Forward-Looking Statement Disclosure

Certain statements that are not statements of historical fact constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act (the Act). In addition, certain statements in future filings by First Financial with the Securities and Exchange Commission, in press releases, investor presentations, and in oral and written statements made by or with the approval of First Financial which are not statements of historical fact constitute forward-looking statements within the meaning of the Act.

Examples of forward-looking statements include, but are not limited to, projections of revenues, income or loss, earnings or loss per share, the payment or non-payment of dividends, capital structure and other financial items, statements of plans and objectives of First Financial or its management or board of directors, and statements of future economic performances and statements of assumptions underlying such statements. Words such as “believes,” “anticipates,” “intends,” and other similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements.

Forward-looking statements involve risks and uncertainties that may cause actual results to differ materially from those in such statements. Factors that could cause actual results to differ from those discussed in the forward-looking statements include, but are not limited to, management’s ability to effectively execute its business plan; the risk that the strength of the United States economy in general and the strength of the local economies in which First Financial conducts operations may be different than expected resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on First Financial’s loan portfolio and allowance for loan and lease losses; the ability of financial institutions to access sources of liquidity at a reasonable cost; the effects of and changes in policies and laws of regulatory agencies; inflation, interest rates, market and monetary fluctuations; technological changes; mergers and acquisitions; the ability to increase market share and control expenses; the effect of changes in accounting policies and practices, as may be adopted by the regulatory agencies as well as the Financial Accounting Standards Board and the Securities and Exchange Commission; the costs and effects of litigation and of unexpected or adverse outcomes in such litigation; and the success of First Financial at managing the risks involved in the foregoing.

Such forward-looking statements speak only as of the date on which such statements are made, and First Financial undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made to reflect the occurrence of unanticipated events.

Our History

- First Financial Bank was founded in 1863
- 16 bank/thrift acquisitions from 1989 through 1999 resulted in multiple bank charters and brand identities
- Established Strategic (Rebuilding & Reorganization) Plan in March 2005
 - ✓ Consolidated and streamlined company to establish one charter and one brand identity
 - ✓ Restructured credit process
 - ✓ Restructured balance sheet
 - ✓ Exited non-strategic, high risk and unprofitable businesses and product lines
 - ✓ Renewed focus on expenses and efficiency
 - ✓ Upgraded infrastructure (physical, processes, technology)
 - ✓ Expanded market presence and recruited sales teams in regional metropolitan areas
 - ✓ Renewed focus on clients and sales growth

Reorganization Plan - Timeline

Our Business

- Client “Intimate” Strategy
 - Strategic Focus: build long-term relationships with clients by identifying and meeting their financial needs
- Target clients
 - Individuals and small / mid-size private businesses located within the regional markets we serve
- Ohio, Indiana, Kentucky
 - Serving 9 regional markets / 53 communities
 - Each market is managed by experienced, local bankers
 - Markets are supported by centralized experts
- Organic growth focus supplemented by strategic acquisitions

- Primary focus and value creation is through organic growth in our key regional markets
 - 2008 expansion included the addition of a commercial lending team in Indianapolis (IN), a new business office and banking center in Kettering (OH), and a new banking center in Crown Point (IN)
 - 2009 plans include opening additional banking centers, including further expansion within the Cincinnati metropolitan market, Northern Kentucky, Northern Ohio, Southern Indiana

- Acquisitions can advance market position and accelerate the timing of market share compared with an organic growth only strategy
 - Pricing must be disciplined and favorable compared with the longer-term organic growth only strategy
 - Ohio, Indiana and Kentucky where there is a strategic and geographic fit
 - Size and growth potential to help achieve corporate financial targets

- Top-quartile performance for all stakeholders
- Sustained and consistent excellence
- Commitment to growth
- Effective management of all risks
