total DXP Sales	\$ 531,278	\$ 552,384	\$ (21,106)	(3.8) %

Service Centers segment. Sales for the SC segment increased by \$59.6 million, or 17.7 percent for the six months ended June 30, 2021 compared to the prior year's corresponding period. Excluding \$60.9 million of Service Center segment sales for the six months ended June 30, 2021 from businesses acquired, SC segment sales decreased \$1.4 million, or 0.4 percent from the prior year's corresponding period. This sales decrease is primarily the result of decreased sales of metal working, safety services and bearings to customers engaged in the OEM oil and gas markets in connection with decreased capital spending by oil and gas producers.

Innovative Pumping Solutions segment. Sales for the IPS segment decreased by \$70.5 million, or 54.0 percent for the six months ended June 30, 2021 compared to the prior year's corresponding period. Excluding \$5.2 million of IPS segment sales for the six months ended June 30, 2021 from a business acquired, IPS segment sales decreased \$75.7 million, or 58.0 percent from the prior year's corresponding period. This decrease was primarily the result of a decrease in the capital spending by oil and gas producers and related businesses stemming from a decrease in U.S. crude oil production due to low crude prices and the economic impacts of COVID-19. The current level of IPS sales activity could continue during the remainder of 2021.

Supply Chain Services segment. Sales for the SCS segment decreased by \$10.1 million, or 11.9 percent, for the six months ended June 30, 2021, compared to the prior year's corresponding period. The decline in sales is primarily related to decreased sales to customers in the aerospace and oil and gas industries due to the economic impacts of the COVID-19 pandemic.

GROSS PROFIT. Gross profit as a percentage of sales for the six months ended June 30, 2021 increased by approximately 180 basis points from the prior year's corresponding period. Excluding the impact of the businesses acquired, gross profit as a percentage of sales increased by approximately 158 basis points. The increase in the gross profit percentage is primarily the result of an approximate 270 basis point increase in the gross profit percentage in our IPS segment, and a 182 basis point increase in the gross profit percentage in our SC segment, excluding businesses acquired. Additionally, a 20 basis point increase in the gross profit percentage in our SCS segment contributed to the increase.

Service Centers segment. As a percentage of sales, the six months ended June 30, 2021 gross profit percentage for the Service Centers increased approximately 187 basis points from the prior year's corresponding period. This was primarily the result of increased sales of rotating equipment and bearings and power transmission products to customers engaged in non-oil and gas markets.

Innovative Pumping Solutions segment. As a percentage of sales, the six months ended June 30, 2021 gross profit percentage for the IPS segment increased approximately 314 basis points from the prior year's corresponding period. The increase in gross profit percentage is primarily due to a mix shift (higher margin international work and domestic water and wastewater projects) as well as the shipment of negative gross profit percentage work completing in 2020. Gross profit dollars decreased \$18.4 million, primarily as a result of significantly reduced capital expenditure budgets by our customers associated with the negative economic impacts of the COVID-19 pandemic.

Supply Chain Services segment. Gross profit as a percentage of sales increased approximately 20 basis points, compared to the prior year's corresponding period. Gross profit for the second quarter of 2021 decreased \$2.2 million or 11.1 percent compared to the prior year's corresponding period, primarily the result of the decline in sales due to the items discussed above.

SELLING, GENERAL AND ADMINISTRATIVE ("SG&A"). Selling, general and administrative expense for the six months ended June 30, 2021 decreased by approximately \$1.1 million, or 0.8 percent, to \$135.8 million from \$134.7 million for the prior year's corresponding period. Selling, general and administrative expense from businesses acquired accounted for \$10.9 million. Excluding expenses from businesses acquired, SG&A for the six months ended June 30, 2021 decreased by \$9.8 million, or 7.3 percent. The decrease in SG&A excluding businesses acquired is the result of decreased payroll, incentive compensation and related taxes and 401(k) expenses as a result of decreased business activity and cost reduction actions associated with COVID-19 and depressed demand in oil and gas markets.

OPERATING INCOME. Operating income for the six months ended June 30, 2021 increased by \$2.6 million or 14.2% to \$21.1 million from \$18.5 million in the prior year's corresponding period. This increase in operating income is primarily related to the items discussed above.

INTEREST EXPENSE. Interest expense for the six months ended June 30, 2021 increased \$2.3 million compared with the prior year's corresponding period primarily due to a higher principal balance for the six months ended June 30, 2021 compared to the prior year's corresponding period as a result of the Company entering into a new term loan in December 2020 partially offset by lower LIBOR rates for the six months ended June 30, 2021.

INCOME TAXES. Our effective tax rate from continuing operations was a tax expense of 26.7 percent for the six months ended June 30, 2021 compared to a tax expense of 23.0 percent for the six months ended June 30, 2020. Compared to the U.S. statutory rate for the six months ended June 30, 2020, the effective tax rate was increased by state taxes, foreign taxes, nondeductible expenses, and uncertain tax positions which required an increase in reserves. The effective tax rate was partially offset by research and development tax credits and other tax credits.

LIQUIDITY AND CAPITAL RESOURCES

General Overview

As of June 30, 2021, we had cash and restricted cash of \$79.3 million and credit facility availability of \$131.3 million. We have a \$135.0 million asset-based loan facility, partially offset by letters of credit of \$3.7 million, that is due to mature in August 2022, under which we had no borrowings outstanding as of June 30, 2021 and a Term Loan B with \$328.4 million in borrowings.

Our primary source of capital is cash flow from operations, supplemented as necessary by bank borrowings or other sources of financing. As a distributor of MRO products and services and fabricator of custom pumps and packages, working capital can fluctuate as a result of changes in inventory levels, accounts receivable and costs in excess of billings for project work. Additional cash is required for capital items for information technology, warehouse equipment, leasehold improvements, pump manufacturing equipment and safety services equipment. We also require cash to pay our lease obligations and to service our debt.

The following table summarizes our net cash flows generated by or used in operating activities, net cash provided by or used in investing activities and net cash used in financing activities for the periods presented (*in thousands*):

	Six Months Ended June 30,	
	2021	2020

Net Change in Cash	\$ (40,159)	\$ 24,443

Operating Activities

The Company generated \$16.2 million of cash in operating activities during the six months ended June 30, 2021 compared to \$61.8 million of cash generated during the prior year's corresponding period. The \$45.6 million decrease in the amount of cash provided between the two periods was primarily driven by the increase in accounts receivables associated with trade accounts receivables from recent acquisitions without comparable activity in 2020 and increased business activity in 2021.

Investing Activities

For the six months ended June 30, 2021, net cash used in investing activities was \$44.7 million compared to \$19.2 million use of cash during the prior year's corresponding period. This \$25.5 million increase was primarily driven by the purchase of CVI in the second quarter of 2021. For the six months ended June 30, 2021, purchases of property and equipment decreased to approximately \$1.5 million compared to \$5.1 million in 2020 primarily due to reduced capital spending as a result of company-wide cost cutting measures in response to the COVID-19 pandemic. The current year also benefited from the sale of a corporate asset totaling \$1.3 million.

Financing Activities

For the six months ended June 30, 2021, net cash used in financing activities was \$12.0 million, compared to net cash used in financing activities of \$17.1 million during the prior year's corresponding period. The activity in the period was primarily attributed to Term Loan B required principal payments of \$1.7 million in 2021 compared to \$16.3 million in required principal and optional prepayments in 2020. This was partially offset by share purchases in 2021 of \$8.8 million with no comparable activity in 2020.

On May 12, 2021, the Company announced that its Board of Directors authorized a share repurchase program (the "program") under which up to \$85.0 million or 1.5 million shares of its outstanding common stock may be acquired in the open market over the next 24 months at the discretion of management. During the six months ended June 30, 2021 we purchased 1.0 million shares for \$29.2 million. Such consideration was funded with existing cash balances and an agreement to pay sellers over four equal installments beginning on June 15, 2021. The remaining three installments of \$20.4 million were included in other current liabilities as of June 30, 2021.

We believe this is adequate funding to support working capital needs within the business.

Funding Commitments

We intend to pursue additional acquisition targets, but the timing, size or success of any acquisition and the related potential capital commitments cannot be determined with certainty. We continue to expect to fund future acquisitions primarily with cash flows from operations and borrowings, including the undrawn portion of the credit facility or new debt issuances, but may also issue additional equity either directly or in connection with acquisitions. There can be no assurance that additional financing for acquisitions will be available at terms acceptable to the Company.

The Company believes cash generated from operations will meet normal working capital needs during the next twelve months. However, the Company may require additional debt outside of our credit facilities or equity financing to fund potential acquisitions. Such additional financings may include additional bank debt or the public or private sale of debt or equity securities. In connection with any such financing, the Company may issue securities that dilute the interests of our shareholders.

DISCUSSION OF SIGNIFICANT ACCOUNTING AND BUSINESS POLICIES

Critical accounting and business policies are those that are both most important to the portrayal of a company's financial position and results of operations, and require management's subjective or complex judgments. These policies have been discussed with the Audit Committee of the Board of Directors of DXP.

The Company's condensed financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The accompanying Condensed Consolidated Financial Statements include the accounts of the Company, its wholly owned subsidiaries and its variable interest entity ("VIE"). The accompanying unaudited Condensed Consolidated Financial Statements have been prepared on substantially the same basis as our annual Consolidated Financial Statements and should be read in conjunction with our annual report on Form 10-K/A for the year ended December 31, 2020. For a more complete discussion of our significant accounting policies and business practices, refer to the consolidated annual report on Form 10-K/A filed with the Securities and Exchange Commission on October 22, 2021. The results of operations for the six months ended June 30, 2021 are not necessarily indicative of results expected for the full fiscal year.

RECENT ACCOUNTING PRONOUNCEMENTS

See [Note 3 - Recent Accounting Pronouncements](#) to the Condensed Consolidated Financial Statements for information regarding recent accounting pronouncements.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

For quantitative and qualitative disclosures about market risk, see Item 7A, 'Quantitative and Qualitative Disclosures About Market Risk,' of our Annual Report on Form 10-K/A for the year ended December 31, 2020. Our exposures to market risk have not changed materially since December 31, 2020.

ITEM 4: CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in reports we file or submit under the Securities Exchange Act of 1934 is reported, processed, and summarized within the time periods specified in the SEC's rules and forms. As of June 30, 2021, our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were ineffective, as of June 30, 2021 due to previously identified material weakness in our internal controls as we did not have adequate internal controls that ensure timely clearing of aged accounts payables arising from three-way match exceptions for items ordered through purchase orders. In connection with the correction associated with aged accounts payable, management identified a material weakness in the design of the Company's controls around journal entries, specifically requiring review and approval by senior management with the requisite experience, authority and competence to determine the proper conclusion. In addition, management identified a material weakness around business combination accounting, specifically as it relates to the identification of all agreements and their impact on the transaction and future consideration and disclosure. As a result of these material weaknesses, management evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2021 and has concluded that our disclosure controls and procedures were not effective as of that date because of such material weaknesses.

Remediation Plan and Status for Material Weakness

In response to the identified material weakness, our management, with the oversight of the Audit Committee of our Board of Directors, has dedicated significant resources, including the involvement of outside advisors, and efforts to improve our internal control over financial reporting and has taken immediate action to remediate the material weaknesses identified. Certain remedial actions have been completed including ongoing involvement of outside advisors, reassessment of application controls within our accounts payable procure-to-pay platform and training programs around the issuance of purchase orders. The Company will further enhance these controls over the remainder of 2021.

Changes in Internal Control over Financial Reporting

Other than those discussed above, there were no changes in the Company's internal control over financial reporting during the second quarter of 2021 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Inherent Limitations of Internal Controls

Internal control over financial reporting cannot provide absolute assurance of achieving financial reporting objectives because of its inherent limitations. Internal control over financial reporting is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. Internal control over financial reporting can also be circumvented by collusion or improper management override. Because of such limitations, there is a risk that material misstatements may not be prevented or detected on a timely basis by internal control over financial reporting. However, these inherent limitations are known features of the financial reporting process. Therefore, it is possible to design into the process safeguards to reduce, though not eliminate, this risk.

PART II: OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

From time to time, the Company is a party to various legal proceedings arising in the ordinary course of business. While DXP is unable to predict the outcome of these lawsuits, it believes that the ultimate resolution will not have, either individually or in the aggregate, a material adverse effect on DXP's consolidated financial position, cash flows, or results of operations.

ITEM 1A. RISK FACTORS.

There have been no material changes to the risk factors as previously disclosed in "Part I. Item 1A. Risk Factors" in our annual report on Form 10-K/A for the year end December 31, 2020.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

INDEMNIFICATION AGREEMENT

THIS INDEMNIFICATION AGREEMENT (“Agreement”) is made as of April 29, 2021 by and between DXP Enterprises, Inc., a Texas corporation (the “Company”), and DXP Enterprises, Inc. Board Member/s (“Indemnitee”). This Agreement supersedes and replaces any and all previous agreements between the Company and Indemnitee covering the subject matter of this Agreement.

RECITALS

WHEREAS, highly competent persons have become more reluctant to serve publicly-held corporations as directors and officers or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of the corporation;

WHEREAS, the Board of Directors of the Company (the “Board”) has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers, and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Organizational Documents (as defined below) require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant the TBOC (as defined below). The Organizational Documents of the Company and the TBOC expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the board of directors, officers and other persons with respect to indemnification;

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons;

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company and its stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future;

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so indemnified;

WHEREAS, this Agreement is a supplement to and in furtherance of the Organizational Documents and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder;

WHEREAS, Indemnitee does not regard the protection available under the Organizational Documents and insurance as adequate in the present circumstances, and may not be willing to serve as an officer or director without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he be so indemnified; and

NOW, THEREFORE, in consideration of the premises and the covenants contained herein, the Company and Indemnitee do hereby covenant and agree as follows:

Section 1. Services to the Company. Indemnitee agrees to serve as a director and/or officer of the Company. Indemnitee may at any time and for any reason resign from such position (subject to any other contractual obligation or any obligation imposed by operation of law), in which event the Company shall have no obligation under this Agreement to continue Indemnitee in such position. This Agreement shall not be deemed an employment contract between the Company (or any of its subsidiaries or any Enterprise) and Indemnitee. Indemnitee specifically acknowledges that Indemnitee's employment with the Company (or any of its subsidiaries or any Enterprise), if any, is at will, and the Indemnitee may be discharged at any time for any reason, with or without cause, except as may be otherwise provided in any written employment contract between Indemnitee and the Company (or any of its subsidiaries or any Enterprise), other applicable formal severance policies duly adopted by the Board, or, with respect to service as a director or officer of the Company, by the Company's Organizational Documents and the TBOC. The foregoing notwithstanding, this Agreement shall continue in force after Indemnitee has ceased to serve as an officer and director of the Company, as provided in Section 18 hereof.

Section 2. Definitions. As used in this Agreement:

(a) References to "agent" shall mean any person who is or was a director, officer, or employee of the Company or a subsidiary of the Company or other person authorized by the Company to act for the Company, to include such person serving in such capacity as a director, officer, employee, fiduciary or other member of another corporation, partnership, limited liability company, joint venture, trust, organization or other enterprise at the request of,

for the convenience of, or to represent the interests of the Company or a subsidiary of the Company.

(b) A “Change in Control” shall be deemed to occur upon the earliest to occur after the date of this Agreement of any of the following events:

i. Acquisition of Stock by Third Party. Any Person (as defined below) is or becomes the Beneficial Owner (as defined below), directly or indirectly, of securities of the Company representing fifteen percent (15%) or more of the combined voting power of the Company’s then outstanding securities unless the change in relative Beneficial Ownership of the Company’s securities by any Person results solely from a reduction in the aggregate number of outstanding shares of securities entitled to vote generally in the election of directors;

ii. Change in Board of Directors. During any period of two (2) consecutive years (not including any period prior to the execution of this Agreement), individuals who at the beginning of such period constitute the Board, and any new director (other than a director designated by a person who has entered into an agreement with the Company to effect a transaction described in Section 2(b)i, Section 2(b)iii or Section 2(b)iv) whose election by the Board or nomination for election by the Company’s stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute at least a majority of the members of the Board;

iii. Corporate Transactions. The effective date of a merger or consolidation of the Company with any other entity, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior to such merger or consolidation continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the surviving entity outstanding immediately following such merger or consolidation and with the power to elect at least a majority of the board of directors or other governing body of such surviving entity;

iv. Liquidation. The approval by the stockholders of the Company of a complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company’s assets; and

v. Other Events. There occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or a response to any similar item on any similar schedule or form) promulgated under the Exchange Act (as defined below), whether or not the Company is then subject to such reporting requirement.

For purposes of this Section 2(b), the following terms shall have the following meanings:

(1) “Beneficial Owner” shall have the meaning given to such term in Rule 13d-3 under the Exchange Act; provided, however, that Beneficial Owner

shall exclude any Person otherwise becoming a Beneficial Owner by reason of the stockholders of the Company approving a merger of the Company with another entity.

(2) “Exchange Act” shall mean the Securities Exchange Act of 1934, as amended from time to time.

(3) “Person” shall have the meaning as set forth in Sections 13(d) and 14(d) of the Exchange Act; provided, however, that Person shall exclude (i) the Company, (ii) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, and (iii) any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company.

(c) “Corporate Status” describes the status of a person who is or was a director, officer, employee or agent of the Company or of any other corporation, limited liability company, partnership or joint venture, trust, organization or other enterprise which such person is or was serving at the request of the Company.

(d) “Disinterested Director” shall mean a director of the Company who is not and was not a party to the Proceeding in respect of which indemnification is sought by Indemnitee.

(e) “Enterprise” shall mean the Company and any other corporation, limited liability company, partnership, joint venture, trust, organization or other enterprise of which Indemnitee is or was serving at the request of the Company as a director, officer, trustee, partner, managing member, employee, agent or fiduciary.

(f) “Expenses” shall include all reasonable attorneys’ fees, retainers, court costs, transcript costs, fees of experts and other professionals, witness fees, travel expenses, electronic discovery costs, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, any federal, state, local or foreign taxes imposed on Indemnitee as a result of the actual or deemed receipt of any payments under this Agreement, ERISA excise taxes and penalties, and all other disbursements or expenses of the types customarily incurred in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, or otherwise participating in, a Proceeding. Expenses also shall include (i) Expenses incurred in connection with any appeal resulting from any Proceeding, including without limitation the premium, security for, and other costs relating to any cost bond, supersede as bond, or other appeal bond or its equivalent, and (ii) for purposes of Section 15(d) only, Expenses incurred by Indemnitee in connection with the interpretation, enforcement or defense of Indemnitee’s rights under this Agreement, by litigation or otherwise. The parties agree that for the purposes of any advancement of Expenses for which Indemnitee has made written demand to the Company in accordance with this Agreement, all Expenses included in such demand that are certified by affidavit of Indemnitee’s counsel as being reasonable shall be

presumed conclusively to be reasonable. Expenses, however, shall not include amounts paid in settlement by Indemnitee or the amount of judgments or fines against Indemnitee.

(g) “Independent Counsel” shall mean a law firm, or a member of a law firm, that is experienced in matters of corporation law and neither presently is, nor in the past five years has been, retained to represent: (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning the Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements), or (ii) any other party to the Proceeding giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term “Independent Counsel” shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee’s rights under this Agreement. The Company agrees to pay the reasonable fees and expenses of the Independent Counsel referred to above and to fully indemnify such counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

(h) The term “Organizational Documents” shall mean the Restated Articles of Incorporation of the Company and the Amended and Restated Bylaws of the Company, in each case as amended from time to time.

(i) The term “Proceeding” shall include any threatened, pending or completed action, suit, claim, counterclaim, cross claim, arbitration, mediation, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought in the right of the Company or otherwise and whether of a civil, criminal, administrative, legislative, or investigative (formal or informal) nature, including any appeal therefrom, in which Indemnitee was, is or will be involved as a party, potential party, non-party witness or otherwise by reason of the fact that Indemnitee is or was a director or officer of the Company, by reason of any action taken by him (or a failure to take action by him) or of any action (or failure to act) on his part while acting pursuant to his Corporate Status, in each case whether or not serving in such capacity at the time any liability or Expense is incurred for which indemnification, reimbursement, or advancement of Expenses can be provided under this Agreement. If the Indemnitee believes in good faith that a given situation

may lead to or culminate in the institution of a Proceeding, this shall be considered a Proceeding under this paragraph.

- (j) The term “Sarbanes-Oxley Act” shall mean the Sarbanes-Oxley Act of 2002, as amended from time to time.
- (k) The term “TBOC” shall mean the Texas Business Organizations Code, as amended from time to time.
- (l) The term “Texas Court” shall mean the courts of the State of Texas located in Houston, Texas.

(m) Reference to “other enterprise” shall include employee benefit plans; references to “fines” shall include any excise tax assessed with respect to any employee benefit plan; references to “serving at the request of the Company” shall include any service as a director, officer, employee or agent of the Company which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in manner “not opposed to the best interests of the Company” as referred to in this Agreement.

Section 3. Indemnity in Third-Party Proceedings. The Company shall indemnify Indemnitee in accordance with the provisions of this Section 3 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 3, Indemnitee shall be indemnified to the fullest extent permitted by applicable law against all Expenses, judgments, fines and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines and amounts paid in settlement) actually and reasonably incurred by Indemnitee or on his behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal Proceeding had no reasonable cause to believe that his conduct was unlawful. The parties hereto intend that this Agreement shall provide to the fullest extent permitted by law for indemnification in excess of that expressly permitted by statute, including, without limitation, any indemnification provided by the Organizational Documents, vote of the Company’s stockholders or Disinterested Directors or applicable law.

Section 4. Indemnity in Proceedings by or in the Right of the Company. The Company shall indemnify Indemnitee in accordance with the provisions of this Section 4 if Indemnitee is, or is threatened to be made, a party to or a participant in any Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 4, Indemnitee shall be indemnified to the fullest extent permitted by applicable law against all Expenses actually and reasonably incurred by him or on his behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company. No

indemnification for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that a Texas Court or any other court in which the Proceeding was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification.

Section 5. Indemnification for Expenses of a Party Who is Wholly or Partly Successful. Notwithstanding any other provisions of this Agreement, to the fullest extent permitted by applicable law and to the extent that Indemnitee is a party to (or a participant in) and is successful, on the merits or otherwise, in any Proceeding or in defense of any claim, issue or matter therein, in whole or in part, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall indemnify Indemnitee against all Expenses actually and reasonably incurred by him or on his behalf in connection with or related to each successfully resolved claim, issue or matter to the fullest extent permitted by law. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

Section 6. Indemnification For Expenses of a Witness. Notwithstanding any other provision of this Agreement, to the fullest extent permitted by applicable law and to the extent that Indemnitee is, by reason of his Corporate Status, a witness or otherwise asked to participate in any Proceeding to which Indemnitee is not a party, he shall be indemnified against all Expenses actually and reasonably incurred by him or on his behalf in connection therewith.

Section 7. Partial Indemnification. If Indemnitee is entitled under any provision of this Agreement to indemnification by the Company for some or a portion of Expenses, but not, however, for the total amount thereof, the Company shall nevertheless indemnify Indemnitee for the portion thereof to which Indemnitee is entitled.

Section 8. Additional Indemnification.

(a) Notwithstanding any limitation in Section 3, Section 4, or Section 5, the Company shall indemnify Indemnitee to the fullest extent permitted by applicable law if Indemnitee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments,

finances and amounts paid in settlement) actually and reasonably incurred by Indemnitee in connection with the Proceeding.

(b) For purposes of Section 8(a), the meaning of the phrase “to the fullest extent permitted by applicable law” shall include, but not be limited to:

i. to the fullest extent permitted by the provision of the TBOC that authorizes or contemplates additional indemnification by agreement, or the corresponding provision of any amendment to or replacement of the TBOC, and

ii. to the fullest extent authorized or permitted by any amendments to or replacements of the TBOC adopted after the date of this Agreement that increase the extent to which a corporation may indemnify its officers and directors.

Section 9. NOTICE OF ASSUMPTION OF LIABILITY. THE COMPANY EXPRESSLY ACKNOWLEDGES THAT THE INDEMNITIES CONTAINED IN THIS AGREEMENT REQUIRE ASSUMPTION OF LIABILITY PREDICATED ON THE NEGLIGENCE, GROSS NEGLIGENCE, OR CONDUCT RESULTING IN STRICT LIABILITY OF INDEMNITEE, AND THE COMPANY ACKNOWLEDGES THAT THIS SECTION 9 COMPLIES WITH ANY REQUIREMENT TO EXPRESSLY STATE LIABILITY FOR NEGLIGENCE, GROSS NEGLIGENCE, OR CONDUCT RESULTING IN STRICT LIABILITY IS CONSPICUOUS AND AFFORDS FAIR AND ADEQUATE NOTICE.

Section 10. Exclusions. Notwithstanding any provision in this Agreement, the Company shall not be obligated under this Agreement to make any indemnification payment in connection with any claim made against Indemnitee:

(a) for which payment has actually been made to or on behalf of Indemnitee under any insurance policy or other indemnity provision, except with respect to any excess beyond the amount paid under any insurance policy or other indemnity provision; or

(b) for (i) an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnitee of securities of the Company within the meaning of Section 16(b) of the Exchange Act (as defined in Section 2(b) hereof) or similar provisions of state statutory law or common law, or (ii) any reimbursement of the Company by the Indemnitee of any bonus or other incentive-based or equity-based compensation or of any profits realized by the Indemnitee from the sale of securities of the Company, as required in each case under the Exchange Act (including any such reimbursements that arise from an accounting restatement of the Company pursuant to Section 304 of the Sarbanes-Oxley Act or the payment to the Company of profits arising from the purchase and sale by Indemnitee of securities in violation of Section 306 of the Sarbanes-Oxley Act); or

(c) except as provided in Section 15(d) of this Agreement, in connection with any Proceeding (or any part of any Proceeding) initiated by Indemnitee, including any Proceeding (or any part of any Proceeding) initiated by Indemnitee against the Company or its directors, officers, employees or other indemnitees, unless (i) the Board authorized the

Proceeding (or any part of any Proceeding) prior to its initiation or (ii) the Company provides the indemnification, in its sole discretion, pursuant to the powers vested in the Company under applicable law.

Section 11. Advances of Expenses. Notwithstanding any provision of this Agreement to the contrary (other than Section 15(d)), the Company shall advance, to the extent not prohibited by law, the Expenses incurred by Indemnitee in connection with any Proceeding (or any part of any Proceeding) not initiated by Indemnitee, and such advancement shall be made within thirty (30) days after the receipt by the Company of a statement or statements requesting such advances from time to time, whether prior to or after final disposition of any Proceeding. Advances shall be unsecured and interest free. Advances shall be made without regard to Indemnitee's ability to repay the Expenses and without regard to Indemnitee's ultimate entitlement to indemnification under the other provisions of this Agreement. In accordance with Section 15(d), advances shall include any and all reasonable Expenses incurred pursuing an action to enforce this right of advancement, including Expenses incurred preparing and forwarding statements to the Company to support the advances claimed. The Indemnitee shall qualify for advances upon the execution and delivery to the Company of this Agreement, which shall constitute an undertaking providing that the Indemnitee undertakes to repay the amounts advanced (without interest) to the extent that it is ultimately determined that Indemnitee is not entitled to be indemnified by the Company. No other form of undertaking shall be required other than the execution of this Agreement. This Section 11 shall not apply to any claim made by Indemnitee for which indemnity is excluded pursuant to Section 10.

Section 12. Procedure for Notification and Defense of Claim.

(a) Indemnitee shall notify the Company in writing of any matter with respect to which Indemnitee intends to seek indemnification or advancement of Expenses hereunder as soon as reasonably practicable following the receipt by Indemnitee of written notice thereof. The written notification to the Company shall include a description of the nature of the Proceeding and the facts underlying the Proceeding. To obtain indemnification under this Agreement, Indemnitee shall submit to the Company a written request, including therein or therewith such documentation and information as is reasonably available to Indemnitee and is reasonably necessary to determine whether and to what extent Indemnitee is entitled to indemnification following the final disposition of such Proceeding. The omission by Indemnitee to notify the Company hereunder will not relieve the Company from any liability which it may have to Indemnitee hereunder or otherwise than under this Agreement, and any delay in so notifying the Company shall not constitute a waiver by Indemnitee of any rights under this Agreement. The Secretary of the Company shall, promptly upon receipt of such a request for indemnification, advise the Board in writing that Indemnitee has requested indemnification.

(b) The Company will be entitled to participate in the Proceeding at its own expense.

Section 13. Procedure Upon Application for Indemnification.

(a) Upon written request by Indemnitee for indemnification pursuant to Section 12(a), a determination, if required by applicable law, with respect to Indemnitee's entitlement thereto shall be made in the specific case: (i) if a Change in Control shall have occurred, by Independent Counsel in a written opinion to the Board, a copy of which shall be delivered to Indemnitee; or (ii) if a Change in Control shall not have occurred, (A) by a majority vote of the Disinterested Directors, even though less than a quorum of the Board, (B) by a committee of Disinterested Directors designated by a majority vote of the Disinterested Directors, even though less than a quorum of the Board, (C) if there are no such Disinterested Directors or, if such Disinterested Directors so direct, by Independent Counsel in a written opinion to the Board, a copy of which shall be delivered to Indemnitee or (D) if so directed by the Board, by the stockholders of the Company; and, if it is so determined that Indemnitee is entitled to indemnification, payment to Indemnitee shall be made within ten (10) days after such determination. Indemnitee shall cooperate with the person, persons or entity making such determination with respect to Indemnitee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnitee and reasonably necessary to such determination. Any costs or Expenses (including attorneys' fees and disbursements) incurred by Indemnitee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnitee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnitee harmless therefrom. The Company promptly will advise Indemnitee in writing with respect to any determination that Indemnitee is or is not entitled to indemnification, including a description of any reason or basis for which indemnification has been denied.

(b) In the event the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 13(a) hereof, the Independent Counsel shall be selected as provided in this Section 13(b). If a Change in Control shall not have occurred, the Independent Counsel shall be selected by the Board, and the Company shall give written notice to Indemnitee advising him of the identity of the Independent Counsel so selected. If a Change in Control shall have occurred, the Independent Counsel shall be selected by Indemnitee (unless Indemnitee shall request that such selection be made by the Board, in which event the preceding sentence shall apply), and Indemnitee shall give written notice to the Company advising it of the identity of the Independent Counsel so selected. In either event, Indemnitee or the Company, as the case may be, may, within ten (10) days after such written notice of selection shall have been given, deliver to the Company or to Indemnitee, as the case may be, a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "Independent Counsel" as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or the Texas Court has determined that such objection is without merit.

If, within twenty (20) days after the later of submission by Indemnitee of a written request for indemnification pursuant to Section 12(a) hereof and the final disposition of the Proceeding, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnitee may petition the Texas Court for resolution of any objection which shall have been made by the Company or Indemnitee to the other's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by such court or by such other person as such court shall designate, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 13(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 15(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

Section 14. Presumptions and Effect of Certain Proceedings.

(a) In making a determination with respect to entitlement to indemnification hereunder, the person or persons or entity making such determination shall, to the fullest extent not prohibited by law, presume that Indemnitee is entitled to indemnification under this Agreement if Indemnitee has submitted a request for indemnification in accordance with Section 12(a) of this Agreement, and the Company shall, to the fullest extent not prohibited by law, have the burden of proof to overcome that presumption in connection with the making by any person, persons or entity of any determination contrary to that presumption. Neither the failure of the Company (including by its directors or Independent Counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including by its directors or Independent Counsel) that Indemnitee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnitee has not met the applicable standard of conduct.

(b) Subject to Section 15(e), if the person, persons or entity empowered or selected under Section 13 of this Agreement to determine whether Indemnitee is entitled to indemnification shall not have made a determination within sixty (60) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall, to the fullest extent not prohibited by law, be deemed to have been made and Indemnitee shall be entitled to such indemnification, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law; provided, however, that such 60-day period may be extended for a reasonable time, not to exceed an additional thirty (30) days, if the person, persons or entity making the determination with respect to entitlement to indemnification in good faith requires such additional time for the obtaining or evaluating of documentation and/or information relating thereto; and provided, further, that the foregoing provisions of this Section 13(b) shall not apply (i) if the determination of entitlement to indemnification is to be made by the stockholders pursuant to Section 13(a) of this Agreement and if (A) within fifteen

(15) days after receipt by the Company of the request for such determination the Board has resolved to submit such determination to the stockholders for their consideration at an annual meeting thereof to be held within seventy-five (75) days after such receipt and such determination is made thereat, or (B) a special meeting of stockholders is called within fifteen (15) days after such receipt for the purpose of making such determination, such meeting is held for such purpose within sixty (60) days after having been so called and such determination is made thereat, or (ii) if the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 13(a) of this Agreement.

(c) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his conduct was unlawful.

(d) For purposes of any determination of good faith, Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Enterprise, including financial statements, or on information supplied to Indemnitee by the directors or officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise or on information or records given or reports made to the Enterprise by an independent certified public accountant or by an appraiser or other expert selected with the reasonable care by the Enterprise. The provisions of this Section 14(d) shall not be deemed to be exclusive or to limit in any way the other circumstances in which the Indemnitee may be deemed to have met the applicable standard of conduct set forth in this Agreement.

(e) The knowledge and/or actions, or failure to act, of any director, officer, trustee, partner, managing member, fiduciary, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

Section 15. Remedies of Indemnitee.

(a) Subject to Section 15(e), in the event that (i) a determination is made pursuant to Section 13 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses is not timely made pursuant to Section 11 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 13(a) of this Agreement within ninety (90) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to Section 5, Section 6 or Section 7 or the last sentence of Section 13(a) of this Agreement within ten (10) days after receipt by the Company of a written request therefor, (v) payment of indemnification pursuant to Section 3, Section 4 or Section 8 of this Agreement is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification, or (vi) the Company or any other person takes or threatens to take any action to

declare this Agreement void or unenforceable, or institutes any litigation or other action or Proceeding designed to deny, or to recover from, the Indemnitee the benefits provided or intended to be provided to the Indemnitee hereunder, Indemnitee shall be entitled to an adjudication by a court of his entitlement to such indemnification or advancement of Expenses. Alternatively, Indemnitee, at his option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Indemnitee shall commence such proceeding seeking an adjudication or an award in arbitration within 180 days following the date on which Indemnitee first has the right to commence such proceeding pursuant to this Section 15(a); provided, however, that the foregoing clause shall not apply in respect of a proceeding brought by Indemnitee to enforce his rights under Section 5 of this Agreement. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 13(a) of this Agreement that Indemnitee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 15 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnitee shall not be prejudiced by reason of that adverse determination. In any judicial proceeding or arbitration commenced pursuant to this Section 15 the Company shall have the burden of proving Indemnitee is not entitled to indemnification or advancement of Expenses, as the case may be.

(c) If a determination shall have been made pursuant to Section 13(a) of this Agreement that Indemnitee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 15, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) The Company shall, to the fullest extent not prohibited by law, be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 15 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement. It is the intent of the Company that, to the fullest extent permitted by law, the Indemnitee not be required to incur legal fees or other Expenses associated with the interpretation, enforcement or defense of Indemnitee's rights under this Agreement by litigation or otherwise because the cost and expense thereof would substantially detract from the benefits intended to be extended to the Indemnitee hereunder. The Company shall, to the fullest extent permitted by law, indemnify Indemnitee against any and all Expenses and, if requested by Indemnitee, shall (within ten (10) days after receipt by the Company of a written request therefor) advance, to the extent not prohibited by law, such Expenses to Indemnitee, which are incurred by Indemnitee in connection with any action brought by Indemnitee for indemnification or advance of Expenses from the Company under this Agreement or under any directors' and officers' liability insurance policies maintained by the Company if, in the case of indemnification, Indemnitee is wholly successful on the underlying claims; if Indemnitee is not wholly successful on the underlying claims, then such

indemnification shall be only to the extent Indemnitee is successful on such underlying claims or otherwise as permitted by law, whichever is greater.

(e) Notwithstanding anything in this Agreement to the contrary, no determination as to entitlement of Indemnitee to indemnification under this Agreement shall be required to be made prior to the final disposition of the Proceeding.

Section 16. Non-exclusivity; Survival of Rights; Insurance; Subrogation.

(a) The rights of indemnification and to receive advancement of Expenses as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Organizational Documents, any agreement, a vote of stockholders or a resolution of directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any action taken or omitted by such Indemnitee in his Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in Texas law, whether by statute or judicial decision, permits greater indemnification or advancement of Expenses than would be afforded currently under the Organizational Documents and this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, officers, employees, or agents of the Enterprise, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director, officer, employee or agent under such policy or policies. If, at the time of the receipt of a notice of a claim pursuant to the terms hereof, the Company has director and officer liability insurance in effect, the Company shall give prompt notice of such claim or of the commencement of a Proceeding, as the case may be, to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter take all necessary or desirable action to cause such insurers to pay, on behalf of the Indemnitee, all amounts payable as a result of such Proceeding in accordance with the terms of such policies.

(c) In the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee, who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(d) The Company shall not be liable under this Agreement to make any payment of amounts otherwise indemnifiable (or for which advancement is provided hereunder)

hereunder if and to the extent that Indemnitee has otherwise actually received such payment under any insurance policy, contract, agreement or otherwise.

(e) The Company's obligation to indemnify or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, trustee, partner, managing member, fiduciary, employee or agent of any other corporation, limited liability company, partnership, joint venture, trust, employee benefit plan, organization or other enterprise shall be reduced by any amount Indemnitee has actually received as indemnification or advancement of Expenses from such other corporation, limited liability company, partnership, joint venture, trust, organization or other enterprise.

Section 17. Duration of Agreement. This Agreement shall continue until and terminate upon the later of: (a) ten (10) years after the date that Indemnitee shall have ceased to serve as a director and officer of the Company or (b) one (1) year after the final termination of any Proceeding then pending in respect of which Indemnitee is granted rights of indemnification or advancement of Expenses hereunder and of any proceeding commenced by Indemnitee pursuant to Section 15 of this Agreement relating thereto. The indemnification and advancement of Expenses rights provided by or granted pursuant to this Agreement shall be binding upon and be enforceable by the parties hereto and their respective successors and assigns (including any direct or indirect successor by purchase, merger, consolidation or otherwise to all or substantially all of the business or assets of the Company), shall continue as to an Indemnitee who has ceased to be a director, officer, employee or agent of the Company or of any other Enterprise, and shall inure to the benefit of Indemnitee and his or her spouse, assigns, heirs, devisees, executors and administrators and other legal representatives.

Section 18. Severability. If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including without limitation, each portion of any Section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any Section of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

Section 19. Enforcement.

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to

serve as a director or officer of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as a director or officer of the Company.

(b) This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof; provided, however, that this Agreement is a supplement to and in furtherance of the Organizational Documents and applicable law, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder.

Section 20. Modification and Waiver. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by the parties hereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver.

Section 21. Notice by Indemnitee. Indemnitee agrees to promptly notify the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding or matter which may be subject to indemnification or advancement of Expenses covered hereunder. The failure of Indemnitee to so notify the Company shall not relieve the Company of any obligation which it may have to the Indemnitee under this Agreement or otherwise.

Section 22. Notices. All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given if (a) delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, (b) mailed by certified or registered mail with postage prepaid, on the third business day after the date on which it is so mailed, (c) mailed by reputable overnight courier and receipted for by the party to whom said notice or other communication shall have been directed or (d) sent by facsimile transmission, with receipt of oral confirmation that such transmission has been received:

(a) If to Indemnitee, at the address indicated on the signature page of this Agreement, or such other address as Indemnitee shall provide to the Company.

(b) If to the Company to:

DXP Enterprises, Inc.
5301 Hollister St.
Houston, Texas 77040
Attention: Kent Yee

or to any other address as may have been furnished to Indemnitee by the Company.

Section 23. Contribution. To the fullest extent permissible under applicable law, if the indemnification provided for in this Agreement is unavailable to Indemnitee for any reason whatsoever, the Company, in lieu of indemnifying Indemnitee, shall contribute to the amount

incurred by Indemnitee, whether for judgments, fines, penalties, excise taxes, amounts paid or to be paid in settlement and/or for Expenses, in connection with any claim relating to an indemnifiable event under this Agreement, in such proportion as is deemed fair and reasonable in light of all of the circumstances of such Proceeding in order to reflect (i) the relative benefits received by the Company and Indemnitee as a result of the event(s) and/or transaction(s) giving cause to such Proceeding; and/or (ii) the relative fault of the Company (and its directors, officers, employees and agents) and Indemnitee in connection with such event(s) and/or transaction(s).

Section 24. Applicable Law and Consent to Jurisdiction. This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Texas, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 15(a) of this Agreement, the Company and Indemnitee hereby irrevocably and unconditionally (i) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Texas Court and not in any other state or federal court in the United States of America or any court in any other country, (ii) consent to submit to the exclusive jurisdiction of the Texas Court for purposes of any action or proceeding arising out of or in connection with this Agreement, (iii) waive any objection to the laying of venue of any such action or proceeding in the Texas Court, and (iv) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Texas Court has been brought in an improper or inconvenient forum.

Section 25. Identical Counterparts. This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. Only one such counterpart signed by the party against whom enforceability is sought needs to be produced to evidence the existence of this Agreement.

Section 26. Miscellaneous. Use of the masculine pronoun shall be deemed to include usage of the feminine pronoun where appropriate. The headings of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.
