Segment Overview¹

Water Systems
\$1,204 (55%)

Distribution
\$673M (31%)

Fueling Systems
\$297M (14%)

Global Market Opportunity⁵

On a daily basis, the world uses:
~3 Trillion gallons off freshwater
~1 Billion gallons of fuel

To meet this demand:
Franklin produces ~20,000 pumps,
motors, drives, and controls daily

Strategic Vision

Continue to drive organic growth

Maintain differentiators and
operational efficiencies

Identify opportunities for
inorganic growth

**Corporate strategy aligned with ESG principles
and a focus on increasing transparency**
