## Intrusion Inc. Announces Appointment of Dion Hinchcliffe to the Board of Directors

7/1/2024

PLANO, TX / ACCESSWIRE / July 1, 2024 / Intrusion Inc. (NASDAQ:INTZ), a leader in cyberattack prevention solutions, today announced the appointment of Dion Hinchcliffe to the Company's Board of Directors, effective July 1, 2024.

"We are very pleased to have Dion join the Intrusion Board of Directors," said Anthony J. LeVecchio, Intrusion's Chairman of the Board. "Dion brings extensive experience in information technology, business strategy, next-generation enterprises, and AI, having consulted Fortune 1000 companies, the federal government, and the internet startup community. His expertise will help Intrusion further our go-market-strategy and aid in our focus to provide customers with the tools they need to eliminate the cyber threats that they encounter."

Dion Hinchcliffe is currently the Vice President of CIO Practice at The Futurum Group and an executive fellow at Dartmouth College's Tuck Center for Digital Strategies. Prior to joining The Futurum Group, Dion was the VP and Principal Analyst of Constellation Research, where he researched and advised clients on the issues of enterprise technology leadership, digital transformation, and stakeholder experience. Dion is regarded as one of the most influential figures in the digital workplace, customer experience, and enterprise IT. He is the winner of the Upsilon Pi Epsilon computer science award for his work in natural language systems and has been a lead enterprise architect at T. Rowe Price, the Missile Defense Agency, and Nevada Power Company.

"I am pleased to join Intrusion's Board of Directors and to work with the management team as they continue to gain traction in the cybersecurity marketplace," said Mr. Hinchcliffe. "I look forward to sharing my insights and supporting the Company as we continue to execute on our mission to provide customers with cost-effective cybersecurity solutions for their enterprise."

## About Intrusion Inc.

Intrusion Inc. is a cybersecurity company based in Plano, Texas. The Company offers its customers access to its exclusive threat intelligence database containing the historical data, known associations, and reputational behavior of over 8.5 billion IP addresses. After years of gathering global internet intelligence and working exclusively with government entities, the Company released its first commercial product in 2021. Intrusion Shield is designed to allow businesses to incorporate a Zero Trust, reputation-based security solution into their existing infrastructure. Intrusion Shield observes traffic flow and instantly blocks known malicious or unknown connections from both entering or exiting a network to help protect against Zero-Day and ransomware attacks. Incorporating Intrusion Shield into a network can elevate an organization's overall security posture by enhancing the performance and decision-making of other solutions in its cybersecurity architecture.

## Cautionary Statement Regarding Forward-Looking Information

This release may contain certain forward-looking statements, including, without limitation, our expectations for positive results from our recent sales, marketing, and strategic initiatives, which statements reflect management's expectations regarding future events and operating performance. These forward-looking statements speak only as of the date hereof and involve a number of risks and uncertainties, including the risk that our recent sales, marketing, and strategic efforts will not result in increased product awareness or sales of our Intrusion Shield. These statements are made under the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and involve risks and uncertainties which could cause actual results to differ materially from those in the forward-looking statements, including, the risk that this financing fails to provide the needed capital for the Company to execute its current business strategies, the Company does not achieve the anticipated results from its current sales, marketing, operational, and product development initiatives, as well as risks that we have detailed in the Company's most recent reports on Form 10-K and Form 10-Q, particularly under the heading "Risk Factors."
